

Dear Ones in Christ Jesus,

Parker, Indiana
January 8, 1970

Praise the Lord for the Holy Spirit of God to guide, comfort, and help us thru all ways of life. I am thankful to God and Jesus for all your prayers and assistance during my hospital experience.

The Lord gave such help, assurance, calmness, quiet, and undergirding to me as they took me into surgery. Some of my family and Dick and Mary Moore went into the chapel of the hospital to pray and wait on God while I was in surgery. Bro. Dick went up to the Bible and opened it. The first verse he saw was, "My times are in thy hand..."(Psa. 31:15. This is a promise God gave us when we were beginning this walk of faith, years ago. Praise the Lord for victory and deliverance that was so precious.

I tried to pour love and appreciation into the lives of everyone who came into my room while I was there. I think I might have missed one or two. All who ministered to me were so nice and kind.

One of my sisters in Christ was crying and praying, "Why, dear Lord, does thy servant have to have this surgery?" The Lord spoke to her and said, "This is just another missionary journey that he is to make for Me." Praise the Lord!

My doctor instructed me that I could not drive a car for 6 weeks after surgery. So my dear wife has been my driver. However he allowed me to drive on the 40th day, which was Jan. 6th. I am very thankful to God for helping me in my body as well as every other way. Praise the Lord.

I have many experiences to share, that God has given me thru these days and weeks. These are precious answers to prayer and guidances of the Holy Spirit.

While I was at the Hospital, I was privileged to pray four times with my doctor, twice with a nurse, and twice with one of the maids. I also prayed once with a Brother down the hall, who was ready to go home.

It may be that I can share a few other things and revelations during the hospital experience at the Waiting Upon God in Feb.

I called my brother, Terrance on Dec. 24th at 6:40 A.M. and Oh, what a wonderful time the Lord gave us. God revealed 11 different places down his back in the vertebrae that needed help. Also He revealed an infection in the bladder that would come in 5 years. There also was a deposit in his feet and ankles and in fibers and tissues that began to be made in 1936. We both were thankful to Jesus for all these revelations and for the privilege to pray about them.

After this call, I felt I should call my brother, Edward, near Washington, D.C. about their coming for Christmas. He had told us that his office was supposed to work Dec. 24th so they would not be able to come until the 25th unless something was changed. When I placed the call there was no answer, so I felt there had been a change and they were on their way here to surprise us.

I called Terrance back and began to share what I felt with him; he felt this was true. I began to pray for their(Edward and family) travel to be protected

and the Lord revealed that a person full of liquor and wine would come across the highway and hit them. He also revealed a little later that all four of them would have been killed. So we prayed deliver, help, and a few petitions and when we prayed "delay" the Holy Spirit witnessed that God would delay the person and they would miss. Praise the Lord for all revelations and answers to prayer of God through Jesus our wonderful Lord by the Holy Spirit.

I was led to call a sister in Christ and when she returned the call she said, "I Don't know what I'm going to do. I'm hurting thru the chest and I can hardly get my breath, yesterday and today." So I began to pray and the Lord revealed her trouble was in the walls of her heart. After a few requests the Lord answered and she said, "I got that prayer, Brother." Praise the Lord!

As I hung up the phone, I got the burden of death. She would have left us on the next Wed. God answered for His glory and honor. She and her dear husband were so appreciative of what Jesus had done for them and us. To God be praise always.

I called a dear couple in the Lord at 5:30 A.M. some time ago and the precious wife had not rested hardly at all during the night. The dear husband told me this. We began to pray and it was revealed that she had 30 to 40 burdens over the world. They both could tell in their hearts each leading and revelation the Lord gave me concerning where and what her burdens were for. When we were thru she said to her husband and me "Oh, this is like a night's rest." Praise the Lord!

There are other revelations we would like to share, for God's glory, some time if He were to lead. We owe all to the Lord for all guidance, help, provision, healing, instruction in righteousness and revelation thru the precious Holy Spirit, the Word of God. Amen.

We are looking forward to being in the Waiting Upon God in Christ Jesus, Feb. 19, 20, 21. We know we are completely dependent upon the leading of the precious Holy Spirit for this sacred time together with all who are of like mind in Jesus our only Savior and Redeemer. We all need to be in unity of faith concerning doctrine and the leading of the Holy Spirit, believing that the real evidence of Christianity is that we love one another as Christ so loved us. Also we need to be in perfect unity in every way and with one another, in order that God may have and do as He wills. One person present who is skeptical or has unbelief or doubt can hinder God's plan.

Also we need to be attentive during the sessions and not whisper, for this will distract others. We want each one to witness whenever God leads or testify as He directs.

I trust all the dear young people that we will be privileged to have with us will sit with their parents. In that way they will not be tempted

(over)

to talk or visit during the sessions of the Waiting. This will be so helpful I am sure, as we wait and trust before God.

Only a few have sent there reservations for meals to Rev. Reece as yet. It is thru eating our meals at the Inn that really makes possible the use of the rooms for the 3 days. Please pray for our strength and help from God at this time. Thank you.

Be sure to obey each leading of the Holy Spirit; otherwise we do not hear the message or get very much of the Word of God, neither are our prayers effective. We must obey God.

I am grateful for the Cullums and the Harmons for printing our letters recently. Thanks to Rev. & Mrs. Reece for getting the letters out thru these 8 years and over, and for all the other work they do for Revival For Our Day. Also we appreciate the work done by Rev. Hill and his assistant, Mrs. John Langdon in keeping the financial records of R.F.O.D. This involves many hours every month.

Sincerely your Servant
in Jesus our Lord,

Loran W. Helm

Parker, Indiana
January 12, 1970

Dear Ones in Christ Jesus,

We have had a great and exceedingly wonderful time in the Land of our Lord; the land where Jesus walked and lived among men for 33 years. God gave all of us a safe trip from our homes in ten states to New York on Dec. 29th. On Sat. the 27th snow & ice were forecasted. We were trusting the Lord to hold it back until we all got on the plane in Indianapolis to go to New York. They announced on the radio that in Cincinnati there was ice on the roads at 5:00 A.M. on the 29th. Also we were told there was ice on the roads 50 miles north of Evansville, Ind. We prayed that the ice and snow would be held in the south for all 32 of our group going from Indianapolis were coming from the northern and central parts of the state. This prayer and desire was answered. My brother, Edwin, who took Mr. & Mrs. Johnson and my family to the airport, said it was quite different going home after noon for the rain was freezing on the roads. All of the 32 had good roads going to Indianapolis for our flight to New Y.

I was anxious for all of the 71 going with me for they were scattered in ten states. We were trusting that each one would be able to press through to get to N.Y. in time to go on the flight that evening. The ones who came from Okla. had a difficult time making connections, but they made it. Glenn Shaver told his wife on Sat. or Sun. that they would not wait until Mon. but would go on Sun. and stay over night in N.Y. They did this; and they learned on Mon. that no plane was able to land nor take off from St. Louis on Mon. the 29th. because of extremely bad weather. So you see if they had not done this they would not have been with us.

We had many trials in making the arrangements for this Tour. When we arrived in N.Y. we had a trial over the plane ticket for one of our number. A proper transfer had not been made from one who had to cancel his trip to the one taking his place. So my song evangelist and I had to purchase a ticket for this one to be able to go with us for \$840.00, as this is the round-trip fare of anyone going tourist rate from New York to the Holy Land. The personnel of the airline did all they could to help us work out this problem. So you see that when you compare the cost of an individual ticket with the total price we paid on the group plan, we saved a few hundred dollars; for the \$570.00 we paid for the Tour included the flight, all lodging, all meals and the buses and guides for all sightseeing. We are trusting the Lord to supply the \$840.00. Some of those who support our ministry have helped and some have promised to help as they are able. The dear one for whom we bought the ticket, had already paid the \$570. to the person whose place she was taking, so you see it was our responsibility to see that she could go. The problem resulted from human error.

