## Resources to Support Faith Mentors

Use the matrix below to identify ways you could equip and support people who serve as faith mentors to others. What tools, training, support, and resources would help them pray, learn, serve, and celebrate with the people they're seeking to mentor?

### Questions

1. How might you support the faith journeys of the mentors you've identified?
2. Which resources and what kind of support would they find most helpful?
3. How will you test which resources, tools, or training are most useful?
4. What are some ways you can resource mentors via emails, websites, and social media platforms?
