Dearly Beloved of the Fellowship in Jesus, the Holy Spirit,

God has been blessing, leading, directing, revealing and wonderfully working in the lives of His people. As we have been recuperating, it has been our privilege to share with many people about the Kingdom of God.

Since the last letter was written to you telling of a young man finding the Lord by my bedside, another man called, and we spoke with him about Jesus. He was a distance in sin. We told him how precious he was and how Jesus loved him and how dear he was. Then we asked God to send the Holy Spirit upon this brother over 400 miles from me. After praying I asked him, "Brother, is the power of the Holy Spirit in your heart? Is there the throbbing, the pounding, the drawing, the wooing of the Holy presence of God in your heart?"

"There certainly is," he replied.

I told him, "If you will repent and confess your sins with me to Jesus, He will forgive you and come in." So he began to follow me in this little humble prayer, though he was hundreds of miles away, and, dear ones--the Holy Spirit witnessed that Jesus had forgiven him of his sins. Isn't that precious? Though I had never seen him and he had only heard of me, the power of God fell on him. His heart was wooed by the presence of the Holy Ghost. He followed us in repentance and found Jesus. We then gave him instruction on how to keep the victory, how to resist the devil, how to pray and get into the Word. So it was worth more than many telephone bills, wasn't it? Praise the Lord.

While in California, the Lord revealed to me that we should send money to a precious missionary in Puerto Rico. Some time later we received a letter from this servant of Jesus telling how missionary friends near her had been robbed of \$1000 in personal belongings. She told us, "I didn't know how I was going to help." But when the money from the Fellowship of Revival For Our Day arrived, which Jesus sent under the direction of the Holy Spirit, she simply gave the money anonymously to the other missionaries who had been robbed. I had to marvel that the Lord would reveal to me in California that finance should be sent to this missionary in Puerto Rico which was going to be used to meet the need of her missionary friend even before the need arose. To me this is very precious in the Kingdom of God.

You see, I become greatly excited about the guidance of the Holy Spirit, no matter how tiny or commonplace they may appear to be; for when God leads, it is truly a little bit of that glorious heavenly Kingdom right here on earth.

Some time back the Lord revealed to us that we were to call a widow. I asked Son James to inquire how she was getting along and how she was managing financially. When he asked, she said, "You know, I just gave my last dollar to the fuel man today." The Lord had told us about her need just in time.

I was to call this precious widow the other day, and after sharing answers to prayer and things of Jesus, I said, "We don't want to pry or seem like we are interfering, but it is on my heart to call you concerning your needs just before Christmas." The reply from this handmaid of Jesus was: "You seem to always know when to call."

The Lord revealed that we were to send money to a minister in need in the state of Michigan just three or four days ago. God revealed that finance should be sent to a prayer warrior living 110 miles from here..a warrior not too well in body, but who prays wonderfully in Jesus and the Kingdom of God.

The Lord revealed to me about one of my neighbors who has no income and has not been able to work for five to seven years or longer. But he is a prayer warrior. Whenever you see him he is smiling, and his smile looks like Jesus. The world passes him by because he can't afford fine clothing, but he is so dear and precious. When he prayed for me a while back, I tell you, the Holy Spirit worked inside my body wonderfully.

Just before I sent to surgery, James and I were passing his house when I said, "Oh, James, we must stop. There is a need here." I was going to take two five-dollar bills which Jesus had provided, but the Lord said, "No, don't take the two fives. Just take that twenty right there." Then about Christmas time, after this dear brother had cried out so earnestly for Jesus to heal my body, I remembered that he had no income and recalled a Christmas gift a dear one had shared with us. I told one of our sons, "Go get that money and give it to my dear brother." That \$100 was his Christmas, and he just wept for joy and thanked Jesus for His love.

Jesus wanted us to share. Jesus wants you to share. He wants you to pray. He wants you to help this soul, pray with this one, encourage that one. It's so wonderful, isn't it, just to walk with Jesus and trust Him and let Him have His way with you.

Just a few weeks ago we had such a wonderful time in a restaurant with the owner. We shared about the Kingdom with this precious one we have known for so many years. The Lord blessed and we were so happy. When we went to pay our bill, the money all ready to place on the counter, this dear one said, "Oh we don't want to receive money for your meal. We have already been blessed so much just hearing you share about the things of the Kingdom of God." How grateful do you think

we were? We were thankful! We were just having a meeting for Jesus when God spread a table, a banquet place where we fed and rejoiced, because God had blessed so bountifully.

I received a long-distance call a couple of nights ago from dear ones over 250 miles from here. I was introduced to a precious professional man, and when he spoke, I heard one of the finest male voices I have heard in my lifetime. It seemed like I had been looking for him for thirty to forty years. I learned that this precious man had fallen, severely injuring his foot and ankle. The cast had to be removed from his leg because of the painful swelling. For some weeks he had been on crutches, and they were trusting that God would help me to pray for him. He said to the gentleman on the line with him, "Mr. Miller, you know that this foot is so tightly swollen this evening."

I began to pray, telling the Lord that I didn't really know how to pray for this dear man. I needed His guidance, for there was no power, no strength, no wisdom in me. After praying for some time, suddenly the Lord came on me and I asked in the name of Jesus of Nazareth that all these tendons and fibers, muscles and bones, would be brought into place and healed for the glory of God. I pled with God for him.

In a few minutes Brother Miller asked, "Brother, how do you feel?" This dear man replied, "Oh, Mr. Miller! My foot...the swelling is going down out of it! The swelling is leaving and I'm beginning to be able to move it. It is beginning to move!" We prayed and talked on for two hours about the Kingdom of God with these two precious men and Son James, and the presence of the Lord was so sweet. After about an hour-and-a-half Brother Miller asked our friend, "How about your foot? How does it feel now?" And this gentleman replied, "Mr. Miller, my foot is superb."

He was encouraged and lifted. As I shared experiences about Jesus, the guidances, revelations and directions of the Holy Spirit, he would say, "Fantastic...Beautiful... These are similar to the things which happened in Biblical days. These should be in a book." His response was so pure, his appreciation so genuine and full of gratitude that I was blessed, he was blessed. In fact, we could scarcely end the conversation, the blessing of Jesus was so in evidence.

I was privileged to be on another call some days ago with a Christian some 100 miles from here who is beautiful in the Lord. This beautiful Christian had undergone severe hardships, trials, tests, and disappointments. Not many companions would have remained to endure such inner suffering. Most would have been so crushed that they would have left long ago.

But, ohh, the fellowship God gave in prayer.

The Lord so helped and led us in prayer that soon the glory fell. I heard the voice of this precious Christian say, "Ohh, this is lifting me...this is lifting me." We were so grateful to God and trying to say, "Thank you, Jesus, for your presence, your direction, and your answer to prayer in blessing this humble follower of Thine."

#### HOLY LAND JOURNEY

March 4-18

We are delighted with the Lord's presence as God is working concerning His will for our trip to Israel. When I left Isarel the seventh trip, coming out of the land of our Lord, I thought perhaps I would not be going back. I thought that possibly my responsibility was not to return again, for the assignment is so great. I am responsible for everyone and their welfare: whether they are well, whether they are safe, whether everything is well with the planes, the busses, the walking, the food, and everything related to the journey. The natural part of me thought, perhaps, that God might not require me to go back.

However, while I was talking to one of our precious dear ones in the Gospel the other day I said, "I'm not sure whether God will be leading us to Asia, South America, or to Israel."

He witnessed that we are to leave New York on March 4th for fourteen days in Israel, Austria and Germany, arriving home on the 18th. The Lord being our Helper and Protector, Guide and Director, we will be privileged to see many of the sacred and historic places of the Bible, visiting Tel Aviv, Caesarea, Haifa, Nazareth, Tibérius, the Sea of Galilee, staying in a Kibbutz overnight. We shall not only see the sights of Bethlehem and Jerusalem, but also return, the Lord willing, to St. George's monastary deep in a canyon where God gave us such a marvelous time on a previous journey. This was where they said the ravens fed Elijah. We then plan to journey where we have never been before to visit and stay overnight at the Red Sea.

After eight days in Israel we will depart Tel Aviv for Munich, Germany, traveling to the lovely city of Salzburg, Austria, famous for its annual music festivals. Salzburg is the birthplace of the famous composer, Mozart, and contains a great number of beautiful, as well as historic, castles, buildings, and art. It was in this city that the movie "The Sound of Music" was filmed, I understand, which gives one an idea of the beauty of the countryside with the neighboring Bavarian alps.

Our journey will also include visits to the German cities of Munich, Frankfurt, Coblenz, with a bus journey along the beautiful Rhine with its many castles. We shall be privileged to see, as well, the beautifully restored 15th-century city of Rothenburg. Since the Holy Spirit witnessed to my heart that we should visit the area of Salzburg, and the Holy Spirit has been faithful to

witness that He will lead, guide, direct and help us on this pilgrimage, we believe it will be a sacred assignment in His Kingdom just to be obedient to His will as we are privileged to view these wonderful cities.

The cost of the journey from New York is \$1200. To some unfamiliar with international travel, that may sound like a sizable sum at first. But if one were to purchase a simple tourist rate round-trip ticket to Tel Aviv from New York it would cost nearly \$1200 for the fare alone. And for this same price, we will be privileged to enjoy first class hotels in twin-bedded rooms with private baths, three meals per day, busses, guides, and wonderful experiences in the earth (and we are trusting in the Kingdom also) for fourteen days. It is truly quite an experience, and many of us have been excited over it.

I called into West Virginia to tell one couple that I felt they were to return with us on this journey, although they have been with us five times overseas. When the wife learned that they were to go, she became so excited that about all she could do was walk through the house and rejoice.

Others have been so excited about God directing for such a trip. I talked to a precious family in Tennessee today. The wife said, "Oh, we are rejoicing! The Holy Spirit is blessing us." I told her, "That operates in my heart." She continued, "I am so thankful that my Brother and Sister Dunnigan are going to Israel." We all rejoiced because of Jesus' guidance, blessing, and direction.

After this conversation, one of their friends called in and asked, "Are you dear ones supposed to go to Israel?" Our sister replied, "No. When the servant of the Lord prayed about it, we were to stay home." The woman was rather astonished. "Why..this sure makes a believer out of me," she said. "I thought everyone who wanted to go would be allowed." This experience gave her faith to know that the Lord was leading.

Some few days ago we had to write a precious brother and his wife just about 80 or 100 miles north of us, whom we love so much. They had wanted to go with us quite badly, and we were wanting to have them with us. But when I prayed, the Holy Spirit revealed that there would be some difficulty or trouble for them. It was very difficult for me to write and tell them this, but I had to share what the Lord had revealed to me.

On the other hand, the Lord has revealed that some persons who have no previous plans to make the journey, and for whom it would be a big assignment to go at this time, should be with us. The night before last I told a precious lawyer friend in Cleveland and that I felt he was to go with us. Even though he was very busy, I felt he was to go with us on this holy calling.

We have friends in Florida, one of our dearest brothers and sisters, who have such an important and demanding business. The last time they went with us I felt that God would look after his business. Eight or ten days ago he told me something he had not revealed since the journey in April. He said, "I want to tell you that during the ten days we were traveling with you last April, God brought in more finance to my business than at any time before or since in my own personal affairs." We were trying to praise God for this.

In West Virginia there is a very busy businessman. He and his wife are so precious. (In fact--all of these dear people are precious.) The Holy Spirit revealed to me that it would be God's perfect will for them to go on this journey. I know it will be difficult for them to persevere, for they have so many responsibilities, along with the poor health of loved ones to consider. But I believe God will heal and give strength.

Another couple have been with us on our last journey. I prayed for them before the trip in one of the western states regarding their health during the travel and for the swelling of the ankles. God took them with us on those fourteen days into Europe, and when they returned it seemed that my dear brother had grown younger and stronger. Jesus intervened for my sister, taking care of her ankles and her body.

The other day we prayed with a precious one who had difficulty in the abdomen, but we felt they were to go on this journey. The Lord privileged us to pray and Jesus touched them. We believe they are better or healed for Jesus' glory.

I was speaking with one of the precious pastors in California with whom we were in a meeting less than eight or nine weeks ago. Oh, how the Lord has been blessing and working wonderfully in his congregation as he has sought to wait on the Lord and obey the Holy Spirit, dying out to the patterns and ways of the flesh. We received a letter from one of his parishioners today. She said, "I can hardly tell you how Jesus is working here in our church in California."

We were sharing with this wonderful young pastor how we felt he was to go with us. When he prayed, the Lord gave him the witness last Sunday that this was true. I told him, "Now your people will feel that it is too far to come. Because of the news propaganda, they will think that it will be too dangerous and that things could happen. But we believe Jesus will protect us and that God will provide." Some would say, of course, that it would be too tiring and too expensive. "But," I encouraged him, "if each one of your precious people will persevere, there will be from five to eighteen of your people go with us to Israel."

And we have been rather excited over what the

Jesus said, "Except ye be converted and become as little children (that is a little child, not a bigger child), he shall not enter into the Kingdom of heaven." A little child must deny himself of everything he wants. He gets only what his parent feels is good for him.

That is the way we are as we walk with God in this wonderful pathway to the Kingdom of Heaven, the Kingdom of our Lord God of Hosts. Praise His wonderful name for Jesus, the sacred blood that delivers us unto His purity and true holiness, unto His likeness. How precious that, as we walk among men, there is, by God's grace, the presence of the saviour to encourage us pilgrims as we travel along.

Thank you. Pray for us. We are trusting. We are a needy people. We know that God will lay it upon those to help along the journey in prayer and in other ways as He

designs and desires for His own honor and for souls and for the Kingdom: that the church--the professed church--could become The Church; for unless we in the church are obedient to the guidances and promptings of the Holy Spirit, denying Self--not letting Self have any way whatsoever... then that Self within us begins to make a little of the decision, and Christ is crowded out. We are then not really the church - we are just a society meeting. Jesus must have full preeminence in us in order that we be His Church and be true followers of our Lord and Saviour Jesus Christ.

Unto God be glory, power, dominion, and honor now and forever.

In Jesus' Name,

Loran W. Helm

AMEN.

#### HOLY LAND TRAVELERS—Additional Information

Take as few "dress" clothes as possible. Ladies may want to wear pant-suits or slacks on sight-seeing trips. Ladies may wish to take a long dress. No formal attire is needed. Dinner in the evenings is the only time you would probably want to "dress up."

We recommend taking light galoshes, such as "Totes", which can be carried easily with you at all times.

Lord will do as people obey Jesus.

We trust for your prayers concerning this journey, for it is not a pleasure trip, nor is it our journey. It is a holy assignment in the Kingdom of God under the direction of the Holy Spirit. Pray for weather without turbulence, for protection from accident, injury, sickness, disease, and mishap. Pray for the best planes, the best pilots, the best guides. Pray that all those going will be cautious in all their actions, their speech, and their ways, that God might be able to trust us with whatever precious little part of His Kingdom that He chooses.

Pray for the work of the Holy Spirit on this our ninth journey. This will be our eighth pilgrimage into Israel. Someone has told me that the Word declares that God will send light into Israel in the last days. So all of you who love Jesus with all of your heart are lower lights. When you are sent into Israel, it could be that we will be going there partly just to be the lower lights for Jesus rather than to see the sights. We will be enjoying the seeing; yet, to be a light for Christ is more important, isn't it, Beloved? So we are grateful for your prayers and for your attention along these lines as we make our departure.

Pray, too, that our body will be well, that we will be recovered in every way: that as we travel we will not tire, but we will be undergirded and refreshed. I believe that almost everyone who goes on this journey will either be blessed or instructed or healed or informed. There will be some precious benefit to the soul, the mind, or the body of all those who travel with us to Israel, Austria, and Germany, by the grace of God and the power of His protection and healing.

If there is anyone else interested in making this journey, we will need to know right away, because there are so many making ready to go with us. It appears that the number now is between 60 and 100. If you have a desire to go or sense that it may be God's will for you to go, and you have sufficient finance for the trip, call or write me at once. If the Lord would witness for you to go, it would be wonderful to have you.

After that, you would contact Miss Tina Brazil, the owner of Passports International in Indianapolis. Her telephone number is 317/257-1258. She or her precious assistants would be able to inform you concerning the details of the trip. We are very grateful to Miss Brazil and her staff, Fran and Marion, who assist us in our going for Jesus.

If you are to go, be sure to check your passport at once to be certain that it has not expired.

FINAL PAYMENT FOR THE JOURNEY TO ISRAEL, AUSTRIA AND GERMANY MUST BE MAILED BY

WAITING ON GOD  
June 22-23-24-25, 1975  
Holiday Inn # 8-Indianapolis

It has been so wonderful how God has led and directed, and how He has revealed how to proceed. Yesterday was the first day I could get any guidance on the next Waiting on God. The Holy Spirit revealed to me that our next Waiting will be in June: beginning Sunday the 22nd, through the 23rd and 24th, with the Fellowship Luncheon on Wednesday, the 25th.

The first session is to begin at 11:00 a.m. Sunday morning. Dear ones will be there before this session to register all who can come early. Those who cannot be there early will be able to register following the afternoon lunch.

REGISTRATION: Enclosed is a **GREEN** registration form. Please complete it and return it at your very earliest convenience to:

Kenneth Wagner  
Registration  
R.R. # 1 Box 213  
Parker, Ind. 47368

Enclose with your registration, if you are able, payment for your meals as indicated on the registration blank. Make all checks or money orders payable to: REVIVAL FOR OUR DAY, INC. -WAITING. Please mail this registration form to Mr. Wagner as soon as you can, even if you are unable to send complete payment. We must have the registration forms in order to have an idea of how many persons to expect and how much food the Inn will need to prepare.

You may notice that Miss Harding of Holiday Inn #8 has so very, very graciously made only one increase in food price since 1969. This is most unusual, and I trust that we will not take this kindness lightly. I pray that we will be able to express our Christian appreciation by quickly returning the completed registration forms in order to give our RFOD staff and the Holiday Inn staff a good idea of how many to expect at meals.

I feel it would be best to share once again that it is the small cost of the meals which grants us the privilege of using the spacious meeting room without cost. The Lord has revealed that as we are called of God to wait together as His children during these heaven-appointed days, that nothing is without significance. Even the meals together will be used of the Holy Spirit to bring us into one accord if we can remain in the Spirit of Christ, walking softly and cautiously in love toward one another. If we leave the building and become entangled with the things of earth outside, much of what God is trying to do with us is taken from us by the Powers of the air.

I share this, not to place anyone under bondage, but to make clear the precious seriousness of these times of Waiting on God. It would be wonderful if a very good number could persevere to continue the waiting upon God in quiet dining together within the walls of the motel.

ROOM RESERVATIONS: To reserve your room (s) at Holiday Inn #8, complete the enclosed 3x5 **BLUE** ROOM RESERVATION card, indicating the number of persons who will be in your party and how many rooms you wish to reserve. Mail this immediately to Holiday Inn #8 by placing an eight-cent stamp on it and dropping it in the mail.

You may wish to also request verification of your reservation to be certain your room is reserved. To facilitate this, send Holiday Inn #8 a letter with the address as it is printed on the ROOM RESERVATION card, enclosing your ROOM RESERVATION CARD with the letter requesting verification of your reservation. Enclose a stamped, self-addressed envelope for the return of their verification. This will not only assist them in fulfilling your request, but it will be a quiet witness that you are trying to be thoughtful of them.

YOUR ROOM RESERVATION CARD SHOULD BE SENT AT ONCE. The Inn will quickly be filled. They will be able to place a number of our group in the adjacent Budget Inn, but they cannot hold space for long. We don't want anyone to have to drive each day from another motel if at all possible.

-----

We appreciate the privilege of sharing and bringing to your attention answers to prayer, guidances, and revelations; and also to talk with you about the Holy Land Journey in March and the Waiting on God in June.

We want to thank each one of you for your prayers and your fellowship. We are thankful for the few dear ones of Revival For Our Day who have supported this ministry. There are, of course, hundreds (how many hundreds I cannot tell you) who have not had any burden to help us. But we are grateful to the Lord for them just the same, knowing that Jesus will provide and make a way even though our responsibility is great.

I would like to share that since Rev. Emory Reece has resigned, the Lord told me at Christmas time to invite them over. We loved them and had such a wonderful time with them. I asked our treasurer to prepare a check for \$500 for them in order that they would have something for their Christmas and to live on.

Then, on the second day of January, the Lord spoke to me that I was to call Rev. Reece again and get a check from the treasurer for \$600. We learned later that Rev. Reece was trusting for God to make a way somehow for the bills which needed to be paid. That makes, by God's grace, from a little before Christmas to the second of January, \$1100 we have shared with this precious son in the Gospel who has been with us so many

years.

So God has marvelously helped us to encourage each other. We want to pray that they will be lifted and strengthened and encouraged in their ministry, wherever it may be that Jesus would have them go; for they are so precious and so talented. God has worked and blessed as the Lord so uniquely preaches the Word through our son in the Gospel. Rev. Reece has been so helpful and kind to us by offering his counsel in the areas of the organizational details and assisting us in the area of taxes. We are so grateful to the Lord for this ministry of our Brother Emory to us and to you. Continue to pray that they will be lifted, encouraged, and strengthened; and that every need will be met for Jesus' honor and glory.

I said to Jesus as I would pray to God the last few weeks, "Only Thee could ever let 1975 be as blessed as 1974." He guided and directed so wonderfully; He provided and protected so miraculously and marvelously; He revealed and directed with such glorious fellowship, bringing soul victory to a number in such a variety of needs. There are so many ways He had blessed and led in 1974 that we were endeavoring to give God and His Son, Jesus, the glory. We were rejoicing, exalting the Holy Spirit, the precious Comforter, who was there to guide us and to indwell us and to lead us.

Our cry was that we might be so inwardly cleansed through the blood of Jesus, the purging of the Holy Spirit as we deny Self and obey the Lord, that those dear ones we meet and come in contact with up and down this land and wherever we may be in this earth may see that we have been with Jesus and have learned of Him. My prayer was that the world might see that the Christ, the Holy Spirit, indwells His followers and His servants as they travel this narrow and wonderful Pathway to the Kingdom of God.

My cry is that we in the church might discover that it is only as we become as little children will we enter the Kingdom of God. Unless each minister and each layman becomes like a little child, Jesus said, he will not enter the Kingdom. We are not to become great or receive note and know a lot and become much; but His assignment to us is to become as little children. In other words...to become nothing.

What is it like to become a little child? A little child two or three years old cannot be trusted to cross the street by himself. He must have hold of his father's or mother's hand. Similarly, we cannot cross any avenue of Life or make any decision without our Heavenly Father's hand leading the way. We cannot take a single step without Him directing us by His Holy Spirit...for we are to become like little children. As a child is dependent upon his parent to eat, to walk, and to be led across dangerous junctions, we in the church--the ministry and the laity--must also be led by the Holy Spirit every step and breath or we will miss the Kingdom of God.

Dear Ones in Jesus Christ  
in the Kingdom of God,

How great is our Lord and how faithful is our God. Great is His faithfulness to you and to me.

The Holy Spirit has privileged us to be led of Jesus to send help to the needy, to support those in desperate circumstances, and to assist others in the throes of epidemics ravaging in their land.

Sunday a dear minister mentioned a missionary in Haiti who is pouring his heart and his life out to help his fellow countrymen. It was reported that he had been preaching as high as four funerals a day due to an epidemic of typhoid and another disease in that area. The Holy Spirit revealed that, although the finances of Revival For Our Day were not greatly abundant, we were to send money to this dear man. When I mentioned this to Sister Langdon and to other precious ones in this fellowship of Jesus, they reported that it touched their hearts by the Holy Spirit and felt it would be pleasing to God for us to help.

Calling our treasurer, I informed him of this desperate need. When I told him that we were to send \$1000 as soon as possible into Haiti, son James said, "I knew it. That was the very figure the Holy Spirit had laid on my heart the moment you said that it was a sizable amount." Our treasurer rejoiced with us as we made preparations to send this badly needed finance into an area suffering from an epidemic.

I made a long distance call last night to Roger Yoder in Ohio to pray with him and to share some burdens. When he answered the phone I could tell by his voice that he was burdened for situations over the world. We came before the Throne, and God began to reveal to me how to pray for him. He had me praying for one revelation after another, and when we had prayed for the conversion of the lost, the Holy Spirit said, "That is all."

Roger said, "Oh, Brother! I feel better ... I feel so much better."

"You sound better," I told him.

"I don't feel like lying down, now," he continued. "I feel so much better!"

I was happy with him for God's guidance to our hearts. "Your voice is so much improved," I told him. "The Lord has lifted these burdens off of you, my Brother." We rejoiced. We were so thankful that the Lord would reveal what his burdens were and lift this heavy load from him.

Earlier that evening, a dear Christian handmaid in need of great encouragement had come to our home. Tears came down her cheeks as she shared with son James and me the great need and burden of her family. A talented woman, a writer and capable of teaching, she had been earnestly struggling and laboring on for months and months. She shared the immense burden she embraced for her loved one who was discouraged. The matter was one of extreme seriousness.

Knowing that great need was upon them, I sent son James to our treasurer in order to bring back a check for \$500 to help this woman and her husband. Upon his return, when I took the envelope to send with James and Rev. Bullis as they went to pray with this family in serious need, the Holy Spirit spoke to me: "I am with thee. This is pleasing to God." And when James handed this check to the precious husband who had been so discouraged, he said, "It has come just in time."

The Holy Spirit revealed that some finance should be sent to Rev. and Mrs. Emory Reece as well, and we praise the Lord for every guidance; for without His leadership, we wouldn't know what to do the next moment. But the Lord has revealed to me that as we continue to do His will, even when it looks like the finance will not be sufficient for all of our responsibilities, God is able to send in thousands for the glory of God...not only for salaries which are greatly important, but for those sacred gifts to the needy which the Holy Spirit reveals.

This is His work, not ours; and as we obey the Holy Spirit in all things, He will be faithful to work through obedient hearts to more than meet the need.

## HOLY LAND PILGRIMAGE

On March 4th, by God's grace and help, around 150 persons will make their way to the land where Jesus walked, where the prophets received their call from God, where they prophesied and proclaimed God's word...the land of our Lord. A good number of others have asked us to see if it were God's will for them to join this journey, but Jesus has revealed that they are not to go at this time. In the church of one precious pastor, over forty are now going, but others were ready to go if the Lord had led.

One of his outstanding laymen and leaders of the church told the pastor, "We are just waiting a call from the servant to tell us what the Lord had revealed." Of course, I wanted him to be with us very, very much, because he is so precious. We have Holy Spirit fellowship together in our hearts. As we were returning across the Atlantic last October 29th on that huge 747, he came down the far aisle towards me saying, "I can't hear the words you are speaking, but the Holy Spirit is operating in my heart as I come down this aisle towards you. I can't hear what you said, but it was working in my heart." Our fellowship in Jesus is so pure and my desire to have him with us again was very great. But the Holy Spirit revealed that this precious man with large business responsibilities was not to go with us, though his wife was. So only those are going whom the Lord has revealed, and for whom He has made the way.

We know there are many who would want to go, but finances will not permit at this time. I wish to encourage each of you who, for any reason, are not going on this pilgrimage not to be downcast or discouraged. When we are not called to literally participate in a certain mission assignment, we are not excluded from the ministry or even the joy of that mission. As we pray for those whom God has assigned this pilgrimage, I believe God will send the joy and rewards of this pilgrimage into Israel back to your own hearts.

All those who are going will need much prayer. We covet your prayer greatly that each one of us on this pilgrimage will be cooperative, helpful, thoughtful, and gracious. That each one will arrive for meals, for times of Waiting, and for the bus at the appointed time or earlier, for if one person is two minutes late, this

delays 150 people by that amount, or 300 minutes--almost five hours because one person was late.

We need prayer that all of us will be together in heart and mind and soul, that when we go into the land of our Lord, we will be His lights. Jesus said, "ye are the lights of the world." Pray that each of us will be very cautious in all of our behaviour and our conversation, being especially careful not to speak when the guides are talking, because this journey is not for pleasure, but for Christ and for His Kingdom.

We need prayer daily from each one in the fellowship that those of us on this sacred assignment will be protected in our bodies as we travel: pray that none of us will trip or stumble, that we will be careful of where we are stepping and be willing to accept assistance when needed. There have been times when I have been impressed to tell dear ones once or twice to hold on to someone else and these dear ones didn't want to be a burden on anyone and replied, "No, I'm getting along all right. I won't need any help." But in just a while they had fallen. So we need prayer that each of us will be able to hear instructions and be willing to hold on to another when needed.

Pray that we shall be delivered from any distress or illness in the stomach and bowel; that we will be delivered from any sickness from food or water, from car or air sickness, from weariness and fatigue. With 150 people traveling together, we will greatly need Jesus' help all the while to protect us from all infection and affliction and deliver us to health, experiencing revival and fellowship with one another in the Holy Spirit. Pray, please, that each of us will be better equipped to deny Self and to obey: to be submissive; to be determined, by God's grace, to trust the Lord with all our heart, God being our Helper. Praise the Lord for your joining us in this daily intercession.

We are so thankful for those who have been helping us and assisting us in this ministry, not only those who have assignments close to us day by day, but those dear ones who volunteer to stuff and mail the newsletter. This is not a simple task, for the enemy fights it so hard. The printer shared with me how difficult the mere printing of the last letter was. The cost of materials and printing of the last letter alone was \$120, and

the postage was \$260.00. We are thankful for the Country Print Shop laboring to help us in this area, and for each of the dear ones who assisted in getting this information of love and care to each of you on the mailing list.

We are thankful for our sons, James and Jon, for they love us so much and help us in such a number of ways. The Lord witnessed to Roger Yoder and me that their responsibility in helping us in this ministry requires much strength. Their tasks are perhaps more important than most jobs in this country, because of this assignment in the Kingdom, and what could be accomplished for Christ's sake, by His help and direction, for souls and for Jesus.

Pray for the souls, the minds, and the bodies of each of us in this sacred ministry of Jesus that we will be Spirit-filled and Spirit-led. We know that we will be Spirit-led and filled as we trust and obey, and do His good pleasure all for His glory and honor.

Especially I request your daily prayer for the church--for all ministers, all church leaders, and all laymen--to deny ourselves and obey Him: for unless we do this, we are coming short of truly following Jesus. We are no longer the Church...we are only a social gathering, a programmed society.

Unless Jesus is actually leading His people,  
He is grieved. The Holy Spirit wants to  
lead His people; and since Christ is the Head

of the Church, we must allow Him to guide us by the Holy Spirit. Otherwise we are not the Church. We are just nice people gathered together to pray or preach or sing or do special numbers.

But just doing good things in our own strength without the guidance and direction of the Holy Spirit is absolute emptiness. We want to remember that without His direction--without Him building the city, without Him building the house--it is vain...it is empty.. it is not lasting.

So we pray for those of you who are now in pain through the stomach area and in various parts of your body that you will be healed through Jesus Christ to the glory of God. We need your prayers for Florence and me in our bodies that we will be well, that Jesus will strengthen the tissues and fibers of our bodies, heal our organs, restore our souls, and renew us for the great assignment which is ours in the Kingdom of God.

Thank you for your help in petitioning the Throne, and for your assistance in other ways that this work may be able to continue by obeying the Holy Spirit for Jesus' sake. We trust to be faithful and holy. Thank you.

In the Name of Jesus our Christ,  
Your servant, the Lord's servant,

Loran W. Helm

## CONCERN FOR GOD'S KINGDOM

It is such a joy to hear again from Rev. Helm how the Holy Spirit has been guiding his heart, not only in the areas of praying for burdens, for healing of bodies, and in administering spiritual guidance; but also revealing how the finance of R.F.O.D. Inc. is to be dispersed.

This is exciting to me, because this is how the early church was governed--by the guidance of the Holy Spirit. What a privilege to even know that such sacred revelation is taking place today to the heart of a servant of God, let alone to actually be a part of it.

I urge each of us who receive this monthly newsletter to fervently pray for a re-kindling in our hearts of that precious love which first caused us to request our names to be placed on this mailing list. Seldom have men through the ages been able to evaluate properly their high privilege when God has been in their midst. Only a few rare persons--such as Simeon and Anna--were aware that God was revealing Himself in something so ordinary and common as a little child. Unless God helps us, we will also overlook when God is working in our midst today.

I urge each of us not to take casually this sacred privilege we in this fellowship of Jesus have to sacrificially obey the Holy Spirit and to love everyone in the world just the same. Please ask the Holy Spirit what He would have you share monthly with this sacred ministry of Jesus. I believe we will experience distinct joy and strength in our souls once we determine, by God's grace, to pledge monthly that \$5, \$10, \$50, \$100, or even \$1 which the Holy Spirit is trying to lay on our hearts to give.

## WAITING CASSETTES

Many have shared with us how wonderfully they have been strengthened and encouraged, lifted and instructed by the cassettes from the Waiting on God last September. If you do not

have these tapes, you may order them immediately from : Evangel Voice Publications  
Box 494  
Parker, Ind. 47368

There are 12 cassettes in the set, each \$2.00, a total of \$24.00. If you feel you should have them but do not have the finance at this time, simply order them now and ask us to bill you. We will gladly do this for you.

## A VOICE IN THE WILDERNESS

Soon Evangel Voice Publications will be contacting Christian bookstores across the nation about stocking and selling this humble, but deeply important, autobiography. We need much prayer that God will give wisdom in approaching these dear booksellers, and that the Holy Spirit will grant favor with them.

A VOICE IN THE WILDERNESS must be gotten to every church leader and laymen soon. And the burden of this assignment rests not only on the organization of Evangel Voice Publications, but upon each one of you in this fellowship. Pray that the Lord may grant us a revelation of the seriousness of this book; for unless we grasp the terrible seriousness soon, the consequences may be heavy upon us.

Pray about what God will have you personally do about distributing copies of A VOICE IN THE WILDERNESS in your town or city. Write me at Box 494, Parker, Ind. 47368, and I will try to assist you in starting a ministry of sharing A VOICE IN THE WILDERNESS in your area.

Please take this matter to God in prayer, for the hour is very late and the need to disperse this book is very urgent. You are very, very greatly needed in this ministry. Please do not let anything of earth take this seriousness and sacredness from you. Let me hear from you today.

Thank you for your love and your care,

Dear Ones in the Fellowship in the Lord  
Jesus Christ, Greetings in the Holy  
Ghost, Hallelujah!

We were impressed by the Holy Spirit some days ago to call a precious family in the South. While we were sharing with this dear couple about the Kingdom of God, Sister said, "Oh, I receive the witness of the Holy Spirit more than I have received it for some time." We were so blessed.

We reviewed together how her husband had asked me to go to the hospital years ago to have prayer with her. She said when the Lord brought us into her hospital room it was so precious how Jesus was with us in light. We tried to thank Jesus, thank God for the Holy Spirit's direction.

As we were talking with this precious man and his wife, they informed us that other loved ones were there, loved ones who are like our own children (they have kind of adopted us as parents, spiritual parents) so they got on the phone. The precious brother told me how his wife had had such a great burden all week and wasn't able to rest.