We had a good flight from N.Y. to Paris, then on to Athens, and then to Tel Aviv. At Tel Aviv we were met by a Wholesale Tours representative who guided us thru to the two buses waiting to take us to Jerusalem. We had learned in N.Y. that a change had been made of our hotel. We were to go to the Palace Hotel instead of the Holy Land Hotel. We wondered about this, but when we arrived we could see the Hand of God in it for the Holy Land Hotel is surrounded by other buildings with only a very limited view; but the Palace Hotel is located on the slopes of Mt. of Olives and we had a wonderful view of the west side of the walled city of Jerusalem. One cannot imagine what it was like; you would have to see it to know how really beautiful it was.

Our food was so good. Most of our people were surprised at the quality of food which was served to us. The owner-manager of the Palace Hotel is a graduate of Wayne State University in Detroit, Mich. He understood how to buy and prepare food that we would enjoy as well as how to make us comfortable and feel at home. The men who served us our meals were so precious to us. I loved them nearly every time I went to the dining room. They looked forward to this after a few times. I also loved the door keeper and the bell boys almost daily. Several other brothers loved these men also. The manager told me, "We have learned through you this week." One of the handsome men at the desk told me, "You have taught us things since you came to us." He also told my brother, Terrance, "When I get converted, I would like to have it like Rev. Helm." (This dear man wrote the message that appears at the end of my letter.) Of course we are unworthy of this high compliment. We owe all to Jesus in every way.

On the first day of our sightseeing it rained nearly all day. All 72 of us tramped through the wet streets of Old Jerusalem. I was as wet as I had been in 30 years. Some were more soaked than I. Rev. Hill and others without hats had water running down their necks. Some had feet so wet the dye in their socks came off on their feet. A number of us began to plead the blood of Jesus over us when we started out and as we continued, also the stripes and promises of Jesus. As far as I know no one had a serious sore throat or cough from the rain for the next two or three days. All of this was because of Jesus' helping us. This was so precious, for we were out in the rain for nearly six hours altogether.

On Thursday the weather was so beautiful. We went to the Garden of Gethsemane. The Holy Spirit witnessed at one time that I was within 19 feet of the spot where Jesus agonized in prayer, "not my will, but thine be done." We sang, "In The Garden", and it was beautiful for the Lord blessed us so. Here and in other places also,

our guide read Scriptures that were appropriate to the place where we were.

We went to Bethany, the home of Mary, Martha, and Lazarus. We went to the tomb where Jesus raised Lazarus from the dead. We then went on through the Wilderness of Judah and we were all surprised at what it was like. As we went to Jericho, we found that it is an oasis in the desert. Oranges and bananas grow there. We saw the spring which Elisha made sweet at the commandment of God as recorded in the Old Testament. We were not far from the spot where Jesus had the precious experience with Zacceus, which is recorded in Luke 19. We went on to the Dead Sea and the place where the Dead Sea Scrolls were found. Most of us tasted of the water in the Dead Sea. It was the most different taste that I have ever known.

We saw several flocks of sheep as we passed thru the country sides. Each flock had a shepherd. In most of them there were goats grazing with the sheep. On Fri. we went by the road which leads to Emmaus. We could not get there by bus because the road was destroyed in the six-day war. We went to Jacob's well. There we had an experience never to be forgotten, I trust. We went thru the plane of Dothan where Joseph was met by his brothers and sold into slavery. We were a few miles from Jacob's home that morning. We saw the village of Nain where Jesus raised the widow's son from death. We saw the Mt. of Transfiguration. It was a unique place; it stands out from all the other mountains and is surrounded by planes on all sides. We dipped our hands in the Jordan River; and after lunch at Tiberias we crossed the rough Sea of Galilee on a motor launch. When I first saw the Sea of Galilee as we approached it from a high elevation, the Holy Spirit witnessed in my heart with some power. I asked the Lord where he fed the 5000 and He revealed it to my heart. Two or three hours later as we were crossing the Sea the guide told us of the place where Jesus fed the 5000; and it was the same place where the Holy Spirit had revealed to me. Praise the Lord. As I pointed my pen around the Sea, He witnessed where He first found James and John, also where Peter walked on the water and then began to sink. Also He revealed where Peter was when Jesus said, "Thrust out a little from the land." Luke 5. It was wonderful. We praise Jesus and Our Heavenly Father for all these blessings and help.

There are many other things to share as the Lord may allow. Remember our next R.F.O.D. Fellowship meeting on Feb. 28th at 8:00 A.M. at Parker United Methodist Church. Please pray for us that we may be strengthened and be able to proceed to obey every leading of our blessed Lord Jesus Christ.

In Jesus' Name,

Loran W. Helm

The following is a letter written by Antone Shouckry Wassef who worked at the Palace Hotel.

It is the first time in my life I see such good people, and indeed I enjoyed myself talking to such good religious people whom they are Brother Helm and his group. I am sure they enjoyed their trip in the Holy Land, the Land of Christ and Christianity, especially in the Golden Jerusalem, the place where the Lord sacrificed himself for the sake of human being. In fact when I saw them and heard them talking about religion and when I saw them praying and thanking God, I felt more faith in Christ.

It is the first time in my life I meet such a gentle pious good religious guy who is Rev. Helm, and who prefers to be called brother, and this person deserves all my love and respect nevertheless but the love and respect of all the people whom he met in Jerusalem, and my wish in life is to become a person like him, because in this way, and in this way only I could gain the good eternity, and I imagine that if all the people of the world is the same like him, there will be no more war, peace and security will fill this world.

Oilton, Oklahoma
February 9, 1970

Dear ones in Christ Jesus Our Lord and Saviour,

We are still rejoicing over the presence of the Lord blessing us as we think of our trip to the land where Jesus and the prophets lived. It was such a precious blessing upon Roger and I as we talked and read St. John chapter 11 at 1:30 A.M. this morning when we remembered how we were near where this took place so long ago.

We are praying for good clear weather on the 28th of this month for our R.F.O.D. fellowship at Parker United Methodist Church at 8:00 A.M. We trust for all to be kept in safety and health through Jesus our Lord. Each one should bring his own table service, and one or two dishes as we suggested in the last letter. Please be sure that the dishes you bring will not spoil. Refrigeration will be available at the church or the Lions' Club bldg. (where we will eat). Would you please park your car along the street south of the Church or west of the corner. We want to keep the street clear for the Doctor whose office is across the street north of the church. Thank you for your attention and co-operation at this point.

Thanks to Rev. and Mrs. Reece for taking care of getting these letters to each of you these six or seven years. We are grateful to John and Jane Langdon and Rev. Hill for all the treasurer's work that has been done through the years. Praise the Lord for all of you that have made R.F.O.D. possible. You see it has meant so much to me and my family, beloved.

We will be leaving Oklahoma this Friday at 9:33 A.M. On Feb. the 18th we will begin at Mt. Pleasant, Michigan, with Rev. William McPhail, the Lord helping, leading and protecting us. Praise the Lord!

Thank you for your prayers and supporting us financially. We love you. Pray on for each of us in this work.

In Jesus' Name
Loran W. Helm

Dear Friends in the Lord,

Our letter this month is quite short but we trust it will be a blessing to each of you. Also we trust it will be a reminder to continue to pray for Bro. Helm and the ministry of R.F.O.D.

We want to express our deep thankfulness to each of you who have sent in a gift recently. These gifts have encouraged our hearts. However, we do need many more who will accept the burden of financial help to R.F.O.D. May the Lord help each of us to be faithful and obedient to do what he asks of us.

Please be much in prayer for our fellowship meeting that the Lord may have His way in each of our hearts. We have a precious privilege as we meet together each time.

In Christian Love,

Emory Reece

Parker, Ind.
March 12, 1970

Dear Ones in Jesus the Christ of God,

We are trusting the Lord and believing God for the Holy Ghost Revival at God's time and place. This must be for Jesus in every way, not for any organization or person, but for God's glory only. I do not know if very many or any will really understand this statement or not. The Revival will be according to complete yieldedness and obedience and true Holy vision in Jesus our Lord.

