

God made all the water in the world.

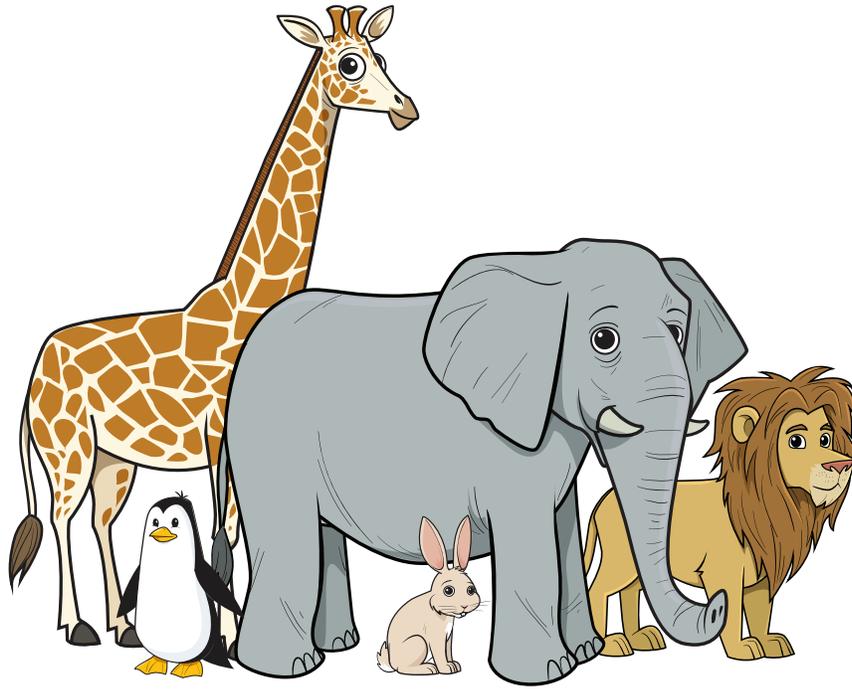

God made all of the sea animals.

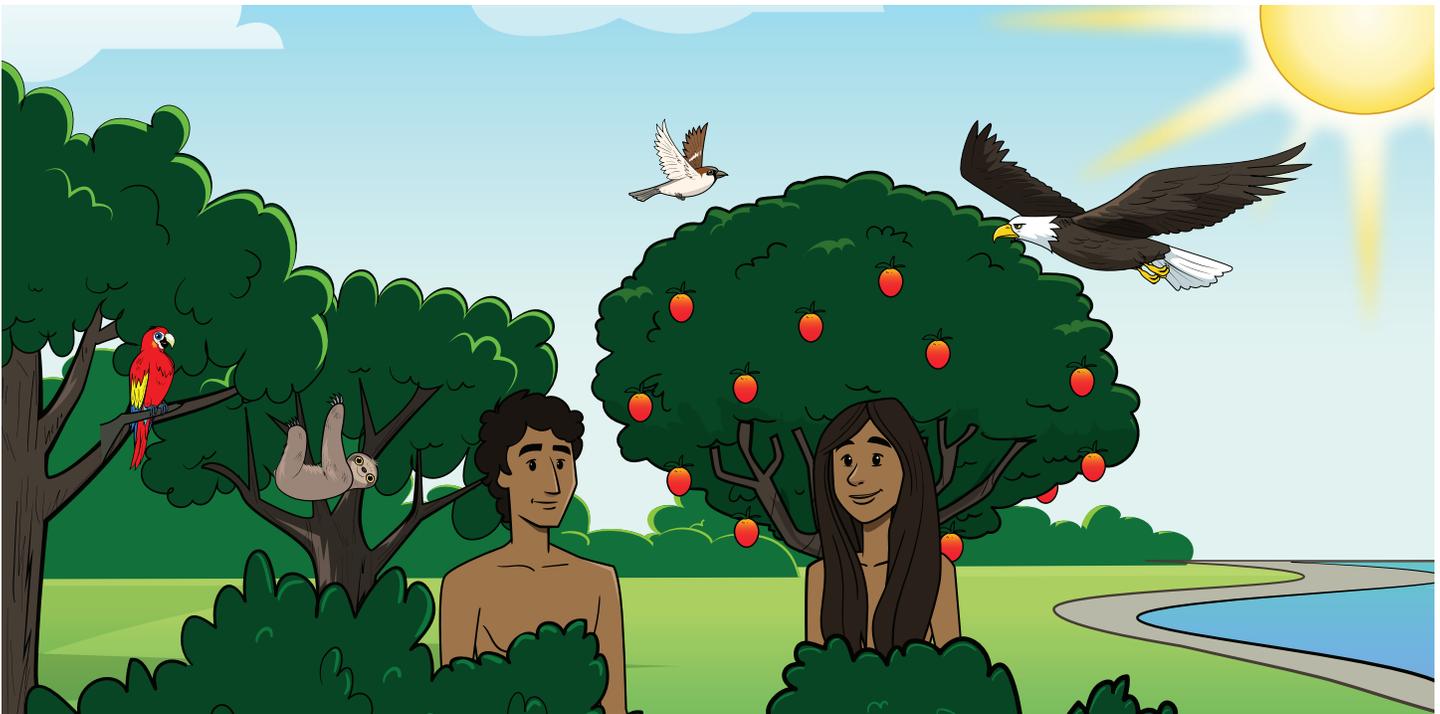

God made the whole world and everything in it.