We began to pray and ask Jesus to guide us in the Holy Spirit. I cannot tell you what or where they were, but the Holy Spirit led us through Jesus to have this discernment of where her burdens were. And when the Lord had privileged me to pray for them she said, "Oh my Brother, I feel more rested now than I have all week." She had carried a spiritual burden for a number of things over the country and the world for about five days.

The Holy Spirit led me to call another couple in the South and our brother (we have known him since August of 1955 because of the leading on the Clinton Highway) said, "Oh, my wife will want to talk to you." She began to share with me of this great burden which she had.

The Lord revealed to me that her burden is for a very severe storm coming in eight weeks. We began to plead with God and pray to the Lord, to God in the Name of Jesus for intervention, to spare, and to help. I could only get word from Heaven on one supplication--one cry. We are trusting Jesus to undertake in this storm coming up in so many weeks.

During this conversation this precious one asked me if Rev. Mitchell was going to the Holy Land. I told her, "No, the last time we talked with Roger and John McAdams and Brother Mitchell he said, 'I couldn't get the witness on that.'" While we were talking, the Holy Spirit witnessed to me that he was to go with us on this spiritual journey.

When I called their home in Troy, Ohio, the Holy Spirit revealed to me while in conversation with his wife that she needed much rest--great rest. Also, He witnessed that she is not to lift over two pounds. I called Brother Mitchell at the church and shared

this revelation. I also shared with him that the Lord had revealed to me she has been quite tense for a number of years (the Lord told me the number of years).

Brother Mitchell said, "This is true. She needs complete rest."

I then informed him how the Lord had revealed to me that he was to go to the Holy Land. He was quiet for some time. Then, after a little while he said, "Oh Brother Helm, I get the witness in my heart on that."

It was so encouraging that Jesus was witnessing to him as He had witnessed to me. God is making a way through dear ones over in Ohio for this precious brother to go to the land where Jesus walked, where the prophets of old lived, and the apostles dwelt.

The Holy Spirit revealed to me that Rev. Hoppes was to make this pilgrimage. I called them and I wish you all could have been with me on the phone. You would have been quite blessed, quite inspired, challenged, humbled and lifted. As I shared with Brother and Sister Hoppes that he was to go with us, his wife said, "Oh, you mean Brother Helm... Daddy? Daddy can go to the Holy Land? Daddy can go? He has wanted to go."

And I said, "Yes, Jesus is making a way for him to go."

Oh, they both were just almost weeping and they were laughing, rejoicing and praising God so very much until the conversation was ended. They were both so delighted.

I learned a short time later that they were so excited about the trip they drove from their home in Fowler, Indiana, to Indianapolis to see Tina Brazil, owner of Passports International. They shared with her how happy and excited they were about the Holy Land journey. They also shared that when their daughter in Cincinnati learned that Jesus had made a way for her daddy to go she said, "Oh, if Mother could go I would pay Mama's way."

Sister Hoppes said, "I'll not count on it though until the Lord makes it plain to reveal whether I can go or not."

I felt in my heart that they had worked and labored so long for Jesus and God would perform a miracle, if need be, to give her the strength and the help she will need to make this trip. Will each of you pray for these dear ones that they will be well in their bodies?

We believe through Jesus, by the Holy Ghost, healing, protecting, undergirding, taking care, and working everything out it will be a marvelous miracle, a wonderful thing that God will be doing for their bodies as they go with us to the land where Jesus walked.

Sister Tina said, "Oh Rev. Helm, they are such sweet people."

And I said, "Oh yes, they are precious."

She said, "He told me that at the last Waiting in September, in one of the sessions, the Lord revealed in his heart that he would go on the next trip to Israel with us. But he said, 'I could see no way possible that I could go. But Jesus made the way and revealed it.'" Praise the Lord. I knew this would encourage you and inspire you as you thought on these precious lines of guidance and revelation and direction.

We want to encourage each one of you in the fellowship to pray daily for this sacred journey: pray for safe flights, for flights without turbulence, for pilots that are good and qualified, and for A-1 busses.

Pray that we shall be delivered from any unpleasant instances or accidents: that no one will trip or fall at any place, and each one will be delivered from any distress or illness in the stomach and bowel. Pray that all will be well in our bodies, our minds, our nervous systems, and our souls.

Please pray that the whole group will be in such a spirit of cooperation in their lives and hearts--that they will be very careful in all their actions. Some dear ones are more emotional than others and they are sometimes prone to shout in the flesh. Pray that they will be very careful and cautious as we journey. The Jewish people do not understand people shouting and we must have wisdom. We do not want to put any one under bondage, but we do know that occasionally someone has shouted in the flesh and we are just trusting that it will all be in the Spirit of Jesus for the Glory of God. We trust we will be lights for Jesus, that we will not be repulsive but we will be like magnets of Jesus, like lower lights for the Christ because of His presence, His indwelling.

Pray, too, that each one will be rested before starting the journey so that when they arrive in Tel Aviv they will not be worn. Pray especially for the dear ones coming from California. They will have to have special help from Jesus for strength and help and healing in their bodies because they have an extra 1000 miles or so to travel.

We are so thankful for all your prayers and for your fellowship. We are grateful for those who are helping us in many ways. We are so dependent upon the Lord to make the way. We are grateful to Him for all the wonderful things He has done, is doing, and will do for the glory of Jesus, the Son of God, for the work and the leadership of the Holy Spirit.

Just a reminder of the 'Waiting' June 22nd, 23rd, 24th, and for the fellowship dinner on the 25th. We are trusting the Lord for His guidance. It is just by His mercies we will know what to do from the first instant we come into the room. It will be by His mercies we can make it physically, spiritually, mentally and every way.

Please send your reservations for the meals to: Rev. Kenneth E. Wagner, RR#1 Box 213, Parker, Indiana 47368. It is important to mail them as soon as possible.

There are some dear ones---outstanding musicians---whom we have never been privileged to have at the Waitings. Perhaps you can pray for the Lord to lay it upon their hearts to come and be with us. They are very blessed by the gift of music and the gift of playing an instrument. The two daughters are blessed in gifts of singing. We trust these dear ones will be able to arrange to be with us in this coming 'Waiting on God'.

Pray that each one of us who attends this 'Waiting' will be looking to Jesus, letting Him cleanse us, direct us, teach us, and fill us with His Holy Spirit and His holiness and righteousness. Praise the Lord. We are very grateful to you for this fellowship in love.

Tina was telling me the other day that Jo, who had gone with her and with this group to Italy, Switzerland and England in October, said, "Oh Tina, I would like to go with this group again. I felt such love in their midst." She said, "Oh if I could only go again."

She is quite occupied with her job of preparing tax reports and helping people get their taxes ready. It was such a good report that she desired to go again because she felt such love in this group, such compassion and love of Jesus. Praise the Lord.

Thank you for your prayers, for all you have done, and all you are going to do. We are so dependent upon Jesus and we know He is able for He owns the cattle on a thousand hills. Praise the Lord.

Thank you,

Loran W. Helm

Dear Ones in the Fellowship of  
Jesus the Christ,

We come in the name of Jesus today rejoicing for the work of the Holy Spirit, the leadership of God and the precious Word that feeds our soul--the Bible.

Our great concern is for the ministry and the laity all over the world, that we would be willing to wait on the Lord by denying ourselves, denying the interior life--what we want in the interior heart--to do God's will and not our own. For unless we are willing and able to do this, and we go ahead and work out the religious things on our own rather than let the Holy Spirit have His way, it is our doing and God and Christ Jesus is crowded out.

We want to thank God for all of His precious gifts in His love, the precious blood of Jesus, His Holy Son, to cleanse us from all sin and make us pure within. We thank Him for how He knows what we need and how He can take care.

A few Sundays ago a minister in our community got up at our home church and told of a need for prayer for a missionary in Haiti. I meditated about this prayer request for some days, knowing there was a need for prayer and a need for help. The request was one for prayer.

After praying about the need of this missionary in Haiti, I called Rev. Hill and Sister Langdon to tell them that I felt we should send some finance to Haiti. I prayed and asked Jesus how much I should send. I asked Him if it was \$100, \$200, \$300, or \$400--I had no word from Heaven, while in prayer, until I came to \$1000. The Holy Spirit witnessed to me that we should send \$1000 to this missionary that had had so many trials with all the epidemics of sicknesses and his people dying. It was taking all that he had, and more too, to help them, to buy for them, and to preach to those who were able to hear.

I said, "Please send the letter Special Delivery-Air Mail to this dear brother in Haiti. His name is Napoleon Etienne." (The postmaster suggested we send it registered mail as well.)

Brother Hill said, "I know him. Years ago he interpreted for me when I was there." He was very glad to know that the Lord had laid on our heart to send finance to him.

I said, "We haven't too much surplus, but we should take what we have and we will just trust the Lord for our salaries of all the people that are involved in this precious walk." They sent it out by registered mail. Rev. Hill received the following letter from Napoleon Etienne:

Dear Friend and Co-worker in the Service of King Jesus,

First of all let me say, Praise the Lord for answering my prayer in a miraculous way! Then I will say "thank you" to all of my dear friends and co-laborers for being obedient to the Voice of the Lord. As Jesus told Peter once, "It was not flesh and blood that told you to do what you did, but the Spirit of my Father that is in Heaven."

Again I say, "Praise the Lord!" Let me explain; around 8:30 a.m. the day this letter came, which was yesterday, somebody that I owe \$1000 because of the church workers, school teachers, and so many that are sick needed surgery and so forth.

I had had four funerals in just two days and some of them had to be at the expense of our mission. Having been in Haiti, you know that many of these dear folk just don't have it. (There is so much poverty there.) Anyway, the owner of the money approached me for it. (He asked Napoleon for \$1000.)

As I had only \$10.00, I went to bed because I didn't have any courage to kneel down. (In other words, he didn't have any strength. He was so pressed.) I was lying on the bed praying to God saying, "Lord I have so many needs but I am asking you for at least \$1000 today. I am ashamed to face this man that I owe. You can do it Lord. I believe it."

Around 10:00 a.m. the driver came to my room and I received a 'registered' letter from you. Well, having the word 'registered' brought some joy. Then I noticed on the envelope; Rev. Paul Hill, Selma, Indiana. I said to myself, "I do know him. He has been here to Haiti and I believe I have done some translating for him. But that is a long time ago, what does he know about a little preacher now. As far as he is concerned maybe I am a dead man."

But then I thought, "Well, around Christmas time some people think of missionaries. Maybe they felt like putting a \$10 or a \$20 bill in an envelope to help me out." I would still appreciate it, believe me.

With that in mind, I opened the letter... I couldn't believe my eyes! It was exactly what I had asked the Lord about a half hour ago. In fact, it had an effect on my poor heart. I laid down again, but not until I went to the bank and cashed it with a smile. Brother, it was a miracle!

I went to the party and told them what had happened. I had my head up now---not down. I felt good in the Lord now.

Thank you is not the word. Beside, neither you nor the dear servant of God, Rev. Helm, couldn't have done such a thing if it was

not revealed from my Father which is in Heaven. You all are just channels which He used. We appreciate your obedience to the voice of God, but I really need to thank God first of all.

Brother, you may rest assured that we of the Ev Mission of Haiti are praying for Revival For Our Day, Inc. May the Lord add many souls to your efforts as He is doing for us. When I say, "Pray for you," I really mean it.

Isn't that wonderful? This is only a part of the letter, just little parts of it here and there. We are trying to thank Jesus, thank God that even though I didn't know this man, (I had only heard him speak a few minutes about 6 or 10 months ago at my home church) when I meditated at home, the Holy Spirit revealed to my heart, by the witness of the Holy Ghost, that he needed \$1000.

When I told James that there was a sizable amount we must share with Napoleon, James said that he knew when I said, "a sizable amount" that the sum was \$1000.

He needed it desperately. The one he owed had pressed him for it, had asked him for it---And there it was! God sent it! He was so discouraged for he didn't know where it could come from, but God sent it in and revealed it to us some 1600 to 1800 miles away from him. And he was able to lift up his head and go meet the man and pay him what his people owed him.

I want to share with you, if I may, that some weeks ago when I called Brother and Sister Roberts in Memphis, Tenn., they were telling me of their precious son-in-law who had been in a fire explosion and his face was burned. I started praying right away and I asked Jesus to send the Holy Spirit, the healing stripes of Christ to get into these burned places on his face and body and remove all scars and not allow scars to appear.

Brother Jerry Street is this young man's name. He could have been killed in this explosion, but he was burned.

We received this precious letter from Brother and Sister Robert's daughter concerning her husband and I want to read just a part of it to you:

"I am so thankful to Jesus for sparing and protecting Jerry in this fire. I know it is by God's grace and mercy that he is alright. Praise the Lord!"

I wanted to share with you what the Lord did. It wasn't a day or so--Sunday then and you called Mother and Daddy and it is so precious how the Lord can get the message through. Thank you for your prayer for Jerry's face.

Jerry had some raw places on his face which, to me, looked bad. But after you

prayed for him Sunday night, the next day, Monday, he had big scabs come off of his face where the raw places were. His face is so clear and smooth and no scar. I have so much to praise the Father, Son and Holy Spirit for until now, it is so hard to find words to express it. Thank you for your obedience and love to Jesus.

I wanted to share this with you because it was precious of God and Jesus to allow us the privilege to pray, for it afforded strength encouragement, health and undergirding of God's presence to the dear ones. We have shared this for Jesus' glory.

I wanted to share also that a friend of ours provided the way for us to go to the land of Jamaica, south of Miami, Florida, and west one hour and twenty minutes by jet plane. They fly approximately 500 miles per hour, so the little island is out there a distance south and west of Cuba.

While there, the Holy Spirit laid it on my heart to ask someone to take my wife and me out to a shopping center. The man took us and I paid him \$8.00 for the ride.

The first store we went into my wife enjoyed looking, just observing and admiring the way things were and how they were made. I was talking to a dear woman who had come in on a ship from another land and then to another person. As we moved from one store to another I would be seated and my wife would look and shop.

After we had been in two or three stores, we walked into a jewelry store, a place where they sold little ornaments and various merchandise. We hadn't walked more than four to ten feet inside the door when a young woman came right over toward us. When I saw her she said to me, "Oh, how are you?"

I said, "I am thankful and trusting Jesus, grateful to God for His help."

When I looked into her eyes the Holy Spirit told me about her in a little measure. I recognized certain struggles, burdens, longings, disappointments--especially struggles and burdens and God's working.

We talked a little bit and then Florence and I went on to another store where we stayed for quite a while. Florence was looking and shopping and I was sitting there when I saw a cap that would be just what I needed to wear to Israel so I wouldn't have to wear a hat. My wife found something she admired and appreciated and since Jesus had provided, she could get it.

When we went to the next store I said to her, "I believe I will not stay in here, I will go out on the bench in the courtyard." I hadn't been out there more than a minute or two when I looked up and coming from the opposite direction of the place where we had formerly seen her, was this young woman. She was coming toward me from the west.

I said, "Oh, it is good to see you again, you are on your lunch break." We began to talk and she said, "Yes." I can't recall everything she said. I wish I could remember how that conversation went because it would have been a precious blessing to each of you.

The Holy Spirit came upon me---she was to be back to work---and I started praying for her with my eyes open, looking up at her and up to God so that the people going by on either side and a little distance away were not disturbed with us. Many people are disturbed if you pray with them. You have to know when to pray and how softly to pray and talk to people or you disturb them. You become conspicuous and upset people and it is repulsive to them. It requires wisdom to know what to do, what to say and so forth.

I said, "Oh Heavenly Father, here is Sister and she needs help today. I come to Thee for all of these struggles and burdens. Oh God, in Jesus' name."

I just talked to her and I said, "Lord Jesus heal her too." The Lord told me she had two different serious infections and told me what they were. I just prayed and cried out to Jesus for her, that the Lord would hear. I was looking up at her too as I looked to God and she was just weeping and her face was shining. The burdens were lifted and also all the pressure, heaviness, and depression. She was so thrilled and so happy as Jesus privileged me to pray to God in the name of Jesus of Nazareth.

The Lord's healing, the Lord's strength and blessing came and we were so thrilled and blessed there in that little courtyard where I had been sitting on a bench and she standing there in front of me to the right.

She said, "Well." She was so happy, but she realized she had to go back to work because her lunch break was ended.

We went home after a while and a couple of hours later she called and said, "Would it be alright if my friend, Dorothy Christian, who is a Christian would come to see you?"

I said, "Oh certainly, my wife and I will be happy to have you precious daughters come."

When they came, she told me that it was my initial witness that had touched her heart. She shared that after we had prayed for her and she had gone to work that she was way up somewhere in a wonderful place. She was just lifted up and it seemed like she was in a dream with such ecstasy and joy on her body, soul, heart and mind. It was so dear how Jesus was working with her. Oh, it was so precious.

She said that the bosses that she worked for were wanting to know where she had been and what had happened to her. She tried to tell them, but they couldn't quite understand all the wonderful things the Lord did.

She said, "I was just so up high in ecstasy and joy and wonder of Jesus that I couldn't work any longer. I asked if it would be alright if I would get off."

Freeport Shopping Center is quite a distance from our motel, perhaps four to five-and-a-half miles. She got into the city, Montego Bay, somehow and was able to walk to where her dear Christian sister worked and asked her to walk with her to where we lived at the Upper Deck. Even though they both had classes that evening, they walked to where we were and oh, it was such a joy.

We shared with them of answers to prayer and guidances of Jesus and they were thrilled. We were in debt to Jesus for the wonderful things of God, how He worked, blessed, lifted, and revealed to me of these serious infections that were in her body, and how Jesus lifted her burden and gave a song, gave a melody of rest and peace and assurance. He revealed to me that one of these days, before long, she would be burdened for souls in Africa. I told her to simply pray a short prayer and let Jesus take care of it.

Thanks be to God for this experience, this guidance. This was worth the whole trip indeed.

Once again we want to bring your attention to our departure next Tuesday, a week from today, for Israel, Austria and Germany and ask you to remember us in prayer. (March 4th.)

We want to keep in mind the Waiting the 22nd, 23rd, 24th and 25th of June. We trust that the reservations are getting in to the Holiday Inn #8, Indianapolis, Indiana, and the meal reservations are being sent to Kenneth E. Wagner, R. # 1 Box 213, Parker, Indiana, 47368.

We are so grateful to Jesus for all those who are helping us. I was thinking that all of those that have given to Revival For Our Day, every one of them that has given, had a part in Napo in Haiti. Just like every one had a part when we sent the \$1000 to the missionary in Africa when they needed it so desperately.

We received a letter the other day from a missionary in Brazil, South America. Jesus told us, revealed by His Spirit, we should send \$500 to them just a few weeks ago. Oh, it was wonderful how He sent it just in time.

When they received our letter with the \$500 check, they were trying to hold meetings in a building where the temperature was between 112° and 115°. It was 110° Fahrenheit outside. It is very difficult to try to hold meetings in a building with such a high temperature. They needed fans so badly to make it possible for them to endure the heat during these services.

With the \$500 they purchased some fans and some other things they were needing for their worship and to help others.

It is very precious what Jesus did in South

America, as well as our report to you some time ago in Puerto Rico, in Africa, in our recent experience in Jamaica, and with Pastor Napo in Haiti. To God be praise and glory.

All who have shared with Revival For Our Day ministry, every person---every person ---has a part in all these things, because there are not 1000 people helping us. You see, the Lord is giving you the privilege of having a direct part with these needs. These dear ones did not send and ask us for help, but God revealed their need to us. Isn't it precious to trust Him? That operates in my heart when I say "to trust Him".

Our need is great and we are trusting for we know that He owns the cattle on a thousand hills. He has revealed to me that if we send what we have, He will lay it on someone who is supposed to share and Jesus will send it in.

Oh, we are so grateful to Jesus for all you precious ones who are praying for us and helping us in this ministry. We are praying for the Church, all people. We love all ministers and all churches alike. We understand that some people do not understand us, and they didn't understand Jesus and His disciples, but we are striving to do God's will---just exactly what He wants ---no more and no less, for Jesus' glory and honor.

We are seeking first the Kingdom of God and His righteousness and for souls to be saved. If we get souls saved with a church that is putting Self a little first, or trying to plan this out themselves, then the new converts become patterns of the professed church and we are just going in circles like the children of Israel went in the Wilderness. In this church there is no glorious joy of Jesus or the abiding work of the Holy Ghost to guide, because it is only to those who will obey the Lord and put Him first He will guide them by the Holy Ghost.

If we are willing to die out to Self---- but the reason most church people are not guided by the Holy Spirit is that we are not willing to die out to Self. Self wants to assert, make the plans and instigate.

All churches will be held accountable in judgment, all church leaders, all ministers, and all of us will be held accountable if we claim to be the Church and we don't wait on the Lord and die out to what we want to let the Holy Spirit lead. You see, we have no right, none of us, whatsoever to lead the Church. He wants to lead us. Jesus wants to lead us by the witness of the Holy Spirit and if we fail here, it may be rather serious for us in eternity. We need prayer all the time that we will not fail

or grieve the Holy Spirit or hurt anybody in any way and that we will be true to Jesus.

It has been so good to talk to you and give these words concerning how precious Jesus has been. I didn't know I was going to exhort like this, but you see, it is a 'crying in the wilderness' that we go with Jesus Christ. We can have a form, we can work this out feasibly, reasonably, beautiful scriptures and singing and all the work of the government of the church, but if we don't let the Holy Spirit lead us it will be serious! It would have been better if we had been born as a Hottentot of Africa than to be in the Church and not let the Holy Spirit lead us by the witness of the Holy Spirit and the Will of God, doing God's will and not our own.

The only way we can know God's will is by the witness of the Holy Spirit, the gift of the Holy Spirit witnessing to us whether this is God's will, whether this is God's plan, this is God's method, this is God's way of doing it in His time. We must go on God's time and God's way or it is our time, it is our service and we want God to bless what we do.

We are going in reverse. We must turn it around and wait on God to let the Holy Spirit lead us, lead everyone of the Church. When we claim to be the Church, regardless of who we are, and we take it over, then we will be responsible to God when we claim to be something that we are not and if we are not willing to let the Holy Spirit lead us and direct us as Jesus wills and purposes for His own glory. For He cannot and will not share His glory with another. He must have all the praise, all the honor, and all the glory for every soul victory and all things of the Church so that it is all His and not any of ours.

To Jesus' Glory,  
Sincerely,

Loran W. Helm

Rev. Helm told me it would be alright for me to share a word with you dear ones.

I shared with Rev. Helm how Jesus worked in my heart while I was transcribing the tape of this letter. (Rev. Helm made the tape while sitting in his car waiting for his wife and daughter.) I told him it seemed to me that he was exhorting to a hundred or more people concerning the importance of letting the Holy Spirit lead the Church.

The Holy Spirit witnessed 'more', and as Rev. Helm prayed Jesus revealed to him that he was trying to declare this serious message to 'all the church of the earth!' Kenneth and I had the witness of the Holy Spirit with power that this is true.

Dear Sir:

I have just returned from my eighth journey to Israel, this time with 156 friends and followers of the Lord accompanying me. We were grateful that God gave us eight straight days of clean, sunny skies and mild temperature.

There is no way that I can express my appreciation for the planning and extraordinary care provided us by Mr. Joseph Mizrahi, Director of Tourstars Israel Ltd. On these four journeys which I have visited Israel under Tourstars care, Mr. Misrahi has watched over us as if we were his own family. This type of treatment has no price.

I wish to also share with you how extremely surprised and delighted we were to stay in the Hotel Diplomat during our five nights in Jerusalem. From the moment one entered the mammoth and gracefully proportioned lobby, one was aware that this was more than simply a fine hotel. The architecture and interior appointments are superlative by any standards--modern, yet maintaining an unusual warmth. The individual rooms, likewise, were most luxurious, yet retaining the feeling of being "at home".

Having traveled considerably in several countries, we have experienced a great variety of dining accomodations. However, seldom have we been more graciously and enthusiastically served than at the Diplomat. The food was not only excellently served, it was very tasteful and satisfying. The dining room was a lovely picture each evening, with the large copper mural on one wall, the tables exquisitely prepared, and the waiters greeting us with genuine smiles.

The hotel management and staff bent over backwards to make us feel at home. My wife and I were entertained in a suite whose accomodations were adequate for royalty. Bouquets of flowers spoke of their appreciation for our being their guests. Also, the large meeting room in the basement was made available to our large group for nightly meetings after the day's sight-seeing. This was one of the most beautiful function rooms I have been privileged to see in all the world, with the front wall a solid copper sculpted mural depicting scenes and scriptures regarding Israel past and present.

Not often can I so completely recommend a restaurant or hotel as I can the Hotel Diplomat. I felt it important that I write you of our most pleasant reception and treatment at the Hotel Diplomat in order to give you a true picture of our experience in the land of Israel.

Sincerely yours,

Dear Beloved in Jesus Christ, the Son of God,

Greetings in the Holy Ghost, the Kingdom of our Heavenly Father. He so loved the world that He gave unto us Jesus, His only beloved Son that whosoever would believe in Jesus (that means, to believe in Jesus, not to believe that we can decide what should be done, but let Jesus guide us. Deny ourselves and obey Jesus, the guidance of the Holy Spirit, the witness of the Holy Spirit and follow faithfully the Word of God) shall have everlasting life. We know our everlasting life is as we believe Jesus and follow in faithful obedience with a trusting heart.

We thank the Lord for every remembrance of you who walk with Him, who want to do His will as one would wait for the morning.

The 'Waiting on God' in Indianapolis is June 22-23-24th. We trust that we will be physically able to be there. We need your prayer continually. We are trusting for the guidance and the direction of the Holy Spirit because He has the program. We have none--He has it. The 'Waiting on God' is for those who love God with all their heart, with all their soul, mind, body, strength, and neighbor as themselves; who want to do Jesus' will and to wait upon the witness of the Holy Spirit and His guidance. The 'Waiting on God' is not for those who are skeptical or doubtful, but they are for those who are hungering and thirsting after righteousness.

We are in debt to Jesus for this privilege and opportunity of waiting upon God. Some people call it 'The Wait', but this rather grieves me. It is not a 'Wait' or a 'Waiting', it is a 'Waiting Upon Jesus'. So this, of course, is very important to consider and to keep in mind that the Kingdom of God come in earth as it is in Heaven.

On the day of Pentecost, they were all with one accord, in one place. We trust in this 'Waiting upon God' that through the Blood of Jesus Christ cleansing us, the Holy Spirit purging and leading us, we could come to a one accordness--one mind in Christ--in this time of Waiting.

We are thankful to Jesus for all of your prayers and your help. We need it very much, the need is great and Jesus is on the throne, never failing, always the same--yesterday, today and forever. We are so thankful for His protection, blessing, provision, revelation and direction as we wait in His presence and allow Him to have full preeminence in our heart, in our mind and our body, that we may be true examples and true followers of Jesus the Risen Lord, the soon-coming King of Glory.

We are going to share just a part of our tour of the past month and I want to share a precious letter from Brother Black of Muskegon, Michigan. I never knew this precious brother until I met him on March 4th, but some month or two before, the Holy Spirit revealed to me as I prayed with Rev. McPhail that Brother

Black was to go with us on this tour. He had had two or three heart attacks previously through the last months or years. He and I had such wonderful fellowship, on a rock, at one of the gates in Jerusalem. Because our bodies were afflicted and we were unable to walk with the others in the streets of Jerusalem, we had such great fellowship, such wonderful love in Jesus together. His letter follows:

Dear Rev. Helm,  
I have been trying to figure out how the events which have taken place the last two or three months ever came to be. It all seems so undeserved, especially the privilege of such close fellowship as was ours.

Taking this trip in itself was beyond anything I ever thought could happen to me. (His health has been so bad for so long, he never dreamed he could ever go any place to speak of--any distance at all. But God witnessed to me that he could go all the way to Israel, Austria and Germany, which is approximately a 14000 mile trip. This mileage includes the flying from Muskegon to Israel, by the way of Austria and Germany, also London and the 1000 miles by bus in the various lands that we journeyed together.) But to take such a trip in company of such loving, beautiful people, "Thank you Jesus," is all I know to say.

May the Lord bless you and keep you and renew your body's strength. This note does not begin to express all. We have to leave that up to the Spirit of the Lord I guess.

Love,  
Brother Black

This is such a precious letter to me and I wanted to share it with you. There will be other sharings and writings in this letter by those assisting us. We are grateful for the Wagner's, Son James and Son Jon to assist us.

Thank you,  
Loran W. Helm

A letter from James Flora concerning the 'Waiting on God' June 22, 23, 24th:

Dear Ones in the Fellowship of Jesus Christ,

We are looking to Jesus, crying out to be pure and holy before Him in love. James 1:5 says, "If any man lack wisdom, let him ask of God who giveth to all men liberally and upbraidth not and it shall be given him." I am trusting that God will give me wisdom as I write this letter, that I would not offend anyone, but in love share a matter of importance, Jesus helping, concerning the 'Waiting on God'.

Many precious ones bring dear ones into the services, trusting that they might receive help. However, this is not what the 'Waiting on God' is for. The Lord has revealed that the doubt of one person could cause thousands to end in hell. Doubt, unbelief, and scepticism hold the meeting down to a low spiritual level. When these spirits are absent, the Spirit is given freedom to work to a greater degree, to God's

glory and honor.

In the very beginning, when the Lord revealed to Mary Webster that Brother Helm should meet with the saints of God for three days, her exact words, in part, were, "You need to have a meeting for spiritually mature Christians wherever the Lord will lead you." So then, this is the purpose of the 'Waiting on God'; for the spiritually mature Christians to meet together for three days to simply wait before the face of our God. If we can come prayed up, ready to let God have His way with us, we will not be in a constant battle against doubt and unbelief. Jesus is trying to get us to a place where He can work through us.

These times of 'Waiting on God' are far more serious than we can realize, for they are not arranged by man, but they are ordained in heaven and revealed by the revelation of God and the witness of the Holy Spirit. We are to wait upon God, that He might refine us, that He might bring us into oneness; that we might become like Him. We are to come to submit ourselves to God, that He might bring us to the place where He can trust us with His Kingdom. We are to come to Wait, to require nothing, desiring nothing but that God's will might be done on earth as it is in Heaven.

Thank you for your kind attention, and I trust that each of you reading this will ask God for wisdom and guidance about inviting precious ones to the 'Waiting on God', thinking that they might receive help. It is not that these dear ones do not need help, or that we don't have a desire to help them in Jesus, but again I say, the 'Waiting on God' is ordained for those who are trusting God with all their hearts, denying self second by second to do God's will, for those who love God with all their heart, soul, mind, body, and their neighbor as themselves.

Thank you very much. We love you in Jesus.  
A trusting servant,

James L. Flora

#### DIRECTIONS TO HOLIDAY INN #8

The 'Waiting on God' will be held in the Holiday Inn #8 located on I-70 and 465. Follow 465 to exit marked "Open to Emerson Avenue". Exit at Emerson exit and go to Shadeland Avenue exit. Turn right (south) at Shadeland (there will be a stop light here) and then go to the second (2nd) stop light on Shadeland Ave. and turn right. The Inn is on the right and you will easily be able to see it.

The staff of the Holiday Inn has been so gracious to plan for us to have coffee, rolls and juice on Monday and Tuesday mornings. It is important for them to have a count ahead of time to be able to order the correct amount. It is for our convenience that they are planning this continental breakfast. The price will be \$1.15 for coffee, roll and juice. If you are interested, please send a little note to me before

the 1st of June. Thank you. Kenneth E. Wagner, R. R. # 1, Box 213, Parker, Indiana, 47368.

Dear ones, it has been on our hearts for some time to share with you concerning the many, many letters and phone calls requesting Brother Helm to pray for answers to this question and that question; should I do this or should I do that. There have been some recent letters that would take a few days work to answer, if it were possible.

Brother Helm is always happy to pray and so thankful when Jesus leads, but it takes so much strength and is such great burden if He doesn't lead. Brother Helm has no answers in himself. It is only as the Holy Spirit leads and guides that he is able to know anything, any answer.

We want to urge you again that when you have questions and need guidance, please pray for several hours seeking God to help you, and then pray to be sure whether or not you are to call or write Brother Helm. God has called Brother Helm to cry out to the Church to be obedient to God, to deny self to do God's will. His calling is not to answer questions or to give advice. He is called to wait on God and do His will.

We felt that because you love Brother Helm, we could share this burden which has been on our hearts. We urge you to pray much for him and for Florence, for their need is great as they endeavor to trust God and do His will.

Thank you and we love you all in Jesus.

Kenneth and Vera Wagner

#### CHRISTIAN RADIO AND TELEVISION-----

We want to alert you to the Petition No. R M 2493 that has recently been presented to the Federal Communications Commission, Washington D.C. This Petition is an effort to make Religious programming on Radio and Television illegal in the United States. If this Petition becomes law, people will no longer have the privilege of choosing whether or not to hear religious programming on radio and television. The basic issue is not whether or not people should be forced to listen to the Gospel, but whether or not they have the option to do so. Should the Government decide whether or not we are able to have Christian programming?

Every Christian should oppose the petition because it is anti-God and anti-Christ by its very nature. It is part of a well organized and planned effort to exclude the Gospel from our national life, promoted by those who not only reject the Gospel themselves, but are also trying to keep others from Christ.

Every American Citizen should oppose this because to make it law would violate our constitutional right of Freedom of speech and religion.

We trust you will write a letter to the Federal Communications Commission, Washington D.C. to oppose this Petition being put into law. Be sure to date and sign your letter giving your complete address.

## ISRAEL, AUSTRIA and GERMANY....

At the close of a 45 to 50 minute conversation with Rev. Oliver Hogue on the night of December 9th, I said to him, "I don't know whether I am going to Asia, South America" . . . and before I knew it, I said, "Israel" I didn't really much want to go to Israel. It is such a responsibility. We had been there 7 times, across the Atlantic altogether (up until then) about 16 times and I didn't plan on going back. I hadn't said that I wouldn't go back, but I just didn't know whether I wanted to go. However, when the Lord said, "You are going to Israel", that was His plan and I immediately persevered and said, "We are going. God has given us the guidance to return."

I said, "Jesus, do you want us to go January, February, March?" It witnessed in my heart on 'March'. I counted the days and when I got to the fourth, He said, "That is the day."

We left, by God's grace, on that day even though it looked like it was impossible. After surgery I had complications, and am still having them, and it looked as though I wasn't going to be able to go. You would not know unless you were with me, how hard I had it in my body for weeks before our departure. But about two weeks before leaving, the knot in the incision went down and the pain and suffering went away. When the doctor examined me, he couldn't find anything particularly wrong at that time. God made the way when it seemed like there wasn't any way for me.

We made our departure on March 4th as God had revealed last December 9th. I recall our Travel Agent saying to me that night when I called, "How many are going?"

I said to her, "I am not sure, but I believe (I just prayed a little) it is between 50 and 150." So, 156 of us, our Travel Agent, and also a TWA man which made 158, made our way on our 8th journey to Israel---9th trip across the ocean. We had made one previous trip to Europe last Fall and it was blessed of Jesus. Unto God be praise and honor.