The meeting of Revival For Our Day Fellowship on Feb. 28th was very precious. The Lord was very near. God was glorified in His Son Jesus. We began with prayer and then the Lord led to have a special song. As I prayed through the list of singers, the Holy Spirit witnessed that John Langdon was to sing. Now he would rather that any one else sing than him, but the one who wants to sing is seldom ever led by the Holy Spirit to sing. He sang, "Fill My Cup, Lord", and souls were blessed.

Then the Lord witnessed in my heart that I was to pray for the healing of the body. We cried out for the healing of persons who had trouble in the head. Four were healed for Jesus' glory. One of these had suffered for six weeks with pain in the head. Next we prayed for healing in the neck. We learned this result the next day (Sunday). Our pastor's daughter, Rita, had had surgery five years ago this coming May. She had a tumor removed from the neck and shoulder area. She had had pain in her neck ever since. She had had treatment by a medical specialist and this brought some relief for a while, but the pain returned. As I was praying for the healing in the neck, Rita asked the Lord if she might claim this prayer for her healing. The next morning she came down the stairs, excitedly and said, "Daddy, this pain is gone from my neck." Praise the Lord for every guidance and leading and answer to prayer of the Lord Jesus.

Later we prayed for the healing for persons suffering in the rectal area. One of our sons in the Gospel told me later that as we prayed the power of the Holy Spirit went thru the area and down his legs and up his back and the situation has been improving ever since by God's grace and healing. He had had this trouble for several years, and it was getting steadily worse. When he told me about God touching him we prayed about the seriousness of this and the Holy Spirit revealed that he would have been in a serious condition in 11 months. Thank you Jesus. There were over ten healed at that time of prayer for this need.

In an hour or so after this the Lord witnessed again that I was to pray for bodies to be healed. I began to pray in a general way and the Holy Spirit gave me the revelation of cancer. So I cried out, "In the Name of Jesus, cancers die!"; and 86 cancer cells died. Praise the Lord. As many as three died in one person's body. This healing was thru faith in Jesus Christ, the work of the Holy Spirit.

The Meeting at Oilton, Okla. with Brother Ryan in the Church of God was so wonderful. The Lord gave a number of victories and healings for the glory of God. God also blessed the Yoders with us in the meeting in Mt. Pleasant, Mich. with Brother McPhail in The Wesleyan Church. Jesus gave a precious time and victory there.

We want to express thanks and appreciation to God for all of your prayers and support during these trying times. I am grateful to Rev. & Mrs. Reece, Rev. Hill and the Langdons for all they have been doing in R.F.O.D. work and ministry. Please continue to pray and help us. I have been so exhausted in body and mind; and now we trust we can start to rest and feel better, the Lord helping us. I want to thank all of you who have written me personal letters. These help you know. I can't always answer, but write when God leads or permits. Thank you.

In Jesus' Name,

An unworthy servant,
Loran W. Helm

March 20, '70

Dear Brethren in Christ.

We are rejoicing in the Lord for the marvelous works He is doing thru his servant and our brother, Loran Helm. How can we ever praise God enough for all He has taught us and done for us in healing, thru the obedience of this dear servant? Please understand that we are giving God all the praise for these works, not Brother Helm. We are thankful to him for his being a willing servant, but the praise and glory belong to God, who has done it all.

We are delighted to share with you in this letter three revelations from the Lord for our future.

The first revelation is that God has directed that the next "Day of Waiting" shall be May 16th at 8:00 A.M. at Rev. Edwin Helm's church, Emmanuel United Methodist in Anderson. We will give you directions in the next letter.

The second revelation is one that has excited me considerably. Those of you who were in the Fellowship meeting at Parker Feb. 28th may remember that Bro. Helm said that we were praying about going to the Holy Land again. The other evening the Lord witnessed He would be with us again on a Tour leaving New York on June 15th! Praise the Lord.

This will be a 15 day tour because there are no 10 day tours available at this season of the year. However we will see so much more on this tour than on the 10 day tour last winter. We go first to Athens and Corinth and see the historic places of ancient Greece and places where Paul was. From here we go to Cairo and visit famous places in Egypt- The Pyramids, The Sphinx, King Tutankhamen's Citadel, Mohammad Ali Mosque etc. Then we go to Beirut where we see the Dog River, Tripoli Rd., The Holy City of Phoenicians. Then to Baalbek to see the City of Pagan Gods, The Street Called Straight, House of Annanias, and other historic Christian sites. Then to the Holy Land. Brochures will be coming soon to give complete details of the itinerary.

Since this is a 15 day tour and in the peak travel season, the cost is more than the 10 day economy tour we took last Dec.-Jan. The cost will be \$849.00 plus foreign airport taxes and gratuities (about \$20-25) which the tour host gives to the guides, bus drivers and hotel and restaurant workers for the whole group. It is possible to go on a credit plan with \$85.00 down and about \$35.00 per month for 24 months.

We do not have much time to get arrangements made. So, if you are interested in going and would like further information and an enrollment form, let us hear from you by return mail. This does not commit you to go. If you are ready to enroll NOW, please send \$25.00 enrollment fee and your name, address and phone number. Make the check for the enrollment fee payable to: Holy Land Tour by Rev. Loran Helm.

We hope some of you who went with us before will be able to go on this tour. Will you each one pray and obey God's leading about going? If you want us to pray with you about knowing God's will for your going or not, please be willing to accept the answer He gives and then press thru all the obstacles of the enemy to do His will. The Lord revealed to us last time certain ones whom He wanted to go, but they did not press thru the hindrances which the devil put in their way.

(over please)

We would like to urge young couples to go. You buy cars and appliances on the installment plan and they are worn out in a few years. You can go to these sacred places on the installment plan and your souls will be blessed for the rest of your life. Those who went last winter found many single sites that were worth the cost of the trip. There is really no adequate way to express the presence of the Lord one senses in these precious places. So far as we know everyone who went with us last time said they would go again as soon as possible.

Enrollments should be in as soon as possible so that we can move along toward the final deadline of May 15 when we have to have everything completed. As some of you know we had a problem last time because we were not aware of some travel regulations which govern international travel. Those who go on the credit plan should write for applications immediately and have them back by May 1.

The third revelation is such a precious and awesome one. God has revealed that He wants to send quite a sizeable amount of finance thru R.F.O.D. for the work of His Kingdom in the next few years. If God could get the right persons to give what He wants to use, there would be much accomplished for His glory.

As I see it, God would begin to fulfill in our generation the Scripture He showed me to help us begin Revival For Our Day. This would be a tremendous experience of trust and obedience.

Will YOU help us pray that the powers of the devil will be overcome that are holding back the finances, which God is trying to bring in thru obedient hearts? We feel that if men can "see" what God is really doing and wanting to do they will press thru every obstacle to be a part of God's work. May God bless and use each of us.

Yours for REVIVAL,

Emory Reece

We would like to urge young couples to go. You buy cars and appliances on the installment plan and they are worn out in a few years. You can go to these sacred places on the installment plan and your souls will be blessed for the rest of your life. Those who went last winter found many single sites that were worth the cost of the trip. There is really no adequate way to express the presence of the Lord one senses in these precious places. So far as we know everyone who went with us last time said they would go again as soon as possible.

Enrollments should be in as soon as possible so that we can move along toward the final deadline of May 15 when we have to have everything completed. As some of you know we had a problem last time because we were not aware of some travel regulations which govern international travel. Those who go on the credit plan should write for applications immediately and have them back by May 1.

The third revelation is such a precious and awesome one. God has revealed that He wants to send quite a sizeable amount of finance thru R.F.O.D. for the work of His Kingdom in the next few years. If God could get the right persons to give what He wants to use, there would be much accomplished for His glory.

As I see it, God would begin to fulfill in our generation the Scripture He showed me to help us begin Revival For Our Day. This would be a tremendous experience of trust and obedience.

