"...Go ye into all the world and preach the gospel to every creature."  
-Mark 16:15

## Moundou Chad, West Africa

Dear Chad Support Team,

To: Mr. Coordinator of the Bear Valley Bible Institute MOUNDOU-CHAD

Subject: Report of the activities of the month of August

Mr. Coordinator, on September 1st of the year 2024, we are pleased to write you a few lines updating you on our activities at the Bible Teaching Center. But first of all, please accept our sincere greetings. We hope that this short report finds you in very good health.

Indeed, beloved David, our report this month is structured around three points: First of all, our sincere thanks for the computers, then the evangelization activities of the students during the August internship, and finally their upcoming return for the last quarter.

Dear Brother Coordinator, please accept our gratitude for the gift of the computers. In reality, these machines arrived at a very good time for the students' dissertation work. They will not only be used to enter the students' research reports, but also for learning computers for many of them. Even though this batch only has three months three months left, it will still be of help to them. May God bless you immensely for the continuation of our training!

---

Since August 17, the student brothers have been on an internship. It is true that they have not yet submitted their internship report because they are still on vacation, but according to the verbal reports received so far, the work was a little difficult during this period of intense field work. The majority of the students were on internships where the populations were busy with their field work. According to the students, they did not meet many people with time to stop and hear. However, the contacts are still good. We pray that the master of the mission will allow future planting and watering and give His increase.

Speaking of the resumption of class, classes will restart on the 23rd of this month. The return to campus is scheduled for the 22nd. This is the last quarter for this promotion. On this, let us especially put this quarter in our prayers. The enemy who does not want to see the disciples of Jesus depopulate his camp, will not give up at all. However, we know that for this fight, we fight in victory and not for victory. We will especially put this quarter in our prayers because there will be more activities that will require extra time and finances compared to the other quarters. We will need to prepare for the graduation ceremony and crowd. To achieve all these things, we ask for your continued prayers as we send off the first batch as ministers in the field and welcome in the second batch of men who are ready to be trained to preach the word.

We need some Bible tracts for our evangelistic activities. We pray that the Lord will provide the means for them to come so as to aid us in the spreading of the gospel.

Here, dear Coordinator, in a brief way, is a review of our activities for you, for the leaders of Creekside and for Bear Valley. Please convey our very cordial greetings to the elders of Creekside and the leaders at Bear Valley for us.

In Christ,  
Datoudji
