Dear Christian Friends,

Greetings in the Kingdom of God. Glory be to God the Father, Jesus Christ our Saviour, the Holy Spirit the Comforter. Jesus never fails. Great is the faithfulness of God. He is seeking an obedient, faithful people. Praise the Lord oh my soul.

Some time ago in a hospital I was constrained to go in to a strange handsome man. I asked him how he was. Not lifting his head, because of his distress, he replied that he had never stopped burning since last Friday. He had been this way for five days. I said, "My brother, I am going to call to God and ask Him to send Jesus the Holy Spirit and stop this for His glory." I instantly had the witness as I told him. I called to God in Jesus' Name and it was precious. Oh how much we have to praise the Lord for. I wish you could have seen the difference in the expression on his face. I left the room rejoicing in the Lord.

I returned to see him a few days later. He said, "Oh what a relief I have had." I said, "We owe all this to Jesus." He said, "Praise the Lord." I asked him if he ever knew the Lord. He answered that he had. I asked him if he had been true and faithful to Him. He replied, No. I asked him if he would follow me to Calvary and he answered Yes. We came to Jesus. I was so blessed there aren't words to describe what wonder was in my soul and being. I'm sure the angels were rejoicing also. Praise the Lord.

My body seems to be tired with very little times for rest between meetings. I cannot get home like I once did. Please, all of you say the Lord willing we will do this or that. It is only by God's grace and strength we can do anything. I want to thank all of our brothers and sisters in Christ who have helped with and for Revival For Our Day, Inc. There are a few who help us regularly and do not forget. We are in debt to the Lord for all of you.

The Lord worked in Burr Oak, Mich. I plead about as hard as I have in a number of years for the church to confess one to another. A few did. Praise the Lord. Souls were saved and cleansed and bodies were healed for the glory of God by Christ Jesus. I think of one fine young husband that got victory, He was not in a hurry to go home. He waited until he was sure we were going home. God gave some meetings after services were dismissed at night.

A mother spoke to me at the door one night, and asked if I felt God could heal her baby who was 15 - 20 months old. The baby had to be on a special diet and could not drink regular milk. I answered in the affirmative and we had prayer. They went home and poured out the solution she was taking and gave her milk. She was fine because of Jesus' healing her.

The Pastor at Burr Oak and I went to a hospital about 90 - 100 miles away for prayer. We had been called by the Pastor's parents in Chicago, Ill. to go for this purpose. On returning home from the hospital, we became hungry and went in to eat at a certain restaurant. We were privileged to lead a man who worked there to Christ. He repented. Praise the Lord.

While we were there, the Pastor asked me one evening to pray for his ankle that had been hurting him quite a bit. He had injured it some years ago. An evening or two later at about 11:00 P.M. the Lord led me to pray for him. I felt the power go through my hand into the foot. I asked him and he said the power went all the way through from one side to the other. We sure did rejoice in the Lord together. The Lord did many wonderful things at Rev. Wm. McPhail's for the glory of God in Christ.

We went in to pray for a certain mother's baby one day. Just as soon as I finished prayer for the baby, I lifted my hand to the mother's head and stated that the Holy Spirit was leading me to pray for the mother also. She told her sister that while prayer was made a burden or weight fell off of her being. Praise the Lord. I learned later that her husband had deserted her almost a year before. So you can see why the Lord wanted prayer for her; she needed extra help from God to care for her three children.

I should have special prayer for my body. May the Lord anoint four persons to pray through for me. This is something I have never had in my body before. Jesus is able to do it for His honor and praise. Please pray for Mrs. Helm to be healed as soon as possible. I pray for each of you who are trusting and obedient to Christ, to be blessed and guided by the Holy Spirit. May the year of '66 be a fruitful healthful one for Jesus' and souls' sake. Amen.