Not long after arriving in Israel on March 5th, our guide said, "Oh, we want to tell you --we have had bad weather. We have had rain and cold here for about somewhere between 8 and 12 days. In Eilat, about 160 miles south, they had had the greatest rainfall in 100 years. It washed out the road in places and it was quite a lot of waterfall for a desert land.

They marveled that we were sent there on the 5th of March, for it was the first nice day in a long time. The next day was the same, the next day, the next day, and the next day. Some were discussing it and I said, "It was almost perfect weather." But several of my people said, "It was perfect weather." They thought for that time, it was perfect weather. We were there 8 or 9 days and it was perfect weather every day. We didn't have rain, we had sunshine...every day.

Joseph Mizrahi, Director of Tourstars Israel Ltd. (Our travel company in Israel) and a registered pharmacist, who was in Egypt for years and left there in 1956 to come to Israel, told me after I had been there some days, "I want to tell you that the Lord gave me a dream a year ago last February before you came in April. It was about 2 days before Tina called me the last time to tell me you were coming. I had a dream and I told my partner, "Now I will get a call from Tina Brazil and she will tell us that God's people are coming back here."

In two days he got the call and she said, "Rev. Helm is coming back." He said, "Well, I knew he was coming."

He told me the last day, when we were going to the airport from Jerusalem, "I wanted to tell you that I have a headache continuously, except when I take these capsules. I have a headache all the time. I don't remember how many months or years my head has been hurting. But, from the day that you arrived, March 5th, for 8 or 9 days now my head has not hurt." He said, "This has hurt me continually."

That was something to praise the Lord for. I realized to a measure, a little bit---only a little bit, perhaps, what the revelation was.

We were blessed of the Lord in Israel, as we arrived there on the afternoon of March 5th. We went to our beautiful hotel, which is the tallest building in Israel. There we had our rooms for 158 people.

About 12:35 a.m. I heard machine guns firing about a mile or two from our hotel. I could hear a bang and then I heard the machine gun fire. Of course, I had 150 some people with me and we were trying to sleep and I could hear this battle going on. It wasn't serious, it could have been---it was serious enough---but it was a real test for me with 150 some people. Some of my people didn't hear it all night, but I could hear it real well. We discovered that it was 8 men who had gone in and tried to take over a hotel. Some fellow told me that he thought they were from Joppa but they were told to tell that they were from Egypt. It was not as serious as the American press or the people had thought.

We were blessed as we left our Hotel that morning and started out in this beautiful day, beautiful light, to go up toward Mt. Carmel at Haifa. Jesus gave us a wonderful experience on the way. We sang in the Carmelite's Monastery at Haifa and a few of the fathers came in to hear us for a little while, also some priests and visitors. The Lord blessed us as we sang for His glory.

We departed Haifa for Megeddo, Nazareth, Sea of Galilee and our Kibbutz for dinner and overnight. The Lord helped us to sing in the beautiful church, The Church of the Annunciation, at Nazareth and at the Kibbutz before the evening meal.

The Kibbutz Nof Ginosar is located right on the shore of the Sea of Galilee and it is a beautiful place. A few of our people had

prayer, that night, by the Sea. Brother Mitchell thought it was one of the biggest blessings he had had, out there by Galilee that night. Several were up early in the morning having personal devotions out on the sea shore. It was a beautiful morning, the birds sang and God helped us and blessed us that particular day.

We journeyed to Capernaum, center of Jesus' ministry in the Galilee, where He called and taught the first disciples. We then journeyed, by boat, to Tiberius. How God blessed us on our two boats is beyond words to tell. Out there in the middle of Galilee, He helped us to sing and we had a meeting. Oh, we had such a wonderful time out there. We were under the anointing and people were blessed and there was water in people's eyes and joy in their souls.

Many times the Sea has been so rough we couldn't take the boat, but the Sea was smooth and we just got our two boats together. They didn't go up and down, they were just as if they were on land. It was just calm, it was precious. The Captain of the boat said, "Now you are really fortunate that the Sea is down. You don't see it like this. Sometimes you can't get out here. Lots of times we can't take people, but this is smooth."

God helped us to exhort, rejoice, sing, preach ...the Lord blessed us. We had a marvelous time.

From Capernaum we journeyed to Caesarea Philippi where the Jordan River begins at the foot of Mt. Hermon. Then on to Shechem and on to Jerusalem, to the Diplomat Hotel. I rather think our people said as we walked into that hotel, "Oh, ah, what a place." It had one of the largest reception rooms that we have seen in any hotel anywhere. It was marble floored and had excellent modern type chandeliers. The meeting room downstairs would probably hold 1500 people. It was beautiful. We had one part of it which would hold a few hundred people.

One wall was made of copper and was 15 to 20 foot high and 90 to 100 foot long. It was beveled in and beveled out and had various inlays. It was both contemporary and yet historical scenes of Jerusalem, with Hebrew and English inscriptions of the Psalms. It was very beautifully lighted.

They had placed at the entrance doorway a beautiful, large bouquet of flowers. It was big--it wasn't just a little one, but big. There was another beautiful large array of flowers at the side of the pulpit. They were kept fresh for the 6 nights of services.

The Lord helped and blessed in our services. I wouldn't know what to do, but Jesus led me. One night God had me say, "Brother Tankersley, come up." He came up and he was at home in the pulpit as a warrior that had been there for years. He started sharing and we got into a meeting similar to the one with Brother Mitchell at the 'Waiting on God' and it was marvelous. Bea said she had never seen him like that--none of us had. It was just delight (this gets in my heart on delight). He shared things we

never heard him say before. We spent 10 days together in Hawaii and we talked a lot, but I never heard the things he shared this night. His expressions were beautiful and he was all aglow...just like a light. He was still praising the Lord coming home on the 747.

Jesus led so precious in the singing in these meetings. Jenny and Jeannie sang under the anointing a beautiful oratorical type song, "He is Risen!" I got awfully happy when they sang that song. They hadn't sung together but one time for years and it had been a long time since either of them had sung this song. Florence didn't know it and had never seen it before, but when she played and they sang, it was like a finished production. It was beautiful. "He is Risen!" We rejoiced and the Spirit of the Lord would come upon us.

The Lord helped John Langdon to sing and it was the most unlikely one on his list, but we were helped and he was anointed.

God led in exhorting, preaching, singing, witnessing and healing. The first night, Jesus said, "Pray for healing." Coming home a young girl told me, "I want to tell you that when you prayed the first night for healing and your hand came around in my direction, the Power hit me and about knocked me down or out of my seat. I have had certain trouble for some days and the Lord healed me." Praise the Lord. Isn't that wonderful? I didn't know it until on the way home, but God led me to pray that first night for healing. Praise the Lord.

Jesus also healed a woman who had a certain kind of heart trouble and another person of a bad sinus infection. It was wonderful how the Lord touched bodies.

We sang at Zion and after we finished, Brother Black, from Rev. McPhail's congregation, and I had to go back to the busses. When we arrived at the Dung gate, the busses were not there. He took his coat off and laid it on a large rock so I could sit down. It was so cold. I said, "Oh, you will get too cold." He replied, "Oh no, I am just fine." I sat down and he and I had a meeting. We were having a camp meeting at the Dung gate on a rock. Had he not been afflicted and couldn't make it, and had I not been hurting, we neither one would have been on the rock. We would have been out in the crowd in the streets of Jerusalem.

When the busses arrived, we got into the one with the drivers and had a meeting that was worth our whole trip to Israel. Oh yes, we had a time with the bus drivers. As Brother Black and I shared with them they got happy and so did we. The one fellow said, "You know, I am a guide and here is my younger brother who is my driver. I have guided thousands of people." He spoke good English and was very sharp. He said, "I have never been with people like this in my life."

Those men were precious and we had such a wonderful time on that bus. It was worth more than we could value it. Here was two afflicted fellows and we were on a rock talking about the King, having a wonderful meeting. Then the meeting with the drivers on the bus.. It was worth just about the whole trip to Israel.

Rev. McPhail met Brother and Sister Black when their daughter graduated from nurses training. Brother Black had been hungry for the Kingdom. He said there ought to be a fellowship, in the world, of this kind, but he just hadn't found it. He had been looking for this for 15 years. He was in such bad shape- physically, his heart would just quit. When Jesus revealed he should go on the trip, he just didn't know how he could make it. He said, "I thought my traveling days were over, I never would be able to travel again."

He didn't know how he would tell his wife so she would understand. Meanwhile, he had given her 'A Voice in The Wilderness' to read. She was reading it. She had been a woman who had been deeply hurt and crushed by certain church people. She had not been in church for 8 years.

She got excited with the book, even started sharing it with the neighbors. She would tell her husband, "This book says we are not suppose to find fault or criticize." She started following what the book said. She thought it was so good she would just follow it and not criticize or find fault and she is attending church. The more she read the book, the more healing she received. Praise the Lord. This is worth the printing of the book...all of it.

If God can do that through the book in one life, what would He do in millions if we would get it out?

We had quite a time with Evangelist Jack. We met him right outside the Church of the Holy Sepulchre. He was looking for us. He said he knew we were coming again. He stayed right with us.

The Lord prompted me to take an offering for Evangelist Jack. I don't know how many dollars were given, but I imagine there was somewhere between 40 and 60 dollars put into his pocket to encourage him and strengthen him. We had a precious time in the Lord.

We also took an offering for the guides and bus drivers as they had been so helpful and precious to us. We gave them \$2508 and we gave Paul an extra \$200 because he had been an organizer and had much responsibility. They were amazed, they just didn't know hardly what to do. The meeting with them was so very sweet and the Lord Helped us.

On December 9th when I called our Travel Agent, Tina Brazil, she told me, "Now I can make it 15 days. We can come back on the 19th for the same price."

When she said that, Jesus revealed to me within and I said, "Sister Tina, the Lord says to come back on the 18th and not the 19th."

She said, "We will go by the leading, that works." That is what she said. "We will go by the leading, that works. We won't come back the 19th." She believes. Oh she believes. It is just marvelous. Ed Cuttle believes too. She and Tina believes more than lots of people do. We had a great time together in Israel.

The morning Ed Cuttle was to leave Israel, God had me call him at 5:30 a.m. He told me yesterday, "Do you know you called me at 5:30 a.m. and I said to you, "Who is this?" You told me, "It is Brother Helm and I wanted to tell you that I sure love you." I said, "I am so glad." He then told me that his alarm had not gone off and the desk had not called him. They were suppose to call him and they didn't. I called him. He had to leave early and God had me awake to call him at 5:30 a.m. He got the call from me because of Jesus and not the head office. He was happy.

All the guides were so reverant in an area that I don't know how to explain. I don't know where the words are that I sense. Our bus drivers would say, "Are you going to sing here? If you are, I am not staying in the bus. I want to hear you." At the church of the Beatitudes, the nuns came out to record the singing and then ran back after recording it.

While we were singing at the church in Bethany, I said, "Lord who is to pray?" Out of 150 some people, Jesus said, "John Good." He came up out of the crowd and said, "If I had any doubts, I don't now. He didn't know this is my favorite place and that Mary, Martha and Lazarus are my favorite people. Here he called on me to pray. This couldn't have been put together--no one could do all this!"

We didn't know a thing. How God worked! I tell you it is an exciting way to walk with God, to walk with Jesus.

When we came out of the Church of John the Baptist where Jesus had helped us to sing, Sister Hoppes was crying. She said, "Oh Bro. Helm, this is worth the whole trip to Israel, right here...and I got it. What I was looking for was right here in this meeting and I got it." She said, "I can't understand it but the power of the Spirit of God did something to me here...it was what I was looking for." She was just weeping for joy.

That is the way Florence and I were the first time in this church, a year ago last January. We got more out of that place than we did about any place except when I saw the Sea of Galilee the first time (when I tell you this, there is an operation in my heart). It operated in my heart when I said, "John the Baptist Church is where the Lord dealt with us as much as any other place other than the Sea of Galilee. I can't explain it. Praise the Lord.

The Lord blessed us in Israel and worked with us in a few places. At St. George's monestary most all the group, except about 20 to 30 of us, went clear down to the bottom and across and up. The rest of us went down far enough that we could see a distance and we had a meeting. We had such a meeting that the ones with us were surely glad they didn't miss it. The Lord was so precious. It was a dear time.

We are so thankful to Jesus for the way He helped us many times at different places to know His will, and the way he blessed us in little meetings like this. Praise God.

Pray for us as we need much prayer. We love you each one and thank you for all your help and love.

When we were at the garden tomb, the Lord worked so wonderfully. The caretaker, who is the speaker there, was stirred more than we have ever seen him stirred. He was talking about Jesus being alive and I just had to have our people sing, "Alive, alive, My Saviour is Alive." He didn't know what to do at first. When we started singing, God blessed. Our David was happy. He was way up someplace. Oh there was a light all over him and he was so excited. It looked like he was going to run.

After we finished singing, John, the speaker said, "Sing more, sing on!" He was stirred and we sang another one. Soon as we finished that one he said, "Sing more." Jesus helped us to sing another one.

Brother Hogue said, "Brother, no wonder God wanted 150 pilgrims in this garden." You have 150 voices like we had there, I tell you it sounds like a choir. It was very precious.

Brother John Bright said, "Let's take up an offering for John in the garden." They got a basket that was about so big around and so high. When we got through, that basket was nearly full of bills, 5s, 10s and 20s. He didn't hardly want to take it, but we assured him it was for him and he was happy.

When we got to the Red Sea, some of the men went swimming the weather was so nice. Then we got in glass bottom boats and went out to see the coral. It was blue, lavender and gold in that bottom of the sea. We could look down and see it and the different fish. It was beautiful. It was like nothing we had seen before. Our people really enjoyed seeing all the beauty under the sea.

Rev. Hogue wanted to give Michael, one of our guides, the book. We wanted to give it to him first thing in the morning, but Jesus would check me. Later in the afternoon I had Jon and James get Oliver up front and I told him, "I will sign the book and you can present it to Michael." I couldn't give it to him...Oliver was to do it.

After waiting hours and hours and wanting to give it to him, he walked up and Oliver said, "Here, Michael, we want to give you this book, 'A Voice in The Wilderness'.

Michael seemed almost startled. He said, "I want to tell you, I was just saying to myself, 'Where am I going to get a paper to read on the train from Frankfort to Munich tonight, or a book?' then you came up and handed it to me this split second."

Look at all the hours we waited and waited. He said, "Oh, this clicks with me. And all the stories, they all go together. It is difficult to convince anyone that this happened, but I know what I was thinking--just a moment before and to suddenly have a book appear before me when you are asking in your mind, 'What will I read on the way home.'"

He said, "This kind of personal testimony compounded adds up to quite a statement. This is so positive, it is so lifting. People dwell so much in the negative today. It is wonderful to meet someone that lives in the positive. It seems like people are almost afraid of the light. These things (Brother Helm's sharings) have to be a revelation. Isn't it strange that of all the tours I should get this one and in such a time when my vocal career is passing through such a difficult time, a building time, but a difficult time."

He shared with us that he had gotten on our bus only because he was sure it had a tape recorder and he wished to play some tapes of music for us. The leading guide told him that the bus had a tape recorder and the secondary guide got on the bus and out again and assured him that it did have a tape recorder. He got on our bus by mistake. It did not have a tape recorder. Jesus wanted him on our bus.

He said, "This tour has encouraged me. This has lifted me." You could see the light on his face.

He said, "Couldn't we sing. Don't you have a song, 'God Be With You'? We sang it and it was precious. Rev. Hogue gave his little personal hymnal to him that we had been using on this journey, and this deeply moved him. He didn't say anything, but his face got deeply serious and he looked right at Rev. Hogue and said, "Thank you very much."

The last night of our tour Tina told us we would have to be up at 4:30.....157 people had to be up at 4:30 with all of our bags down on the bus and have breakfast and leave the hotel at 5:45 a.m. for the airport.

To have 157 people getting up every day and getting into hotels and into other nations without sickness and trouble.....Jesus really helped. We had a man fall in a bathtub and two or three women fall on the street but it didn't hurt them.

When we were coming into Megiddo I just said, "Jack, hold on to Loretta's hand." He said, "Fine." He took hold of her hand and they started walking and in 10 minutes she started to fall---she tripped--and he caught her and held her. They rejoiced. He said, "You don't know how thankful I am that God spoke to you to tell me to hold on to my wife."

It was the only time she fell on the whole trip and God told me to tell him 10 minutes before. Praise the Lord.

We got up at 4:30 that last morning and our men had all 200 pieces of luggage plus the hand luggage down to the busses, had breakfast and was ready to go. When I walked into the dining room at 5:30, I looked at Tina and she said, "Fantastic." That is all she could say.

Pray for us as we need much prayer. We love you.

Greetings in Jesus' Name,

We are trusting the Lord for His precious guidance and direction and revelation. Since the last time we sent the letter out to you, we have been quite a distance away. The Holy Spirit witnessed that we were to make our departure on the 28th of March. When we arrived in Hawaii, the Lord blessed us.

My wife and I were privileged to meet one of the maids as we came down the elevator. We were witnessing to her and she was so delighted. She said, "Oh, I found Jesus about three months ago. Oh I want to be filled with the Holy Spirit."

She was like a light; beautiful and rejoicing. Seldom have I met a person who was more jubilant, enthusiastic and happy. She said it was a little unusual to meet persons who would speak to her about Jesus and about this wonderful Way, and personal victory. I felt it was most important that we find her in this hotel. By our witnessing to her, she was free to tell us of her new friend--Jesus.

We were on the beach, it seemed to me, less than five minutes when a young man (he was about 21 to 23 years of age) came up to us. It was worth all of our journey--it seemed like it was worth more. We witnessed to him concerning the Kingdom.

He shared how he was trying to encourage people to seek Jesus and to really go with the Lord and to do God's will. He was like a missionary, like we were. We were having a wonderful experience in the fellowship of the Lord Jesus Christ. He told us that seldom does he meet someone he can fellowship and that will encourage him, respond and help him. He was so appreciative and we were thankful. His name was Obadiah.

In just a little while, we met a young woman and we were privileged to witness to her of the things of the Kingdom of God. She would say, "Amen, Praise the Lord!"

So, our experience, our mission to these young people on the island was so important, so precious, so helpful and encouraging.

As we stopped at a cave, we met a woman who is the wife of a professor of a university here in the state of Indiana. She had been on this island for some time and she was not well. She had been stung by a centipede approximately 10 days before we met her. How God had us timed, as I look on this situation! She had not been out of the house for quite a while and she and the Hawaiian lady stopped where we were.

We had a time of sharing and a time of prayer. When I finished praying, she prayed. I had to marvel, dear ones, how God had us timed at this place for we had driven quite a distance on the Island before we ever met. How God had us timed to the minute---

She so needed encouragement and help and fellowship because she was with this Hawaiian family and was experiencing things that she had never experienced before. She was not feeling well, was on antibiotics, was suffering repercussion of this sting and also another infection. Our ministry to her, I felt, was very helpful.

We had a very marvelous experience in a restaurant. Jesus so anointed me to share with these dear ones in this restaurant. We were sharing at the cash register where we were paying our check and oh, the Holy Spirit just blessed. They said, "Oh, you are so fortunate, you are so blessed."

They were so responsive, appreciative, encouraged and helped. I wish that you could have seen their faces and heard their voices as we shared with them. They were quite unusual in their response. I felt our being there was very important and very helpful. It surely was strengthening because of Jesus' presence and the Holy Ghost guidance.

We were so thankful to Jesus for His direction time and again as we would be privileged to share with someone for a while concerning the Kingdom of Jesus, His love, and how He has directed, blessed and revealed.

I was watching an airplane as it was taking off, on about the 31st of March, and as I looked at this airplane I said, "Well, we will be leaving here on the 7th." ---And the Holy Spirit revealed to me a pretty serious thing. So, I made arrangements to leave on the 6th for as I prayed, the Holy Spirit operated with us. I called a precious servant of God to confer with him in prayer, and the Holy Spirit witnessed that we should leave there on the 6th instead of the 7th. The turbulence on the 8th would be worse than on the 7th.

We had a marvelous time coming in to our relatives, on the west coast, where we spent some time. The Lord gave us such wonderful fellowship with our dear ones, Robert and Jean Bagley. As we shared of Jesus and the work of the Holy Spirit, how God had guided and directed, they were so happy and blessed, encouraged and strengthened. We left their home on Tuesday and went to the coast--right on the Pacific. We had a precious and enjoyable time there.

We got to share with a bellboy and speak to him of Jesus. He was very appreciative. He said, "You know, if it hadn't been for Jesus, I would never have made it through an accident some weeks ago." He told us, "I said, Jesus --thank you Jesus. It was because you helped me."

As I talked on with him, he said, "I just hope Jesus won't give up on me." I said, "Well, the Lord will take care. He is able to really give you victory and joy." So he followed me in this little humble prayer of repentance and confession.

When he said (as he was following me in prayer) "apply Thy precious blood," it really witnessed in my heart. It witnessed on "apply Thy precious blood." The 'precious blood' was where the Holy Spirit witnessed, so I knew Jesus applied His precious blood. He was so happy and so encouraged. It was worth more than the world---this mission for this young man on the west coast. Oh how blessed we were, how thankful we were for the direction and guidance of Jesus the Lord. Praise the Lord for His work and leadership in directing us and blessing, and for the witness of the Holy Spirit.

We left the coast and returned to the Bagley's for a time. His brother's wife and her mother had read our book, "A VOICE IN THE WILDERNESS." They were so encouraged that they wanted to be with us and we were taken to their home. When we began to share of the Lord's direction and revelation and help, the daughter said, "Oh, let me go and get my family. I want my children in on this."

She brought them back and we began to continue in this precious way of sharing how the Lord had been so precious to us, guiding and directing. And oh, the Lord was just....well, to tell you in this letter of the precious presence of Jesus would be most difficult. Words could not convey to you the sweetness. It was a very important meeting as we shared for one to two hours.

A young man of about 12 to 14 years of age was there and when we were through sharing and I loved him, he said, "Oh, I have enjoyed every bit of this." If you could have heard his voice! He was a very timid young boy. He was backward and needed love and kindness and encouragement. He was very appreciative. It reminded me so of a young man one time when I was preaching for Dr. Oliver near Washington. He said to me, at the close of the service, "Well, you did all right this morning." This young man in California was so kind in his response and so appreciative and thankful for how Jesus had touched him. He said, "I have enjoyed every bit of this service tonight."

An older man was also very appreciative. He said, "I enjoyed every minute of this." It was surely wonderful that he would listen to such an unworthy servant give out the things of God in Jesus. The others were quite thankful, appreciative, and helpful. This meeting was worth more than we could value. It was a sweet presence, a beautiful working of the Kingdom of God. We really didn't get through the service, we just had to close and stop.

Brother Bagley's brother, Carl, said, "How are you able to talk like this...continue on and on?" I said, "Well, through Jesus, through God's gift in Jesus, the Holy Spirit have I been able to do this through these 30 to 42 years. He had only heard us for about two hours and wondered how we could continue on.

We are trusting for Jesus' work; His direction and revelation, for all the wonderful things that He is doing and He will do. We want to thank Jesus for the direction of the Holy Spirit.

We called Brother and Sister Thomas Dunigan the other night and he and his wife told me how they had enjoyed the time abroad in Israel, Austria and Germany....How God had blessed. He said, "You know the first night that you said we would have a meeting, I wondered how we could do it as tired as we were after sightseeing all this time. I wasn't in the meeting long until I saw why we were there."

Most of the 150 that were attending the services at night were refreshed and were strengthened. After an hour or two, many of them felt as though they were rested. It was quite precious, quite an experience indeed.

As we finished our conversation and I started to hang up, the Lord spoke to me. I prayed and the Lord told me it was Thomas Dunigan's half-sister. Grace said that when Thomas was with us some years ago, in Fayetteville, Tenn., we were in a little meeting and the Lord revealed to me that there was a burden in Thomas' family. At that time, he mentioned the names of his loved ones and when he came to his half-sister, the Lord revealed to me that it was she. She had had stomach trouble for I don't know how long, but Grace told me the other night that she hadn't had stomach trouble since that time. Praise the Lord.

The other night, He again revealed to me (as Thomas gave the names of the persons) that it was this sister and she had another very serious need coming. We were trying to thank Jesus for the faithfulness of the Holy Spirit to reveal what He would have us to do and how He would have us to pray.

I had just finished another long distance call with some precious children of the Lord and was ready to hang up when the Lord spoke to me. I said, "Name over your relatives." The Lord had told me it was the wife's family and when she came to her brother, the Lord told me he had a growth below the belt line about three to four inches. She said, "Oh, I didn't tell you, but he called my dad (in one of the northern cities) recently and said, "I am not sure whether I am going to be able to make it or not. I am afraid I have cancer."

Of course, I have never seen this man, but here I was over 2000 miles from this family and Jesus was so precious, through the Holy Spirit, to tell us. It will be by His grace I can ever have a leading again. Think of it ---that God would reveal to me about her brother who had this growth in his stomach. Unto God be praise and glory for deliverance. It is through Him that you and I and all of us can make it.

We are so thankful for all of our fellowship people, in Jesus, scattered over the world. We are thankful for all of those who have prayed for us and helped us and encouraged us in these days when we have been misunderstood

of churchmen and professed Christians. Jesus has given us such love for everyone and God has blessed and directed in so many wonderful ways. Thank you for your help and assistance.

Let us be obedient to the Holy Spirit, denying ourself--for obedience is not experienced only as self is denied and self is only denied in a trusting heart. The trustless heart will analyze and want to know why and where and how come...But the trusting heart perseveres on to obey Jesus and to trust Him rejoicing, going forth in the Word and in the direction of what the Holy Spirit witnesses. For if we make our own arrangements without the guidance and witness of the Holy Spirit, then we are on our own rather than following Jesus. We must follow the Word of God and the witness of the Holy Spirit in His plans, His direction and purpose, His design for each day and each hour of the day in order to be in divine order under the holy approval of our Lord, our Heavenly Father, the guidance of the Holy Spirit.

We need the Holy Spirit. Without Him, we can do nothing but fail. We thank Him for every soul saved and every believer cleansed and filled with the Holy Spirit. We thank Him for every cross-bearing pilgrim that is willing. We must be willing to assume the cross. The cross is not assumed by anyone only as self is denied and obedience is experienced. This is the only way we can get hold of the cross. There is no other way....only to deny self, take up the cross and obey the Lord.

Unto God be praise and glory and honor, dominion and power now and always through Jesus Christ our Lord.

Thank you,

Loran W. Helm

WAITING ON GOD-June 22--24, 1975  
CONCERNING THE MEALS.....

We have been informed that room reservations have been so that they are filling up the Holiday Inn, the Budget Inn and another motel close by. However, the response to the meal reservations has not been so good.

We want to remind you once again of the importance of eating with the group.....

We were reading over a 1969 Holiday Inn meeting room rate schedule and was rather shocked to find the amount it would cost to rent the rooms we are privileged to use. The schedule showed that the 3 rooms, which we use, would cost (in 1969) \$450.00 per day. Of course for 3 days this would be \$1350.00. Prices have increased somewhere between 10 and 20% in this 6 year period. Therefore, if we were to pay rent on these meeting rooms, it would probably cost us \$1500 or more.

(Just a note--Each time Jane Langdon receives a letter from you without a stamp, it costs Revival For Our Day, Inc. 12¢ each.)

We really tried to praise Jesus for the privilege of having the use of these rooms free when we eat our meals there. We realize all the more, how important it is for us to buy our meals at the 'Waiting on God'---Not only is it important to show our appreciation, but to take care of the obligation to the Inn.

Many feel the meal prices are high, but when we see the cost of the room and realize the increase in grocery prices (this increase is far more than 10 to 20%), we are really amazed at how little the prices of the meals have increased.

Also, the Holy Spirit has witnessed that we should eat together as a group and not leave the Inn unless it is unavoidable.

The pressures of the earth and the powers of darkness flood in on us so easily and when we return to the meetings, it is most difficult to get 'in tune' with God, or to press toward 'one accord.'

We so appreciate your cooperation in this matter and trust you will immediately mail your green registration card to me. It is important that we hear from you soon, as we will be informing the Holiday Inn the number of meals to prepare.

Excerpts from the Pamphlet  
 WAITING BEFORE GOD  
 1973

The Waiting on God is a time when we come together to trust Jesus. It is not a spiritual retreat or simply a place to be blessed. Nor is it a place to bring our questions and problems for solutions. It is primarily a time and place to learn to wait on God. It is a time to let Him teach and refine us in our inner person by the work of the Holy Spirit.

The Waiting on God is a time for us to learn to wait upon God so He can have His way with us. It is a time when we can get away from the routine of earth. We are so earthly oriented--so tied up with programs and patterns, it will take hours for people in this Waiting to become free of all the earthly entanglements of this mortal life; and be able to get quiet so the Holy Spirit can actually reveal Jesus--or the will of the Father.

The Waiting on God is a time for us to experience refining and cleansing by the Holy Spirit. God will reveal things in our heart that we did not know existed. There are many refinings of tendencies, incentives, and experiences within us, that we did not know were there. These need to be refined out, slain out, crucified out. Many people think that they can just wait a while, pray a little prayer and it is all done. God could do it this way, but many times it takes quite a while before we can really be cleansed of many things in our nature that we never knew were within us. God would be pleased if He could get a handful of people who would be willing to wait on Him until He could cleanse their hearts of all these things that are within them. There are many tendencies in us--tendencies of which we are not aware--which grieve the Holy Spirit. Persons may have been workers in the church for years, yet God can reveal serious needs in these dear ones hearts--if they will wait before Him.

The Waiting on God is a time for us to learn to wait on God until He reveals just what should be done in each service. It is the time to learn to respond to the Holy Spirit's promptings. Some people find it easy to get up and talk. But a few people are hesitant to get up when God is telling them to. They hesitate because the devil says to them, "Now you don't need to say anything. You may be out of order." These individuals will need to resist the devil at this accusation.

The Waiting on God is a time to learn to obey God in the Spirit and not get in the flesh. Sometimes people get up to talk in a Waiting on God and they get in the flesh. This draws us down. If somebody gets up and talks in the flesh, it just takes me down. If they are not in the Spirit it takes me down. Now if they are in the Spirit, it takes me up. It lifts me up! Within a few words the Holy Spirit will reveal to me if the person is speaking in the order of the Spirit or in the flesh. So let us pray that people will be willing to wait until we know who is to speak and when. If the meeting gets in the flesh, it is very difficult for me and drains my strength.

The Waiting on God is a time to wait and trust God. We learn to trust as we submit to God and become free from the entanglements and responsibilities of earth. If people bring to the Waiting on God their responsibilities of earth, we can hardly become attuned to God in three days. It takes a while for us to learn to trust. In fact, very few people know what trusting is. We have certain ideas about trusting. We want this or that to be done. We feel we must look after some business appointment or make certain phone calls. At this Waiting on God, I trust we will be able, the Lord willing, to be free from any imposing responsibilities other than just "Waiting."

The Waiting on God is a time to learn to be quiet before God. May I request that you come into the meeting room and be seated 10 to 15 minutes before each service. Please bow in silent prayer. Do not talk and visit with one another. It is very difficult in a Waiting for me when persons are talking one to another before or during a service. Sometimes I must say something to one of the brothers assisting me, but it will be about the service or some need.

Dear Beloved of Revival For Our Day...  
Pilgrims of Jesus, Greetings in the  
Holy Ghost,

Praise the Lord. We are thankful to Jesus for His gifts, His grace, His great salvation, His sacred blood to cleanse us that we be pure in heart by His Word and His Truth and sacred blood. I am so thankful for all that He has brought to pass, for all His people throughout the world. Praise the Lord for the missionaries and the workers of Jesus wheresoever the Holy Ghost has sent them. We are trusting and looking to God for the work of the Holy Spirit. For, we need in this day, in our country and in our world a work of God in Jesus Christ, by the Holy Ghost in His way, time and purpose. Praise the Lord.

I want to share with you to Jesus' glory, a lay-witness speaker called one of our loved ones some time ago and began to tell this dear one that he had gotten hold of "A Voice in the Wilderness". He was exclaiming and rejoicing about how the Lord had encouraged him in the book. He told this precious daughter, "The things I have learned, the things I know that we need are written in this book."

It was so encouraging that this lay-speaker who had been over the country witnessing for Jesus, beheld things most precious concerning the Kingdom of God that proved to be a real encouragement and blessing to him.

We received a call two or three nights ago from a young man with whom we had prayed by our bedside after our surgery in December. He had come about 30 miles. A very precious person, but had been out in the world of sin and drugs and evil worship. We prayed with him and Jesus witnessed in my heart that he was forgiven. He was quite delighted and thankful to Jesus for this. Approximately two months later, he hitch-hiked back to be with us and we prayed with him again. Then, two or three nights ago this telephone call came and his voice was like the morning...it was summer time and beautiful things in a garden. Oh, what I heard in his voice---it was so encouraging. He was praising Jesus for what He had done, for the marvelous, fantastic things He had brought to pass in his life.

He told me, "I want to tell you that the book, 'A Voice in the Wilderness' has been used as an instrument of God to bring me to Jesus and to teach me of the holiness of God. As James, Jon and I heard this report, we were trying and endeavoring to give God the glory and the praise to the best of our ability. We owe it all to Jesus. Praise the Lord.

Some days ago a long distant call came in from a man in Wisconsin who had been given our book at a Christian book store. As he read it, the Lord began to deal and operate with him. He began to help him and

teach him about 'waiting upon God'. He told Martha and Nancy he knew nothing about waiting upon God, but he began at 5:30 in the morning to start waiting upon God. His wife also would get up with him and wait before the Lord. He was very blessed, very encouraged and very thankful to Jesus. Give God the glory for this report.

A precious brother in Italy got hold of "A Voice in the Wilderness" sent by Michael Pierce to some precious one. This brother wrote a letter telling how he read it and how the Lord used the writing to encourage him, be a spiritual breath to him and he was so thankful in his heart. He wanted to have permission to translate parts of this book into the Italian language and send it out to 7000 Italian families through a religious letter, of one of his friends, that intimates mid-century religious writings to this number of people occasionally.

This is a very precious report how the Lord is working through these writings to help those in other lands. We are so thankful to Jesus for all He has done and what He will do.

We were going for our service which the Lord had planned on May 10th (He revealed to us while we were in one of the southeastern states some 18 days before that He would be with us there in the meeting.) and as we approached the church where Rev. Hill, one of my closest brothers in Jesus, has preached for almost 20 years, the Holy Spirit revealed to me that He would be with us and lead us by the Holy Ghost. We rejoiced, for we were going in not knowing what the Lord wanted.

The service began at 8 a.m. and Jesus was so precious in His presence in the Holy Spirit. One of our precious sons in the Lord from Knoxville, Tennessee, who was present said it seemed to him that the meeting just began in the 6th hour when preaching was started. He said it just started feeding his soul. We were very thankful to Jesus for his heart was blessed and encouraged.