Will YOU help us pray that the powers of the devil will be overcome that are holding back the finances, which God is trying to bring in thru obedient hearts? We feel that if men can "see" what God is really doing and wanting to do they will press thru every obstacle to be a part of God's work. May God bless and use each of us.

Yours for REVIVAL,

Emory Reece

Dear Ones in Christ Jesus:

Praise the Lord for the victory God has given since we last wrote to you!! The meeting in Urbana, Ohio, with Rev. and Mrs. Donald Kensler has just closed. It was very dear and precious. The first service the people were in doubt about us for they did not know who we were or much about us. In a few meetings the Lord was working so wonderfully that all honest hearts had to believe that God was leading by the Holy Ghost. Some were reclaimed, converted, sanctified, and some were healed by Jesus, the Son of God. Praise the Lord!

One mother and her two daughters were at the altar and received victory in their hearts. She said later, "We have had the best fellowship together since we were at the altar." God really helped them. One older man who had such a sweet, meek spirit said, "The other night when you prayed for the chest and heart, the Spirit went through me. Those sharp pains in my arms and heart are gone." It was so precious to hear him tell it and we were so grateful to Jesus for healing him.

The pastor's wife was so happy and thankful to Jesus for all God did for them and others. When we were at Rev. McCall's church some time ago, the Lord revealed to me a condition in Sister Kensler even though I did not know her at all. After we had the revelation and began to pray, Jesus made her whole. This was so important. Then in this revival the other night, God revealed a need that she had had for many years. He healed her of this. The Lord really blessed many of us concerning her healing and oh, how happy she was.

The pastor was lifted so very much and said that the Lord was a precious help to him also. They wrote their daughters in Virginia and when the older daughter got home last Friday evening, she called her younger sister and asked if she wanted to go home to attend the revival. They came 600 miles to be there. They tried to tell everyone how wonderful the Lord had blessed them Saturday night in the service. Believe me, it would have moved all of you to hear them. Praise the Lord! Their son-in-law was just as thrilled as his wife and sister. The younger sister said that she had never been in services like these where the love of Jesus was so evident and His working so wonderful.

We were called to go to a home and pray for a person in great need. It was serious as we prayed for a very delicate part of the head. As I was going to leave God revealed to me as I turned to the left, not to go but to pray for another serious infection. It was great what God did for Jesus' glory.

One night I said, "God has revealed that He is going to heal someone sitting in this area of the church." A person in that area stood up and said, "That was me. The misery has left me." At one time God had me to pray for the toes. Harley McCall had dropped a weight on his foot four or five months ago and had hurt the big toe. When prayer was made the pain left and he could work it. As prayer was made for the knee a dear man who had a lump under the knee cap discovered it had disappeared. He got up and told about it as he came down the aisle to love me. He was so thankful for what God did and he gave him his heart.

An 83 year old woman thought that she was too old to ask for healing (she had hurt and suffered so very much as she later told us). But God revealed her need and healed her fingers. She could open and shut them and she was so glad and thankful. Now she could hold a broom in her hands and sweep the side walk for the first time in $4\frac{1}{2}$ years. Also she said that we had prayed for her in such a way that God took away pain from her elbows. They were so sore that she could not kneel down and pray by her bedside. As she testified Sunday night she took her elbows and hit them on the back of the church pews to reveal to all the folk that they were no longer sore. Praise the Lord!! There are more things to share but space and time forbids me to go on. Praise the Lord for every bit that God did for His glory.

We are trusting for those to go whom God has witnessed to go to Egypt, Lebanon, Greece and Israel. It's getting late now, but I believe it would have far surpassed what they thought in their highest anticipation. God would have taken care of everything. Pray for us.

Love,
Loran W. Helm

P.S. Thanks to the Reece's, Mrs. Langdon, and Rev. Hill for all they are doing in R.F.O.D. We are so grateful to God for each of you who has accepted a burden and are helping us with this ministry in Jesus.

Gatlenburg, Tenn.
May, '70

Dear believers in Jesus the Christ:

I am rejoicing for the sweet presence of God in a restaurant as I was privileged to share with two individuals to whom I was led several years ago by the Holy Ghost. As I spoke to the first one, I received the witness of the Holy Spirit as it flowed through my being. I was blessed again as I talked with the second person, telling him of Jesus' precious help since we last met a year ago. As we took our food and were seated, I began to ask grace. The sweet spirit of God fell so refreshingly through my being that the tears were falling out of my eyes. I could not sufficiently tell the wonder I realized in my body. I was so blessed I couldn't eat for a while. I told my wife to go ahead and eat as I must wait and have "dessert" before I could eat the food on my plate. Praise the Lord! It was so precious and enjoyable to eat of the fruit of obedience of 19 years ago this August. It surges beyond expression of words to declare. Praise the Lord!

The background of this story is that in 1951 we were coming into this area. On arrival Mrs. Helm was quite ill. I tried the first nice motel but it was not the one. Florence wanted to stay there for she felt so badly. We went to a second motel and it was not the right one, then on to a third and a fourth. My wife said that she would have to lie down. We prayed together for the Lord to send strength and healing that we might arrive at the motel where the Lord wanted us to stay. As I walked up the steps of the fifth one the Lord revealed that this was the motel where He wanted us to stay. As my wife and I walked across the yard I saw the lady who takes care of the cabins. I said to her, "This is a wonderful day the Lord has given us?" She said, "Praise the Lord." We enjoyed a wonderful fellowship in Jesus for the next minute. During the week that followed we had another fellowship meeting in Jesus. Praise the Lord! (We were privileged to lead her son-in-law to Christ years later in that same place.) Later that week we were in the office of the motel and Mrs. Frost was saved between 10 and 11 o'clock at night. We had tried to leave that same afternoon but the Lord revealed that we should stay a while longer. After Mrs. Frost's conversion we could see the reason why. The lady we mentioned who took care of the cabins, Mrs. Taulbee, said that Mrs. Frost was a different person from then on, until she died about three or four years ago. Praise the Lord!

Mrs Taulbee told Florence and me today that the Lord revealed to me two or three years in advance that Mrs. Frost had difficulty in the stomach. That is where the cancer was before spreading over her body and taking her life. In 1958 Sister Taulbee led us to the mayor of the city. He led us to Pastor Craig and he led us to a restaurant owner. Now after several years we were led back to these folk and the Lord has blessed beyond words to declare. The Lord says right now, "I am with thee." Thank thee, Jesus. Praise the Lord for the Holy Spirit that leads, as God directs.

We are believing for a perfect trip to the Holy Land in a few days, the Lord protecting, guiding and helping us. If anyone wants to send a shirt to our guide, Tony, you may by getting it to one of those going with us. I have written asking the size. I will not know until June 8th to 12th.

The Lord helped us in the meeting in Louisville. A few were healed and there were a few spiritual victories. I felt the Monday evening service was very important to the life of the church. Four young men and women had a precious experience in finding Jesus as a personal Saviour. One of the four asked me at the door to pray with him. He was so dear to my heart and when Jesus saved him, oh, how happy we all were. He said that God was calling him so strong he couldn't stand it much longer. Praise the Lord! May God bless and keep him and the other three also.

Thank you each one who has helped us in prayer, fellowship, and gifts. We trust for the Holy Spirit to lead and work through us in St. Louis, June 2-9. The pastor and his wife are so precious to us. Oh, for many souls to be saved and sanctified by the work of God in Christ Jesus.

Brother Roger Yoder reminded me the other day that when I had called him from Florida several weeks ago, the Lord revealed that one of our loved ones of R. O.D. Fellowship would soon be in eternity. This came to pass when Bro. Lawrence Markin went suddenly to be with Jesus on May 19th. He was so precious to us in the Lord. God is comforting his loved ones now. Praise the Lord for helping and taking care of them.