Sincerely,

P.S. Thanks to Rev. & Mrs. Reece and Mr. & Mrs. Berl Walradth for getting these letters out. Loran W. Helm

Dear Ones in Christ Jesus  
Our only Lord and Savior,

Greetings in the Kingdom of God. While I was in Michigan some weeks ago, I was impressed to go 100 miles for prayer. As I left the parsonage, I went into Surgis, Mich. and stopped for gas. I witnessed of Jesus' power and saving grace to the man operating the gas station. I asked if there was a shoe shining parlor and he said no, that is a thing of the past. As I left him I felt the same drawing to a shoe shining place. I found one in a few minutes. This delayed me long enough that zero morning to see a young man wanting a ride south at the junction of 66 & 12. When he got in my car I told him who I was and my mission. He had never been called of God before in his life. God sent the Holy Spirit and he was converted; he knew in his heart when Jesus' peace came in. Praise the Lord. Latter that day, God revealed a precious missionary call which a person had with whom I prayed that afternoon. Isn't the Lord wonderful?

I was asked to go see a close friend of my brother Terrance. I had prayed with this precious brother about 4 or 5 times in 12 days. However, I was not able to get the leading or the unction in prayer that I longed for. When this brother had surgery the doctor came out to his wife and said it is only a matter of time and he will be gone. As I went into the hospital on the 13th day, I said, "Lord, wilt thou help and lead me to pray for Bro. Melvin, today?" God witnessed by the Holy Spirit going through my body and heart that He would anoint me to pray the prayer that would kill the cancer, for the glory of Jesus Christ our Savior and healer. Praise the Lord.

It was a precious experience, when I opened my eyes in the middle of the prayer. He had a light on his face and tears of thanks and praise to God were running down his cheeks. He said, "Oh! I felt Jesus come thru my head, neck, and body and a part of my pain is gone." We surely have been praising the Lord for every answer to prayer. This Brother went home in a week or two as I recall. He then went to Fla. for a few days and was a witness to some of his people the Jews. He attends a large Methodist Church 10 miles from my home. While in a church school class a few Sundays after his healing he told and witnessed to what God for Christ sake had done for him. The class seemed to be somewhat mystified. He came to the Matthews Methodist Church, Indiana; and came up in the pulpit with me and told how Jesus healed him for His glory and honor.

Recently, I was at my parents' home talking with my mother, when my brother's son, Keith, came in. To make a long story short, the Lord began to draw him and he knelt with me and found Jesus as his Savior. His face showed happiness and joy. I said, "Son, you are just two feet from the spot where I was privileged to lead your uncle Edwin, who is preaching at Anderson, Ind., to Christ when he was 12 years old. Praise the Lord oh my soul.

I was called to a hospital in Anderson, Ind. I was able to see a man and his wife accept Christ as their Lord and Savior. Also the husband's roommate came back to Jesus after years of wandering. We prayed for two healings also, the Lord helping me.

A few weeks ago, I was at a beauty salon with my wife. I have often gone in with her and witnessed to the owner-operator about some of my experiences. While I was there that day, the owner followed me in the prayer of repentance and gave her heart to Jesus. She said, "This is probably the first time you ever led anyone to Christ in a beauty salon." I replied, "You are correct." She was happy.

I hope I can remember the many experiences in various places, which I have had in the last 5 or 6 revivals. I want to share these with you in our next letter. Meanwhile, please continue to pray and remember us to the Lord as He leads and guides you. Jesus is truly wonderful. Oh, for more of His spirit and love.

Dear Ones in Christ Jesus,

Oh for a revival of the Holy Spirit in the church! He will work when He is in control, completely, and for God's glory in Christ Jesus.

I was in a meeting some time ago. I rather felt I was not able to preach, for I sensed my unworthiness and limitation. The Lord gave precious help and guidance. It was so enjoyable and delightful.

One evening in the meeting during the altar call a group of children came and I was privileged to lead them one by one to Jesus. A number of them had bright experiences. A few were healed by the Holy Spirit. Praise the Lord.

On another night, an old man was under conviction. God was drawing him. Of course a man of 75, when he is willing to come, is a very rare convert. God was pungently calling and he answered and came to repentance. Oh how happy he became and oh how dear it was to his anxious family. Jesus forgave him and the angels were rejoicing also. It was worth the world just for that soul alone.