We received a letter from a precious servant of Jesus in Michigan, formerly from Texas. He tells us in the letter that the first song he and his wife were to sing, as Jesus revealed it to us, was a song that they had had tests and trials with. Satan would oppose and try to buffet concerning it. They were rejoicing how the Lord would guide and reveal this. He said at the closing of his letter, "I wanted to share to Jesus' glory, after 6 or more hours of the time of waiting upon God there in Jesus our Lord, when God directed you to preach the Word.....I must tell you that I was fed. It seemed that a wonderful, aromatic, healthful bread was coming through you and I was feasting on it! Really! It was as though I was eating true bread. Nothing like this has ever happened to me before. Now, I want more of this bread. I don't know how to explain it, but it was wonderful. Praise to Him that sitteth upon the throne

and to the Lamb. Blessing and honor and glory and power be unto Him. Amen. . Because of Jesus, Daniel Helbling."

He was giving praise to Jesus for the precious work of the Holy Spirit. But, while I was attempting to preach, it seemed like, I was having to press and to struggle for the powers of the air were pressing so in my body, mind and soul, but Jesus was doing a wonderful thing.

Our little granddaughter, who had had her breakfast before 7 o'clock was sitting on her grandmother's lap. My wife usually gets a little weary after 30 minutes or an hour holding a child, but, I believe, she was surely upon her lap for almost three hours. My wife didn't get tired and the little girl did not ask for food until one in the afternoon and, I think, had only gone to the rest room once or twice in the six hours.

Seldom did any of the approximately 200 to 250 people leave the sanctuary in the 6 hours and 15 minutes or more. One precious little boy, son of one of our dear couples, Mr. & Mrs. John McAdams, is so precious but it is hard for him to sit still. Roger Yoder, one of our song evangelists, said, "It is hard for me to hold him one to two minutes. He wants to run and he wants to play." He sat with his mother, on her lap or beside her, for over 6 hours and had one bottle of milk and chewed a little chewing gum and never whimpered and never whined. He never asked to get down. We didn't know he was there. If he got on the floor, we didn't know it. The Lord had so contented him.

One minister and one lay-evangelist of song, who has difficulty sitting even an hour (for they are goers) sat there approximately 6 hours and went out once or twice. We marveled how they could sit there and not get too restless in 6 hours. They were so thankful to Jesus for the work of the Holy Spirit. So the Lord was very wonderful.

Jesus revealed that someone to my right was to pray. I went back about 4 or 5 pews and went down the pew and there, He revealed to me that Sister Six was to pray. She, I didn't learn until 2 days later, had told my brother, "If you were to lead a service and call on me to pray, I would die." I knew nothing of that, but when I came to her last Saturday morning, the Holy Spirit witnessed to my heart that she should pray. Her husband, Clarence, told my brother, Terrance, that he knew, within his heart, she was the one to pray before we announced it. She stood up not frightened. She said, "I didn't know what to do and when I stood up, I got in the current." The Holy Spirit just came through her. She doesn't know what she prayed, but the Lord helped her and she wasn't frightened. God gave her the guidance and the blessing. We marveled and she marveled how the Lord, for Jesus' glory of God, did it.

We called on one precious sister. She was very quiet and took quite a while before she began to pray. She is very, very precious and unique in the way God leads her. She didn't say anything for quite a long while. We waited and waited and waited--after a long while, she began to pray. After her prayer she waited and we asked for whatever was on her heart to speak and to testify. She took quite a while in the Lord, such a precious time...and the Lord blessed indeed. After some minutes I said, "Is that all that is on your heart, Sister Ruth?" And she said, "There is something else." She told us of missionaries who were called and they needed prayer and they needed help. Of course, I had never known them or hadn't seen them, but I began to pray and the Lord revealed to me that He would comfort them and guide them. And then, He revealed to me that finance was being blocked somewhere. The enemy was trying to stop it. Of course, I knew nothing of that--only in my heart, but Jesus revealed to me that He would provide and make a way for them. It was so precious.

Then, yesterday when I was on a telephone call with Brother and Sister Moore, the Lord revealed to me that He wanted \$400 taken from His treasury, of His people, His precious ones and taken to them. I wish each of you could have been there with Son Jon, my grandson and I. You would have been so blessed if only you could have been there at the hour and the moment when we presented this gift to this family. Their close friends and dear brother and sister, the Carenders, were there and Sister Ruth just held her bosom and just almost cried for joy, laughed for joy, rejoiced for joy. It was just all so beautiful. Her husband, it seemed to me, just jumped a little and he was weeping and rejoicing.

When I presented the money to the wife of the missionary couple (her husband couldn't be with us) she was weeping. She just cried and said, "Oh Jesus, I didn't know it was going to happen. I didn't expect this today. You always provide. You make a way." She just wept and cried in a very beautiful spirit of humility and thanksgiving and appreciation.

The Lord has been so wonderful to us and we just trusted Him, going slow and waited--looking to Him for His direction.

Back concerning the Waiting on God, Roger Yoder was telling me that his cousin was there from Springfield, Ohio. He asked her about the Waiting on God and she said, "Well, all I can say about it is that it was just a little bit of Heaven." And unto God be the glory and honor and praise and thanksgiving.

A very precious group from Asbury College came. I asked my neice, Rebecca Sue Helm, "How did Sister Sue Goodrich appreciate the meeting of the Lord?" She said, "I would look at her and she was weeping, then I would look again and she was weeping for joy." I don't know how many times she looked at her

and there were tears of thanksgiving and praise to Jesus.

One precious minister came over 300 miles to be with us. He usually is very burdened and pressed in the 'Waitings upon the Lord', because he is privileged to embrace the burden. He helps us. This last Saturday he was refreshed. He was just so happy and at rest, but Son Jon's mother, Ruth, was burdened all during the service. She was just pressed with the burden of the meeting. When we came to the close.... after 6 hours and 15 minutes, I said, "Well, we will not have a dismissal," and the Holy Spirit checked me. He showed me within the gifts within me that we were to have the closing prayer.

I went over the congregation of 200 and some people and it was Sister Ruth Cullum, our precious son-in-law's mother. I knew nothing of her burden all the 6 hours, and Jesus told me, as I looked at her, she was to pray the closing prayer. When she started to pray, it helped this precious minister from the west. Oh, it gave him such help and fellowship with her in this petition.

May I say that one precious minister came 700 miles and brought his wife and 4 children with him. I asked him the first hour to come down front so I could love him and where he could sit in the front seat with some of the men of God. He told me when he came down, "It has been worth the trip. It has been worth my trip today in this meeting." Of course, he had to leave a day or so before that to make the 700 miles ....but he said, "It has been worth my journey." This was because of the presence of Jesus. He has read the book 14 to 16 times and he said, "This one account, in the book, that you reviewed here today with Sister Gypsy was worth my trip." He saw something that probably blessed him and it was so dear, in God, to him. We want to thank Jesus for it.

We were found to be very grateful, for I was privileged to stand nearly 5 hours in the 6 hours and 15 to 20 minutes even with this situation in the incision. It was paining and feeling badly, as it is now, and I was able, through Jesus, to stand. When Roger and Thomas are in charge of meetings, waiting for the Holy Spirit to guide and direct them by the inner gift, they are worn and exhausted, they tell me, in two hours. Here we were in this meeting for going on 7 hours and the Lord let me stand almost 6 hours. Only His strength and only His Spirit could give me this sufficiency.

After I left the meeting at 6½ hours, I looked at my watch and I said to my wife, "Honey, it seems as though I have only been in the meeting 30 to 40 minutes." The time had gone so rapidly. My granddaughter came up in my room afterward and took hold of my hand (she is 16 years old last December) and said, "Grandpa, I wanted to tell

you that it didn't seem very long to me-- just a little while." It was very precious indeed of Jesus' presence.

One of the Asbury students got up, his hand came around in front of him and he said, "I have been waiting...I have been looking for a meeting like this for a long time." He was rejoicing because Jesus was leading, the Holy Ghost was blessing and the Spirit of the Lord was exalting Jesus and the Kingdom of God. The Lord, the Holy Spirit had fed him.

Well, there are probably other things to share, but I don't want to make this letter too long.

I want to mention about the 'Waiting on God' in Indianapolis on the 22,23,24th and the last day, final settlement day, the 25th, when there will be a luncheon together and waiting upon God...whatever He wants and directs.

The Inn is completely filled on the Saturday night before the meeting begins on Sunday morning. It is completely filled. So, the only way any of us could get rooms is if there would be a cancellation. They are trying to get me a room, but unless there is a cancellation, there will be no room. There is a big convention in progress through Saturday night. If it is necessary for you to have a room on Saturday night, you may be able to get one in the Budget Inn or the Roadway Inn near I70 and 100 in Indianapolis. There may be other places available.

We are trusting Jesus for His help. We are thankful for each one of you, for all that He has done and will do, for all the prayers in the fellowship and for all the understanding and compassion admist the situations in the nation. We need help to be delivered so very much. We are praying and pleading for the Lord Jesus, for the Holy Spirit to come in His wonderful conviction to spare our people, our country, from catastrophe by the work of the Holy Ghost. Only the Holy Ghost can deliver us. "Not by might, nor by power, but by my Spirit saith the Lord of Hosts." So we beseech you to pray for us and hold up the standard of sacred true holiness in every day living for Jesus.

There are two bills that we need to be earnestly concerned with. Jon will explain them to you so that you may write your congressmen, your representatives and those on the FCC board. It may be too late as far as the petition to the FCC, but it will be good for you to write your views and voice your opinion concerning the fact that they are trying to make our gospel programs illegal. Also, there is a bill now being presented before the house and the senate to disallow tax deductions for gifts to churches, missions, and Bible colleges. If you write to your representatives, it may be very helpful to let them know how you feel, in your heart, concerning this bill.

Again, may Jesus Christ be praised, the Kingdom

of God be in operation and the Work of Thy sacred love. May our hearts be opened by Thee above to be cleansed by the Blood. May the Holy Ghost love, the agape love of Jesus and the mighty God flow through the yielded, obedient heart to those all about us---loving them and each other as Jesus loves us. For those who have supported, unto the Lord be praise and may the return be the same, or double or triple or more, as Jesus sees fit to share for His glory and honor. We are unworthy servants, we are undeserving but we are grateful. We are grateful to Him. There is nothing in our hands that we have to boast about, but to the cross of Jesus Christ to cling.

Thank you for your help and kind consideration, for your prayers and fellowship and your bringing us before the throne, for our need is great and we are limited and feeble, but He is able. Unto Jesus be glory and honor, God the Father, Son, the Holy Ghost. Amen.

Loran W. Helm

We wish to thank each of you who took the time to write your congressman about Senate bill# 3657 and House Bill #636. These companion bills were intended to prohibit the privilege of receiving tax credit for contributions to churches or religious organizations. It is understandable that some individuals and organizations have taken liberties with existing privileges under our present tax-deductible for charitable organizations statutes. But it is equally obvious that to eliminate this tax credit would seriously curtail donations to most worthy church and charitable organizations, whose strength we now need more than ever before.

We urge you to be prayerfully aware of further developments in this area, for such bills have been introduced during the last two sessions of congress. It is probable that such efforts will be repeated in succeeding sessions of congress. If we grow lax in our vigilance, such bills may pass without our notice, and another freedom be lost.

BEFORE THE FEDERAL COMMUNICATIONS COMMISSION, WASHINGTON, D.C.-----  
A petition #RM-2493 filed with the commission on Dec. 5, 1974. Public notice of the receipt and acceptance of this petition was made by the Commission on Dec. 18, 1974. In accord with FCC rules any interested party could file supporting or opposing statements through Jan. 17, 1975. However, this period was extended through March 31, 1975. Pursuant to a request filed by the petitioners, the time for filing such replies to these statements has been extended through May 19, 1975.

If you have not already written to the FCC concerning this petition, please do so as soon as possible. It could be that the time is once again extended and your letter could be most helpful.

#### SPECIAL NOTICE

FOR EVERY HUNGRY HEART...URGENT  
FOR EACH ONE TRUSTING TO ATTEND  
THE JUNE WAITING ON GOD...

A 60-minute cassette tape, with the message IN ONE ACCORD, is being especially prepared to be immediately available to every one who desires it for a modest charge. I personally believe this message on coming to one accord to be one of the most significant revelations ever presented to the church.

IN ONE ACCORD was spoken through our dear Brother Helm on Saturday, May 10th, at the one-day Waiting on God in Selma, Indiana. This Word of the Lord reveals the secret of true Holy Spirit revival. Though I do not wish to place anyone under pressure, I sincerely believe that every true follower of Jesus will want to hear this message over and over until it lodges deep in the interior life. And when God is able to get this simple truth into the depths of our hearts, we will be ready to begin, by God's continued grace and help, toward the sacred, seldom-experienced, wonder of ONE ACCORD.

For those trusting to attend the June Waiting on God-- I personally believe you will not want to come for these days of Waiting on God without first hearing the marvelous instruction this message gives concerning the heart preparation which God reveals we so desperately need in order to come as one body into one accord. And this is what the Lord is seeking to accomplish by means of the Waiting on God--to actually bring a body of believers into one accord.

PLEASE ORDER YOUR COPY OF THIS PRICELESS MESSAGE TODAY! An order form is enclosed from EVANGEL VOICE PUBLICATIONS, INC. (Please note: This cassette is being made available by Evangel Voice Publications, Inc. not Revival For Our Day. RFOD does not handle any retail purchases.)

Greetings in Jesus' Name!  
Dearly beloved of Jesus, the followers  
of Christ,

We are trusting in His Holy Name. We are so thankful for the revelations and directions of His Word, His Truth, His Spirit and His protection and provision. We praise Him for the way He has guided and blessed and for the beautiful and mighty way of His presence in the Waiting on God June 22, 23, 24, and 25th. The Holy Spirit gave us strength as we approached that Sunday morning service. Even though there was much suffering, God gave us strength and guidance and blessing. We were in the pulpit about 10 hours on Sunday, about 13 hours on Monday and about 13 hours on Tuesday. The Holy Spirit led us in how to proceed, for no plans were made. As we entered the room for each session we had to just trust and wait upon the Lord. There wasn't any particular plan. Even though we had some of the best singers in the world, we had to wait for Jesus to lead us and to grant us guidance. Jesus began to bless us as we waited in His presence. However, I want to remind you that we are only in the beginning of waiting even though we have been endeavoring to wait some 32 to 33 years upon the Lord. We are only in the start of the fringe of beginning to wait upon God.

The Lord led in the afternoon for Rev. Wm. McPhail's sisters, out of Chicago, to sing. Their singing was in the realm of the marvelous, the magnificent. They came to the pulpit and began to speak and share some of their words of confession. One of the sisters said, "I always somewhat resented my brother, Rev. McPhail, for talking so much about Jesus but now I love him so much." She went over to love him and then the other sister came over to love him (Sandy and Karen by name) and all three of them were loving and kissing each other in the Spirit. God was blessing them while the congregation seemed to be broken up for joy. Their singing far exceeded most person's expectation. My brother, who is a choir director near Washington D.C., declared to me later that it was way beyond what he had ever thought their ability and spirit of presentation to be.

The Lord blessed as we preached about our way to the city of 'one accordness'. Mrs. Leon Hubbard, of Michigan, gave me the word later that this message was of much importance to her. She felt that if this had been all of the Waiting, it would have been worth her coming. She could have packed up and gone home and it would have been worth it all. This is very encouraging to me.

The Lord indeed blessed our hearts as we waited. Rev. Oliver Hogue preached on the University of Angels...coming out of the scriptures and it was a magnificent message. Rev. Robert Morgan preached out of the Old Testament and the message was that of great wonderful Bible truth, saying more in just a few moments than most ministers can say in an hour. Folk were fed, souls were blessed, lives were enriched and Jesus greatly gave

help from Heaven. The Holy Spirit was so dear as we waited before Him...about 700 people.

In one of the sessions was a very wonderful person who is Jewish. Out of 18 in his family, he and his sister was the only 2 that escaped out of Germany. All were killed but the 2 of them. He is a lawyer and works for Holiday Inn, Inc. over the United States. He was sent to Indianapolis to assist this large group but he stated to us and to others, "I really was not needed, because everything is beautiful here. It is so beautiful in cooperation and all is perfect and fine." I saw when he came into the auditorium that he was awe-stricken and very appreciative. He said to one of our men, "How can I join this people? What I feel in this room will change the world." He said to one of our boys, "You know, this reminds me of Moses and the children of Israel."

He left and brought his Rabbi to the auditorium but by the time they arrived we were out of session. So, they returned to the Rabbi's study. The Rabbi opened his religious book and said, "Sir," showing him Abraham and the children of Israel, "Jonathan, this is what you saw at the Holiday Inn."

This Holiday Inn representative, a very beautiful, a very humble person, was so delighted in the Holy Spirit's presence, the unshakable Kingdom of God that he said, "I am so at home with you. It is so beautiful. How can I join it." We said, "You are already in it because God loves everyone. Simply trust Jesus."

The last day, when we were at the meeting called the 'afterglow', there were just a little under 500 seated at tables for the noon meal. Jesus was visiting beautifully, wonderfully in the Holy Ghost. Before entering the room the Holy Spirit, Jesus spoke to me and said, "You will seat with you at the head table the orphans and the widows." The table was 20 some feet long, upon the platform along the side of the room where the remaining part of 470 to 480 people were seated. This is where I called for the orphans and the widows. I personally seated them...an orphan and then a widow, a widow and an orphan and a widow. Each orphan that I seated of any age, say 10, 12 or 13, I gave out of my money which Jesus had given me, \$2.00. I put it in their pocket and said, "Your daddy is not here, but a friend of his is here." The people present said it was a beautiful sight.

Rev. McPhail's (one of our sons in the gospel of Muskegon, Michigan) father and mother were with us out of the city of Chicago. His mother stated to him, "This is such a blessing, such a beautiful experience. Usually at any banquet of any magnitude there is seated at the head table men of distinction, of leadership, of prestige, men of location or persons of wealth. But instead," she said, "I see the orphans and widows seated at the Master's table." It was Jesus' place. It was beautiful. Our son, Jon, shared with me and demonstrated how one of the orphan boys was eating his beautiful lunch. It was a marvelous sight to behold as he was seated at his father's table eating that which he was delighted in.

In one of the sessions the Holy Spirit came upon me and revealed to me that someone was hurting in the neck area. I did not learn until Wednesday after midnight, while 40 of us were in an extra meeting, who it was. JoAnne Gilbert told a number of us that she came into that session and several sessions before in pain and suffering. She said, "I hadn't been in that room, Rev. Helm, five minutes until you stopped in the sermon and said, 'There is someone in anguish and pain in the neck'. You began to talk to God in the Name of the Lord Jesus Christ who saved us and sanctified us, raised the dead and healed us, casting out evil spirits and resting the weary." She said, "When you began to pray, immediately Jesus took everything away from me." She was healed.

Brother Spivey was giving us the word after midnight on Wednesday that he had had back trouble for 10 years and in one of the previous sessions the Holy Spirit revealed to His unworthy servant that there was someone there with back trouble. He stated to me after midnight on Wednesday the 25th or the early morning of the 26th of June, "Do you know that from then on I noticed no back trouble?" As he gave this report to me, Rev. Rouintree, pastor of a church in St. Louis, who was terribly hurt by a fall when swinging, by a vine, across a brook fell on a stump. He could have broken his back. He has been in anguish and severe back trouble a lot of the time...or a little of the time during these 25 or 30 years. Just as soon as Mr. Spivey gave this revelation of how God answered prayer Rev. Rouintree replied that as he gave it, it was like a balm, the Balm of Gilead or the Balm of the Spirit went through his back. Unto God be glory and praise.

Another person tells that when we were speaking, God revealed to me of a place in the body that was in need. We simply stopped in the sermon and prayed. Vera Landers said God went into this part of the body and took it away. So we are endeavoring to give Jesus the glory and the praise for all that Jesus has done for us. Praise the Lord. There were many wonderful experiences of Jesus' guidance and blessing.

Our voice was used many hours per session. Some of our younger men, such as Thomas Harman and Roger Yoder, when they are in charge of a meeting--just waiting upon God to guide--they both inform me that in two to three hours they are simply exhausted. Here we were going nearly 5 hours Sunday morning and afternoon and 5 hours Sunday night...almost 10 hours and we were still able to go. And after arriving at our room about midnight, we continued using our voice for prayer or exhortation until one or two in the morning. I had only about 3 or 4 hours sleep Sunday night. When we arrived in our room at about midnight on Monday after using our voice approximately 13 hours, we continued using it until one or two in the morning. We had only 3 or 4 hours...less than 4 hours rest and we were ready to use our voice again the next morning beginning at 7 a.m.. So our voice was

used in a period of 3 or 4 days up to 60 to 73 hours. The Lord was so merciful to us to grant us guidance and blessing and strength and speaking ability. Unto God be praise and glory for all men with us know that there is no mortal that can use their voice 20,30,40, 50,...50 hours and it still speaks without huskiness and without pain. And yet I have had throat trouble for 30 years, since 1938. We want to give God all glory for this miracle of voice usage, because the Holy Spirit revealed I was to be in the Waiting and it was for Jesus' sake and for souls.

Monday night the Holy Spirit came in the meeting and led and directed beautifully. He revealed to me that Steven Reinhardt was to sing. I did not have his list of songs so I said, "Lord, is it in the first 10,20,30,40, 50,60,70, 80 (he had 83) and when I came to this number, not knowing what the title was, I said to Steven, who was seated about 25 feet from me, "The number that you are to sing is---" and gave him the number. He came to the pulpit and began to sing, "Is your all on the alter of sacrifice laid?" As he began to sing, the Lord descended and young men and women began to come to the alter one at a time, then more and more and many ministers were praying with them. I began to pray. I got down at the one end of the alter and prayed. There was an Indian girl about 17 years of age that got marvelous victory in the Holy Ghost and also another person got victory. There were somewhere between 60 to 80 persons that got spiritual victory in the meeting that night. There were a number healed on Sunday, Monday and Tuesday but spiritual victories mounted somewhere between 60 and 80 on Monday night. There were spiritual victories on Sunday and Tuesday also. God came in such sweet visitation and power to change lives, to lift burdens, to save persons, to forgive of sin and neglect and disobedience and to cleanse hearts and to reclaim men and women, boys and girls. Young persons were there, some of them 8 and 10, 12,15,18,20 and 25 years of age. Some of our young people 10 and 12 years of age wanted on the front seat. One of the parents told me, from near Washington D.C., that their little girl of 10 years of age wanted on the front seat and there was not room. So, she wept because she wanted on the front seat. You should read the letter this dear little child wrote me. You would be moved. I have letters that if you could read them, from young people and older people what Jesus did for them in Jesus' Spirit, in Jesus' Name, you would be inspired and blessed indeed dear ones. God led and Jesus was magnified and glorified. It was a wonderful experience of Jesus' presence and Jesus' direction.

On Tuesday night after the service, the closing of the service, the Lord came upon me and brought me back to Gypsy Taulbee. She was here because of the leading of the Holy Ghost in 1951 when He led me to Gatlinburg and told me that I should not stop at motel number 1. We had looked at it and it was beautiful, but He told me, "This is not the place for you to stay." So we went to the next lovely motel. It was not the right one, a very lovely place-fit for the king. The third motel was just as nice but the Holy Spirit revealed to my heart I couldn't stay there. My wife, all

this while was ill and could hardly sit up in the car. And, of course, the physical pressure was to find a place for her, but the Holy Spirit revealed to me I was not at the right place. So we had to have a little prayer meeting in the automobile after the third inquiry for a motel. We asked Jesus to strengthen her and He did, and she was able to sit up. She hadn't been able to, but God gave her strength to sit up and we went to the fourth motel. (This took place in August of 1951.) It was not the right place, but when I went to the fifth motel, as I walked up the steps, Jesus spoke in my heart and said, "This is the place." This is where the man said to me in a moment or two, "I have the feeling that you folk are going to stay with us. My father was a Methodist minister." I saw after a while that I was sent there to answer his father's prayers that had been bottled in Heaven for him from 40 to 50 years.

As He took me and my wife back to cabin #6, I looked to the right and here came this beautiful woman with a light, the shechinah glory of Jesus upon her face. I said, "Praise the Lord". She said, "Glory". We had a marvelous meeting out on the yard of Cabin #6. Since that time, Gypsy Taulbee has been like a sister to Mrs. Helm and me. Gypsy Taulbee lives in Gatlinburg and some few days or weeks ago a widow woman and her little children came to visit her. She noticed our news letter and began to read it and Gypsy said, "Let me get the book, 'A Voice in The Wilderness'". When the lady opened it she said, "Oh, I saw this man in a vision of prayer! I saw him!" Of course, it rather excited all of us as this was mentioned on Tuesday night and Gypsy said, "She is here. She has come all the way from the mountains and hills of Tennessee." So this widow mother stood up with some of her little children.

I prayed and the Lord said, "Give her \$300." She has had a hard struggle and God's treasury is to take care of the widows, the orphans, ministers, evangelists, deserted wives, the little children and the cripples, those who have had it hard financially. I said to our president of Revival For Our Day, "Let's pin a check for \$300 on the white ribbon of this flower and take it to her." He held it high up over his head to get through the aisle to her, because there were a few hundred people between us and the widow woman. A few days later Joseph Bishop called me and said that her older child had had to have surgery sometime ago. The government, the welfare and the surgeon said there wouldn't be any cost to her, but when she arrived home after the Waiting, she had a bill from them saying she owed just a little over \$300. Just a little over \$300! Of course she didn't have any money like that, but the money that came out of Jesus' treasury, from the people of God that the Lord has led me to the last 30 to 40 years, paid her bill and took this awful burden from her.

After God led us to help this widow woman, I said, "Now is there anyone else in need?"

We began to pray and we found another in need, and the Lord had me to have my secretary (my treasurer had signed 12 checks before going home) write a check for \$60 to this widow. She told me some days later, "Oh, how it helped me!"

Then He told me to get a check written out for \$92 for a person in need in Oklahoma. I didn't know this person a bit more than the man that lives across the street where I am now in the state of Kentucky. Some of the folk from the church in Oilton told me, about 3 days ago, that when she got up in Church last Sunday she said, "I went to the Waiting Upon God because I had heard things about this servant and I wanted to see if he really walked with Jesus." She found that this little servant loved Jesus. She said, "You know, what amazed me was that I didn't know all that I owed. I hadn't totaled it until after he had been given the revelation, by Jesus, to give me a check for \$92 for my bills." I did not know her, she didn't ask me for it. I wouldn't know her if she would come where my wife and I are now, but that doesn't make any difference. Jesus witnessed in my heart that she needed \$92. She told the church that when she summed all her bills; the meals, the room, what she had borrowed, what she needed, what she had to have...when she totaled them all, it just lacked a few pennies of being \$92. She said, "Now, no one but Jesus, the Holy Ghost, would know this and want to take care of a little Christian. It had to be one that was walking with Jesus for Jesus to be able to tell him that I needed \$92." She said, "I didn't know what I needed. I hadn't totaled it yet." God gave the revelation to a weak, unworthy and limited servant that she needed \$92.

He turned me around and said, "Write a check to this minister, out of Michigan, for \$46." Just as I said this, God gave me the burden of cancer. There was a sickness in his body that needed to be healed. When this check for \$46 was written for this man of God, who is so precious, (he didn't have any money I learned later) ...I didn't know it, but he was saying in his heart, "Thank you Jesus for \$46." I have just learned in the last 3 or 4 days that he wasn't able to figure out, while sitting there in his chair, how he was going to pay for his food and his room because he didn't have any money.

Thomas Harman told me yesterday that he had in his pocket \$54 that he was going to give this minister, Brother Kissell (it was money some people had given him for Bro. Kissell) but he hadn't been able to get to him to give him the money. However, by the time we were through the service that night, Tuesday night, he got the \$54 and the \$46 check and it was just exactly what he needed to pay his bills there. Now to get these together would convince an atheist and infidel and any skeptic that Jesus is on the throne and Jesus cares and leads and directs. It wasn't long until all the 12 checks that we had were sent out to the orphans and the widows and those in need.

There was a widow to my left. She takes care of little children. She prays...she is a prayer warrior. She is the mother of our James. James has 4 brothers and sisters and he can remember when they were at home years

ago (he can't remember being with his daddy very often. In fact, he can't remember talking one hour with him. Karen, 18 or 19 year old young woman with her LPN, can't remember their father.) when there were times they would go to the table to eat and his mother, this widow, did not eat because there was not enough food except for the 5 children. The only income she has now is from taking care of little children in her trailer. Our James and our Nancy, her daughter-in-law, called last summer to find out how she was. She was caring for 2 or 3 little children at that time. They asked her how warm it was in her trailer and she said, "Well, right now it is 110 degrees." They hurried to Balls and got an air conditioner and took it to her. Then, because you people have sent in to help us, we took the money and paid for that air conditioner. We also gave her enough money for a trailer payment. That was about a year ago. The other night when we were in the meeting, God revealed to me that we should take \$400 out of His treasury and pay her trailer payments off, get her a pair of glasses and pay one other bill for her. She hasn't had a change of glasses for years. This \$400 paid off her trailer and she was able to get glasses that she has needed for years. This widow keeps children, she has one little child to keep, and she was trying with just 3 or 4 dollars a day, to pay her phone bill, her light bill, have something in her refrigerator to eat and to pay her trailer payments. For the last year or so, not quite 2 years, the Lord has helped us to send her money so she could make some of her trailer payments, or all of them. The Lord's people paid that off the other night. Do you think she was happy?

Oh, if we could tell you all the wonderful things He did the other night, all of you reading this letter would want to walk the floor and give Jesus Christ, the Son of God, all the glory and all the praise. It was a wonderful experience. After all 12 checks were written (that is all we had because our treasurer had to go home. He was not well.) I found that the Indian girls from a tribe in Oklahoma didn't have any money and didn't have clothes to come (The Ryan girls got clothes together for one Indian girl and assisted them in coming.). I had just prayed with the one daughter the night before and she got Holy Ghost victory and was so happy. I stood in the pulpit and said, "I would like to take a cash offering for the Indian girls." They are young women about 15,16,17,18 years of age. The people started toward me as Rev. Alexander said, almost in a trot or a fast walk. I thought we would take up 50 to 100 dollars but there was so much money coming I couldn't hold it in my hand for it falling on the floor. The men had to assist me with it. I didn't plead with the people, I just said, "I would like to have a little money for the Indian girls" but before the offering was over, there was \$532. One of the girls had to be held up, she was about overcome and almost to collapse her joy was so great and she was crying. She was so extremely blessed and surprised.

I then learned that Rev. Schultze had a need and I said, "I would like to take up a little cash offering for Brother Schultze." The people started coming from over the room (there were altogether around 600 people in the room) with their offering. When they stopped, he had over \$400 and we sanctified it.

I learned of a woman, heavy with child, from Michigan. Her husband who was with her had lost his job and their car had broken down and they had no money. We just said we would like to take up an offering of Jesus for them and before it got stopped, it was \$303 cash. I also learned that this widow, way over here, an older mother about 70, hasn't anything to live on and is not well. We couldn't hold all the offering taken for her...it ran up between 2 and 3 hundred dollars.

There was a young man from Philadelphia who didn't have any money. When I mentioned it, people started putting money in his hands and stuffing it in his pockets. Also, there was a young man from England who had come all the way from England, going over the United States seeking a friend and seeking Jesus. We mentioned that he didn't have any money and they started putting money in his pockets and in his hands. He was weeping. He had tears running down out of his eyes, over his nose and his face was shining as he came down the aisle holding money in his hands. He was coming down the aisle that we might love him. He was all broken up for joy because the Lord was meeting his financial need.

Well, I cannot recall all that we shared, but it was wonderful how Jesus blessed indeed, how He led and directed. Before the Waiting began we prayed and found out what to do. The Lord said to take so much money out of Jesus' treasury and give it to Rev. Gary Mann and his wife, who is an evangelist in the Church of God. Then, another young man, who is marvelously used of God, was low in finance and we wrote him a check for \$110 that he and his wife might come to the Waiting. Then we found out about a man near Olive Branch, Ind. who was called to the ministry. He is very precious and was discouraged because he was laid off from his work in Indianapolis. We gave him a check for \$110 so that he and his wife could come to the Waiting, that they might have their souls fed. He cried and wept. It was beautiful how the Lord blessed.

The Lord had us to send \$200 to Rev. Emory Reece again and he wrote me a letter of appreciation. Then just before the Waiting, we sent him another \$200. The first or second day of the Waiting I said to my treasurer, "Let's write a check for \$500 for Rev. Reece and his wife." She was weeping for joy.

The Lord had us give a check for \$500 to Rev. Robert Henson, a traveling evangelist in the Church of God. These men are underpaid, they have very little offering given to them, maybe 3, 4 or 5 hundred dollars. That is not near enough to meet their expenses. He was humbled when we gave him the \$500 check. This really blessed him. Following the meeting I found that Lowell McIntosh didn't have any

money. He worked so hard for Jesus and was laid off from work. The Holy Spirit revealed to me that we should give them a check for \$500.

There was a dear man at the 'afterglow' banquet who is an amputee. His leg had been cut off years ago and he was on crutches. He has not been able to work, he can't drive a car and doesn't have one. He has to depend upon somebody going to New Castle or Indianapolis to get equipment to work on radios for him. He isn't well and his wife is not able to work and they were in need of groceries and finance. When I prayed, Jesus said, "Give them \$1000 of what you have here in my treasury." When it was revealed that we were to give this precious man, with one leg, \$1000, they had to hold him up on his crutches--- he was so overcome. People were overjoyed and praised the Lord much. It was such a great joy.

The precious ones that were with us from Chicago, very excellent musicians, told me and told their son, "No doubt these four days were the greatest days of our lives." I think they have been in the church close to 40 years. When I called him the other night in Chicago he said to me. "My wife and I are making arrangements (even though he is a very busy man working for a very big corporation in Chicago) to go to the Waiting in Killeen, Texas on the 29th of October."

We are praising Jesus for the revelations, for His guidance, His blessings, for soul winning, for soul encouragement but all of these, all of this Waiting upon God was to help us, to condition us to die out to Self in order to begin to start to the city of 'one accordness' by being awakened out of our sleep.

In the last 2 hours the Lord has given me revelation and I do not believe this is in print. I shared this with Thomas Harman, William McPhail and other men of God. He revealed to me that every man and woman in the church that is disobedient to any one leading of the Holy Spirit or God's Word, if any one of us disobey what God wants us to do and we do what we want to do, that individual instantly and immediately can become spiritually deaf and spiritually blind. That means one disobedience blinds our spiritual eyes until we cannot see spiritual truth, nor perceive it or evaluate it. Immediately! one disobedience closes the inner ear of the ear drum of the soul and we do not hear, we do not perceive of the Holy Ghost in our heart what God wants or wills. So, one disobedience causes any man or woman in the church to become spiritually blind and spiritually deaf. Oh, we may see physically, we may see to read the Bible and pray, read sermons and read church affairs, you know. But, it means in the interior life---one disobedience will instantly bring spiritual deafness and spiritual blindness to the eye and to the ear of the soul of the interior life. And it becomes ineffective. This is why our churches are so dead, so asleep and so far from the will of God. We cannot fail one leading of the Holy Spirit.