The Lord helped and led in each of the services at Noblesville. One lady said, "On our way home last evening my husband said that when you prayed for the feet during the service, the pain he had in his feet, that I did not know about, suddenly was gone, to Jesus' glory." A little girl showed me her fingers which would not bend. I prayed and Jesus healed her. A number of little children watched as she could bend them freely. Pain left a hand and fingers that had troubled a dear sister. One sister, whom I had never seen before, could not raise her arm up very far. She had had therapy and medical attention. Prayer was made for her and up went her arm; and oh, did she cry for joy. Others were happy also. One came back to God after wandering away; and witnessed to nine people in various places. A young man, 12 or 13 years of age, who was supposed to play a trumpet solo at school on Tues. evening, showed me his middle finger on his right hand. It would not bend and this is the important finger in playing a trumpet. We prayed in Jesus' name for his finger and it was made well. His mother told the church on Wed. evening that he had played well the evening before.

There were some very important confessions made in this revival. There were some in the Louisville meeting also. Oh, for a mighty work of the Holy Spirit today.

Please pray for us to be well and filled with the Holy Spirit of God and do on]

the will of Jesus our Lord. He is able to give the victory in the Church of the Living God.

Yours in Jesus' Service,

Loran W. Helm

P.S. We remember how the Apostles, when asked by Jesus to watch and pray with Him, went to sleep. As they were asleep in the Garden of Gethsemane, so likewise I could be disobedient today except by the grace of God and the work and strength of the Holy Spirit helping and guiding me. So each one of us is dependent on the Lord in order to carry out His will and design in our times. I pray that each one of us will persevere to be faithful and true to Jesus.

L.W.H.

Dear Ones in Jesus,

This month I will just add a few notes to Bro. Helm's letter as a message from Revival For Our Day.

The Fellowship meeting at Bro. Edwin Helm's church last month was rich in the working of the Holy Spirit. There were many healings and surely everyone was lifted and encouraged in their walk with the Lord. The time went so swiftly even though we were together over 8 hours.

The most urgent matter I feel that I have to call to your attention this month is the need for conserving Bro. Helm's strength. We have asked a number of times that persons would not call Bro. Helm between 11:00 P.M. and 9:00 A.M. However, he is being called a lot during these hours when he needs to be resting. I realize that all of us who want to know the leading of the Holy Spirit, feel more confident when Bro. Helm prays with us about matters. But I doubt that very many persons realize how much strength it requires of Bro. Helm to pray about needs. I personally am afraid that if the demands upon Bro. Helm do not lessen, he will not be able to continue much longer. He has not said anything to me that has prompted my sharing this, but I have been impressed by a recent visit with him that has lead me to this conclusion.

So I am asking everyone again, please do not call Brother Helm— wherever he is— between the hours of 11:00 P.M. and 9:00 A.M. I would urge you to call then, only if the matter is critical. It would be a great help if you first determine to wait for God to reveal the answer— which may be hours or days after you present your request. Also it would help if you are willing to do what God reveals and not question.

I hope I have not offended anyone by writing this way. It is not the intent at all to discourage anyone from seeking spiritual help, rather we hope everyone will see that we will not have Bro. Helm with us if we continue to place demands upon his being at the present, ever-increasing rate.

We want to give you a financial report. The offering that was given at the Fellowship meeting last month was a great help. I am sure you realize this could not last indefinitely. At the present time, our finances are at a low ebb. The personal offerings by mail have almost come to a stand-still. We do not have enough on hand to pay Bro. Helm's weekly salary two weeks from now. Would you pray with us that God may find enough persons to carry the burden of our finances.

Yours for Revival,

Emory Reece, Sec.

Parker, Ind.
July 13, 1970

Dear Believers in Jesus the Christ,

Greetings in the Kingdom of God, the work of the precious Holy Spirit. If one misses this way he has lost his soul. If we know and experience Christ in our heart by faith, we have the beginning of real life and true happiness.

While I was in Fla. last March, I talked to Rev. Reece on the 7th. He asked me if I felt it would be God's will for us to go to the Holy Land again soon. If only you could know how I felt in the flesh. I dreaded and drew back very much before I prayed concerning this question. Both of us found out a few months later why I felt this way. We had many trials and difficulties in making the arrangements and plans for the trip. The tour agency staff would tell us one thing and then it would be changed. This happened more than once concerning the same matter. Satan fought us both times (last Dec. and this time) we planned these tours. When we prayed about the question of going again soon, the Holy Spirit witnessed that we were to go. I asked what month- April, May, June- and God revealed that June was the month. When I prayed about the day, it was the 15th. We also prayed at that time about how we were to go to New York; and it was by car. This was not what I wanted to do, but this we did.

The Lord blessed us so wonderfully all the way to N.Y. The fellowship God gave us was rich, Rev. Hill said as we were in Penn. When we arrived in N.Y. and met the travel agent, we had a surprise waiting for us- we were to fly on a new Boeing 747 to Paris. I had never seen one until then. It was gigantic. The jet intake was over 6 feet in diameter. It was so roomy inside; it seemed we were in a large meeting place. We had very little turbulence on the flight; we had prayed for a good flight some months before we left. Everyone with me enjoyed it, as far as I know.

We did not wait very long in Paris before continuing to Athens. We really had an enjoyable time there- much more than last Jan., by God's grace and gift. We had a delightful time dining on the roof of the hotel where we were staying. There was a full moon each night; and it was like eating in a garden. The sight was also beautiful from St. George's Church, where we looked over the city of Athens at night. I have seen the great cities from Mt. Wilson, at 4000 ft. altitude and Chicago from a plane as I came into it. This sight in Athens was a little special somehow.

Our trip to Egypt was really wonderful indeed. As we began our decent in the plane we looked to our right and we were looking down at the full moon for a few minutes. Then we could see the great Nile River soon and we flew then up the Nile to Cairo. This was a beautiful and unexplainable experience. Our lodging in Cairo was on a large river boat docked on the east bank of the Nile River. Very few persons in the U.S. can say they spent 3 nights on the Nile River. We were told the population of Cairo is 5,000,000 and is the largest city in Africa. Oh the sights and sounds we experienced. I was privileged to greet with Christian love, 11 of the men who worked on the boat. Some of them said, "Do come back." They appreciated our Christian love for them. About 10 minutes before we were to leave for Beirut, a dear fine looking man met me on the stairway between the decks and I put my arm around him and loved him. As I put my arm around him, the Holy Spirit touched both of us in our hearts; he felt it too. He came immediately out to the bus and waited almost at attention until we drove away. He would lift his hand as I lifted mine. I had not met him in the 3 days we had been there. I feel he will never forget our experience; and if he were in this country, I feel he would be one of our closest brothers in the Lord Jesus. P.T.L.

To see the Pyramids was a great earthly experience for all of our group, as far as I know. I do not know if we could really comprehend what we were seeing or not. To be close to the place where Moses was found on the Nile River was a precious time. We thank the Lord for all the blessings He gave us. We also were privileged to see the place where Joseph, Mary and the baby Jesus spent some time in Egypt.

When we arrived in Lebanon we saw some beautiful sights. We saw a number of historical places dating back to earliest civilization. We went on to Syria to Damascus to the Street called Straight where Paul was led. We saw also the house of Ananias whom God told to go to pray for Paul. Also we saw the place where Paul was lowered over the wall in a basket. This was a precious time and the fulfillment of many years for me for I have wanted to see Damascus for many years.

Another surprise for some of us was that we stayed over-night in Cyprus in the Conrad Hilton hotel. This was because of air travel complications, which proved a blessing.

I do not want to fail to tell you that there was a breeze blowing everywhere we went. Our guide in Egypt told us it could be easily 115 to 120 that day, but it was 83 degrees. We had a breeze in Lebanon and in Cyprus also. They said it had been hot in Cyprus, but it was cool when we arrived. I had prayed for cool weather for months before we departed (from March 7th on in fact). Praise the Lord, He sent it.

Our hotel in Beirut was just a little way from the Mediterranean Coast. It was such a beautiful view from our balcony. This could hardly be excelled any where in the world. Our guides were very good everywhere we went.

