# ONE WKND SURRENDER TO JESUS

---

**SIGN UP TODAY! | FEBRUARY 20–22 | GRADES 7–12**

ONE WKND is our annual student ministry evangelism conference created to help students understand the gospel, grow in their faith, and learn what it means to live a surrendered life to Christ. This year's theme, Surrender, is based on Galatians 2:20, focusing on what it looks like for students to follow Jesus in everyday life.

Students will hear biblically grounded, age-appropriate teaching from Drew McElhaney and experience worship led by Drew Cranford and his band. The weekend also includes breakout sessions that help students ask questions, learn practical ways to grow spiritually, and engage their faith more personally.

ONE WKND is designed for students to pray boldly, invite intentionally, and give friends the opportunity to encounter the one true God. Our heart is to create a safe, engaging environment where students—both church and unchurched—can hear the gospel clearly and respond in their own way.

In addition to spiritual growth, students will enjoy fun activities and time building meaningful relationships with peers and leaders. ONE WKND is an intentional weekend designed to help students take their next step in faith.