In 1937 when the Holy Spirit spoke to me and told me I was to go to the little church-- not to the first 2 churches. Millgrove Circuit paid \$800 and was near Taylor University.

Winchester Circuit paid \$800, had one parsonage extra, more money. The Holy Spirit did not reveal those, there was no word from God. But when I said, "You told me, Sir, there are three?" He said a little hesitantly, "Well, that is Redkey Circuit. It only pays \$700." There was no bathroom and there was no furnace. But in my heart there was word from God. God said, "Go to Redkey Circuit." If I had failed that leading, I would have gone, immediately, spiritually blind and spiritually deaf. I would have had no more leadings of the Holy Spirit unless I would have repented and been sorry for taking my own will instead of doing God's will. When a person does this---when he is disobedient and makes his own choice---he has opportunity to repent and ask for forgiveness. At that instant, there is a little spark, there is a little way back. Whenever a surgeon removes a cataract, that is not a growth but a slip of the lens that has to be corrected, the eye is all covered with a bandage until it is dark. You can hardly see a ray of light. They have to let the light come in very gradually after this. And you see, after disobedience we have to be very careful because a ray of spiritual light is so light. And yet, most all people in the church want to get everything right now...just punch a button and see everything.

We see so little. We see such a small fragment of truth. It is so tiny and yet we are so selfish, we want to see lots and lots. We are not willing, most people in the church are not willing to die out and see very tiny. If you are willing to do and carry out what you see in the minute glimpse, then the beam can get larger and the vision greater. It will expand and extent until it comes out where God can let us see more and more. If we will do God's will for His glory. It must be all for Jesus. Everything that you and I do must be for the glory of God, the praise of Jesus and thanksgiving to the Holy Ghost. For unless it is, God is grieved with us and we do not receive spiritual revelation. You see, if we press to get anything in the flesh we get the result of that! We are to seek first the Kingdom of God and His righteousness. That comes by death, that comes by self-denial. Most people want the power, they want the gifts...this is Self. It is Self that wants these things so he can do something and be seen and accomplish something. God wants us to come to nothingness so His will is accomplished through us. It may look to the world like it is hardly anything, but God can take a grain of mustard seed...you see the Kingdom of God is like a grain of mustard seed. A mustard seed is as small as a piece of black pepper, but if it is a little tiny planting in the soil of God's will, or submission in the soil of death, the soil of surrender, then it can begin to grow.

People want big things, they want it bigger. That is Self, that is self-centeredness, that is the life of self-assertiveness. We are to become small and begin in very little ways, like a little child...not really want anything, not seek for power, not seek for miracles but seek first the Kingdom of God. Now when I say this to you, the Holy Spirit speaks within me, "I am with thee." Most all people want to do great things, want to do big things, want to become somebody. Jesus doesn't ask us to become persons of renown. He said. "Except you

become converted and become like little children..." In other words, to become nothing, to become so in His hands that the world may pass us by but He won't. When we become small, we will not miss the small things. If we do not become nothing, we will miss the things we are here for. When we become nothing, then we are glad for nothing. When we are glad for nothing, we are happy with anything and when we are happy with anything, we will be delighted with God's will which is seemingly over in a corner, overlooked and forgotten. Most people want something to do that shows they are doing something, accomplishing something. That is Self for the Kingdom of God is within you. The Lord gave us a wonderful experience as we waited in His presence.

Now back to the afterglow meeting...The Jewish man, who loved the presence of the Kingdom of God, was with us and after singing Amazing Grace and the Doxology, he arose at the head table (he was an orphan, you see) and said, "I want to say that this singing belongs right at the end of Beethoven's Ninth symphony." And if you know anything about what the Ninth Symphony is, it is called 'The Unfinished Symphony'. We were all humbled to the floor or below. Now Jesus is to be praised for all that He did.

There are so many precious things and wonderful victories that He gave in this Waiting. God would move wonderfully from various parts of the auditorium and of the hotel. People traveled from 15 to 20 states to be with us. I wish you could read the notes that the maids gave to our people saying, "Oh, you folk are so nice." and, "The world would surely be a better place to live if everyone were like this people." I wish I could tell you what the maids thought of these 4,5,6,7 hundred people who came to wait upon Jesus and learn of Him.

Now remember, we are only in the beginning. We are just little, nothing people, though we are happy and the Lord has been so wonderful and so precious. The Inn was so very beautiful to us. They gave us so many marvelous helps and kind hospitality.

We are thankful for all the dear ones who helped to labor; Mr & Mrs. Wagner, Mrs. Langdon, Mr. & Mrs. Lowell McIntosh, Dick and Mary Moore, Rev. Paul Hill, Ann Chappel, Marcia Schultze, Jan Gilbert and all the others that I can't remember and don't know. James Flora, Terry Hogue, Joe Bishop and different ones of the men who worked and labored to be a help to all of us. We are thankful for Son Jon, James and Roger working with the sound system. They worked so hard to get the music and the sound system and various things done well. John McAdams assisted and will be taking over the secretarial work this coming October, the Lord helping him and helping us. Of course, we cannot remember everything. I have no notes, it is all just coming to me as I am here in my room in one of the southern states trying to get rested.

In just a few days we will be leaving on a mission, on a pilgrimage with about 50 people. As I say this to you, the Lord speaks and says, "I am with thee."

My travel agent came to the Waiting and brought her staff of workers. She got up to tell about things on her heart concerning the Revival people. She said, "You know, I am never a woman of weeping and crying, but when I get with the Revival people I weep." Her staff was very impressed with the presence of Jesus.

Ed Cuddle, the TWA representative, was there trying to express appreciation. He did a beautiful job, he did very well. Mr. Ancel who is over TWA of Indiana, parts of Ohio, Illinois and Kentucky said beautiful things. He said, "You know after my crews out of Rome, out of London, out of New York told me about you people, I had to come here. I feel unworthy to stand in this room." He said most beautiful things about our people. He came to my room and took me by my hand and said most beautiful things. As I prayed for him, I felt the Holy Spirit in my hand moving into his body. He said, "You are God's servant. You need to rest." He went to his office and tried to tell them how beautifully the Lord worked in that room. His stenographers and secretaries said, "Oh we would like to go to the next meeting with you."

Brother Ed Cuddle made mention of various things in working with our people. He shared about our return trip from Europe when we were delayed in Bangor, Maine. We had to refuel there and when we landed, Engin #1 went into reverse and they couldn't get it to move out. We had to pray for an expert. There were 350 to 400 people without food and water and Bangor, Maine is only a city of 38 to 39 thousand. There was no equipment to get us out of the plane, there was no hotels or busses to get us to a place of rest. We had to pray very energetically and enthusiastically that God would send us an expert to repair Engine #1 so that 747 could be lifted out and that it might come into New York where the sky was stacked with planes coming and going into Kennedy. This was the reason we had to refuel in Bangor. It delayed us somewhere between 3½ and 5½ hours. As a result, most all the people missed their connecting flights and had to be kept in New York overnight. Mr. Ed Cuddle had to rewrite the program every hour that we were late. Some of the TWA people said to him in New York, "We wouldn't want to be within 300 feet of the plane when those people get off because they will be very upset, angry and hostile." "But", he said, "when I saw you people get off the plane (now remember our hundred people had been milling all through the plane rejoicing and being thankful saying, 'This is all for a purpose, just be happy' to everybody trying to encourage the other people.) and you were happy, praising the Lord and there were no complaints or murmurings after being late 3½ to 5½ hours, I said to myself, (this is what he told us in New York) 'I saw this people would be contented with anything anywhere.'" This is because of the presence of Jesus, the work of the Holy

Spirit in their hearts, our hearts together.

He said, "You know, Rev. Helm gave me \$20 out of his pocket to take my wife a flower and to take her out to dinner." They have four little children and I felt that since he was gone and his wife didn't get to be with him very much and seldom ever eats in the restaurant, it would be nice if I took what little money I had and give it to him. He said to the people on Wednesday last, "I have a confession to make. I want to confess that I did not take my wife out to eat. I did not get her a flower, because when I returned home from New York, our cupboards were bare. We hadn't anything to eat so we took the money that this servant, Rev. Helm, gave me for a flower and for special eating and got provisions." It broke the congregation up for joy.

We have many things to share with you that Jesus has been doing for souls and how God has blessed wonderfully. I would that I could share them all with you, but you see, what I have given you now is pages and pages and yet we haven't told you near all that God has been doing. Now please remember, this is all because of Jesus that we could tell you how Jesus has worked.

I wish I could tell you what happened here in this Inn when I prayed with the bellboy awhile ago. When I got through praying for him---Oh, how it lifted him. And he prayed earnestly for me. I had never seen him before. The prayer meeting we had here in this place, in the state of Kentucky, was so precious. What an experience I had just sharing. Last night as we were seated in this beautiful dining room there were many other people, I cannot tell you how many (this place will seat somewhere between 4 and 5 hundred in all the dining areas), but we were seated just about 2 feet from a woman and her husband, a blind man. I did not know them, I had never seen them before to my knowledge. She said to me as we were seated, "Aren't you Rev. Loran Helm?" I said, "Yes, Ma'am." She said, "We know you! We know you! We are from Indianapolis and our home is just a few blocks away from Holiday Inn on I70 where you have been in meetings. We were there some few years ago and we know you through Robert Whiteman."

We talked and I shared and they said, "If you don't eat you are not going to get your food eaten." The waitress came and said to me, "Would you want me to put your food in a bag or something?" I said, "No, I will be eating but I am more happy and thrilled talking about the Kingdom of God." I had never seen these people before to my knowledge, but what a time we had. We got to have a meeting in this place and I was thrilled over it. I enjoyed it far more than the gourmet food I had last night.

I would that I could share with you the way Jesus has made a way even yesterday and today, the wonderful things of the Lord Jesus Christ. I am very grateful to Him. Praise the Lord oh my soul and all that is within me. Bless His Holy Name. We are trusting for the work

of the Holy Spirit. We have no plans, we are just trusting.

We must plead to God for forgiveness of our idols; our homes, our jobs, our children, our plans have become idols and we have put them first, we have put them before obedience to God. We must repent of our idols.

Unless we have an outpouring of the Holy Ghost from God we cannot be spared as a nation. We are trusting for the work of the Holy Spirit in our nation. The need is so very great and the work of the Holy Spirit is our only hope. We as a nation need to plead with God asking forgiveness for our sins; our drunkenness our nakedness, all of our deceptions, our seeking first political gain rather than the things God wants. We need to plead with God to forgive us of all our prayerlessness, for all of our ministers and laity wherein we have asserted ourselves rather than waited upon God to let the Holy Spirit lead. I know it is nice for singing and preaching and praying, but if the Holy Spirit isn't the leader and God isn't the guide, we are doing it, manipulating and getting it ourselves. The Bible says, "As many as are led by the Spirit, they are the sons of God." (Romans 8:14) That indicates and says clearly that all the sons of God are led by the Holy Spirit. We are to follow Jesus as little children follow and love their parents.

We must plead to God to have mercy, to undertake and spare us from catastrophe. Bombs and guns cannot win or spare us, but the Holy Spirit can do it in seconds if His people will continually be obedient and keep in devine order. If we will be obedient continually and keep in devine order, God could see fit to spare our nation.

When the Lord was going to destroy Sodom because their sin was very grievous, Abraham stood before the Lord and said, "Wilt Thou also destroy the righteous with the wicked? Peradventure there be fifty righteous within the city; wilt thou also destroy and spare the place for the fifty righteous that are therein?" And the Lord said, "If I find in Sodom fifty righteous within the city, then I will spare all the place for their sakes." Then Abraham asked the Lord not to become angry but would He spare it if he found 45, then 30, then 20 and finally 10? The Lord said, "I will not destroy it for the ten's sake."

If there will be just a few people that will really go hard after God and die out to Self to do His will, cry out for mercy for the land, do all that God wants them to do and if they will humble themselves and pray, God could spare our nation. "If my people which are called by my name shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven and will forgive their sin, and will heal their land." (2 Chron 7:14)

The hour is late and there is desperate need for the work of the Holy Spirit in each of us that our nation might be spared. THIS IS AN URGENT CALL FOR PRAYER, FOR HUMBLENESS, FOR SEEKING GOD'S FACE AND TURNING FROM OUR WICKED WAYS, AND OUR LAND CAN BE HEALED.....

In a few days we will be singing, preaching and exhorting in parts of Spain, Austria, Luxembourg and, the Lord helping and protecting us, parts of Africa by the Straits of Gibralter by hydrofoil. We will be leaving July 16th on this Spiritual journey. We want to ask you dear ones to plead with God for us. Please pray for the best planes, the best pilots, for perfect flights; flights without turbulence, perfect take offs and perfect landings. Pray that the head winds will blow east as we journey to Europe and that they will blow west on our return trip to the United States. Please pray that we will be protected on the sea (we will travel by sea, by air, and by land) and that none of the people will become seasick. Pray that the Mediterranean will be quiet, that it will be stilled. Please pray that God will protect all of us from falling and that the food and water will be pure so as to not cause any person to become ill.

We will be very thankful for the prayer and petitions that prevail with God-- For, in our hands nothing we have to bring, but to the cross of Jesus we cling. Hallelujah!

I cannot get through the letter, we must simply stop. Thanks to all of you. Those I have omitted, I am sorry. Keep praying for us. We are trusting Jesus for the work of the Holy Spirit. In Jesus' name we thank God for each of you that are praying for us and those of you who are helping us. There is great need for the orphans and the widows, the deserted wives and little children, the sick and the evangelists. There was somewhere between 8½ to 11 thousand dollars shared, since June 10th, with the needy, the orphans and the widows, the ministers and evangelists, the crippled and the sick, the children and older people. We are trusting to give as He wants to share.

"For they laid their wealth at the apostles feet and distribution was made to as many as had need. So we are very weak and very nothing, we don't know anything and can do nothing--only through Jesus can anything be done for the glory of God. We are thankful to Jesus. The need is great! Most all pastors I know are underpaid. I was with my pastor the other day and the Lord spoke to me and told me he was underpaid by \$6000. Most all ministers and evangelists, in all churches, are underpaid from 1 to 2 thousand and up to 10 thousand dollars because most church people do not share with God very much. They just give a little. Some give more, but there is only a few in a congregation who are willing to share what Jesus wants them to share. The wealthy people--the rich-- will seldom enter the Kingdom of Heaven because they want to keep all the riches for themselves. Very few rich people have shared with God bountifully. If a rich man does not share bountifully with God, he will miss the Kingdom of God. Unless

he has put Jesus first and shared what God wants him to share, he or she will miss the Kingdom. For He said, "How hardly shall they that have riches enter into the Kingdom of Heaven. It is easier for a camel to go through the eye of a needle (or a rope to go through the eye of a needle) than for a rich man to enter the Kingdom of Heaven."

We must share with the poor and the needy. We must go the second mile, for what we do for Jesus here will last throughout eternity. We want to be faithful and true and love all men because we are to love each other as Jesus loved us and have compassion. Unless the carnal nature is cleansed out of us second by second (the carnal mind wants to re-enter, take over and dominate the throne) we put Jesus Christ back on the cross. So, every one that reads this letter and everyone that does not, either has Jesus on the throne of their heart or has Him on the cross. If Jesus is on the throne, Self is on the cross and Self has nothing to do with plans or desires or instigations, but simply waiting upon God to do Jesus' will in earth as it is in Heaven.

May the Lord encourage you to not get into fanaticism, going too fast---but go slow, be true and rest upon the promises of God. Pray for us. Thank you for your help. We are trusting Jesus....And when I say that, God says to me, "I am with thee."

Sincerely,

Loran W. Helm  
The least servant Jesus has  
in the earth. Amen.

Homer Pumphrey IMMEDIATELY! His address:

Rev. Homer Pumphrey (Waiting)  
Box 387  
Copperas Cove, Texas 76522

If you desire a room, it will be absolutely necessary to mail the card at once. This card is enclosed in this letter and marked 'ROOM RESERVATION'. The meal registration card is also enclosed and is to be mailed to Rev. Pumphrey also. Please mail this card as soon as possible. The preparation time is short and your cooperation will be appreciated. Please mail your Pre-Registration card to:

Kenneth Wagner  
Box 213 R.R. # 1  
Parker City, In. 47368

Rev. Pumphrey will be taking care of the room reservations for you in the Cowhouse Motel as he receives your reservation card. If there is an overflow in the Cowhouse, he will then make reservations in the Holiday Inn. Your cooperation in mailing the Room Reservation cards immediately will be of such help to Rev. Pumphrey in making the arrangements for you.

We mentioned before that Killeen is an army town and whenever there are many young men in such a situation, there are many women who solicit them. We felt it would be good to share with you that if any of our young men or women should be approached, it would be wonderful to just simply witness for Jesus. Just share that Jesus is Lord, Jesus is the answer and He is the One who satisfies. We all need Jesus and He is the One who can save us and bring us to victory and complete satisfaction.. Jesus went to the Publicans and the sinners. Jesus will bring lasting satisfaction, but if we try to satisfy the flesh, which is only for a fleeting moment, it will bring us to disease and disgrace. If we witness for Jesus that He is Lord and He is the answer, this could help any solicitor and bring glory and honor to Jesus.

There was a young woman who made all the plans and arrangements for a Christian Ashram to be held in a certain city. The night before the Ashram was to begin, this young woman and Mary Webster were sharing a room. As they lay in their beds, a rather loud commotion could be heard right outside their open window. It was a couple, man and wife, who were cursing and arguing and carrying on rather badly. It made this young woman feel so very badly and the devil was telling her, "You should never have planned for this Ashram in this place. This is all wrong...etc.!" She was confused and feeling terrible and just at that moment, Mary Webster jumped out of her bed, put her arms around her and said, "You brought us to just the right place."

For three days Mary and the staff ministered and served these people....rather than the people serving and caring for them, and when they left that city, the couple who had argued and carried on so badly were in each others arms. This could be the case in Killeen. Texas.

PRAY THAT EACH OF THE DEAR ONES WILL BE ALL THAT JESUS WANTS THEM TO BE And that when we leave that city, we will leave a testimony for Jesus behind.

The following is a letter of testimony from Rev. Homer Pumphrey which we received in the mail this morning.

July 6, 1975

Dear Ones,

At the last service of the WAITING ON GOD when Rev. Helm shared with us a serious revelation God gave him in 1944, he asked me to come to the platform. God has told me again and again to stand with Brother Helm in his calling as an Apostle, given him by the Holy Spirit. I knew also that I must confirm this revelation since I was with him and Mrs. Helm when God revealed to him this sacred truth.

I was expecting to give my witness calmly, but firmly, but as my feet touched the platform the power of God hit my feet, going through my body from my feet to my head. It was so holy that I could not speak in a normal voice. When Brother Helm asked, "is this true?"--I answered, "Yes!"--And again he repeated it, and again I answered, "Yes!"--but to an even greater awareness of God's power and presence that it caused my voice to quake with emotion.

It was an important moment. It is difficult to put into words how sacred these moments are. As I shared with Brother Helm later, the Holy Spirit witnessed again through my body, especially through my limbs, revealing by His witnessing, that indeed it was most important.

I praise God how He made His presence known to me, for His precious witness, and for the privilege and importance of standing with God's Apostle.

Brother Homer Pumphrey

## REVIVAL FOR OUR DAY MAILING LIST

There have been a number of requests to be added to the mailing list and we want to share with you our concern. We are not trying or endeavoring to get a large number on our mailing list, we are simply endeavoring to do what Jesus wants. We would like to request that if you have a name to submit for the mailing list, that you grant us the privilege of praying to know Jesus' will concerning adding that name. Would you please submit any such name to Roger Yoder or to Thomas Harman and, Jesus helping and by God's grace, we will endeavor to pray together concerning God's will. We want to thank you for your cooperation and your understanding and we ask that you will pray for us that we will have God's guidance. Thank you.

Dear Ones in the Fellowship of Jesus-  
Greetings in the Holy Ghost;

God has been our refuge and strength, Jesus our precious Saviour indwelling, the Holy Spirit the Comforter. We want to give God praise and glory and honor for all the Lord God has done for us since the last time we communicated with you. We would not be able, unless God would miraculously help us, to remember all that has been, for Christ's glory and honor, experienced by each one of the group as we have been privileged to travel across a few countries.

We recall calling our travel agent June 23rd and telling her that we would be leaving New York on the 16th day of July for Europe; for Austria, Spain, Luxembourg and North Africa. She said, "Alright Rev. Helm. I am thrilled when I think about you singing in the lovely Alhambra gardens in Granada, Spain.

At that moment, I didn't know who was going with me. I didn't have any ideas of singers and yet she said she was thrilled at hearing us sing in these beautiful gardens in Spain. She began to make arrangements and within 9 to 10 days she had procured 5 hotels in Europe for a group of 56 people. Sometimes it is quite difficult to get just one or two hotels for even a small number in high-season, in summer time like this. But we were trying to praise the Lord that she was able to get this many hotels and make arrangements for such a nice size group to go. It was all by faith; how God would lead us and help us and make a way for us. We were just trusting Jesus for His direction, indeed.

Two days after the 'Waiting on God' I called Rev. Daniel Light, a Baptist minister in South Charleston, W. Va. I had never talked with him before, but in a moment or two after I had started talking to him he said, "What you are saying to me today is the very thing I needed. The Lord knew I needed this today." He later mentioned this in the meeting in Madrid, Spain. Jesus really blessed us while we were in this meeting on the telephone. The call was so long that the telephone company called to check that the call was really that long. Rev. Light has been in this church for 5 years. He has two different phones in his office and there is usually someone calling on one phone or the other, or there is someone at the door, or a secretary is wanting information. But, in the 2 hours we talked and shared of the Kingdom of God, talked of the things of Jesus, no one called or knocked. This was rather overwhelming to him. In all these 5 years he has been there, nothing like this had ever occurred.

Jesus gave some wonderful experiences in telephone calls over the United States praying with various persons about our approaching journey in July. There are a number of things that we cannot recall concerning the plans... and circumstances involved, but we are thankful for what we can remember of what Jesus has done, what He is doing and what He will do.

It required much preparation for this trip. My wife was telling someone last night, "If you knew how many hours my husband spent on

the phone trying to make arrangements, to help and encourage people, and to see what could be done to raise the money to take persons who didn't have the finances...."

We had promised one minister and his wife \$1000, and a precious brother in the East sent \$1000 to us. We praised Jesus for this. We were to take James and Jon and a sister sent enough money for herself and about \$1800 more, which meant we still needed a few hundred for them. We were thankful for what this sister shared. We needed over \$2000 for my wife and me. Then, I called Brother McPhail in Chicago and talked to him about their older daughter, a high soprano, going with us on the pilgrimage. He said to me, "That is wonderful but Sandy is committed to teaching music in Chicago." I said, "Well, it just came to me how wonderful it would be if she could go with us." After talking to them 52 minutes, I laid the phone down and walked over to the dresser to take my things out of my pockets and get ready to retire---when the phone rang (it was 1:10 a.m.). James answered the phone and this young woman said, "This is Sandy Whitaker. I am ready to go. I can do nothing but go." For her to have gotten the call from her folks and then called us within that short time...if you had been in the room, you would understand what I mean. It was very soon.

Days later, when I was in the state of Kentucky, I called Rev. McPhail and said to him, "I believe we should try to take Karen, your younger sister with us also." He was thrilled about this. When I had called him after Sandy called me he said to his wife, "Judy, you ought to pinch me because I think I am in a dream. This is so marvelous." We reviewed how the Lord had laid it on our heart to send \$25 each to Karen and Sandy for their expenses to come to the 'Waiting on God'. It thrills me how God has worked to work things out for these precious daughters. As I shared with Rev. McPhail about Karen going, he was enthused, blessed and excited. I shared with him that I didn't know just how we could raise the money to pay Karen's way and we are still trusting about that, but we know that Jesus is able. Karen's husband just rejoiced, praised the Lord, laughed, and rejoiced to think the Lord would make a way for those girls to go.

Rev. McPhail told me later, "I called Karen after the Lord had you send the \$25 and they had no money. They had less than a dollar for her to get her passport and for gasoline to go into Chicago to get it. The \$25 came just in time. She was able to get gasoline, pay the clerk's fee, get her passport and a few little things she needed. When she returned home, she had less than a dollar." Karen's husband, Brother Culver, who is a very qualified man, has been out of work for 2 months. His plant has had a layoff for 2 months and for the Lord to send in help was such an encouragement to them.

Rev. McPhail, the girl's brother, and I were on the phone and the Lord revealed that we were to send some money to Karen. I said, "Jesus, how much should we send to Karen and her husband? Should it be 60 or 80 dollars?"

I didn't get any witness. I said, "One hundred, two hundred dollars?" and when I said, "three hundred" the Holy Ghost witnessed in my heart. Rev. Hill suggested we send it by wire because we just had a few hours to get it there. I said, "You know, she will need shoes and she will need clothes and by wiring it she should get it in a matter of 5 or 6 hours (which she did)." We were to depart on Wednesday and this gave her Tuesday to get her shoes. It was a jubilant, enjoyable time in the Lord when they got the money. She didn't hardly know what to do, they were just weeping for joy and thanksgiving and praise.

Rev. McPhail told Karen, "You know, the Lord spoke to Brother Helm that you need shoes." She said, "Oh, you know, I have just one pair of shoes and they are falling apart." Well, she got two pair of shoes, some garments, had some spending money and had a little for some bills. Judy was so thrilled about this and she told me that they didn't know how they would have had money to even buy the gasoline to get to Indianapolis. It surely touched people for Jesus' glory...that God would tell me in Parker City, Indiana what these dear ones needed up near Chicago.

This is a thrilling story how Jesus provided and made a way when we didn't know anything about it. You see, Brother Culver had failed to make application for his unemployment check on time and it was delayed for a week to 10 days. They had very little money, but this came just in time; just when they needed it. Praise the Lord.

Brother William G. McPhail and his wife are William's parents. They were with us at the Waiting in June and they were so encouraged and lifted so much. When they came to Berea, Kentucky on their way to Knoxville, Tenn. to the mountains in the Gatlinburg area, they were so thrilled and happy. They told us that the three weeks since the "Waiting on God" had been the greatest days of their life. It was like they were on a honeymoon, they had been so blessed in Jesus. There is not words to tell you the wonder of this experience.

Only Jesus could relate how He has blessed the various dear ones here and there. We received a letter from a couple in Canada. They came to the 'Waiting' with some of our dear ones and oh, how they were encouraged, strengthened, and lifted in this time of waiting upon God. These Christians said, "This is what is needed everywhere. Oh, if we could have this in the churches." It would be through the Lord that this ever could be again; we wouldn't be able to have a Waiting, we couldn't do the work of the Holy Spirit. We couldn't work up anything. Unless the Holy Spirit, God sees fit for Jesus' glory to work, it would just be a meeting. It would be empty without His guidance and His blessing. So we are endeavoring to give God, in Jesus, the Holy Ghost all the glory and praise for all these things He has done. It has not been anything of any of us. It has been because of His direction, His revelation, His visitation. Unto the Lord be praise and glory and honor.

Getting ready to take our journey was quite a precious assignment. It required a lot of waiting and prayer and trust. We had prayed that we might have good to excellent takeoffs and landings, flights without turbulence; that people would be well and strong and that we wouldn't have difficulties of any kind. With this many people, there are so many things that can occur unless the Lord leads. If He doesn't lead it is serious and can be dangerous.

We did want to share with you about Rev. Jones, a minister from Pennsylvania. He was, for the first time, with us at the Waiting on God in June. Some few years ago his daughter, Debbie, told him she felt she was to go to Bethany College. At this same time, I was praying with Rev. Ryan about where Jesus wanted Diane to go to school. The Lord revealed to me that she was to go to Bethany also. They became roommates and very close friends and this brought Debbie to Oilton, Oklahoma. This is a wonderful story how God brought Debbie to help and then later witnessed that she was to stay and help at Oilton. Of course, this was a great burden on Rev. Jones and his wife because they had put a lot of their life into this precious daughter. They would go to sleep at night weeping, they were so burdened. They couldn't understand why she should be in Oilton. Why couldn't she be with them helping in their church work in the east? She had been in Oilton 1 to 2 years when they came to the Waiting in June. He got up and told the whole group how they felt and that his wife came to see the man who took her daughter away from them. She, of course, didn't realize that it was through the Holy Spirit's witness. It wasn't our idea. It was God's guidance that she be there helping.

When he entered the room at the Waiting there were only 2 or 3 people present for it was a while before the session was to begin. As soon as he sat down he started weeping and he could not hold it back. It got hold of him until he was just all broken up. He said, "Lord, I give up. This is your servant. I can't resist any longer. I turn it over to you." He shared that when we spoke about this pilgrimage, he had an awfully strong witness hit him. He went home knowing the Holy Spirit wanted him to go but he didn't have any money. In fact, he owed a mechanical bill and he was trusting. He began to share with different ones how he needed finance. As he shared with one mechanic, he took all the money out of his pocket and gave it to Rev. Jones and then called another mechanic and said, "Come over here and hear this minister's story." This second mechanic gave him some money too. The Lord would lead him various places much against the grain of his own nature. He was very reluctant to ask for money but Jesus would lead him to simply share the story that God was leading him...and dear ones would begin to share with him. It was crucifixion for him but the Lord brought in an unusual amount. I believe he said...\$5,000. This was an amazing miracle God did for him. Rev. Daniel Light said that Rev. Jones' testimony was about the greatest testimony he had heard in his lifetime. Jesus did some wonderful things to arrange and make way for dear ones.

I sent James to tell one precious sister that that she was to go with us. She had already made plans with a friend to take a trip to a place in Colorado and she had it all paid for. Tears came to her eyes and down her cheeks and she said, "I don't want to go, but I will." She just cancelled the other trip and lost part of her money, to go with us on this pilgrimage. I talked to her yesterday and she was so thrilled how the Holy Ghost had undertaken and what God did for her. She was happy what He had done for others and how He worked and led. It was precious indeed. To Jesus be glory and honor.

Jesus revealed to us that a man, in the furniture business, near Chicago, Illinois should go with us on this journey. He was willing to go. He had told some of the dear ones, "If the Lord tells the servant that I am to go, I will just make arrangements to go." There was so much involved in his business and other things, but he was willing to go anyhow. And, I think, he had one of the most wonderful times. If you could have been with us to see what the Lord did; how He would work with this dear brother and he could tell that what we were sharing was the truth. Over and over, time and again the Holy Spirit would operate with him with power to let him know that we were in divine order and that the Lord was leading. He was overjoyed and thrilled and so thankful to God for all of this.

Many things had to be arranged as we approached our departure time. Almost at the last minute, our travel agent was able to get two of our dear ones, who speak French, German, Spanish and Arabic, to go. The mother, Mrs. Geneva Burris, borrowed the money at the last minute to take them. It worked out in a miraculas way for them to go. I want to tell you those children stayed with me on that trip. Did they ever stay with me..... almost like a hand a lot of the time. They were able to interpret, to help us, to commune with the people that were near us and the folk we needed to have interpreted.

We were very grateful for the work of our travel agent and her staff. They worked for many hours every day and into the night making preparation for this trip. You see, our people, not even James and Jon as much as they have been with me, couldn't comprehend how much work is involved in this. We knew quite a lot, but we didn't know nearly all of it. There was so much required to get things arranged, to get all the materials, all the communications and arrangements made in so many areas.

As we begin to share about the journey, please keep in mind that when Jesus privileged me to pray about this journey, it operated in my heart on July 16th. I realized to only a slight measure how warm, how much heat there could be in countries in North Africa and Europe at the time we would be there--high season. We were trusting the Lord for His mercy and His help.

Some of us met in Indianapolis, boarded our plane and made our way to N.Y. People from

over the United States met us there. By God's grace, all were well, happy and protected.....all 56 people coming in from over the United States to go to Spain, Austria, Luxembourg and North Africa by faith.

We arrived in Madrid, Spain the morning of the 17th of July. Now, in Madrid, it could easily have been 90 degrees to 105 degrees. It could have been that hot there. But, when we arrived it was somewhere around 72 to 75 degrees. Praise the Lord. We were privileged to see Madrid as we rode to our hotel. It is a large city of about 1,700,000. It is a most unusual city. It has the most beautiful foliage in trees up and down the streets and throughways. This large city had all these lovely trees up and down all the streets and it exceeded our anticipation, our expectations.

Our hotel was air conditioned and we were thankful, for eventhough it was not extremely hot, it was warm...75 to 80 degrees and in the afternoons it would get warmer. We traveled mostly in the mornings and none of us were overheated. It was far more comfortable than here in the state of Indiana. We learned it had been hot here, very hot. I think maybe it was sometimes in the 90s.

The day after we arrived, we went to El Escorial and then to the Valley of the Fallen. This is where the cathedral was huen out of the rock. Inside it was nearly as large as St. Peter's Basilica in Rome. On top of this mountain stood a cross. It stood 400 feet above the mountain and there was a corridor large enough to put a Volks Wagon. There was that much of a hollow place. It was quite a spectacle to see even several miles away.

El Escorial was quite a place. There were hundreds of people there, before us and after us and we were thankful that Kenneth and the boys had thought that we could take little FM transmitters with us and we would be able to talk to our people without any connections. Oh how they helped us. We were able to talk to our 50 some people and tell them to be careful and to watch their steps. Ron was down so far one way and James and I another way and it would work as long as I wasn't more than 15 to 20 feet away. It transmitted loud enough so they could hear and it was such a help.

I don't know how many hundred people were at El Escorial, but somehow or other, dear ones, a wonderful thing occurred. To give you a little background, two years ago this month we prayed with Susan Goodrich of St. Louis. At that time, she had already finished 2 years in a university in Missouri. The Lord revealed she was to go to Asbury and she transferred and finished the last 2 years there. Then, May 10th of this year, she drove up to Selma, Indiana to be with us in a one-day Waiting on God at Rev. Paul Hill's church. Rebecca told us that as she would look at Susan from time to time during that meeting, she would have tears coming down her cheeks. She was blessed and encouraged. Just a few weeks ago she flew from St. Louis to Madrid, Spain to work with the Oriental Missionary Society (Her round-trip ticket to Madrid, Spain was within \$103

of what our group paid for 2 weeks; meals, hotels, and all.). Kenneth Shaver and some of our folks wanted to find her and have her spend some time with us, but we didn't know how to locate her or O.M.S. Our young people inquired, looked and tried to find a way to locate OMS, but it seemed there was no way to find it. However, while we were in El Escorial a missionary and two girls who were with her got into our group. Now, of all the hundreds of people, she got into our group. Our guide asked her if she was a part of our group. She wasn't actually with us, but she was because she was a Christian. She was able to tell us how to find O.M.S. Kenneth Shaver and Mark Brewer tried to get it across to the taxi driver and somehow he got them within the area and they found the building. It was still a problem finding the offices of O.M.S., which floor it was on, because it was a holiday and nobody was suppose to be working. However, two of the O.M.S. girls had come in to do some typing that needed to be done and they said to the boys, "We know Susan Goodrich." They gave them her telephone number and they were able to call her in that city of a million and a half people.