The Lord revealed to me that 3 of our group would be healed as we went on our journey. Rev. Morgan had not been well for some weeks before we left. From the time we left our homes for N.Y., he began feeling better and improved each day. In 9 days he had fully recovered. Praise the Lord.

God comforted and helped all of us who had to leave our companions at home. He also watched over each of them and worked things out for them while we were abroad. We never heard a shot while we were there, except for some planes which flew over

our bus shooting at targets to our left. The guide told us these were reserve pilots who kept in practise each week. We did not hear any guns from the war fronts, as we did in Jan.

The weather was cool in Jerusalem at night. Some of our people shivered as they walked outside at night. There was a breeze during the day also. Our guide told us it had been 150 degrees at the Dead Sea 4 weeks before. I don't see how it could have been that hot, but several of us heard him say that. It was in the 90's when we were there. It was hotter back here when we returned.

The lady who represented the travel agency in Israel, came to me as I was standing on the elevator with Rev. Reece, Rev. Elrod and Mr. Ellis(Tour Hosts) and said, "Rev. Helm, you will come back? Come back by next Nov." She turned to the other three men and said, "This man is a spiritual man." Then she turned to me and said, "I would like to come to the states and be in your church." As the elevator door closed, Rev. Elrod said, "Oh look, we are leaving her in tears." This was all because of Jesus, the work, keeping, and guiding of the sacred Holy Spirit. Praise the Lord.

I have met very few persons in my lifetime that have recognized my calling. Last Jan. I met a dear brother on the streets of old Jerusalem, just a short distance from where Jesus rose from the dead, who knew me. The young man who was our guide then called this brother while we were in Jerusalem this last time and told him there was a person at St. George Hotel... He said right away, "That person is Rev. Helm." I've seen him for some days in an inner image." When they came to the hotel to meet us we had a little meeting with some of our group. He told our dear ones, "We would like to keep this man of God in Jerusalem, but I will know when he will be returning."

When we left Tel Aviv, the hostess on the plane told my brother Edwin that the head pilot over all Air France was our captain on this flight. We flew over Corseca and the Isle of Crete into Nice, France. Then we flew on to Lisbon, Port. where we refueled and took off for New York. We had to fly over N.Y. for 40-60 minutes before we could land and then we had to taxi around the terminal for about an hour before we could get a "gate" to enter. The Lord helped us so I praised Him even though some of our group missed their flights home. He had brought us home safely.

When I went to get my car in the parking lot, of all the cars our folk drove to N.Y., ours was the only one that had been damaged. The left rear door and back panel looked sick. The front door had also been hit. I began to praise the Lord that my car was there, that God had brought us back this far safely, and that the car would start after sitting idle for 15 days. May I say, to Jesus' glory and honor, because it would take Him to help us do this, when I saw our new car banged up there was no hurt in my heart or bad feeling. He gave me peace, rest, and contentment, all because of God's power, the Holy Ghost. The Lord has all praise, for without Him I could not stand anything; I mean this.

The Holy Spirit witnesses to a few of His children that I need 8 weeks of solid rest. Thanks to each of you who are helping us in our ministry of the Lord Jesus, the Holy Spirit of God. Without your faithful prayers and offerings we cannot continue.

Love in Him

Least Servant of All
Loran W. Helm

P.S. The Lord has revealed that our next "Day of Waiting" will be September 19th at the Christ United Methodist Church in Selma, Indiana, beginning at 8:00 A.M. Please bring a sack lunch. Coffee and hot tea will be provided. L.W.H.

Dear Friends in the Lord,

We, too, want to praise the Lord for His protection, care, and guidance on our recent trip. It is by His grace and mercy that we are able to continue on each day. We must maintain a life of praise for He is so merciful and gracious to us.

We praise the Lord for each of you who are supporting this organization with your prayers and financial gifts. We would urge each of you to pray daily for Bro. Helm as he is constantly in need of strength and guidance. He will be starting a series of meetings in August. Let us hold him up to the Lord in prayer that he may be strengthened and helped by the power of God through the Holy Spirit as he endeavors to carry out his many responsibilities.

We continue to have an urgent need for your continued and additional financial support. This is God's work for His Kingdom and we are asking for your help that His work may be carried on through His servant, Bro. Helm. A heartfelt thank you to each of you as you prayerfully consider each of these requests.

Tom Harmon has asked that we express a thank you to each of you who helped to make his trip to the Holy Land possible. He is deeply grateful to the Lord for each of you.

May the Lord Bless, guide and help each of you as you serve Him each day.

Your brother in the Lord,

Dear Ones of Revival For Our Day, Inc.:

All glory to the Lord Jesus and His precious Name. Praise to the Holy Spirit for His wonderful revelations to His children, His precious ones who seek after Him at all times.

The Holy Spirit has been so wonderful. He has revealed that we should cancel the Revival For Our Day Fellowship Meeting that was scheduled to be held in Selma, Indiana, on Saturday, September 19th. The Spirit has revealed that there would be extreme danger during travel on those days, and that some of our brothers and sisters would be killed while traveling to the meeting. Oh, how we thank the Holy Spirit for revealing this to us and telling us that the meeting should be canceled. We want to do His will at all times.

We will announce another meeting when God reveals the time and place to us. This revelation has been confirmed by a number of our brothers in the Lord, therefore we do not hesitate to announce this cancellation.

Please remember us in prayer for our various needs. The meeting here in Sears, Michigan, has been very precious. God has healed bodies, granted spiritual victories and encouraged the church.

In Jesus' Name,
Loran W. Helm

Revival For Our Day, Inc.

Parker, Indiana
Sept. 27, 1970

Dear Ones in Christ Jesus,

We are rejoicing in His love, His blessing and the leading of the Holy Spirit. God gave us such a marvelous time in the St. Louis Revival, Aug. 15th to 22nd. Rev. and Mrs. Rouintree were so appreciative and so helpful. To God be the glory.

There were a number of answers to prayer. On Saturday night, eight or nine were sanctified by the work of the Holy Spirit. The meeting was quite a serious and important one. The early Tuesday and Thursday morning services were serious and precious also. The Saturday morning service was sacred, holy and important. The first Sunday night the Lord revealed to us to pray for the body. He revealed to us concerning back trouble. One dear brother from Columbia, Mo., was healed in his back in the location where the Lord had revealed it to me. Afterwards, his brother said to me, "I knew you were praying for Harold as soon as you prayed."

The Lord also revealed for us to pray for the elbow. One of the precious sisters had broken her elbow three years ago, and since then a bone spur was growing out of it. The doctors had said that surgery would be required to cut this out, which would probably leave the elbow stiff. They felt that surgery would be the only solution to this bone spur. A few minutes after prayer, Sister Foley looked down at her elbow and the bone spur had disappeared! Jesus had taken it in just two minutes. Praise the Lord for what God did for our sister in Christ. She and her family rejoiced and we rejoiced also. We can't praise the Lord enough for the leading of the Holy Spirit to tell us this in advance, and for every answer to prayer.

He revealed to us that there was trouble in the finger. In a way He'd never done before, God revealed to me that it was the little finger that needed help. One of the ladies of the church, a pianist, had injured her little finger some six weeks before. It hadn't functioned for six weeks: it would not bend and she was unable to play the piano all of this time. When prayer was made, the Holy Spirit went through her finger and she was healed. She arose and said, "That was me you were praying for." She went to the piano and played, "If God is Dead, Who is This Living in My Soul?" Most of the church was blessed as she played and sang this wonderful song.

We were privileged to have eighteen of our family with us at one time. There were three of my brothers and their families and we were privileged as well to have our grandchildren with us for almost a week. Their parents came the last weekend to be with us also. It's interesting to note that when the grandchildren started home they asked their parents, "Will we get to take next year's vacation with Grandma and Grandpa?" When Rev. Ryan from Oklahoma arrived he said, "Brother Helm, when I learned that three of your brothers and their families had come to spend their vacation with you in

this meeting, that really said something to me." I was so thankful to have my own brothers, and all my brothers and sisters in Christ, with me.