One of the fine women of that church was cleansed and testified later in the week how the Lord had given her real blessing and help.

While eating one evening with one of the dear families of the church, the wife related a precious experience. The previous Jan. they had come to visit the revival at New Castle U.B. Church, Ind. They came thru a terrible snow storm and had to dig their way at times. She said that I had said during the service, "The Lord has revealed to me that some one is suffering in their hand or fingers, and I am going to pray for you." She said, "I held my hand down at my side and had such feeling as I could not describe." She knew that I did not know of the terrible time she had had for a few years. She was amazed that Jesus revealed this and healed her. She said she would long remember this. I was so thankful for the Lord's leading by the Holy Spirit to tell me of the need. I was also thankful that she would be so kind to tell me of it 10 months later. This was encouraging indeed. Isn't Jesus wonderful and the precious Holy Spirit marvelous to guide and lead and bless for His honor and glory? Oh how in debt we are to God for all deliverance and healing.

At this meeting there was a precious young woman I was privileged to pray with. God was drawing her and she followed me to Calvary and asked Jesus to save her. I trust she will resist the devil and place her entire trust in Jesus and never look back. The Lord wants to use her, for His glory in His Kingdom, if she will be true and not doubt. May she press on to know and do the will of God.

The Pastor of the church told me the last night of the services, "This revival has united my church." Praise the Lord saith my soul.

I was in a wash room at the hospital in Muncie, Ind. A young man of about 17 came in and our conversation began. As I talked to him, he said that he was president of a youth group at his church. The Holy Spirit came and gently drew his heart. Before this, however, he had told me he didn't know whether he was a Christian or not. As the Holy Spirit was knocking at his heart's door he followed me in a prayer of repentance and Jesus came to him. He had come to the hospital to give blood to the Blood Bank and he was covered by the Blood of Jesus. Praise the Lord.

I was endeavoring to get to a home at the edge of Muncie for a few months. I was finally successful last week. I was ready to leave at 6:00 P.M. for I was in a meeting at Roll, Ind. As we were standing talking the Holy Spirit began to call the precious son of the family. I was delighted to lead him to Jesus, who is the Christ. Last Wed. night I prayed with him at our home and it was wonderful how God answered all his questions and lifted all his anxieties. He was so happy.

Just this afternoon while I was writing the first part of this letter, the Lord led me to go to a home a few miles away. While there I was privileged to lead the man and his wife to Jesus. They are very respected and highly esteemed people. They are wonderful people, but they just needed Jesus as their Savior and Lord. This was a very precious and worthwhile experience.

We need your prayers so much and thanks for all your help to Revival For Our Day, Inc. Thanks to all who work with our Corp.

In His Holy Name,

Dearly Beloved in the Lord Jesus Christ,

I am praising the Lord and rejoicing in the Kingdom of God for the many wonderful things God has done since we wrote to you last. God's grace, protection, provision, guidance and fellowship has been so dear and precious.

This morning has been no exception. God gave a Camp meeting in the Sunday School class at my home church on July 3rd. I had been asked the day before to lead the group. Jesus, the Holy Spirit led it, praise the Lord.

Some time ago I was busy with several things that had to have attention, when the phone rang. Some dear friends in the Lord had need of help. I asked them to meet me at the Middletown Rd. & S. R. 67. We had a real time together. I learned as we rode along that this dear brother had had a hard experience. The Holy Spirit revealed the situation to me. While we rode along the Lord led me to pray and bind those powers of the devil that had opposed and tried him, and cast them out thru Jesus' power. He was covered by the blood of Christ. You should have seen and felt what the Lord did for him. It was truly wonderful. Everyone in the car realized the power and witnessed to it as well as the Brother in the car following us. He said, "Brother Loran, I really got the witness just as Jesus delivered our Brother." This dear Brother from Terre Haute was sitting there just shinning and weeping for joy and relief. Oh how different it was in his heart and soul. He went home rejoicing. The Lord opened the door for his work and a better job awaited him in a few days, as I understood it. Praise the Lord. That same evening he called after arriving home to tell how wonderful it was to receive deliverance thru Christ.