She came to be with us for dinner at the hotel and stayed for the meeting afterward. Jesus gave us one of the most wonderful meetings (Rev. Daniel Light said it was worth his whole trip.) and Susan had fellowship...she was starved. How the Lord worked this out for this precious daughter to be with us was a wonderful story. She was thrilled. We took her with us to Toledo the next day and she was so thankful for the fellowship with us. How God worked this out for this precious daughter to be with us is a wonderful story. To think of all the hundreds of people and that the missionary woman got into our group to help us find Susan is a great story.

There are so many things, dear ones, if we could get them into this letter...I don't know, you would want to walk and weep if we could tell you the wonderful things God did. If we could relate it, I am sure that skeptics, infidels and unbelievers would be convinced that Jesus is in heaven with his father, God Almighty, to lead us and guide us as unworthy as all of us are. Praise the Lord.

Well, you see we get rather excited about this story. We have a lot to praise the Lord for. We are way behind on trying to thank Jesus for all the wonderful things the Lord hath done...the showers of blessing and the wonderful things of heaven all around us. Hallelujah.

The Lord blessed us so sweetly in that first meeting (this is the meeting I mentioned). We felt Jesus wanted Brother Daniel Light to sing for us. He had a little harp with him and he began to play and sing, "Precious Lord take my hand, lead me on, let me stand. I am tired, I am weak, I am worn...." When he finished this song, I felt he was to sing again. Now, this man knows a few hundred songs by heart. Jeannie, his sister, told me a few days before this, "His concerts last from one to two hours and he doesn't have to look at the music or

the words. And, Jenny, his wife, told me as we came across the Atlantic (she is like a daughter to Florence and me and she is so precious. We plead the blood of Jesus over these children that they may be guided and blessed and that we be holy and pure before the Lord) that he knew a few hundred songs. He stood perfectly blank...this beautiful, handsome and learned man stood blank. Here is a man who knows hundreds of songs by heart but he is blank. What if I had missed this leading friends....When I saw that he was blank, I said to his wife, "Jenny, what song is he to sing?" She spoke up and said, "Walking down a lonesome trail and no one seemed to care." In that song it says, "Lord, I am worth a lot to Thee." He started crying and Bro. McPhail's sisters, Karen and Sandy, started crying on each others necks like I have never in my life seen two persons cry on each other's necks. (These two beautiful daughters who sing as good as I have nearly ever heard in any church in my 59 years were weeping and crying on each other's necks.) He was crying and out of our 55 people, there must have been 40 some with water in their eyes. Oh it was marvelous how the Holy Spirit worked.

During the time Jesus had me exhorting I said, "Oh, there is something in the left side." We prayed and in the Name of Jesus asked Jesus to go into the left side. A day or two later, Eileen Cox from Knoxville, Tenn. got up and she told us that her mother had died of a growth in her left side. She hadn't told anybody and I knew nothing about it, but she also had a growth in her left side. She said that when the prayer was made Jesus, like a warmth, went through that left side. She said, "That growth has disappeared."

We had a meeting the next night on the top floor of that hotel and we thought surely the second night couldn't be as good as the first ....But, we don't know how to tell you how God gave us such a wonderful time. We can't hardly explain it. It exceeded what we thought. And then the 3rd night, how could the first 2 nights be excelled...? God gave us such a meeting that Rev. McPhail said that if we packed up and went home after the 3rd night in Madrid, it would have been worth it all.

The second day in Madrid we went to Toledo, which is south of Madrid 30 to 50 miles. We saw a beautiful place. This city is 50 some thousand and it is up on a little hill, like a small mountain. We went through this city and it reminded me of Assisi, St. Francis' home town in Italy. They took us through the big cathedral and the head priest, the priest over the whole cathedral, gave us permission to sing at the high altar. We got up in the high altar (you should have seen how it was formed and built) all 55 of us, and we began to sing, "Amazing Grace". The Lord came over that cathedral and many people wept in that precious Catholic Church. Oh the Lord worked wonderfully. It stirred Tina and others. People were gathering in from all different ways and we had a wonderful time. It just cannot be told how Jesus worked in that place. Praise the Lord.

For our lunch, they took us down across the gorge and the beautiful river...the water was almost as green as the corn I see out in the field. My wife and the boys will tell you they have seldom ever seen water so green flowing in a river. It flowed out from between the rocks which had lime and various chemicals in them. They took us to a beautiful little place, kind of a dream place, for our lunch. It was on the side of a hill and we could look out as we ate and see all the city of Toledo. It was lovely.

After 2 or 3 days in Madrid, we started southward to Granada and it was a beautiful trip. We were to eat lunch in Bailen and we were almost an hour late arriving. After our arrival, they still had to prepare the room for us which delayed another 10 to 20 minutes. They put us in a room with big french doors and when all 56 of us got in there, I asked permission (our guide asked the head man) to sing. We sang "Alive Alive, my Saviour is alive." Just as we started singing, those french doors just burst open and into the room came a man from Granada. He told us he was over the conservatory of Music and he had just stopped at this place. ....We were timed to the minute. He heard us in the Lobby and came into the room and began talking and said, "I know music, but there is something else here. What is it? There is something here?" It was the work of the Holy Spirit.

They brought him over to me and he was so thrilled and happy. He began talking and Arnell said to the guide, "Is he really saying this?" She said, "Yes, he is really saying, 'Take my name and I will recommend you. You can call these men down in Granada and tell them that I would like for you to sing in the concert hall and also in the garden of Alhambra and the cathedral'". It was a wonderful story. I told them to tell him that it was through Jesus, and walking with Him 30 to 40 years, we found these people over the United States. It was not a choir, it was just a group of pilgrims. The Lord had helped us through Jesus and God was to be glorified. It was all timed to the minute; how he stopped there that 50 to 60 miles from Granada and how we were late. Everything was timed to the minute.

Jesus told me 42 years ago that He would have me at the right place, at the right time, doing things with the right people. I was 17 years old when He spoke that through me. The dear ones, who are with me, have seen this occur over the United States and foreign countries...even in the city of Jerusalem when we met Evangelist Jack seven years ago. When I think about this, I think about Jamaica where God took me down to that shopping center where my wife and I met that lady. What a miracle God did. Well, we had a very precious time and we cannot get it into writing.

We left this precious place and went on down to Granada and to our hotel. It could have been very, very hot, but it wasn't. The next morning our guide took us over the city of Granada and to the gardens of Alhambra. Our international guide, Frank, had lived in Arlington, Va. for years and had guided groups

from various parts of the world. He spoke pretty fluent English. He told us before we got to the gardens, "I want to tell you that 2 days ago it was 120 degrees here." And here it was 72 to 75 degrees....just 2 days before it had been 120 degrees. If Jesus had told me the 14th of July, we would have been there the day it was 120 degrees.

I have been in the desert only once or twice and I couldn't breathe very well. It was 110 degrees and it made my wife ill and took 3 days for her to recover. I thought, 'if I get back where I can get a good breath of cool air, I will be very thankful!' Here we were in a place where two days before it had been 120 degrees. This was north of the Mediterranean Sea and we would be heading south where it could easily be 120 to 125 degrees.

The gardens of Alhambra are so beautiful and there are many, many beautiful buildings in the gardens. I mean, building after building and you think surely the next one cannot be as lovely as this. It would not be possible to explain to you the beauty, the excellent splendor, earthly splendor of these buildings and gardens. The ceilings and the walls...well, you would have to see it to know. When we entered the coliseum of the beautiful gardens of Alhambra Frank said, "Say, just sing and have a concert here. Sing as much as you want to. I have friends in Washington who sing and they are good but when you all sing you are fantastic....I can't understand it." I told him it was the Holy Spirit helping and he said, "That is right. You can sing as much as you want to."

Here we were in the coliseum where some of the great musicians have performed in the last 300 to 400 years. A number of philharmonic orchestras and many of the world's musical artists have performed in this place....here we were privileged to sing with our little group in the very same place. We sang, 'Alive, Alive' and 'Amazing Grace'. I looked at Frank while we were singing and he was so stirred up and at that moment, the man who is head over all the gardens, was manager over the buildings and the gardens, came in. He said to Frank, "You tell this group they can sing anywhere in these gardens any time and anywhere they want to. They have my permission." This man was timed just like the man from the conservatory of music.

To explain to you the beauty of these gardens, the beauty of the flowers would be impossible. We were in one garden where the perfume of many, many flowers got together and did some talking to me. Their language was so beautiful that if I could find the words of man to tell you of the splendor, the aroma, the fragrance; and how they blended in like a symphony and tried to tell me a few things.. I am still praising God. We were walking in a single file and going from one building to a garden and then to another and another and, we thought surely it couldn't get more lovely. But our people...well, what could we say. The beauty of the colors, the glass and the sun coming through the glass that had been up there for so long. We had scholars with us, people who had traveled and read, but they were amazed at the splendor of the place. We didn't know

we were going to see such beauty but my travel agent had told me sometime before, "I can't wait, Brother Helm, to get you into these parts of Spain."

The wonder was that God was so precious to us in Jesus. How He worked and led and directed us and gave us such pleasant weather. We sang in another part of the gardens, The Generalife, and people gathered around. In fact, a few of the people followed us. They just kept with us until we left. Now, the Lord alone could send the Holy Spirit and the angels to condescend to help us. We were trying to give Him praise for this even before we departed on the journey, for we had requested that If it be His will, to let the Holy Spirit come and the angels of God to assist us. Without the Holy Spirit, we would just be singing.

Frank, our guide, was all stirred up. Every place we went he would say, "Now, Rev. Helm, come right over here and sit down." He took care of me as if I were his closest brother. Everywhere it was, "Rev. Helm you sit over here." "Now let him sit here." "We will put him over here." He looked over us and was so tender and gentle. He was so appreciative of what God was doing...very, very appreciative and helpful.

As we boarded the bus to leave the gardens, a woman came over to us and wanted to know what choir we were and where we were from. We couldn't speak her language but our guide and Arnell were able to communicate with her a little. She was speaking in french. She was a choir director in Progue and wanted to know all about us. Arnell told her, for me, that this was a group of people that Jesus helped me to find over the land. This dear woman lived behind the iron curtain. We had quite an experience with her, sharing about Jesus and even though she couldn't understand it, she felt the Holy Spirit helping us in our singing. There was a book given to this dear lady. Several books were given to various ones along the way. We were grateful to all the dear ones who carried books and shared them with people as we traveled from city to city and country to country.

Two days later we went to the south, to Malaga. Our hotel would be out about 20 to 30 miles west of Malaga on the sea coast. Dear ones, about 5 to 10 miles before we reached our hotel there was a mist over the Mediterranean, it was like a fog that came over us. It was most unusual. Remember, it could easily be 110 to 125 degrees right here on the coast because this is a hot spot of Spain in July. When we got out of our bus at our hotel, our people could hardly believe what they felt. It was so cool there. God had brought this mist and this artic air over the top of Europe somehow and we were cool. When we got to London, it was hot, Vienna was hot, but He brought that Artic air down over the sea around our hotel. For 2 days it was so cool that when James and Steven tried to swim in the sea, they jumped out real quick...they couldn't stand the cold.

The first evening we were there our Jon and John Fogerty rented a paddle boat and went out on the sea. The visibility was not very good, you could only see about 100 feet, but John felt that they should go out farther. They went out somewhere between 3 and 4 hundred feet and they ran into 3 boys who had overturned their canoe. The canoe was spinning over and over and they were in panic. One of the boys was trying to swim and he was hitting the water fast and hard with his arms and hands rather than swimming correctly. They were in panic and very close to stopping. They were a few hundred feet from the shore in the mist and you couldn't see the shore line. They would have to have known where it was. I don't believe any of the boys could swim well and I am under the feeling that the three boys could have drowned. You have to know how to handle a canoe in water like that and evidently they were not experienced. When the two Johns' got to them, our Jon took the canoe and brought one boy with him and John brought the other two boys back on the paddle boat. These two men could have been instruments, of God, to save one or all of these boys.

The weather was so cool that as we would walk from our hotel (about 300 feet) to another building where we had our meals, I had to wear my coat. Several others had to wear their coats part of the time. It got that cool... and it could have been 120 to 130 degrees there-on the coast.

God gave us 2 meetings at this place and they were wonderful. Our sound system helped us so much in these meetings and in all the others too. Oh, what would it have meant to us if we could have had it with us on the first 9 trips, if we could have thought about this 6 years ago....It is such a help to our group.

The bus took us farther west about 50 to 60 miles near the straights of Gibraltar, where we boarded a hydrofoil at Algeciras. Tina had learned that the hydrofoil we were scheduled to take at 11 o'clock had broken down and she had made arrangements for us to take this earlier one. We had to get up about 4 or 5 o'clock in the morning, have our breakfast and make our way down there. It was a pretty hard drive, but the morning was cool.

I am still marveling that they had room for 56 people on that hydrofoil (they accomodate about 100 people, but they were not planning on our group). A hydrofoil travels on skis on top of the water and can go pretty fast. To take a ferry boat from Algeciras to Tangier, would take 3 to 4 hours, but we went in 1 hour on the hydrofoil. It traveled about 45 to 50 miles per hour on top of the water. When we arrived, we were told that the weather could be 120 to 130 degrees because just 100 miles inland from where we were it was 130 to 140 degrees that day. It was 70 to 75 in the shade where we were.

Daniel and Arnell Helbling had worked in Africa for 1 to 2 years and they would have to leave the first of June and go to northern

Europe because the heat was so great. They would stay in Europe through July, August and September and then return to Africa the first of October. They could hardly imagine or comprehend that it could be this cool in July. If we would get into the sun we would be a little warm but not hot. It was truly amazing.

The hydrofoil was a little late for our return trip and so we sang. There was a canopy affair there where they sold gasoline and we stood under that. It put our voices out in all directions and the people all around were listening to us. They even stood on the back of boats. I don't know how many people, but it was a pretty big crowd. We had quite an experience there and the Lord blessed and helped us wonderfully.

We went by bus to Malaga and flew from Malaga to Madrid. While on that plane, the Lord operated with me and told me that the pilot was called to the mission fields. He told me where he was called. I was crying out for help and guidance.

We arrived in Madrid about 30 to 45 minutes late and Lufthansa would not hold their flight 15 to 30 minutes for 56 people. So, here was Tina with 55 people...our plane had left us. We were to fly that plane to Frankfurt and get another plane to Vienna. They were trying to communicate and get things lined up. She announced to us that it might be 2 or 3 hours before we could get another flight for Frankfort. We rejoiced as we went back to sit down and hadn't any more than sat down when she hurried over, "Here, come with us fast." She had found a Bulgarian airplane and it had a place for 50 some people. This plane would hold only 60 to 70 persons and she got us on a flight from Madrid directly to Vienna on this Bulgarian Airlines plane. I had an atlas that told me it was 1520 miles from Madrid to Vienna, Austria by car. I marveled as I showed it to the men, but by plane it would be around 1200 miles. We went direct. Praise God.

Upon arrival in Vienna, Austria, we learned they had had hot weather. It was hot before we got there but the Lord sent the cool air in just 2 to 4 hours before we arrived and cooled this city of 1,600,000. It is one of the great music centers of the whole earth and it far exceeded what I thought it was going to be.

The only hotel our travel agent could procure, for 56 people, in Vienna, Austria, was not air conditioned. One family operated this hotel and they were a beautiful family. Our people loved them, loved their food. Tina and some of our people said, "They are just darling people." God sent in cool air to air condition the hotel. He cooled it off for 4 days so much that some of us had to close the windows at 3 or 4 in the morning. The temperature would get as low as 60 some degrees. He air conditioned Vienna, Austria for 4 days. A German newspaper came out on Saturday, two days before we left, and said the sun was going to come out and warm things

up on Tuesday. We were scheduled to leave on Monday. Praise the Lord, He cooled it off for His people. If it had been 85 to 90, which it could have been, it would have been so hot in that hotel that some of our folk would have been sick.

Before leaving Madrid for Vienna, I looked and Geneva Burris was just about ready to fall over. She was just ready to faint. She was sitting in her seat but she said she was just about to go into oblivion. She had gone her limit and her strength was gone, her heart was tired. I got hold of her hand and began to ask God to send the Spirit and Power into her body. Jesus came, to the glory of God in Heaven, and got into her body and strengthened her. She came right straight up and went over and picked up her purse. Someone said, "Oh, you can't get up." She said, "Yes, I can. I have the strength." She told me later, "When I got to Vienna, I walked from the Hotel downtown." It was no small walk and she walked it twice. It was an hour walk. The Lord did just precious things before and on this journey. I wish we were able to tell it.

On Friday before we left on Wednesday, I called Joe and Patty Paul. I didn't know it, but she had been in bed for 10 days. Her legs were shaking, she had pain in her heart and in her head. We prayed and cried out to God for her. We prayed her to the kitchen and back to the bedroom three times and she would say, "Well, I am back again. I made it." I kept praying for her until she was able to stay up. This is a wonderful story. Three weeks before this time, I had a burden for the Pauls but I didn't know what all it was, but she wasn't in very good shape at all. The Lord helped us to pray with her everyplace on the trip and the Power of Jesus Christ's Name, the Power of God, kept Patricia Paul and made her able to go. When we returned to Indianapolis from the trip she said, "The Lord helped through prayer to pray me from place to place." To God be the glory and honor in heaven.

Well, God cooled it off in Vienna and it was a very beautiful place. Before the first tour of the city started, Rev. Oliver Hogue said, "Dear people, we are not praising God enough or appreciating enough what the Holy Spirit is doing in changing the weather for us...this miracle of the weather. I see God's servant and he is praising God an awfully lot for the miracle of the weather. Now, I know our hearts are hard and we can't get tuned in to how much a miracle this is, but whenever God's servant starts praising, I just get in the praise line. And I hope, by God's grace, after I praise God enough, He will begin to soften my heart and I will be able to appreciate a little more. But we are going to have to get in on the praise line and get God softening our hearts. We need to appreciate this wonderful miracle of the weather.

This exhortation was so precious and was so needed because the heart was so hard that we could hardly comprehend the wonder of the weather in Madrid, Granada, Down at the sea coast, in Africa and Vienna and the wonderful

things the Lord did. This exhortation was beautiful and we were thankful to Jesus.

They took us down into a man-made cave where Hitler had made his airplanes. They had to pump the water out and there were little lakes down there. We were 200 feet below the surface and there was a corridor for a long, long, long ways back in there. We didn't know what it was all about until we got back there. They shared what had taken place years ago. It was just about all you could do to get through with 2 single lines. We took a boat ride 200 feet below the surface of the earth and that was something.

We attended an operetta. The music was so colorful and our people enjoyed it immensely. It was quite an experience getting 56 seats for this because it is usually sold out for the summer. It was delightful.

The next day we went to Rust, Austria where the storks build their nests way high above the homes and the churches. We could see the storks way up there and our people were excited about them. Some of the dear ones were able to get pictures. There are only 15 pair of storks remaining there.

The iron curtain was just a little ways from Rust and they took us out there. We were near the Hungarian border. This was an experience to be that near the border.

We returned to a very quaint place to eat. It was a few hundred years old and it was like an old mill. You had to get your head down low or you would bump into 8x8s or 8x12x. You had to be pretty short to get through places. Son James is not so tall, but he had to watch his head sometimes. They gave us permission to sing in that place. There was a man who played a most unusual instrument...it was called a symball. It was like an open piano on top and had so many strings right close together. We had never seen anything like it before. It was played like a xylophone. The man who played it was so dear. He would smile at us and was so overjoyed when we sang. When we finished singing he was trying to tell me something. I had to have Arnell interpret it. He was saying, "I have played in Vienna, I have played and sung in big choirs, worked in orchestras...but while you were singing, there was something got in my heart and made me so happy." We told Arnell to tell him that this was a people we had found through Jesus with the Holy Spirit helping. He said, "That is it." He was so happy and we had a very wonderful experience in that place.

Our guide took us to a beautiful cemetery in Vienna. My wife is still exclaiming...we have no cemeteries in the United States like it. The beauty of the monuments is beyond words. They were different than any we have ever seen. We had to marvel at the exquisite beauty of the black and gray granite and how they were constructed. We went to the tomb of Beethoven, one of the great musical artists of time, and Brahms, Mozart and various ones who are buried there.

Jon brought a Methodist hymnal and we sang at Beethoven's monument, "Joyful, joyful we adore Thee". He composed the melody about 100 to 200 years ago. It was beautiful how God blessed us there. We wouldn't have wanted to miss that for anything.

Heydan, one of the great composers entertained and played in one of the big homes for one family for 30 years. We passed this big palace. This was especially interesting to my wife because she used to teach the children in our village all about this man. We were able to go to the church which is in honor of Heydan. His organ, the one he used to play, is in this church. The head man permitted us to sing and the acoustics were almost as good as in the Church of Mary and Martha in Bethany. As we sang, the Lord stirred this head man up. He came down to me and was just talking as fast as he could. Arnell said he was saying, "Oh, I am so thankful that you can sing here. I believe Papa Heydan has heard you." He was so thrilled and blessed. It was precious how the Holy Ghost touched him in that place.

A very talented woman took us through the palace in Vienna. This palace was beyond any we have ever seen anywhere. We were in 40 to 44 rooms of the 350 and every room was so beautiful that you would think surely another couldn't be as beautiful. We would go to the next room and say, "How could it ever be?" It was gorgeous, beyond words to tell you. The beauty of the walls and how they built in the china and various things...the pictures and marbles....It was a wonderful sight. This woman, the guide, was very excellent. However, I found she was very discouraged. Tina went to the travel agent and talked to them about her. They told her that the woman was almost at despair of life. She had been hurt and crushed. She told of the war and all she had suffered. She was so crushed that she was almost despairing of life itself. After we found her, she began to be lifted up and up.

When we had our concert on the way back from the Hungarian border, she would look up at the guide in such a way...I wish all in the back could have seen how she looked at him. As our dear ones would sing in Spanish and German (Sandy would sing in German) this lady would look up...When Jenny and Daniel sang, the bus driver tried to clap his hands while going down the road and holding the wheel.

On the third day, this dear lady said to us, "You know I had a tour this morning. I had a group of people but I looked so forward to being with you this afternoon." Perhaps the Lord had us there just for this woman. All the women love her and I know it touched her.

Angela, our guide in Madrid, was loving all our people when we left her. She was even loving the men as well as the girls. She was like our daughter and didn't want to leave us. She was like our Angela, Joyce and Jack's Angela. She looked like her and was her type. She loved us more every day and didn't want to say goodbye. What the Lord did for this girl...We don't know how to tell it.

A few days before leaving Vienna, I felt led of the Lord to talk to Rev. McPhail and Rev. Oliver Hogue and tell them that I felt we should call back to the states and have Jane and Paul send some checks by Ed Cuddle, to New York. One for Geneva Burris for \$300. She had borrowed all the money at the last minute to bring Arnell and Dan, and also \$200 for Arnell and Dan Helbling. This was days before we left Vienna that we called back here...the bill is still to be paid for that call. Ed Cuddle brought the checks and when I gave the one to Geneva, she just looked at me. Dan and Arnell were right there and I gave them theirs. They said, "How did you know that she needed \$300 for a payment on a loan. This is the amount that she needs right now?" I said, "I didn't know, but the Holy Spirit witnessed to me in Vienna to have a check ready for her. Then they told me, "Tomorrow our rent is due in Michigan and we didn't know how we were going to pay it." Now, this ought to make some of you real happy and make you want to walk across the room....That Jesus could tell us of these needs.

The Lord had blessed us very much and we were making ready to leave Vienna. We got up early and had our breakfast and as we entered the bus to leave, the little family was standing out in front....all of them, the two men in the front and the women behind...waving their hands to us, telling us goodbye. It was so touching and it almost brings tears now.

We got to the airport and boarded our plane for Luxembourg. Luxembourg, of course, was different than any place we had ever been. The buildings were a little different, very beautiful, very ornate, artistic and enjoyable. They took us to the Holiday Inn and we had very lovely rooms and ample space. It was not hot. They arranged for us to have a room, right next to the desk, for our group to eat in. Our 56 had a room just like we did in Munich when we had 156 of us.

I talked to the manager, Mr. Linn, and he took me to see some rooms that were available for us to have meetings in. We had one meeting and we had our first piano in Europe. The first piano we had in Europe was there at the Holiday Inn in Luxembourg. The Lord helped and blessed.

Our guide in Luxembourg was about 75 years of age. His wife had died some years ago and he was a very sweet man. The way he spoke was so enjoyable. He took us to a cemetery where 5000 of our boys are buried and also General Patton. His grave is right at the top. As we got off the bus to walk into this cemetery, something happened to our people. When we drew near to Patton's grave we began to sing, "Mine eyes have seen the glory of the coming of the Lord" and the people were crying. We learned that Tina's fiance was buried there. I got to praying and nearly all of our folk were crying or water was in their eyes. People said that it began to hit them when they entered the cemetery. We cannot explain what we felt in the cemetery in Luxembourg where the men who fell in the Battle of the Bulge are.

They took us to a city where they had a cathedral or an abbey affair. We sung in the lower part and then they brought us up into the big auditorium where it seats somewhere between one and four thousand. It was a pretty big place. We sang there and the people gathered in. Helen Dunigan told me yesterday that if many more had come in, it looked like the place would have been full. I was surely surprised when I turned around and saw all the people who had come in.

We went to a place called 'Little Switzerland' there in Luxembourg. It was a very unusual place with rock formations like we had never seen before. Some of our folks, our James, crawled in between the rocks and Rev. McPhail couldn't get through and had to go clear around. It was surprisingly cool in the rocks. I was so surprised when I got up into part of it, just at the edge, I didn't know it was going to be so cool. It was very beautiful.

Our day of departure we were to get up very early in the morning...between 4:30 and 5 o'clock. We had to get our luggage ready and eat breakfast at 6 o'clock. Our men had the luggage carried down and we were in the room to have breakfast at 6 and there was no food. It was written down and the Holiday Inn had all the information, but the ones in charge had forgotten. They made no coffee, no tea and there were no rolls. Here we were at 6 o'clock, 6:15, 6:30 and there was nothing to eat, nothing to drink. After a while they did bring some juice for us.

Mr. Linn arrived there about 25 minutes to 7 and we were to be loaded on the bus by 10 to 7. He said, "You have my apology." Tina was out at the desk trying to pay the bill and we were singing in the breakfast room. We were having a meeting, singing and testifying. The people at the desk said to her, "How can they sing under these circumstances. How can this people be happy when they don't have food and they were supposed to have eaten at 6 o'clock? We forgot the rolls and the coffee, how can they sing in there?" Tina said to them, "I have a happy people." I told her, "It is because of Jesus helping us." You see, if Jesus hadn't been with us, there would have been some murmuring and complaining and maybe some stamping around...but everyone was happy and rejoicing. I told Mr. Linn, "You know, we preach that we are to be very thoughtful, very grateful for what we have.. even though we don't have anything. We are to be happy anyhow." He got a key somehow and got into a room where they had some rolls for another group and brought the rolls to us at the very last minute. He also brought some milk and we were able to have a little food just minutes before we had to leave.

I had been burdened for a few days about our trip from London. I didn't know what my burden was, but when we got to London we found out. The men who handle and transfer luggage had been on strike for days or weeks. When folks came into the airport, they had to carry all their luggage to wherever they were going. To get from Luxair over-to TWA and try to

take all 70 pieces of big luggage plus all the little luggage would be quite an undertaking...and we had only 15 to 20 men who could carry luggage. We had a lot of women who had big luggage and my wife's and mine was terribly heavy.

Tina started to talk to the folks and I saw right away that we were in a problem. Of course, I had run into it a few days before. She kept calling until she finally got one of the personnel from TWA over there and he began to work with her. They got hold of 2 buses somehow and loaded us and our luggage. We had to walk quite a distance (about 200 to 300 feet) to the buses. After we were all loaded, he said, "I am going to try to work it so that I don't have to take you through customs. I am going to try to drive around the airport and load you directly on the plane. You are a good security risk." They did just that. He got the boarding passes and put us on the plane and gave us some of the best seats on the plane. He put us right on the wing. We couldn't have had better seats.

That morning in the testimony meeting, when we were waiting for breakfast, Rev. Daniel Light said, "I want to tell you, God has performed a miracle nearly every turn, every corner and I will not be surprised today at what He does." We boarded that 747 and there was a minister who had been his pastor when he was young, Dr. Emery. He is one of the most beautiful men. I think he was almost as beautiful as any man I have seldom seen of that age. He has one of the most gentle voices. I said, "Oh my Brother, your voice is so sweet." It was almost like Jesus. He was so beautiful, so gentle and sweet. I told him, "It is so beautiful, your spirit."

After we had been on the plane, out of London, 4 to 5 hours, a couple came down the aisle from several rows in back of us. She said to me, "Loran, do you remember us?" I looked up and said, "You are familiar but it has been so long since I saw you." It was Mr. & Mrs. Reason from Shirley, Indiana. She was born in England and came to Shirley after the second world war. They had gone to England to visit her mother who is 83. They were so appreciative and happy to see us. We reviewed her conversion and she told me how my daddy and I were privileged to lead her to Jesus. I told her that it was in August of 1949...26 years ago this month. She said, "You have a good memory. That is right because my baby was just about a year old and that is exactly right. We tried to share with them some of the things God has done and then I said to my people, "Let us sing." We got our 50 together and we sang for them right there in the middle of that plane. The stewardesses came out and people came from around and Dr. Emery and Brother and Sister Reason. They said, "This is wonderful, we are so happy we got to see you."

The Reasons were on this plane times with us, Brother Emery was on the plane...timed. You

see, God was telling me in Vienna, Austria something about the London flight. It was the situation with the luggage and then these two surprises on this plane. Praise the Lord.

The Lord had told me for some days that we would have some assistance on the head winds. Ordinarily we could have had head winds of 150 miles per hour and we would have been delayed by 30 to 90 minutes. But, we made it in about 6 hours and 40 minutes from London to New York City. The Lord protected us and there was hardly any turbulence on this whole journey...on all 8 or 9 flights. Jon and I had more turbulence from Chicago to St. Louis than any of the 10 flights across the Atlantic or any or all the countries we have been at in the last 6 years this December. The flight my wife and I took out of Cleveland to Newark was way, way more turbulent than all of these flights. God told me at the end of the runway that we were going to have trouble and I said to my wife, "Honey, we are in for something." We had a ride in that 737 that took us up and down, but God was merciful and protected us.

I wanted to share something that we had not mentioned concerning the initial flight from Indianapolis to New York. A cold luncheon was served...ham and cheese sandwich...and I was not able to eat the lunch in it's entirety but the Lord operated with me as I began to pray. It was for the man who had processed the bread. He had had a ministerial call for 31 years. The petition that Jesus heard was 'come back to the call'. I continued to eat and the Holy Spirit revealed to me that the person who prepared the sandwich had either a sickness or disease. When I mentioned this to Rev. McPhail, it touched his heart on 'disease' and at that time, it operated on 'cancerous'. We prayed that it be killed and God began to shrivel it up...It began to die. Praise the Lord.

I wanted to share a few notes of dear ones on the trip sharing precious things:

"July 16th, at the airport in New York, the group sang in the conference room before departure to Spain. After the singing, I was in the washroom across the hall from the conference room and I talked to a man whom I believe to be a pilot. He asked if we were a choir and I explained that we were not. I told him we were a group of people from various states and churches. He said we sang better than Mitch Miller's group and that we must be inspired and helped by the Divine power from Heaven. (Joe Paul)

When the group sang at the high altar of the Catholic Church in Toledo, Spain, a lady from England stopped me and asked, "What church group are you and from what city?" I told her, "We are not from any particular denomination. We are a group of people from all over the U.S. who loves Jesus." She was so touched and tears were coming down her precious face. I embraced her and her daughter in the European fashion. Her words were not profound, but

the Holy Spirit definitely dealt with her. The privilege of talking with her was a highlight there in Spain.

(Patty & Joe Paul and John Fogarty)

On the 23rd of July, while we were waiting at the gas station for the hydrofoil, our group was singing a number of songs and Jennie and Daniel sang, in Spanish, "No vivo jo, pero Christo vivo en me." Then Sandy sang "How great Thou art". A native man who could speak English came to us and said that he enjoyed hearing the songs. He said he liked songs about Jesus. We told him we appreciated that and he said he wished we would come back to Morocco and sing.

(Geneva Burris)

We trust that you will keep praying and remember us, because our need is so great. In the coming months it is going to be even greater. Our body is in great need of healing and help. We will be going to St. Louis for the meeting there and then we will be going to another part of the country in just 10 or 15 days after our return home. We trust for the Lord's continued guidance upon your hearts as to how to proceed, to pray for us, and assist us.

Concerning the Waiting on God in Texas:

Rev. Pumphrey has shared that the motels there are getting pretty well filled up and he is going to try to get rooms in a third place. It looks like there is about 150 people already registered from various parts of the United States. This is not counting the people in and around Copperas Cove and Killeen and parts of Texas.

The situation being as it is; the meeting room will hold only 250, the motels are filling up...if you are planning to register, you will want to be pretty sure you are to go. The meeting room could be too crowded. The ones registered also do not include the Revival For Our Day staff. I trust that each of you will be praying and trusting Jesus for His help and guidance.

You might keep in mind that it is possible to fly from Indianapolis to Dallas for \$135 if we have 10 or more people. This is a savings of 60 to 80 dollars because the fare has gone up so much. If you drive, it will take two hard days of driving which would mean a motel and then the food and the gasoline....this would cost about \$200 for a car with 3 to 4 people one way.

If we were able to get a round trip to Dallas for \$135 and then get a little plane from Dallas to Killeen, which would be \$50 round trip, this would be \$185....if we were to drive we couldn't do it for this amount.

We may consider this and trust Jesus, for I don't know whether or not there would be 10 people wanting to fly from Indianapolis.

I believe, the Lord protecting me, that I will be flying. Driving four days would take so much strength and my body is not too well.

James, Jon and John McAdams will probably be driving as they will be able to take turns driving and resting and the car will be air conditioned. We will be trusting Jesus for His help and guidance.

We appreciate the privilege of sharing with you what Jesus has been doing. By faith we are trusting what He will do, through the guidance of the Holy Spirit, for the Kingdom of God to come and work the works of God while it is day, because the night is coming when men cannot work. Only the work of the Holy Spirit and the mercies of God can spare us and save us through the infinite, extended mercies of Almighty God, Jesus Christ, and the Holy Ghost.

By God's grace, we will be trusting and obeying for this is all we know to do. This requires denying ourselves to do God's will, not trying to seek after things and manifestations, but seek first the Kingdom of God for Jesus' glory.

We are very appreciative of all that has been done for us in getting the letters out; the printing of the letters, the typing of all of this and for the dear ones, here in this locality, who have stuffed the letters and have gotten them out to the people. Sister Wagner has been typing these letters for us now for some months and Harmony Press has been printing them. We are so grateful to all of those (we cannot attempt to name each one because we could forget one and it could cause hurt) who have assisted the Wagners, Jane Langdon, and Rev. Hill, who are persons of responsibility in this fellowship. We thank Jesus for each one.