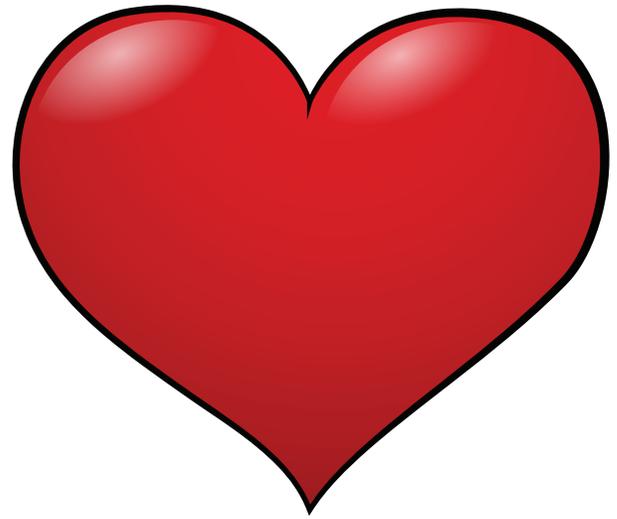

God made the sky and sun and all the grass, trees, and flowers.

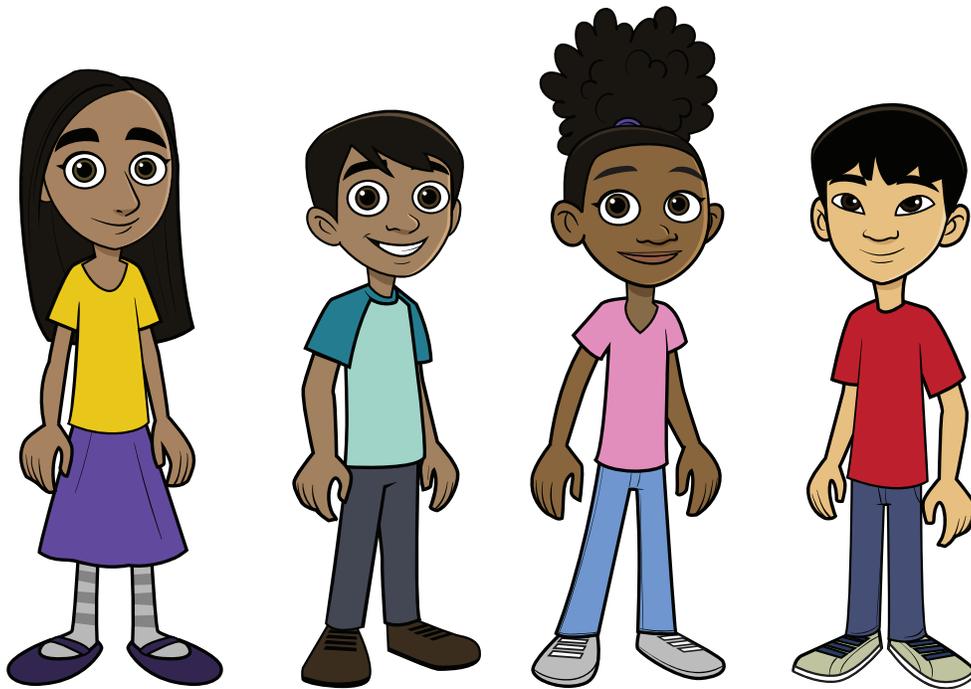

God made all the land animals.