About four weeks ago I was led to go to Greenfield Hospital (Ind.) to pray with sister Nina Smalley. I had intended to be there by noon, but at 10:20 A.M. I received a call from precious friends in Christ at Muncie. They were on their way to our house, which was wonderful. I informed them that I had to leave, but Mrs. Helm would be waiting for them, and I would return. I made three stops here in town and returned home and had a meeting with these friends. One of them, a professor in Heaton College, said, "Rev. Helm, you should write these experiences in a book so that others might hear." The Lord blessed us, for which we thank Him. I arrived at the Hospital three hours later than I had planned. But I was right on time. Sister Nina started to cry for joy as I came into the room. The lady in the room with sister Nina had been run over by a 6000 pound tractor. It had run over her chest. She had been in another room eariler. The Lord gave 2 or 3 prayers. The lady told Nina that after prayer her pain was less. Praise the Lord.

A dear friend of my mother, dad and wife and I was standing by Nina's bed. She told me her aged father of 85 years was out in the her car. I went out to talk and pray with him before we left. This precious father came to Jesus and was saved in a matter of minutes. His daughter had prayed for him for 30 years. She was so happy for the burden she had carried for so long was lifted, which she had had for her daddy. The angels were rejoicing and so were we. Praise the Lord. Do you see now why we were right on time?

I came home and reported the victories and went to Bradford Park Church, Muncie, where we were in a meeting. The congregation sang three hymns and the third one was, "Speak To My Soul, Lord Jesus." The Lord began to go thru my soul and body. I had given the Pastor the Scripture to read after the hymn. Instead I arose and began to speak as the Spirit gave utterance about the wonderful things of Jesus, the Holy Spirit. In the congregation sat a man who was a son of a minister. He had told his family that he was too mean to be saved. Also that evening he had told his son earlier that he was not going to church that night. After the son had left for church he told his wif to get ready we are going to church. So while I was under the anointing of the Holy Spirit, he jumped straight up in the air yelling and screaming, "I can't get thru here!" His fists were waving in the air at the same time. Some

of the people were startled, others a little frightened, many didn't know what to think. He told Dick Moore later, "I had no idea of jumping up there." The Holy Spirit had lifted him up out of the pew. I saw his wife try to pull him back down at first. He would come back up crying, "I can't get thru here!" I said yes you can; Jesus will help and deliver. I left the pulpit and went back to him. He called for his son. I said, "Dad, let's go and settle it; Jesus will save." He could hardly get one foot ahead of the other; he had been held by sin so long. I started to pray to God for help along with the Pastor and fellow Christians. He followed me to Calvary and cried, "Oh! I didn't know I was going to feel so good, I'm light as a feather." "I'm going to tell this and preach this," he declared. When he went back to his seat he could hardly be quiet. You couldn't blame him; it was so wonderful. I praised the Lord for it then and still do. His wife spoke up and said, "He has always been rather quiet natured, but now how am I going to get him to be quiet." She said to a dear friend at the following prayer meeting service, "It's like we are on our honeymoon again." Isn't it wonderful indeed what God has done for the glory of Jesus?

Mrs. Helm, our daughter Nancy, my mother and I need your continued prayers. Thank you for everything. A special thank you to the 15-20 faithful families who have helped us each month. Jesus never fails. Please pray for all my enemies that are telling falsehood about us. We love each one of them and pray they will come to know the truth.

In His Holy Name,

Loran W. Helm

Dear Friends,

We will just add a note to Bro. Helm's message this month. We are so thankful to the Lord for the way He has blessed this ministry. Even though there are not very many of our friends who are sending in regular monthly gifts, the Lord is working and undoubtedly is richly blessing those who are faithful.