In Jesus Name we have written to you and for the glory of the Lord we have shared these things.

In His holy service and for His sake,

Loran W. Helm

.....  
Dear Ones,

We felt we needed to share with you that the financial need is great. We want to urge you to pray much for this need, asking Jesus to help you to know what He wants you to do. It is wonderful how God directs to help those who are in need, but His treasury is low.

Rev. Helm has not mentioned this, and he did not ask me to. I felt that Jesus would have me bring this to your attention for prayer.

Thank you so much for all of your support and your help, your prayers and concern.

Dear Ones in Jesus the Christ,

We just came from Michigan yesterday where we closed a meeting with Rev. McPhail. The Holy Spirit was very faithful as always, very precious. The blessing of the Lord was in evidence and a number of persons were encouraged. Some were helped in many ways in their souls; there were some spiritual victories, some were healed, some sought the Lord, some were reclaimed, some were cleansed and renewed.

The Lord's blessings were precious last Tuesday evening as we were led by the Holy Spirit to preach on trusting. "...Trust in the Lord with all thine heart and lean not unto thine own understanding. In all thy ways acknowledge him and he shall direct thy paths." (Proverbs 3:5-6)

The Holy Spirit gave me help in the presentation of trusting. Trusting is a child-like faith waiting upon God for the leadership and witness of the Holy Spirit, for His direction and for His will to be made plain. Trusting is prayer and praise. So, we had a precious time on Tuesday, Wednesday, Thursday, Friday, Saturday and Sunday in messages that centered about trusting. For, unless we are willing to trust the Lord and let Him have His way with us, by the way of inner denial and obedience, He is not able to trust us or His people. His people must be, by God's grace, a trustworthy people, a people that trust Him to the place where He can trust us to do His will and plan and purpose, giving Him all the glory and all the honor and all the praise----not seeking anything whatsoever for the organizations or denominations or the persons involved.

The Lord was very precious to us in a number of ways. Some folk were there from Chicago and they were telling me this morning they wished they would have been able to attend all the meetings--not just the last three. We had precious ones there from Virginia, West Virginia, Indiana, Oregon and Missouri. I cannot recall all the states that were represented but a number of precious persons were seeking to wait upon the Lord.

One evening after the pastor's sister, Karen Culver, had sung, she mentioned how great God's power was working in her...she was amazed at the way the Holy Spirit was working within her heart and body as the song was presented. Some services later, we were rejoicing after a song had been sung, the Holy Spirit revealed to me to pray instantly for back trouble. We cried to the Father in the Name of Jesus of Nazareth that they be whole in the back. When I looked, the pastor's sister, Karen, had her hand up in the air and she said, "Oh, I felt that, Brother." She was weeping. I wasn't aware that she had had all this pain and suffering for 11 years. She had undergone surgery

which was quite serious because the spinal column was just almost apart. I think it was just together by a breadth of a hair at the very base of the body. The surgeons had to go into the legs and take out parts of the bone to put it in this part of her back. It was a very delicate operation because if it was just a shade off, just a hair, she would have died. Everything had to be just exactly right. In fact, her sister who is an RN was watching the operation and the doctors asked her to leave the operating room because they were afraid she might die on the operating table. She lost 4 or 5 pints of blood during the surgery. By God's grace, she was restored and healed, but for 11 years she had suffered every day or had been in anxieties. She had not felt well all the days of 11 years except 4 days when the Lord touched her body.

Karen said, night before last, as she testified that if anybody would as much as touch the chair she was on...just a little bit...it would cause her misery, distress, or maybe a slight bit of pain and hurt. But Jesus so touched her back that when her little niece who was sitting back of her night before last in the service, would kick the chair every once in a while, it did not bother her...it did not even irritate her nervous system. This was a wonderful testimony for Jesus of what God had done.

He healed other bodies as well, for His glory and honor. Persons were encouraged to obey and to deny ourselves and to submit and follow faithfully God's information and instruction. Praise the Lord. Unto God be praise and glory for all He did there in that meeting.

One of the precious young women was at the altar Sunday night during the altar service and the time of waiting upon the Lord and God gave her precious help in her soul and victory in her heart. She made the statement that she felt the message was preached just for her. She enjoyed it and was very benefited by it. This, of course, was very encouraging to the servant presenting the message. We were trying to say, "Thank you Jesus" and we want to praise Him now for it. We want to praise Him for all that He did and how He worked there helping all of us.....James, Jon, Mrs. Helm and me and the services.

The "WAITING ON GOD" in Texas, October 29th...

All that are anticipating flying need to make arrangements for their flights from Indianapolis to Killeen. As far as I know, the flight will be \$185, with a group of 10 persons, round trip. If you are thinking or meditating about flying, you should call Miss Tina Brazil, Passports International, Indianapolis, to make arrangements to be in this group rate. The number is 257-1258. If you do not plan to go with the group, it will cost you quite a bit more. In driving an automobile from

from this area, it would take between 4 and 5 days round trip and would require a lot of strength going and coming. If a person were to drive straight through, they would be so worn out that it would be difficult for them to enjoy the services. Also, driving would involve motel bills, meals, gas and car expense. If you are considering flying, we would be happy for you to call Miss Brazil to make arrangements.

All the precious ones who have sent in reservations to the Wagners and to Rev. Pumphrey....if you have told Rev. Pumphrey to secure a room for you at one of the motels and your plans change, PLEASE contact Rev. Pumphrey at least 6 to 7 days prior to the date of your reservation to have him cancel for you.

By reserving rooms this far in advance, which we must do, the motel people are turning away other folk that want to rent the rooms for that time....ordinarily 97% of the rooms are rented every night. So, if you are planning to go and you have made room reservations, but you are not real sure by 7 days prior to the "Waiting on God" PLEASE call Rev. Pumphrey so he can cancel the room reservation.

If any of our people would fail to cancel and then on the last day would say they could not be there, this would mean that the motel people would lose a lot of money because people had planned to go (had made room reservations) and at the last minute gave it up. There would have been many people who had endeavored to rent the rooms and had been turned away because the motel thought the rooms were rented by our people -----and the motel would lose quite a lot of money.

If 5 or 10 of our people, on the last day, would suddenly say they could not go to the "Waiting" and the motel was holding rooms for them .....we would have a problem..... The motel would lose quite a bit of money and by the time we would be arriving, they would be quite disappointed. It would make a very difficult situation on us if our people would cancel at the last minute and the motel didn't have opportunity to rent the rooms and save themselves from losing a sizable amount of money. IF OUR PEOPLE FAIL TO CANCEL ON TIME, IT WILL BE RATHER DIFFICULT ON US. So, it is important that we know, by God's grace, that there is ample provision to go and that all things are well. Of course, if it would be due to sickness it would be different. We trust there would not be many who would have to cancel because of sickness.

Many of our fellowship would not realize what it would entail and cost, so far as the disappointment of the management of these motels, concerning our group and our fellowship. We must think of this in advance.

We trust you will cooperate with us and if you are not real sure that you can attend by 7 days prior to the meeting please call Rev. Pumphrey and cancel your reservations so the management will have ample time to rent the rooms and they will not lose \$15 to \$20 per room for the evening. If the motel management were to lose 5 to 10 rooms, it would be a sizable amount and would be involving a problem. So, we appreciate your consideration and your prayerfulness and your interest to help us on this item.

We are thankful to all of you for your help and your prayers as we are trusting for these days ahead of us. We are so thankful to God for His mercy to send the Holy Spirit and let the Holy Ghost work and lead and direct. Without the Holy Ghost leading and directing the services are empty and our lives are without peace. When God leads, it is so encouraging and restful...it is so beneficial and blessed. Unto the Lord be the honor and the glory for the sweet wonderful work and uplift of God's presence in Jesus Christ, the work of the Holy Ghost.

We are thankful to the Lord Jesus for all past victories and help and deliverance, for healing and provision, protection and this glorious fellowship of God's people together in His love, the witness of the Holy Spirit, His abiding and Jesus leading and directing.

We are thankful to each one who is making it possible to get this letter out as well as the previous letters. Thankful for the Wagners and their work and all those who have assisted them, thankful for the Langdons and the Hills and how the Lord has helped all of us together. Thankful for James and Jon to assist us and as we are thinking of these dear ones, we want to bring to our attention that in the near future Mr. & Mrs. John McAdams will be moving to this locality. We will be taking on, by God's grace, this precious step of faith--- this precious brother to help us in our work. We trust he will be encouraged, he and his wife and children among us, and the Holy Ghost's blessing will be in evidence because of Jesus' love and help and direction in God. I know you will be very interested in prayer and waiting before the Lord for His intervening and undertaking for this precious family coming to us, for their being protected as they travel in bringing their furniture and coming into this community to labor, to assist us in this way.

Thank you again for your fellowship and for your help through Jesus Christ our Lord.

Sincerely yours,

Loran W. Helm

A personal letter from Jon Cullum, now employed in writing Rev. Helm's pilgrimage:

Dear Ones in Christ Jesus,

I'm unable to convey in a few words the high privilege and deep satisfaction I have enjoyed since beginning work on the manuscript of Rev. Helm's pilgrimage, to be entitled "A Walk with God."

In the last months we have culled many wonderful experiences from the numberless precious guidances and directions of the Holy Spirit through His servant over the years.

These experiences have been gleaned from numerous tapes of past revival services and the sharings of individuals. I must tell you that the Holy Spirit is so much within these tape recordings that I often laugh while I am transcribing them—laugh with a joy similar to that when I was first converted; or I weep at the sacredness of God's sweet love to His children. Sometimes I just lift my hands and praise the Lord for His great faithfulness. Jesus is truly continuing to work through the retelling of His guidances and directions in years past.

I believe that this is how the Holy Spirit can anoint the individual passages of the completed book, "A Walk with God." In fact, He has witnessed to men of God that a very great number of people will be drawn to Himself while they read the pages of this pilgrimage. Some will be healed; others will be greatly encouraged; and still others called back from straying to a humble, consistent walk with Jesus. Isn't that precious?

My, how I wish each one of you could be with me as I edit tapes of services and sense again the same sweet power of Jesus radiate from that tape recorder! I'm certain that this happens only because God's servant has been obedient at every small point in his life to the leadings of the Holy Spirit. And because Jesus Himself was ordaining and directing that original service, the power of God operates again through the tape recorder! I regret that each one of you can't share in this particular privilege along with me. I know that you would be thrilled and lifted in your heart.

However, I also have another regret—I do not have a record of what God has done through His servant for you. While traveling with Rev. and Mrs. Helm in revival services these past two and a half years, it has been my high honor to see God work miracle after miracle to dear ones in the congregations. Bodies have been healed at the direction of the Holy Spirit. Those healed often were not seeking healing; but Jesus knew the need and simply revealed it to His servant in order to give all glory to God. It has been marvelous how He has revealed! Because of His sacred guidance burdens have been lifted; hearts have been transformed; lives have been rearranged for Christ; tragedy and death have been averted—all because of the leadership of the Holy Spirit through a faithful servant.

I WOULD LIKE TO KNOW YOUR STORY. How has God touched your life through His servant, Rev. Loran Helm? Since you are receiving his

monthly letter I am certain that at one time, and perhaps more than once, you have experienced the wonderful touch of God upon your life through His servant in some specific, memorable way. This precious touch to you or to a loved one is probably why you first requested to be placed on Rev. Helm's mailing list. Isn't it amazing how Jesus works often in seemingly small, insignificant ways?... But what He does is always monumental and refreshing and redemptive. Praise the Lord.

I would like to have your testimony of how God worked in your life through Rev. Helm as a possible section for the book, "A Walk with God." We have only a small idea of what is to be included in the final draft, and we are trusting the Holy Spirit to select and finalize all materials. We know that there will not be space to include all guidances and revelations and answers to prayer, even though we would want to do so ourselves. We believe also that we should seldom include personal names in the testimonies. Instead, initials will be used more often than not in order to give all glory to Jesus and not draw attention to individuals.

But each one of you is so very precious; and what God has done for you is a Divine gift, in which many can share. We want to hear of the way God worked through Rev. Helm to you only to encourage all peoples that God can and wants to operate through human vessels, if those persons are wholly yielded, hide lowly at the foot of the cross, and seek only to do God's will. This book is being compiled only because the Holy Spirit has revealed it, and only to completely and in every paragraph glorify God and exalt Jesus.

"But nobody's interested in my little story," I can hear some of you say. "Besides, I can't write well and I'm a terrible speller." Believe me, I know exactly how you feel, dear ones. If I were writing this letter by hand, scarcely any of you could make it out, my handwriting is so poor.

However, I know that if you earnestly pray, "Jesus, help me...anoint me in sharing what you've done for me. Help me to exalt your Name, for I'm nothing and you are Everything." --God will send help abundantly. Please don't worry about grammatical structure or spelling. If you cannot type or write your experience, perhaps you could record it on tape for us to transcribe. Either the cassette tape or the reel tape will be fine.

Most important, time is so very short. Jesus has witnessed that this book should have been compiled several years ago. I will need your sharing very, very soon so that I can try to arrange and select those experiences to be included in the completed manuscript. It will take Jesus to help in every detail, for Satan opposes this project at every turn. So don't become discouraged if it seems difficult to recall how God worked through Rev. Helm in your life.

PLEASE TAKE NOTICE!--The devil will rage to

(sye)

to make you indifferent to this request for your testimony in proportion to its importance in the book! If you are unimpressed by the seriousness of this book and the significance of your testimony in it, please know that this is Satan trying to rob you of a rich reward and deny God's people of a deep blessing.

There are only two Voices speaking to you-- the one trying to deceive you, the Other desiring to lead you to the very best. Jesus would never make you indifferent or unimpressed to share what God has done for you. Since Satan fights only that which the Holy Spirit is in, the more your mind is darkened to recall how God worked in your life, the more your testimony will probably be used to lift God's people and touch the hearts of sinners.

I know that it may be difficult to find time to write this personal testimony, but please press in the Spirit to complete it. I believe your testimony will reach more people than you would think possible. It is encouraging to know that the harder the battle, the greater the victory. Praise the Lord!

May I suggest that, as you write, you include all the little details that you can remember? Sometimes it is a specific word spoken in prayer that exactly fitted the need at hand. Often it is the exact revelation of sickness or spiritual problem that made God's inter-

vention in your life so miraculous. On other occasions it is what God has been able to do since He first touched you that is equally thrilling and uplifting.

We want simply to tell what Jesus did, just as He did it. Nothing could be more exciting to the hungry heart than that. We want to add nothing to what He has done, nor do we want to omit anything.

Thank you for your kindness in talking with me these few moments. I truly look forward to hearing from each one of you (and it will take the Holy Spirit to let you know how deeply I really mean that). Please send your praise-filled sharing real soon, won't you? Some have already sent their testimonies, and I wish to thank you for this.

But it would help so much to have every testimony to me by the first of March. I know that March 1st will come very swiftly, but I believe that it can be done for His glory.

Please send all materials to:

Jon Cullum, Room 102, Box 311, Elkhart, Indiana 46345

Above all, please don't become discouraged. Just write or record a little at a time. Perhaps you could even sit down right now or this evening and make a few notes about your experiences with Rev. Helm, so that you can get started right away.

In the meantime, will you please remember me in prayer as the Lord helps you? I am a very limited and needy servant...this assignment is serious...I need your prayers.

Thank you again.

Your brother in Jesus,

Jon Cullum

Dear Ones in Jesus our Lord Greetings  
In the Kingdom of God,

We are so thankful for the guidance of the Holy Spirit and for Jesus' love that abounds in the heart that is yielded to God in Jesus our Christ, the Son of God. We are so thankful that the Lord is able to do exceeding abundantly more than we could ask or think according to the power that worketh in us. He who has caused the lines to fall to us in pleasant places, who has led us into green pastures beside still waters, who has brought us from the darkness into a marvelous light, set our feet upon a rock, on this rock will He build His church and the gates of hell shall not prevail against it, for the revelation that Jesus is the Christ, the Son of the Living God, that flesh and blood has not revealed this...but the Father in Heaven.

Some time ago I was in meditation and the Holy Spirit operated in my heart concerning Israel. So, I said, "How soon will I be going back to Israel?" The Lord revealed to me that we are going to return this January---not in November or December or February or March but in January. The Lord helping us we are going. We will not be going the 3rd, but the 5th of January and returning the 15th. As I shared with Roger, Dick Moore and with Br. Bill McPhail that the Lord would have us go the 5th, the Holy Spirit revealed to me, "I will guide thee by the Holy Spirit, I will lead and direct thee and tell you what to do," also, "help from God, in Jesus, is coming to assist us and to help us."

Praise His wonderful Name for all the ways God works to deliver His children, to guide them and to help them. We are so utterly nothing but He is so altogether everything. The Lord being our Protector, our Healer, our Guide and the altogether Lovely One to direct us, we will be going to Israel and then to Paris, France. The Lord be praised for guidance, direction and the protection of God in the Holy Spirit as Jesus would help us and so lead us. We have not quite three months now before we are to make our departure from New York City.

When I called Tina concerning the journey she said, "Oh, Rev. Helm I am excited! I am excited!" After a few seconds to a minute she said, "I have the goose bumps."

Loran W. Helm  
Parker City, In. 47368  
October 6, 1975

I said, "Well, the Lord is touching you, the Holy Spirit is touching you, you are being moved," and she said, "yes."

Tina had been telling me the last few months "Rev. Helm, you and the people of the Lord that God has given you are not going just to see things, but you are going as witnesses." I said, "Witnesses for Christ," She said, "Yes. I have watched them look for you at restaurants and various places. I don't know when you are going, but I know you are going and you will be going as a witness." We did thank the Lord for this indeed.

I asked Tina, "What would the tourist rate be for a round trip ticket for one person from New York to Tel Aviv?" She looked at her records and it was \$1194 just for the plane fare. But, the Lord helping her to arrange the trip, we can go and return for \$1000. This would, of course, include all the flights for 10 days, hotels for 9 days, food for 10 days, bus, driver and guides for 9 days. So this is quite an experience, the Lord helping.

We are trusting for each one that is able to get the finance to go with us. We believe since God is leading us to go, each one that can arrange the finance can go unless we get a definite check on it. If we get a definite check then, of course, the Lord has other plans.

Rev. Daniel Light told how difficult it was for him last March when he saw his mother, father, his precious wife and dear sister fly away with us. He wanted to go very much but God revealed to me, by the witness of the Holy Spirit, that he was not to go---he was to stay here and be at the church. I didn't know at the time that he had a revival scheduled at his wife's home church where he had been a few times in revival. He told us in Madrid, Spain that he went to this church to hold revival after we had departed and the Lord gave him the most wonderful revival he had ever had. It was so marvelous how God gave wonderful victories--precious victories. Then the Lord revealing to him, he could see plainly that the revelation Jesus gave me for him not to go was so precious and so right. But, this time Rev. Daniel

Light said, "Do you think that Genny and I could go?" I said, "I surely would not want to go without you. It would be quite a regret to go without you."

If any of you should get word that you can go, get in touch with us or some of the dear ones and we will pray. We are trusting for others. I very much trust for Sandra and Karen to go with us. Also, it is our desire to take James and Jon but we don't know just how it can be worked out...it will only be through the Lord helping, making a way and providing.

Thank you for praying about all of this and for good and excellent take-offs, landings, and flights without turbulence. Also, pray for certain flights we will be experiencing in the month ahead.

Speaking now about the WAITING in TEXAS. We are trusting for Jesus' direction and the revelation of the Holy Spirit as we enter the room, for only through Jesus, through the leadership of the Holy Spirit will we know what to do. We will thank Him for guidance and for each victory, for each help and assistance. We trust that Jesus will be exalted, that each service will be Christ centered and Holy Spirit inspired and led.

We are trusting especially for our churches and ministers to be revived and our laity to come afire in Christ for God. Our great burden, as you already know, is that all ministers and all laity---that we all---will deny ourselves and not do what we want to do, but let the Holy Spirit witness to us what we are to do and that we will carry our cross and obey the Lord continually...not occasionally but continually. Unless we do this, we will grieve the Holy Spirit and oh, we want to be faithful. We desire, by His grace, and by His wisdom and knowledge and assistance to be faithful and true to what God, in Christ, would direct in His Word and by the witness of the Holy Spirit; that we shall be true sons and daughters of God, not seeking after things or seeking after prestige, not seeking manifestations or gifts but seeking first the Kingdom of God and Jesus Christ and His righteousness for His glory and honor and for souls and especially for revival in the church so that souls when they are saved will become patterns of Jesus and not patterns after self-assertive lives.

The group rate from Indianapolis to Killeen Texas will save each one in this area so much money. If you are interested you might contact Tina Brazil, Passports International, Indianapolis, Indiana or our secretary, Mr. John McAdams, Parker City, Indiana. His telephone number is:

Area 317-468-6384

Mr. McAdams is beginning now to take over, to assist and assume responsibilities which Mr. & Mrs. Kenneth Wagner have handled so marvelously these past many months. They will be working together as the Lord directs.

Mr. & Mrs. McAdams have come as of today, October 6, 1975. As I say this, there is an operation of the Holy Spirit in my heart. They are coming to this little farm home from their beautiful, little, georgous home in Englewood, Ohio...they are coming so happy and so delighted. It has been a real joy to see their enthusiasm and appreciation to God for all He has done and all He is doing. To God be the glory through Jesus Christ our Lord. We welcome them and trust for God's guidance and direction as they assume together this great responsibility in the Kingdom of our Lord Jesus Christ, the Kingdom of God...and trust that God's will will be done on earth as it is in heaven.

We are so grateful for the work of the Holy Spirit which we need so desperately now in our land. We need God to come, by the Holy Spirit, to bring us back into holy order for there is a tremendous tendency of society to swing clear out and there is a certain type of living which is frightening to me. We must come back to wholesomeness, righteous living and purity. We must come back to what God has set up in Holy Scriptures in order for society to endure. We cannot violate these holy laws without being broken as a people. So we are trusting for a mighty awakening to bring us to Jesus, to bring us to Christ, to holiness and to righteousness. The need is greater than perhaps any of us are able to comprehend and fathom and understand.

Just a reminder....If you are not able to go to the Waiting and you have made reservations, please be sure and cancel them a few days in advance. We do not want the motels to lose money because of any of us. Thank you for being punctual and for cooperating in this matter.

Recently we were privileged to hold a revival meeting in a church 38 to 40 miles from our home. Some eight or nine years ago I was there the first time and then back again seven to eight years ago. We had not heretofore known the young pastor and his wife, nor had any of our dear ones. They were so gracious and appreciative of the services and were most kind to our son-in-laws, James and Jon, and my wife and me. The Lord was so dear in the services. The pastor and his wife were just lifted and blessed and they grew and were most appreciative. The last night of the meeting the pastor said to the people that he felt this week of revival was one of the greatest weeks of his life, of his experience. Unto God, for Jesus' glory and honor, this was said in thanks to the Lord's Holy Spirit for directing and taking care. It was so wonderful.

God helped James and Jon in singing, giving poems and praying. He helped my wife at the piano and helped the precious ones who came in to assist. These dear friends that came in were such a help and they made up most of the congregation every service except Sunday morning. Our dear ones were very, very helpful in this and I want to commend them and thank each of them for their contributions of prayer and giving their attention and help and sharing in other ways. We are very grateful for all of it. Thank you very much.

The tapes of the June 'Waiting' have been very difficult to do. Son Jon hasn't been too well at times and the work that he has been doing...if you would hear his story, it would be quite revealing. The enemy has worked so hard to try to stop the recording of these tapes. It has been a very difficult order, but the fact that it has been most difficult is evidence, I am sure, that they will be a blessing when they are completed and accessible to you. We are trusting that in not too long a time they will be completed for the glory of the Lord. Praise the Lord.

I would like to bring a past experience to your attention. I am referring to our trip abroad in July. You remember the letter which stated how God marvelously and miraculously cooled everything off for us just before our arrival in various places in

Europe. While we were in Muskegon in revival some time ago, I learned that the pastor, Rev. McPhail, and his sister, Karen Culver, while on the trip, went to the beach (keep in mind that the air was so cold at our hotel that we had to wear a coat or a covering of some kind. I would guess it was 69 to 71 degrees.) Karen shared with quite a number of us there in Muskegon that she thought sure as she walked across the sand that she would blister her feet. Rev. McPhail said, "This is the truth." The sand was so extremely hot. This brought the awareness to my mind that God had just brought the cool air in a little while before we arrived. The sun had to be desperately hot to heat the sand to that extent. I didn't know that the sand was that hot.

I wanted to bring this to your attention for it made me marvel even more, though we were already giving thanks and praise to God, how the Lord could have cooled it off. I felt sure you would want me to share this for the glory of the Lord.

This next journey to Israel and to Europe we are trusting God to bring sweetness, glory, blessedness, safety, flights without turbulence, and the health of our group to be good. Only God could give us a better pilgrimage than the last three. We are trusting Him for His undertaking and we will give Him the praise and the thanksgiving. Now as I say this to you, as I speak and pray, He operates with me--revealing to me, "I lead thee through the Holy Spirit." Unto God be the praise for Jesus, the gift of His love and the Holy Ghost.

I wanted to say, "Thank you" to Mr. & Mrs. Kenneth Wagner for the work they have done, to Mrs. Wagner for her devoted work in typing, getting the letters ready and also to all who have assisted her. A few persons have assisted her in getting the letters out. If I were to try to name them, I would maybe miss one and I wouldn't want to omit any of them for they were all cooperative and helpful. We are thankful to each one. We are so grateful to our treasurer and assistant, for all that you have done. Also, to Jon and James for helping us in our day to day, hour to hour, moment to moment work. I am giving thanks to Jesus for my wife and

what she has meant to me in my ministry in the Lord for going on 42 years. I am very much indebted to God for all He has given me and my family; for brothers and sisters, sons and daughters Jesus has given, for His precious love, His precious blood, the work of the Holy Spirit. Thank you for helping us.

Our responsibility is so great and we know that the Lord is able to continue as he sees best. We want to thank Him for everything He has provided and made way for us in every way and every area. I am in debt to Jesus, to God for the work of the Holy Spirit in taking care of all the need and all situations and things we are confronted with day

to day, for helping us in the responsibilities of helping the needy and those who are so dependent upon the Lord helping them to live. We do thank Jesus for all of this... ....every bit.

We thank each of you who have had a part in all of this. There are probably one to two hundred people or more that have made this their burden and concern. We are trusting for the Holy Spirit to intervene and undertake and we are thanking Him for all the scores who have helped us.

In Jesus and for His Glory,  
Loran W. Helm

### THE WAITING ON GOD TAPES ARE NOW PREPARED!

Thank you for your patience with us these many weeks since the Waiting on God in Indianapolis June 22-25. We have been privileged to enjoy a number of sacred assignments with Brother and Sister Helm since then and unable to immediately edit the series of cassettes.

The Waiting on God cassettes are now in the process of being duplicated, and the Lord helping and protecting, should be available for you very soon after we receive your order.

I cannot tell you how important I believe this series of tapes to be. The more I worked to edit them, the more excited I became! The Spirit of Jesus is so marvelous within each of the sessions, and the guidances of the Holy Spirit are so startling in their demonstration of God's gracious love to each single person.

If you have never had the privilege of attending a Waiting on God, I sincerely urge you to order Cassette #12 at least, for it includes one of the most significant exhortations by Rev. Helm that I believe I have ever heard come from his lips.

The recording is much clearer than on the September cassettes, and therefore much easier to understand. I believe you will find the review of these tapes in your daily time of Waiting on God will greatly strengthen and instruct your heart to truly walk with God.

The Index of each tape and Order Form, along with a mailing envelope for Evangel Voice Publications, is enclosed for your convenience.

Dearly Beloved of the Lord Jesus Christ,

Greetings in the Holy Ghost, the Kingdom of God of which there is no end. Unto God be glory through our Lord and Saviour, Jesus Christ. For by His precious blood, that He spilt on the cross, have we been saved and cleansed and delivered and protected.

I was called out of the service last night, to the telephone, to pray with a person we had never seen or known before. She was in need. She said, "I can't get saved. It won't work for me." I said, "Oh yes, I believe that it will, the Lord helping." We spent some 20 to 25 minutes with her sharing of the Kingdom of God and how we find Christ as Saviour. We gave her scriptures and she followed me in a prayer of repentance. There was quite a change in this person from the time we began speaking until we closed the conversation. She was very appreciative and very grateful for us taking time and for the Lord helping us with her. I told her it was a privilege to pray with her. The need was very, very great. She wanted wisdom to know how to teach her children to be delivered from smoking. So, this was an experience in just the last (less than) twelve hours.

May I speak to you concerning the 'Waiting upon God', as Jesus led, in Texas. The Lord was very wonderful, indeed, and directed and protected us. There were ten sessions during the five days. We had morning sessions, our lunch, and then in the afternoon, the group was divided into prayer groups. The men in so many groups and the women in so many groups. They would pray as the Lord would guide them, bringing praise and supplications to Jesus for one to two hours. We then had a period of rest before the evening session.

Thomas Harman told me that Brother and Sister Ernest Rhoades came back from the Waiting upon God rejoicing. Ernest took his father and mother, who are older people, all this distance (12 or 13 hundred miles one way) to this Waiting. Brother Sam Rhoades stood and in his beautiful way and beautiful voice said, "You know, I never knew that I would get to see a group of believers lift their hands and lift their faces toward heaven and praise the Lord like this in a meeting. I thought I would die and go to Heaven before I would be privileged to see it." He was rejoicing and was so blessed. The Rhoades were quite appreciative of the 'Waiting upon God'.

Rev. William Campbell said that he thought it was one of the best Waitings that we had had or that he had attended. Ione Lloyd thought it was one of the better ones because of Jesus' presence and God's guidance. The meeting was very precious indeed, the meals were excellent and the hotel people were gracious. One of the hotel men that looked after the room and worked with our men, James, Jon and Brother McAdams, told

"We have never had a group here like you before." They were very gracious and appreciative of the Lord's work among us.

I wanted to share of a meeting we were in in one of the southeastern states approximately 3 weeks ago. Jesus gave such presence of His love and Spirit. The families that were with us, at the table, said it was remarkable. They all agreed that it was so precious. One dear brother didn't really want to come but he said it was one of the best times he had had. The Lord was so dear. His gracious presence reached into the heights and depths of wonderful things of His holy presence and grace. This was a real delight. A pastor who was with us said, "Oh, Brother Helm, I need this tonight. I needed this fellowship and this presence of the Lord with us."

The meeting in Oklahoma was blessed with Jesus. During our breakfast Saturday morning, as we were ready for departure, Brother Leonard Lauener, a leading layman and one of the main men who helped to build the church there (a beautiful, beautiful memorial to God and Jesus Christ) said, "Well, I believe, in my 23 years in the church, this is one of the best meetings." In my heart I was saying, "Oh Lord, it was because of God's grace and leadership of the Holy Spirit to exalt Jesus and the Kingdom of God in giving hearts victory in their soul and cleansing in their hearts, healing in their bodies and God's visitation."

We were very, very appreciative of all our visitors coming in from various parts to wait there upon God with us. May Jesus be praised.

Before we left for home, by plane, I called Rev. & Mrs. Rouintree to meet them in St. Louis but while we were there in Tulsa, before our departure, Rev. Ryan and his family and a number of precious ones were with us to share and to love us before we departed on our journey. It was so dear. We didn't want to leave them even though we had been with them a few days. We just didn't want to go...we wanted, of course, to come home, but it was such a drawing with them and an appreciative time in our hearts together in Jesus.

I wanted to share too that in addition to the evening meetings in Oilton, we were also in little fellowship meetings in a restaurant there close to Oilton. One day we were in a meeting for 4 hours. A minister had come about 40 to 50 miles to be with us, who had heard of us. We shared with him and his wife and some parishioners of Rev. Ryan, Bro. Gary Key and his wife. They were so appreciative of it. Sr. Key said it was one of the best times at the table or a meal she had ever experienced. But, the next day it was still better because of Jesus' presence and the guidance of the Holy Ghost. It was so marvelous how the Lord worked in the meeting.

It was marvelous how God revealed, at the Texas meeting, that Tony Huff, who had

come with Rev. Ryan, should come to the pulpit in one of the sessions. As he came, I loved him and he said to me, "I knew you were going to call on me." Though he had no desire to ever be in a pulpit, he could tell in his heart that I was going to call him because Jesus had revealed it to me. In a later session, I called on him either for prayer or for testimony and he said, "I knew in my heart that you were going to call on me."

They returned from the Texas 'Waiting' to be in their home church for the Sunday services and on Saturday night he was so moved that he just walked the floor of his home---God was operating with him. On Sunday morning he said to the pastor, Rev. Ryan, "I have something on my heart. I believe I must share." He was under the anointing for about 20 minutes. His wife declared that it was just most precious. She said, "It was my husband and yet it wasn't." The Holy Spirit was anointing him to share how the Lord had led us to him. He shared with the church how, as a sinner, he drove from Virginia to Oilton, Oklahoma to take his wife to the revival. She had wanted to go so much. She later related to me that he didn't want to go to church. He hated church. To be in a church service one hour just wore him out. One night, years ago, he came up into the pulpit and said, "I am a sinner. Brother Helm, I am a sinner. I have been in this church service for over 3 hours and ordinarily I couldn't stand to be in church, but I have been here for over 3 hours." and he just walked back down.

After this, he went to Viet Nam and God delivered him miraculously. He came home just in time for another revival and he began with God, with the Lord Jesus.

He shared different things during that 20 minutes while under the anointing last Sunday, a week ago yesterday. He was under such anointing that one of the older women said, "I tell you I enjoyed how the Lord worked through Tony Huff." God inspired her and others too. It was so precious when Rev. Ryan was sharing this with me a week ago today. It witnessed to me. The Holy Spirit witnessed and blessed me. As the pastor, Rev. Ryan, shared with me about Bob Frits, who works on the Alaskan pipe line, how he had found Jesus Christ just one week after his wife was converted (9 or 10 weeks ago), I was blessed. Brother Frits had to return to Alaska one week after he was saved and one of the men and the pastor gave him "A Voice in The Wilderness." He read it there in the north and wrote back to his wife how Jesus took this book and blessed him, encouraged him, informed him and gave him guidance, direction and instruction. Oh, it was such a blessing when Rev. Ryan shared this with me. The Holy Ghost worked and operated with me as he declared what this dear brother had experienced in Jesus....how God was working in this writing, giving him that which he needed. This dear brother flew in to be with us last Thursday. It was so precious, so wonderful. He was

shining like a light. It reminded me a little of Ralph Shively and Otis Wells. His face was just shining with the love of Jesus, his eyes full of water and he was moved by our heavenly Father. Jesus was to be exalted as the Holy Spirit worked with him.

I was privileged to share with Brother Frits at the table for about 2 hours and a little more and he said that it seemed to him it was just 15 minutes...because of God's presence and love. It was wonderful how God worked there, how he directed. We want to give Jesus the glory and the honor for all these experiences in the Saviour.