We had dear ones with us from Knoxville and Memphis, Tennessee; 3 families from Oilton, Oklahoma; persons of 2 families from Springfield and one from Cleveland, Ohio; two from Sears, Michigan; a couple from Scott Depot, W. Virginia; families from Anderson, Mentone, Parker, Yorktown and Noblesville, Indiana; one family from Vienna, Virginia; and my dear friend, Rev. Puhphrey, from Copperas Cove, Texas. The eleven-year-old son of my brother Edwin told him after two days there, "Daddy, these two days in St. Louis revival have been worth more than a whole week at the lake." Three or four weeks before the revival I was in phone conversation with my brother, Edward, in Virginia. His daughter, Rebecca, was so excited about coming to the revival services she didn't know whether she could wait. Two weeks following the services in another phone conversation with him, she came on the line and said, "Uncle Loran, I enjoyed the services even more than I thought I would."

During the Saturday morning prayer service, one dear brother shared that he had been pressed down and in hard battle all week. The Lord revealed to me that he had had a burden for souls in Africa. This immediately witnessed in his heart and a light came upon his face, and he knew within him that this was true. The Lord revealed also he had been burdened for a storm brewing in the earth. He had learned a wonderful spiritual lesson concerning the operation of the Holy Spirit in the interior life. In the same service I received a long distance call from the pastor's brother-in-law, 200 miles from St. Louis. He wanted me to pray about a certain burden on his heart. The Lord gave guidance and direction, for which we're thankful to Jesus. He had been sanctified the previous Saturday night in our service. I wish you could have been with me on the call. He laughed and he cried for joy, he was so thankful to Jesus for everything. This is such a dear blessing to my soul. Hallelujah.

After the prayer service had ended and almost all were gone except a dear one who cleaned the church, the Lord had me leave the study to go out and love him. When I did so he told me that he had had a pain in his heart for about a week. His wife works in the hospital and has contact with about 200 doctors. One of the doctors had given him a prescription to have an electro-cardiogram, which he showed me. But he said that as soon as I stepped out of the study from talking to the pastor's brother-in-law, that severe suffering immediately left him. He realized that all that week he had been privileged to carry the burden for this dear brother some 200 miles away that he didn't even know. It was

(Continued on other side)

his first experience in knowing what a burden was. He testified that night that previously he thought a burden was an anxiety in the mind for some person or situation known to him personally. So the Lord had taught another lesson in spiritual operation in the interior life.

In the middle of my sermon one night, "To Whom Is The Arm Of The Lord Revealed?", the Holy Spirit revealed to me that someone was hurting or had been hurt in his head and gave me the location of the hurt. A dear woman stood after a few minutes and said, "I was the one you just prayed for." She informed us that 18 years ago in a downtown store an overhead light fixture fell down on her head. Since then she had suffered severe headaches periodically. She knew when I put my hand on my head and prayed that she was the one.

One day the pastor requested that I go pray with a man. The Holy Spirit revealed to go the next Friday. When we arrived, I saw three serious infections in his body. Also, the Lord gave me a very marvelous revelation concerning his life. For a few days he had been hurting so severely in his back that his doctor was unable to administer any adjustments to him. We had prayer and then I went over to love him. When I put my arms around him, I felt the power of God flow from my arms and into his body. He whispered in praise, "Glory to Jesus.

Glory to Jesus." I said to him, "Lean over now." We all rejoiced, because he could lean over and touch the floor without hurt. It was gone from him. Jesus had taken it away! When we left he went to the doctor, and the doctor beheld him well. Our brother came to church that night and demonstrated how he could now move without pain because Jesus had healed him. Even more precious, this brother's companion and wife was converted and gave her heart to Jesus that night. The angels of Heaven had right to rejoice. Praise the Lord.

We cannot tell you near all about this meeting, so we'll have to close. I refer to spiritual victories and spiritual help. In our next letter I'll try to share a little about God's wonderful working in Sears, Michigan, when we were with Sister Ione Lloyd.

I would like to be able to share with you the precious revelations and guidances of the Holy Spirit in the last few days, but it would make quite a little pamphlet in itself. This is all because of God and Jesus, the leading of the Holy Ghost. Hallelujah.

Please be praying about our October 10th meeting for protection, for guidance, and the instructions of the Holy Spirit. Also, remember our physical needs, that we may have deliverance and know what to do.

Your servant in Jesus, the Son of God,
LORAN W. HELM

Revival For Our Day, Inc.

Dear Ones in Jesus Our Lord,

It was precious how the Holy Spirit led us in Indianapolis from the 8th to the 15th of October. Rev. Richey informed me, to Jesus glory, that he observed more spiritual growth in his people during these days than during any other comparable time.

There were a number of victories. On Sunday evening there were eight or nine at the altar, most desiring to be sanctified. The wife of one of our dear brothers, who was raised in the Wesleyan Church, was sanctified that night and testified for the first time in her life. Her face was aglow and her soul was full of joy. She appreciated the work of the Holy Spirit so very much. Her husband was so thrilled with Jesus and grew immensely during those days. Their little daughter, about ten years old, also found Jesus that night and was very happy. She took three pages of notes on our message of "The Glorious Church" which blessed the hearts of those who read them.

One young man witnessed before the people that this series of meetings was worth more to him than a four-year college course. Another young man who prayed through to victory with us said, "This service was something else. You fellows are like the disciples." He marveled that he had previously heard about the leadership of the Holy Spirit, and had read about it, but this was the first time he had ever been privileged to actually experience it.

One precious young couple came to me in the pulpit following the Friday night service and requested that we pray whether it would be in Divine Order that they be married. I sought to share the seriousness of inquiring about this, and that the answer might break their hearts. I told them that most couples were married out of Divine Order, and because of this both individuals were soon crushed in the gears of their own choosing. But they both insisted that we pray concerning them. The Holy Spirit revealed to me that they were not to be married. This fine young man began to weep deeply, and the young woman soon left the sanctuary, apparently somewhat agitated. Neither the young man nor the young woman spoke a word of gratitude for praying. They just both left.

I mention this experience so that all our people across the country will know that whenever you ask a man of God to pray concerning a situation or a decision, the answer will more often than not be exactly the opposite of that which you thought or desired. We need to review this often so that we won't be disappointed at what God wills for us to do.

Parker, Indiana
November 5, 1970

One precious young woman was burdened. One of the servants of God brought her to me for spiritual counsel. The Holy Spirit revealed that her burden was for two different situations. When we prayed with her she was so happy—her face was shining and tears were streaming down her cheeks. She went to her father to share her experience with him, and my how they rejoiced! How thankful we are that the Holy Spirit can reveal to us what our burdens are. It required many, many years of obedience and waiting on God before we knew how to locate our burdens. It is by God's grace and gift that we would ever know again. To God be glory and honor; to the Holy Spirit be thanks.

One night, in the midst of the sermon, the Holy Spirit revealed that someone there was in much suffering. He told me right where they were hurting. I stopped preaching and asked Jesus to send His healing into this body for His glory and honor. A woman stood immediately and said, "That was me you just prayed for!" We were all so thankful to Jesus.

One dear pastor, who has been on the Way for over fifty years and preached the Gospel of redemption and inner cleansing for years, told Bro. Richey, "I've been in many meetings, but I was never in a more Spirit-led meeting than last night." To Jesus be all glory and honor.

As I face today, I'm looking into situations I've not heretofore met. The pain in my body from the hernia became so great Sunday morning that I could not go to service. I missed also Sunday night, Monday night and Tuesday night. God marvelously blessed my wife, Roger and Jon in the services at Portland in our absence. When I attempted to get up Monday, three times I was forced to return to bed. In all probability, it was approaching strangulation of the bowel. But God was merciful and allowed me to be relieved of that situation.

My need of prayer through the years has been much, but today is more. Please, if possible, pray through for us in these experiences to come. We cannot express enough our deep appreciation to those of you who have accepted our burdens as your own, seeking the Lord in fasting and prayer on our behalf. We are humbled deeply by your compassionate intercession for us.

