CONNECT GROUP QUESTIONS ON KINGDOM CULTURE

Kingdom Culture is our prophetic word for the year and we have divided the year into three seasons.

Season 1 : Showing Up To Slow Down (Kingdom Culture begins with being with God, not rushing past Him.)

- What does slowing down look like - or not look like - in your current seasons of life? What tends to hurry you the most right now - schedule, expectations, distractions?
- Where have you noticed God most clearly when you've slowed down - worship, prayer, nature, conversation, rest?

Season 2 : GPS / Generosity, Purity, Servant Leadership (GPS helps us notice what pulls us out of the Kingdom and what brings us back.)

- When you hear the word generosity, what comes to mind first - time, attention, resources, hospitality, encouragement?
- Why do you think guarding our hearts and lives feels harder in today's culture than it used to?
- Who has modeled servant leadership well in your life - and what did that look like?

Season 3 : From Generation To Generation (Kingdom Culture is never just about us - it's about what we pass on.)

- Who helped shape your faith - or your values - when you were younger?
- What kind of legacy do you hope your life points toward - for kids, students, family, or the people around you?
- If Kingdom Culture was quietly growing in your life this year, what might look different six months from now?