Our hope of getting a trailer is dependent on more gifts for that purpose. So far we are quite short of the amount needed.

The reason we are not writing you on the usual stationary is that our office location is changed. The Secretary of the Board is the person who is custodian of the legal papers. So according to Indiana law, the residence of that person is the same as the location of the Corporation- for legal purposes. So the new address of Revival For Our Day, Inc. is: R.R. #1 Box 110, Farmland, Ind.

A closing note- our secretary, Rev. Emory Reece is available for evangelistic meetings in any church. If you would like to contact him, write to the above address or phone him at Farmland 2624. He is an ordained Methodist Minister, taking a sabbatical year.

Pray for Revival For Our Day,

Rev. J. R. Boggs, Jr., President

Dear Friends in Christ Jesus,

Many things have transpired since our last letter, to the glory of God. The Lord has given so many precious victories for His praise and honor. Great is God's faithfulness to us.

I received a call the first of August from Brother Loren Dyke at the Ashram in Santa Claus, Ind. He said, "Brother, I miss you here. Are you going to be able to come and be with us?" I answered, "I have no plans to be there as far as I know." On a Wed. after, while talking to Brother Hill, the Lord revealed that we could go to Santa Claus on Thurs. morning. We arrived at 7:20 A.M. I spoke at Bro. Loren Dyke's hour at 11:00. The Lord was precious and a number expressed appreciation. Miss Helen Miller came up and said, "O Brother Helm, something wonderful happened to me during this service." She was so happy and thankful. Then a young woman needed prayer, so the Lord met her need. After this a lady was healed of heart trouble. The Lord was really blessing and we were praising Him for it, indeed.

When we were seated at the table for lunch, Bro. Dyke said to me, "You are going to stay over with us, aren't you?" I said, "No, I am not prepared to remain, as we planned to return at 1:00 P.M." He replied, "Surely you will stay." So I bowed my head and prayed and the Lord revealed that I should remain, so Rev. Chappell and Rev. Dyke took care of my needs. The Lord led us indeed in the following services. I spoke again at Mary Webster's hour. Many were healed also, to Jesus' glory and honor. During the healing service, Jesus revealed to me that Rev. Miller was in pain and suffering on the left side of his heart. So I began to pray, Lord remove this awful pain of Rev. Miller, and he came straight up with both hands clasped around mine and crying for joy. He said, "How did you know that was my trouble?" He had had two heart attacks last winter, and he had been unusually strong physically. He looked so much better the next day. At the close of the altar service, Bro. Dyke asked me if I had any further word from the Lord. After a short prayer, I said that there was some one present who had pressure across the shoulders and chest also there is trouble in someone's knees. I began to pray for these needs. Then Bro. Dyke asked who had been healed. A lady sitting on the front seat began to cry out, "It was me, my knees were in pain and God took it out." We sure did praise the Lord. A lady from Evansville came to me later and told me that God had taken pain from her knees also. The next day a man of 80 said that the pain left his leg when the prayer was made and it had not returned. God had revealed to me that He healed three persons and there they were. A lady came up to me and said, "I had that pressure across the shoulders and chest and when you prayed it floated away." I prayed and then said "You have had this for 6 years and 4 months." She confirmed this.

That evening later the Lord marvelously answered prayer for Mrs. Dyke. God revealed what had been her trouble since last Jan. She had told Loren how terrible she felt, but was unable to express it so it could be understood. It was very serious and Jesus gave me wisdom and insight and revealed what it was and how to pray for her deliverance. She gave her testimony the next day how wonderful it was that Jesus took this awful thing away, for His glory and praise.

The last day I was there I was privileged to lead a lady to Christ in the dining room. Praise the Lord. I want to say thanks to all who went to the Kansas Ashram with Mrs. Helm and me. The time spent together in the Lord at Salina, Kansas was very precious, indeed. The meeting at Willshire, Ohio was a time of blessing and victory through Jesus Christ our Lord. We trust we can share more of these with you in the next letter.