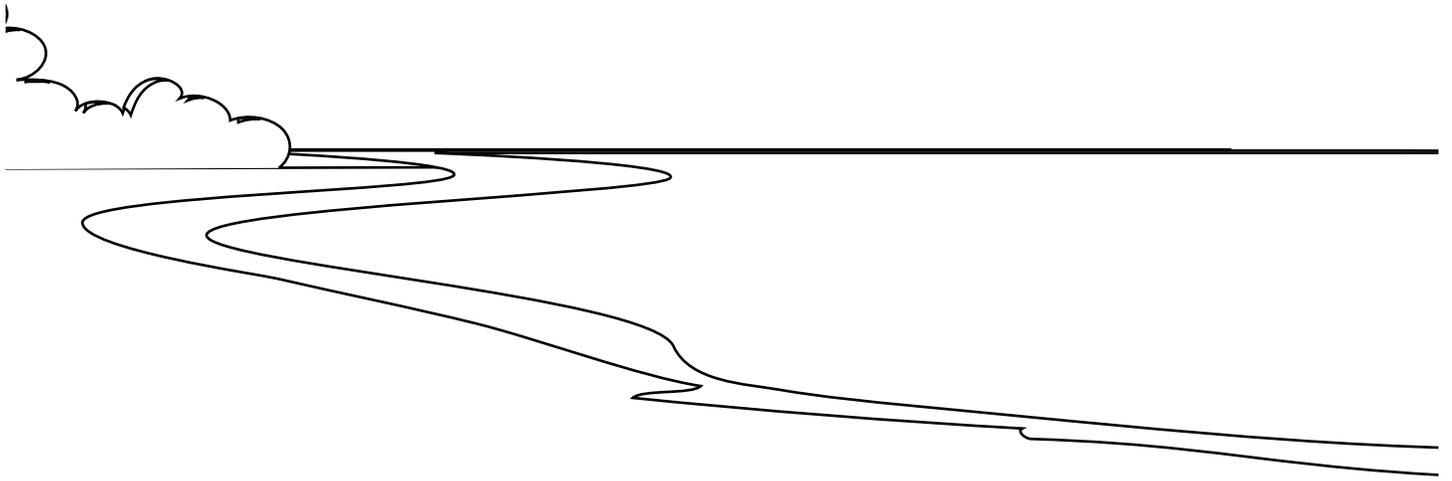

The first people God made were Adam and Eve.
He gave them important things to do.

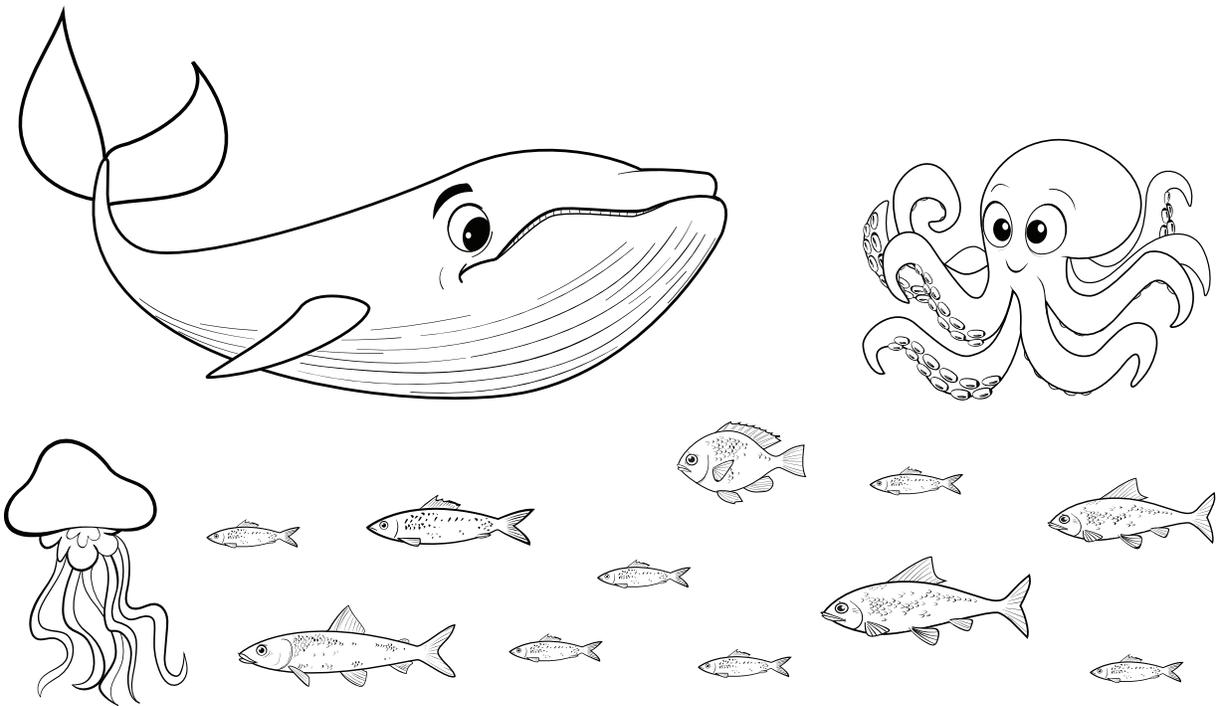

When I do the things God made me to do, like being kind and loving to others,
I can change the world around me.

God made all people to know Him and do important things.