Your Servant in Jesus,

Nov. 6, 1970

Brethren in Jesus Christ,

Each time I have attempted to write to you, my thoughts immediately go to the letters which the Apostle Paul wrote to the Brethren; or those which he had someone who was with him write for him. I have felt for a long time that the letters written by God's Apostle, Bro. Loran Helm, are, in the sight of God, as precious and led and filled by the Holy Spirit as are the letters of Paul. (The Holy Spirit worked in my heart as I wrote this paragraph.)

I invite your prayerful attention to the following announcement.

We asked everyone in the last letter to make their room reservations for the Waiting upon God, Feb. 19-21. As far as I know as of today there have been no reservations received at the Holiday Inn. Please take care of this right away. Again, the address and phone number are:

The Holiday Inn, 6330 Debonair Lane, Indianapolis, Ind. 46224.
Phone (317) 293-3220.

BE SURE to indicate on your reservation that you will be attending the R. F. O. D. Fellowship on Feb. 19-21, otherwise the person accepting your reservation will not know that you are to be included in the group. The room price schedule is:

1 person, one bed \$12 per night. 2 persons, two beds, \$17 per night.
2 persons, one bed \$15 per night. 4 persons, two beds, \$23 per night.

These prices will hold even if there is an increase between now and Feb. 19. These prices are plus 5% city and state tax.

If you learn that you are unable to come after making reservations, you must *cancel by Feb. 11*. The manager has been most gracious and receptive to our plans for this Waiting Upon God. He said to Rev. Helm and me last week, "I am really looking forward to your coming. I believe we will have a wonderful time together." This Holiday Inn is located on the west side of Indianapolis just off I-465, about one-fourth mile east on S. R. 136. It is just a few miles north of Weir Cook Airport.

Meal reservations for the Waiting Upon God are to be sent to me. The total cost of the six meals for the three days is \$26.40. Keep in mind that this cost covers the use of the two large rooms we will be using for the three days. If such facilities as these were to be rented for three days in a location like this the cost would be a few hundred dollars. If anyone cannot come for the entire time, I will send you the cost of individual meals if you request it. We prefer that everyone come for the full three days, otherwise it will not be a Waiting Upon God for you. Those of you who live in the Indianapolis area are invited to come to every service you can even if you cannot come and stay for the entire Waiting Upon God.

Please talk to your employers now and make arrangements to be there for the full three days. Please make your reservations as soon as possible, payment accompanying. We must have all reservations in by Feb. 1, 1971.

The Holy Spirit has revealed that it is God's will that there be 500 with us for the full 3 days. The devil will try many things in the mind, home, and work to prevent each of us from coming. We will need to press thru to make it.

Pray for each one to be spiritually in tune when we start on Feb. 19th at 7:00 A.M., so that no one will miss or hinder what God may want to do at the beginning. It is so urgent that we be in spiritual unity in Christ Jesus, and that no one have any doubts or analyzations. Let us be filled with love and faith in the Holy Spirit, trusting Jesus for the victory.

The next matter we have to share with you is so urgent I trust the Lord to help me share this with you in proper spiritual perspective. Will you stop and whisper a prayer before continuing to read?

The Holy Spirit has revealed to some of us brethren that "it is urgent" that Bro. Helm have surgery immediately. The Holy Spirit has also revealed that this experience will be 8 times more difficult for our Brother than all of the fear and dread of making the first plane trip. I doubt that very many persons realize the many ways the devil opposes and buffets Bro. Helm, nor do they realize the extreme sensitivity of his body. I do not know this very well and I have been fairly closely acquainted with Bro. Helm for over 20 years.

By having this surgery, Bro. Helm will not be in any revival meetings for the next few months. The Dr. has indicated that Bro. Helm should have absolute rest with no preaching for 3 to 4 months after surgery. Therefore, with no offerings coming in from churches you can see that we are entirely dependent on the Lord to supply the needs through personal contributions, to Revival For Our Day, Inc.

Bro. Helm has a hospitalization policy that pays only \$100. per week. This is the only financial help he has for this expense. This amount of insurance coverage will mean almost nothing in comparison to the expenses facing him. Some of us brothers have prayed and feel that he should have a private room. This will cost \$40 - \$60 per day plus all other costs of a hospital experience. We surely appreciate your praying with us about this. Thank you for considering this matter with us.

With the Lord's help and your prayers and gifts, we know that every financial need will be met. Through Bro. Helm's obedience, and prayers for

many of you for physical needs, you have been delivered by the power of God from much, much suffering; and many thousands of dollars expense has been averted. Therefore, I feel this is your opportunity to present your "Thank Offering" to God for His servant's needs.

When I read this last paragraph to Rev. Helm on the phone just now, he felt most humbled and cried out to the Lord for mercy and thanksgiving. Also as I have read this entire letter to him before sending it on to you, he is suffering with pain and has been off and on for the last few days. He has had this trouble for about six years. Some of us feel fearful that unless he has surgery within a few days a strangulation will occur in the lower abdominal diaphragm.

Your prayers, faith, trust, and obedience are needed now as much, if not more (I have the witness on more) than at any time in the history of R.F.O.D. We are grateful to those who have prayed and assisted us in this work. We are thankful for each one of you. We trust for the Holy Spirit to bless and help each participant in this Fellowship. Only a few of our Fellowship, in comparison to the hundreds (Over 900) who receive our letters have really helped us. As in all Christian work, only a few carry the burden of the responsibility of this ministry which the Holy Spirit has given us the privilege to embrace.

Trusting to hear from you soon and to have fellowship with you at the Waiting Upon God in Feb., I am,

Trusting Jesus with you,

EMORY REECE

Dear Ones in Jesus.

At this Thanksgiving time I am rejoicing in the wonderful gifts of God, especially the Gift of His Son, Jesus. I join you in thanksgiving for those who sought to found our country under the guidance of God.

I'm writing especially to let you know that I will be entering Logansport Memorial Hospital at 1:00 P.M. on Friday, November 27th, in preparation for surgery, the Lord willing, at 8:30 on the morning of the 28th. Dr. King will be my surgeon. Ask your churches and friends to begin praying on Sat. at 8:15 A.M. EST and continue for a while.

My heart is at perfect peace and there is a wonderful rest in my soul concerning this operation. However, we all have our weaknesses, and being in the hospital and undergoing surgery has been my greatest weakness for over forty years. In fact, in many ways, the struggle I'm now undergoing (in mind and nervous system) is greater than when I left everything and everyone to go with God in October, 1941. I covet your prayers at this time that the Holy Spirit may grant victory over the dread of hospitals and surgery; that He would lift me over the great nervous strain and apprehension surrounding the entire experience.

As the Lord helps you, please pray specifically that healing would come swiftly and normally to the operated areas, and that no post-operative complications would develop.

Pray that my larynx, which is swollen and enlarged from hours and hours of preaching and sharing over the years, will not choke me or cause me great discomfort while it is necessary for me to remain on my back. Pray also that I might regain strength quickly in order to be able to accept the great responsibilities of the Waiting on God in Indianapolis, February 19. 20. and 21. I know that Jesus is able to grant victory in all these areas as you dear ones agree in prayer for this unworthy servant.

We wish to express our appreciation to Dr. King for all his counsel and his kindness over the past six years. Our sincere thanks and appreciation also to all who have been helping and praying and sharing in many ways during this difficult time.

Our need now is greater than ever.

Your Servant in Jesus,
Loran W. Helm

P.S. I'm thankful to the Lord for the assistance given by Jon and Emory in preparing this letter. L.H.

P.P.S. Because of his deep love for everyone, our brother would want to see you that desired to visit him during this time of surgery and recuperation. However, it is extremely important that he receive absolute rest and quiet for many days following surgery. Therefore, please understand that no visitors can be allowed at the hospital room. Your cards and letters will be such an encouragement, and your earnest prayers will give such needed strength. Thank you for your kind understanding.

Your brothers in Christ,
Emory and Jon