Remember Rev. Reece in your prayers as he and his family are trusting the Lord for everything this year. You may be able to have him for a revival or week-end meeting this year. God has laid it on a few to help him financially, for this we are all thankful to Jesus.

Revival For Our Day regular fellowship and praise will be Oct. 8th at 11:00 A.M., at the Methodist Church at New Paris, Ind. Please read the letter carefully from the corporation, which accompanies this letter.

Sincerely in Christ,  
Loran W. Helm

Dear Christian Friends,

Greetings in Jesus' Holy Name. We trust that the joys and blessings of the Christ Child shall be yours this precious Christmas Season. Most people give gifts to many persons. But the One whose birthday we celebrate is usually forgotten. I trust for the gift of the Holy Spirit in power this Christmas. This is my prayer.

A woman came to the altar to-night at Centerville, Ind. Her hands were hurting her and she was not able to close the fingers; her palm was open constantly. Prayer was made to God in Jesus' Name and her fingers began to work. She could close and open her hand, for the glory of God. Praise the Lord! There should have been more thanks to God and praise to Jesus.

A friend of mine was limping down the church aisle here at Parker last Sunday (Dec. 4th). I asked him what was the matter. He told me that he had hurt his ankle the day before. I prayed to the Lord and Jesus told me where his trouble was. I said, "Walk down this aisle in Jesus' Name." He was without the limp, to Jesus' glory. Some of the men I know here in Parker just stood and looked at him. There was very little praise to God for what Jesus had done. However, I opened a door to one of the Sunday School class rooms and had him walk in. The teacher rejoiced and was so glad and said, "I'm glad you had him come in." This is what Jesus did in our church not something a hundred miles away. Yet men fail to praise Him and believe. Jesus is the same yesterday, today and forever. Praise His wonderful Name.

Please continue to pray for us. We are in a meeting at Centerville Nazarene, Ind. now thru Dec. 18th. After the first of Jan. we will be in Kentucky. Then we go to Texas. In Feb. 24 - Mar. 6 we are to be in Owen-ville, Ind. April 4th to ? we are to be at Hopewell Community Church n.e. of Redkey, Ind. We need your help indeed. Without Jesus we can do nothing.

I want to say thanks to the secretary and treasurer and our sister in Christ who takes care of the record books for Revival For Our Day. Also thanks to the president and each director of R.F.O.D. Thanks to each of the few who have supported this work in prayer and giving. May everyone of you enjoy a Blessed Christmas and a Happy New Year.

In Jesus' Name

Dear Ones in Christ,

Rather than write a separate letter to you this month we will just share the matters on our heart as a P.S. to Bro. Loran's letter.

Last summer the Lord put it on my (Emory Reece) heart to suggest to Bro. Loran that I thought he needed a new car. Bro. Loran quickly replied, "Oh no, we could not do that. We owe too much on this car and we need to keep it a while." I mentioned this again in Sept. and Bro. Loran still felt the same.

Without my knowing it, God had impressed Bro. Dick Moore of Albany, Ind. that Bro. Loran needed a new car. Bro. Moore shared this with Bro. Loran about a month ago. When we were at Elkhart last month, Bro. Moore and I shared this leading with those who were there.

At our Directors meeting last week this matter was considered and we prayed about it and felt the Lord wants us to establish an automobile fund to which friends may give to purchase a new car for Bro. Loran. Your gifts would be tax deductible just like regular gifts and we could get a car which is badly needed. We trust the Lord will put on your heart the amount you should give. If several of our friends would give \$50.00 or \$100.00, we would soon have the money to do this. Please mark your gifts Automobile Fund.

We are deeply grateful to those of you who are faithful to obey the Lord's leading in supporting Revival For Our Day, Inc. We trust you will continue your prayer and financial support in the coming year of 1967. Remember, you can deduct up to 30% of your income for gifts to church and charitable organizations. Your gifts to R.F.O.D. are tax deductible. May we all keep Christ in Christmas.

In His Name,

*Emory Reece* for Revival For Our Day