We are anticipating, by God's grace, protection, and healing, to leave the United States, from John F. Kennedy, for the Holy Land on January 5th. We will return January 15th by way of Paris, France where we will spend a couple days---God protecting, healing, helping us, taking care of us, giving us safe, good to excellent take-offs and landings and flights without turbulence.

This trip will be \$1000 from New York to Tel Aviv for 10 days. Of course, the flights from Indianapolis to New York or from whatever city you may be leaving from, will be additional. Now, if a person in New York, today, were to purchase a ticket just to go by plane to Tel Aviv and back again....just a ticket for the flight over and back....it would be \$1194. However, through our travel agent and her taking care of the arrangements she can have a bus for us for 9 days; bussing us about the countries, meals for 10 days; which would number about 30 times to eat, our guide in each country; hotels for 9 days; and our flight over and back from Israel and United States for \$1000.

I trust you will be able to write Passport International and let Tina know that you are going with us on this journey.

Passport International

Phone: 317-257-1258

If you are able to send the entire \$1000 at once that will be fine, but if you are not able to, you may send \$100 down payment and the remainder as soon as possible. The total amount from New York to Tel Aviv and back will be \$1000. We are trusting that a number of you are praying about going. We feel that anyone who can arrange it financially would be able to go unless, we pray with you and the Lord checks me and tells me that you are not to go. We would be thankful for all of you to go unless the Lord says otherwise. There is one family in the south I wanted to go and the Holy Spirit checked me. I couldn't mention to them about going. They have gone with me about 5 trips and I wanted to ask them to go but I wasn't able to do so. So, there may be those who cannot go, however, I am sure that all who can arrange it financially, rather than depend on our being able to raise the money, can go. It will take the Lord to help me to have enough finance to take James or Jon with me to help me in my work and also to take my wife.

Thank you for praying for our need and for our protection and healing on this journey. We have been praying for sometime for these different items for they are urgent.... for your attention and your prayers.

Those of you that do not have your passports, go to the County Clerk's office and get an application blank and fill it out. If you do not know how, have someone experienced to help you to know how. It is quite self-explanatory. You will need 2 photographs when you fill your application out at the Clerk's office. The fee for your passport will be around \$12 to \$15. This should be done real soon!

Concerning shots....my Travel Agent hasn't said that we are required to get shots; however, some doctors prefer that we have them. If you were to be vaccinated right away for smallpox and it were to take, the arm would not be sore on our departure, we trust. It would heal up in the next few weeks. Some take and some do not. We did have Cholera shots a year or so ago but these have not been required. You may not need any shots for this pilgrimage.

As to the clothes you will need, I think, perhaps, there will be some information sent to you a little later on. One precious one has asked if the ladies are required to dress up other than their slacks or dresses. I do prefer, of course, that women wear dresses when we have services. I feel this would be pleasing. The slack suits are fine during the bus journeys and our pilgrimage.

If you want an itinerary, please send to Passports International and they will send you one, or you may write us and Son Jon, James or John McAdams will be glad to send you an itinerary for the journey.

There has been some mention about how much extra money one should take for this trip. This differs as to the individual. Some want to take \$25, some \$50, and some \$100. Whatever you feel is fine. Usually \$50 to \$100 is sufficient. It is not necessary to take that much if you don't have it, but some do. This was one of the questions to be considered.

There will be a group rate for us out of Indianapolis to New York City. Some of our dear ones have been coming down from Michigan and some from Tennessee to go with us and also from Missouri. The rate from Indianapolis saves each one about \$42 per person for the round trip fare. This would be of benefit to a number of people. If you were to drive to New York City you would have to park the car which sometimes costs \$15 to \$20 parking fee and then sometimes the car is banged up. It is about a 1400 mile trip from here and in January it sometimes is icy and there is snow. So, the Lord helping, protecting, giving us good flights without turbulence, good to excellent take-offs and landings, it doesn't cost very much more to fly than to take our automobile. If we were to drive we would have to have a motel overnight because one can't drive 700

miles in one day. Also, the food and the bills and both nights (going and coming) in a motel, parking fees, gasoline, meals and etc., it would take that much or more for the travel from here to New York.

I called the Holiday Inn in Indianapolis the other day to share with Miss Harding concerning a 'Waiting upon Jesus' this next month in December. I told her it was December 27, 28, 29th which is Saturday, Sunday and Monday. We would be coming in just 2 days after Christmas and ending just 2 days before the end of the year. She said, "Oh, Rev. Helm, this makes my day. This makes my day today. Her appointment book was clear that we might have the facilities to be there in the 'Waiting upon Jesus'. We are trusting for God's guidance, for God to exalt the Son and work the works of God, the Holy Spirit among us in this the last day of time, for the time is short. Unless we have a mighty work of God and the Holy Ghost, we will not be able to survive in freedom and liberty and have these wonderful things of Jesus. So, we are trusting, not knowing anything other than that we are nothing and Jesus is everything, believing that the Lord is mighty to deliver the Godly out of temptation and give victory for the souls of the weary, the worn, the tired, the forlorn, the disconsolate, the discouraged, the troubled, the disappointed and bring us in to the reign and the realm of the glorious things of the earth spoken in Zion, City of our Lord.

Praise His wonderful name for the indwelling Jesus, this wonderful peace that passeth understanding and the glorious abiding of the sacred Holy Spirit that God, in Jesus, has sent to us here in the world in this earth.

Our burden is for all ministers and all laity; that we would deny ourselves not to do our will or to arrange anything ourselves--any of us in the church--for if we do, we cease to become the church. We are not following Jesus, we are following Self. So my burden is great for all ministers of all churches and all laymen that we will not decide this or manipulate what we want in the church, plan the program of what we like, but rather wait on Jesus, upon God until the witness of the Holy Spirit lets us know, and that we will be guided by the witness of the Holy Spirit in what God's will and plan is for us in the church and in the work of the Kingdom of God. We need to be led by the Holy Spirit. The Bible says in Romans 8:14 "For as many as are led by the Spirit, they are the sons of God." I assure you and declare that we are not worthy of this wonderful privilege and we know that only through God's mercy and grace and gifts would we ever be led by the witness of the Holy Spirit. We have not merited it, it is God's gift to His children. It is expedient for all of us in the church to move only as God leads as we deny ourself and obey and take our cross to follow the guidance of the Holy Spirit in God's will---what Jesus would have us to do and not what we want. We know that this is continual death to Self that we may come to life in him that others may be saved. For if all of us in the church, right now, were willing to humble ourselves and become one as the Father and Son,

then the Holy Ghost would fall and draw all men to Jesus and save them. I know His power would do that in just a short time if all in the church were willing to pay the price. I fear that if we do not, it could be that the blood of the lost may be required at our hand when we are not obedient and when we try to work programs out and instigate it ourself without the guidance of the Holy Spirit and the Church has a great responsibility to the world.

Jesus died for the church. If we are what Jesus wants us to be, then the power of the Holy Spirit will add to the church daily such as should be saved. He will change our lives and the lives of all who will come and humble themselves before Him ----knowing that we owe it all to God in Jesus, the Holy Spirit. There is no merit in me or any of us, but it is all in Christ. We trust that we will not grieve the Holy Spirit. We trust we will not fail, but be trustworthy to the Lord Jesus, be faithful to God in every area and respect, that He may trust you and me to do His will for His glory and He must have all the praise and all the honor and all things now and always. Praise His wonderful name. Amen.

We want to ask you to pray especially for traveling mercy for all people coming to the Waiting upon Jesus December 27, 28, 29 and that each one will be healed and protected and that we will be led of His precious Holy Spirit, the witness of the Holy Ghost. We know that it is not the manifestations or the gifts, they are precious, but we must seek Jesus and the Kingdom of God first and let Him lead as he sees fit. For, if we seek after miracles, we seek after gifts, we seek after these beautiful things, .....Jesus said, "Seek ye first the Kingdom of God and His righteousness." And when we are completely Jesus' then He can administer to us what He can trust us with to do His will on earth as it is in Heaven.

I love all of you and are so thankful for your prayers and your help for our responsibilities are so great and with the dear ones here with us, the responsibility is even greater. We are trusting Jesus to provide. When Brother John McAdams came I said, "Oh Lord, he is leaving such a big job to come down to such a task with humble little people, like we are. I know his salary in the insurance business was great...to come down to meager fare. So we are trusting the Lord for help.

In Jesus' Name,

Loran W. Helm

P.S. The word that I wanted to bring to your attention, for your prayers, for your consideration, is concerning the book, A VOICE IN THE WILDERNESS. We received a letter from a precious handmaiden from an eastern state and she had read the book and was converted. Six weeks later her husband was converted. When we were in St. Louis the book was purchased by a lady from San Bernadino, California. She took it home with her and she and her husband read the book and it was such a precious help to them and blessing that they decided to let it be Christmas gifts. So they sent a sum to buy so many books that they might let the gift of the book be a Christmas gift in place of looking for other gifts for Christmas.

And the thought came to me today that it would be wonderful if all of our fellowship would purchase as many books as they wanted to give this Christmas as gifts. It would be a proper gift for dear ones in their families, their community and in the church, whether it be for the pastor or the church leaders or the persons of the family themselves. If the whole fellowship would do this it could be it would result in marvelous blessings to a number of souls. It also would be a help in getting the book out. So if you would pray about this and send your order immediately to Evangel Voice Publications, Parker City, Indiana 47368 the books could be shipped at once. You would receive them in time for your Christmas gifts, if you wanted to mail them or if you wanted to give them at Christmas time. This was the impression, the feeling, that came to me today and I wanted to add this to the letter.

Thank you for doing it. I believe if all the fellowship would pray about it and each time one would purchase these books for their Christmas gifts, as many as they felt that they could, it could be a real blessing or maybe the salvation of a few souls or the edification or the help to believers and to new converts as well. A man just recently saved in Oklahoma, - this book was given to him to take to his work on the Alaskan pipeline and he wrote his wife back and told what a Voice In The Wilderness had been to him. How it had encouraged him and informed him and lifted him. I don't know what all to tell you about it. It was a great blessing to him and we were so thankful to hear this. So thank you for considering this, and if you could send for the books for your Christmas gifts this year, it might be that God could bless and sanctify. Thank you.

Dear Ones,

After recording the above post script to the letter, Rev. Helm and I were talking and sharing. The Holy Spirit witnessed that He wanted over 1,000 books to be used by the dear ones in the Fellowship. It could be that the Holy Spirit might want us to use as much as half of our Christmas funds for the distribution of the book. It would be much more far reaching than the trinkets and gifts we usually buy. We had the witness in our hearts on this as we shared.

Tom Harman

Dear Beloved of Jesus, Greetings in the Kingdom of God!

Praise the Lord for the work of the Holy Spirit of God. For the work of the Holy Spirit of God is the need of this hour, this moment, this nation and this earth. It is the power of the work of the Holy Spirit in the reprobating agency called 'Conviction'. The work of Jesus is greatly needed now, knowing that if all church people (peoples that know Christ in the church) would be obedient, conviction would be great in the land and many would be saved in a matter of days. If only our church-going people would be willing to deny themselves...all of us...and obey the Holy Spirit completely, there would be many millions saved in the United States in just a few days.

This is a dire and great responsibility upon all church people, all professed Christians. The true church, which is very few, are striving to obey by denying themselves and doing always God's will. This is the hope and the only way through to victory, to maintain liberty, joy, peace, holy contentment and satisfaction of the soul and the mind and the body. Amen.

We were privileged to go into Puerto Rico and there we met with missionary teachers in the area. These dear ones (Christian teachers who love Jesus) work in Puerto in a Christian academy. We were privileged to be with some of them from time to time on various days and the hours we spent with them altogether would accumulate to over 20 hours. My wife and I spent this time with them either in service or in sharing time. The Lord blessed the first night of sharing with these dear teachers and workers in this Christian Academy. We were sharing that the first time Jill Cooper, who is a missionary teacher there in the Academy, was with us at the United Methodist Church in Portland, Indiana, the Holy Spirit---after one, two or three hours---revealed to me the condition of her body. As we reviewed this that night in Puerto Rico with the dear ones, Jill told us that, at that time in Portland, the Holy Spirit started very slowly and went into this part of her body. In just a short time, He took care of it. She was so happy there in that service, praising the Lord Jesus for what He did for her. God, the Holy Ghost revealed it and Jesus answered and did it for her.

In the midst of reviewing this, suddenly the Holy Spirit spoke to me of a stomach difficulty, something in the abdomen. I wish I could put on a screen how it was, but it is impossible. We asked, in the Name of Jesus Christ of Nazareth, that this be made whole in the body. Of course, I knew not who it was I was praying for in the company of believers. After about 5 to 10 minutes, Jill said, "Did you know that I have been having a stomach problem?" I said, "Oh no, I knew nothing of it." It was only while we were reviewing that the Holy Spirit told me and showed me about it.

Loran W. Helm

When Jill took my wife and me to the airport, Wednesday morning last, she said, "Oh, I want to tell you that I was able to drink grape juice this morning for the first time in a long while. I have not been able to drink it in the mornings for a long time. Later in the day I could maybe take just a little, but to drink it in the morning, my stomach would not permit it. It wouldn't allow it--there was something there that caused me trouble and distress." She said, "But I could drink it this morning." She shared the various things how God had intervened for her stomach. I asked her how long it had been and she said, "It has been quite a while." I counted in my heart and said, "It has been 8 years." She said, "Yes."

So the Lord marvelously is to be praised for encouraging the precious dear ones that work in this Christian Missionary Academy and for how He answered prayer there, as well as our enjoying the fellowship and being enriched, encouraged, lifted and blessed. Monday, next to the last time we were with these dear ones, Sister Linda, who lives with Jill said, "Rev. Helm, you are a servant of God. If God were to tell you that I was suppose to go to the Holy Land (She has no finance to do it) I would make every effort to try." It was so wonderful, so beautiful as she expressed it. I am sure it would have touched some of you. This precious daughter, teacher, helper, instructor in this Christian Academy was willing to go if Jesus would so make the way. Unto God be praise and glory and honor.

For some weeks I have prayed that on our return from Puerto Rico we would stop at southern Flordia. We have a very precious brother and sister (we have many precious brothers and sisters...) in southern Flordia who told me that any time the Lord would lead, they would get an apartment in the Riviera Beach area for us, where we could stay for some time. I tried to pray to see if we could go there and I wanted to call to tell them we would go, but each time the Holy Spirit would say, "No". I would pray in a few days, "Lord, may we stop there and be with them; to rest and pray?" The Holy Spirit would say, "No." This continued for more than three weeks. Then about three weeks ago on Sunday night my brother, who has been in charge of the thanksgiving service for a few years, told me that they wanted me to be in charge of the service this year. The three ministers of the village have always taken turns having the service. I have attended the services off and on for 35 to 40 years and it would be my first time to be in charge.

I have been in this church now for about 52 years. After he told me about my being in charge, I understood why the Holy Spirit had told me I could not stop in Flordia for a while. We returned directly to Parker City to be in the service and God did bless. He led and directed. The service wasn't anything like it had been. Other years they have had solos, duets, and other numbers; but there

was not one leading of the Holy Spirit for such. In previous years the meeting would be dismissed at 7:45 to 8 o'clock, so at this time we dismissed those who felt the need to leave. There weren't very many of the Methodist people there and there weren't any of the Friends or Nazarenes as far as Martha Eleanor could tell. Those of Jesus' people who had come in waited upon the Lord with us until 10 o'clock or a little after. We were there about 3½ hours.

One precious worker in our church who is so sweet and precious said to Son Jon and Martha, "Oh, I felt such love here." I learned later that another precious mother with three children was so excited over the service on Wednesday night that she was afraid she might not get up in time to get a good seat--so she just slept on her couch so she would be able to hear the alarm and get the children up and to church on time. She arrived at the church at 5:15 and the meeting began at 6:30 a.m. She was so excited--so anticipating! No wonder when I looked down into her eyes during the service most usually they were filled with water. She was very blessed for she had made a tremendous attempt to be there early. This was an inspiring, uplifting report. We were all trying to say, "thank you Jesus" for His presence, His guidance, and His blessing.

We were so thankful for the privilege of having all of our 3 sons-in-law with us in the Thanksgiving service. Jack, our oldest daughter's husband, was saved some weeks ago. So, all three sons love Jesus. They were with me in the meeting at Ingalls and also at the Thanksgiving service. Jack witnessed twice in the Thanksgiving service and later in the day before the meal, he prayed a precious prayer. It is such a blessing to be able to have our three sons with us; all loving Jesus, all ready to pray or testify at any time the Lord would lead. Now that precious Jack is saved, our sons are complete in Jesus. We are so thankful that all of our immediate family; our sons, our daughters and our grandchildren are ready to testify or pray if they are called on or if Jesus so leads them at any time. It is a high, high, high privilege to have all of our immediate family saved---to have 12 in our family beside me ready to testify or pray and some of them could preach. James and Jon could preach and I wouldn't be surprised but what Jack could.

A short time after Jack was saved he told Martha, "I have rejected the love of this family for over 20 years and I don't want to reject it anymore. I want to be in the middle of it."

Jack told me the other day that when David was home from Michigan he attended the Sunday School class of the Methodist Church in Yorktown and the teacher said, "I want to tell you, Jack, that boy is on fire. The very things I wanted to say, wanted to get across David went right on with it. The things I wanted to get over---I tell you,

Jack---he got it over." This thrills me! A young person of 19 years...he was almost prophesying, exhorting, or preaching to the young people in that class. This is marvelous.

We would be so thankful if each one of you would pray for Joyce, our oldest daughter, to be healed. Pray that the side effects and aftermath of cortisone could be rebuked, removed, ended or obliterated---that this precious daughter, who is one of the finest persons in the world, could be well. Some time ago Jack and I talked and he agreed that she is one of the finest persons in the world. He has lived with her almost 21 years. It is all because of Jesus we can say this and it is because of Jesus it could ever be true from now on.

In our last letter we suggested and plead with you to consider sending for the book 'A VOICE IN THE WILDERNESS' and making it Christmas gifts. We suggested that you give a number of them to your neighbors and friends, people that you know and don't know. Instead of spending so much for trinkets and toys and ornaments, take at least a third to a half of what you plan to spend and make an investment for the Kingdom.

Thomas Harman and I prayed concerning this and it touched our heart that it would be wonderful for each one in our fellowship to just take a part, a third to a half, of our finance and invest it in the Kingdom by giving the book. Persons who will read this book enough (if they don't read it as much as they should, it won't be quite sufficient) the Holy Spirit reveals Jesus to them in the Kingdom. He reveals the need of inner denial and obeying Jesus. This is what we have tried to put in this book, the urgency of obedience, denying oneself and taking up the cross to follow Jesus faithfully, continually and consistently always. We mentioned this and suggested it be considered by you precious ones. About 1400 letters go out and how many do you suppose heard this? Son Jon tells me that there are 3 to 5 persons who have heard it. And this, of course, I cannot tell you.....I will just have to let you think about it....If you see that percentage, you will know that it is quite a serious situation even in the midst of our people. We do thank the 5 persons who responded.

When I pray, now in my heart, and ask how many hundred the Lord wanted to respond to this, He witnesses 868. If persons would have responded it would have been very helpful. I don't know how many souls would have been saved but because we have not heard and responded, it may result in many being lost. It is getting late now, but it is possible for some to respond yet. We were trusting there would be several hundred replies. There should have been 868 and only 3 to 5 responded.

(p.s. After dictating this letter, the Holy Spirit witnessed to Rev. Helm's heart that if the book is given out as Christmas gifts, it could be some years before some will read it, but they will be saved. They will be saved because "A VOICE IN THE WILDERNESS" was given as a Christmas gift.)

The HOLY LAND PILGRIMAGE coming January 5th to the 15th. We had mentioned that we believed that anyone who could arrange it financially could go, unless the Lord would give us the witness otherwise. He knows whether you are going to get sick, whether you will fall, whether you will be needed at home, or have involvements of job, home or other situations. I shared with you about a precious minister (a world traveler) and also a very precious family (they had traveled into South America) who weren't to go on a previous trip. There were as many as 10 to 20 who were not to go on the March trip. Most people appreciated knowing what to do. I trust that there were not any offended by it. We want to take every one with us that it is alright with Jesus, that God would work it out for His glory and for His edification, help and encouragement in the Church and in the Kingdom of God.

The move to get ready to go should be immediately. To get the passport, you will need a birth certificate and two pictures which have been taken within the past 6 months. The photographers know what size picture is needed for passports. This needs to be taken care of immediately. The application blank can be obtained at the County Clerk's office in the court house. They will help you to fill it out if you need help.

We shared in the last letter that if we were to leave, on our own, from New York to Tel Aviv today, just the ticket alone would cost \$1194 but this whole pilgrimage of 10 days to Israel and to France is only \$1000. This is almost \$200 less than just the ticket to Tel Aviv. This \$1000 includes hotels for 9 nights, bussing for 9 days, drivers and guides for 9 days, approximately 30 meals paid for and all the flights between here and there from New York. This is the cost from New York. Of course, the domestic rate from various parts of the United States to New York is in addition to the figure we quoted. Tina Brazil, owner of Passports International, will take care of your domestic flights. If groups of 10 persons can depart from one area, Tina can give you a good rate. Also, if there is only one, she can save you a few dollars on the tax when it is an international ticket. If there is a group of 10, like here in Indiana, it saves over \$40 per person.

Please contact Miss Brazil immediately concerning your domestic flight. You will send her the money for the domestic flight along with the money for your international ticket. She will mail your tickets to you by certified mail. It will be very important for you to take care not to lose your tickets as anyone could cash them in.

Please try to send your money to Passports International immediately. If it is not possible for you to send the total amount, please send all you can--and at least \$100. It would be very good if you could send the total amount at once because Miss Brazil has to pay, in advance, a portion to the hotels and the airlines. She also has to furnish the airlines with a list of names of all those planning to go. This is for

the purpose of reserving the seats on the plane. The airlines will not hold the seats without a list of names, so it is important you contact Passports International at once.

If you are not sure whether you are to go or not, you might contact us or some of the dear ones to pray about it. Thank you for considering this and also for your prayers. Tina has said, "Rev. Helm, you and your people of Jesus do not go to be traveling to see things, you go as witnesses." I said, "For Jesus." She said, "Oh yes, I have seen them look for you at the restaurants and places where we have traveled." So, unto God be the glory and the honor and the praise for His guidance, blessing, protection, healing, help, revelation, and encouragement to all souls and for every Christian enjoyment in this behalf.

(p.s. Last night somewhere after 11 o'clock I talked to Tina Brazil and she said to me, "When I think about the Revival pilgrimage I'm excited, I'm excited. The Revival people are so precious." She also told me, "I forgot to tell you there will be a \$7.00 airport tax fee per person that we will have to give to Joseph when we arrive in Tel Aviv." This fee is to be added to the price of the trip which will make it \$1007.00 and to be mailed to Tina Brazil at Passports International. If each individual does not take care of this \$7.00, Rev. Helm will have to pay it and if there are 100 persons, this would be \$700. Please do not fail to include this in your total amount. Thank you.)

Praise the Lord, Glory be to God. We are so thankful to Jesus for all His wonderful, wonderful blessings as in the prayer meeting yesterday morning at Brother and Sister McAdams. The joy of Jesus was so sweet, so wonderful that if we could tell you how sweet God came down upon us at the very last (after we had been there over 2 hours)...if each of you would know, it would just simply lift you and you would laugh in the Spirit, cry in the Spirit or be blessed in the Spirit in areas that none of us, who were privileged to be present, can convey to you. And, only by God's grace, could it ever be in another prayer meeting. It was such a joy, such a delight, such a wonderful work of Jesus Christ, the Holy Spirit in fellowship and in praise and in this joy of Jesus' presence. Amen.

WAITING UPON GOD, December 27, 28, 29 and 30th. I thought perhaps we wouldn't have a banquet on the 30th, but the Holy Spirit said "Wait, pray," so we will have a banquet at 9:00 a.m. on the 30th of December. We will be trusting for the work of the Holy Spirit in the days of Waiting...Saturday, Sunday and Monday and then on Tuesday for the meal together at 9 o'clock.

We trust you will be sending in your reservations immediately because the time is late. Please get your reservations in for meals because this is what helps to take care of the meeting rooms rent. The price of the meals is a little more than the ordinary, but that provides our meeting room. If we had to rent a meeting room, it would be a few hundred dollars a day. I know that some of you will not be able to eat all of your meals there, but we will be so thankful to all of you who can work it out and to the Lord for helping us.

We know that in this Waiting upon God, upon the Lord Jesus---only the Lord, only the Holy Spirit can teach us and lead us. We don't know very much about it, even though we have been attempting, endeavoring, trying to wait upon the Lord for 33 years. We began the Holy Ghost prayer meetings, waiting for the revival of the Holy Spirit, 33 years ago this month. We waited from the last of November through December, January, February, March, April, May and to the 7th of June, in the parsonage of our last pastorate, most every night. We dismissed a few nights in those months when I was in the pulpit preaching or in services...just a very few nights. Perhaps there was just 2 or 3 nights out of all those months that we didn't wait on God. I thought the Holy Spirit would be poured out night after night, time after time, through the months. We have been waiting, trusting to wait, upon God for 33 years and we are just only in the beginning of understanding about waiting upon the Lord Jesus.

This Waiting on God will just be by God's grace, God's protection, His mercy, help and healing. We know that it is through Him that we can all be protected as we go and come from the Waiting on God. God wants that our lives be in His holy likeness, through His precious blood applied, through His Holy Spirit purging, through the presence of His Holy Ghost indwelling, His sacred Word that is abiding in our hearts, as we trust and obey Him does this occur. Oh, we know He never fails. He is the author and finisher of our faith, a mighty fortress is our God, a bulwark never failing. Unto Jesus be praise and glory and honor.

Thank you for helping us and making a way for us and all of our great responsibilities. We are just so thankful to Jesus for it. We are most undeserving, but appreciative of what Jesus does for us and how He makes the way for the families that we are responsible for, or working with, in this endeavor of the ministry of Jesus.

We are trusting to be true ambassadors and representatives of the Lord.

It seems as though we pray so little, know so little, study so little, have so little, done so little, yet we are so thankful to Jesus for His mercy and the privileges He has given each of us.

So unto the Lord be praise and glory for each one of you who have received the burden to assist us. We do thank Him for those dear ones over the country that have assumed this helpful responsibility. Continue please to pray for we are very, very, very weak and dependent upon Him, for we are nothing...He is everything. May the Lord encourage you, strengthen you and heal you and lift you as you trust and obey.

In Jesus Christ our Lord and in His Name--even Jesus,

Loran W. Helm

P.S. For quite some time now, whether it is months or a year or two, I have had something on my heart that I was very hesitant to say. I have been cautious to not get on any tangent or to get out of order, but with most earnest devotion to all people and with kindly caution and tenderness in presentation, we want to bring to you the thought that I have been grieved and disappointed in my spirit when women and girls wore anything other than a dress to the worship service or to prayer meeting. I have to be honest and I have to be true so I must mention this so the word can be passed along to all. I know that all spiritual people will appreciate it and all carnal people will resent it. Spiritual people are happy for what the Lord lays on His servants heart, but people who are carnal have a slight rebellion in their hearts and they resent this word. But, I felt to be honest and true that I should mention this to each of you. Lovingly in Jesus.

Another P.S.

Rev. and Mrs. Pumphrey has shared with us that they have received a few reports from dear ones that they have received help and encouragement at the Waiting upon God in Killeen, Texas. We are thankful to Jesus for this report.

\*\*\*\*\*

As I was typing this letter, Rev. Helm called and was so happy and blessed over a telephone call from Rev. & Mrs. Reese that he wanted to share it with you dear ones.

"I was dressing the wound on my side when the telephone rang and I thought I would just let James take care of the of answering the telephone, but the Holy Spirit said, "Pray.. No." So I came from the chair to the side of the bed and answered the phone and it was Rev. & Mrs. Reese. They had been on my mind this morning and yesterday and perhaps even the day before. We got into such a wonderful meeting of praising the Lord and rejoicing.

Marilyn and Emory were so rejoicing and so happy about our going to Utah and just about everything. They were thankful for how the Lord helped their church and how He has been encouraging their children. Marsha has told them, "Oh, now I want the book." She has been helped by the meeting in their church.

I started to hang up after about 30 to 40 minutes and the Lord said, "Pray, Pray." I asked, "Where is it Lord?" The burden was with Marilyn..the Lord told me of trouble in her chest and also a growth below the navel in the bowel area. We asked it to be gone and I said, "You know Jesus killed that right there and brought it to nothing." What an experience we had then when he told me of a burden for Marsha. She needed encouraged to read her Bible and pray so she would be able to survive...She needed to persevere. We had such a time that I wanted it to be in this letter."

Most Precious Ones,

Praise be to our God. Worthy is His Holy Name. Before I say a word about the Waiting Upon God, I want to report that these past two months, since we came to Parker City, have been wonderful, defying words to express. Glory to God for His provision. Every need He is supplying.

We had been trusting that our daughters would be helped in the difficult transition of changing schools in mid-term. The Lord helped so wonderfully that we learned from some of their teachers that after only one day it was so though they had been in the Parker school for a long while. They are happier here than any place they have lived.

The other day, we found it necessary to drive over to see about our home in Englewood. When we told our nearly three year old son, John Mark, that we were going to Englewood, he cried and said, "No Daddy, Jesus said the farm." He had heard us discuss how Jesus had directed us to Parker City and to buy this wonderful little farm. He was afraid we were moving back to Ohio. Isn't that precious. This is all because of Jesus.

Dear one, if the Lord is directing you to do something for Him, don't count the cost. Whatever is required of you is more than worth any sacrifice of this world. There is no satisfaction or joy to compare with doing the will of the Father. We are finding it so.

About the Waiting upon God, I trust you will come full of praise, obedient, prayed up, and desiring nothing but to come to one accord as we wait before the Father. Anything less will hinder the meeting greatly.

Please return your registration forms for rooms and meals as quickly as possible. Recheck the forms to see that you have filled in all necessary information before mailing.

A reminder about the meals, I feel it expedient to review the need for our participation in the meals. Without a representative number eating each meal, our use of the meeting rooms without special charge would be jeopardized. Were we to be charged, (as is normally the case at most meeting places) the cost would be over a thousand dollars. Also, perhaps it would encourage us (concerning the meals) to consider that we have never been required to pay registration fees for these meetings although it is very common to pay to attend meetings or seminars around the country. So your understanding and cooperation is needed. Thank you so much.

During this meeting, we trust to continue the afternoon prayer group meetings that were so helpful and wonderful during the Waiting Upon God in Killeen, Texas. Instead of having afternoon sessions as in the past, we will have only morning and evening waiting sessions. In the afternoon, we will be meeting from one to two hours in small prayer groups in various rooms. All the men will be assigned to meet with various group captains (captains will be named as the Holy Spirit witnesses) while the ladies will similarly meet together. Specific instructions will be available at the meeting.

It is important to consider what the purposes of these prayer meetings are and what they are not.

THE PURPOSES ARE TO:

1. Give praise to the Trinity.
2. Cry out that we might come to one accord and obey the Holy Spirit.
3. Petition God for the Church to be obedient, for the pastors and laity to be true and deny self.
4. To pray for our nation and leaders.
5. To lift individual needs and petitions.

THE PURPOSES ARE NOT TO:

1. Simply visit or fellowship.
2. Discuss anything negative (This pulls everyone down and is not consistent with praise.)
3. Pass along opinions.
  - a. Even if our opinions are good the tendency is to get into discussions which are not the purpose of these meetings.
  - b. Put emphasis on personal petition.

I believe that if we will press to remember these things, God can do something in us and through us.

It was evident in Killeen that these prayer meetings were both needed and helpful and that we need to cry out to God in the various zones of prayer (especially praise) much more than we do.

I want to thank Kenneth and Vera Wagner for the marvelous work they have done and continue to do; for their love and help to me and my family. Also special thanks to Terrance Helm for many hours of labor on our behalf as well as his help in other ways.

We want to express appreciation to Jerry Bays who made a great sacrifice to come all the way from Chicago to move us, and all the other precious ones who helped us move.

Much gratitude is also in order to all those here who help with the letter and various other tasks. We are grateful and unworthy of all this.

Please pray for my family and me not to fail in any way. We are very weak.

We love you all.

John McAdams

ORDERING BOOKS, GIFTS & CASSETTES

Two special Order Forms are enclosed along with a self-addressed mailing envelope to Evangel Voice Publications to assist you in quickly receiving the items which God has placed on your heart to purchase for the work of the Kingdom...whether that precious Kingdom work is in your own life or that of friends and loved ones.

If you plan to be a part of the Waiting on God this month in Indianapolis, I cannot urge you strongly enough to at least order CASSETTE # 12. I am certain that each one of us would be marvelously lifted and transformed by listening to all twelve of these tapes before this next Waiting on God: but one would be better than none.

Surely these cassettes are more significant to our spiritual strength than we know, for the enemy has furiously fought their preparation. And he must be fighting to keep us from experiencing the wonderful joy within them now that they are prepared, for many who first expressed deep desire to have all the tapes from the June Waiting on God have not ordered a single cassette.

I wish Martha and I could purchase the tapes for each one of you in this privileged fellowship, for we feel they are that absolutely necessary to our reviewing and re-experiencing what God is wanting to teach us and do among us in this final age.

If you haven't the money now for the books and cassettes you feel you should order, simply ask us to BILL YOUR ACCOUNT. There will be no service costs, and you can make regular payments as the Lord provides the finance.

I have discovered that if I don't at once do what is laid on my heart, I often forget what I desired to do in the crush of other responsibilities. Thank you for taking the time right now to complete the two order forms and to mail them at once.

In joyful trust,

Jon Cullum

Dear Ones in Christ Jesus...Greetings  
in the Holy Spirit, the Kingdom of God,

November 16th I called the precious Christian band out in Salt Lake City, Utah and shared with them that we would be coming on December 2nd. They, of course, wanted us to come whenever the Lord would lead us and when I called, there was rejoicing.

When we arrived in Salt Lake City, they informed us how stormy and bad the weather had been. From November 16th until December 2nd it had been stormy, snowy and they had had as high as a foot of snow. There was quite a bit of hazardous driving during those days but on our arrival, December 2nd, it was beautiful. The visibility was sharp at a long distance. One of the persons who carried part of our evangelistic party to the hotel shared how it was almost breathtaking to them to see the mountains as they were that day...December 2nd. There was no snow, ice, or rain the next days, even though they forecasted that rain and snow was likely on Friday and Saturday. The Lord pushed it to the north and we had very nice weather. In fact, we didn't have to turn the heat on in our room. It was so warm in the Inn that we would have to open the window to get cool air. Sunday morning I did turn on the heat at about 20 minutes to 5 o'clock for just a very few minutes. So, the Lord gave us marvelous weather.

Our first service lasted about 4 hours. The Lord worked wonderfully, blessed, led and directed though we had no plans. We simply left the plans in the hands of God as the Lord would lead us by the Holy Spirit. It was very precious how Jesus directed us, helped us, assisted us, and led us in the services.

When we were leaving Indianapolis for Salt Lake City, Son James went ahead to get our boarding passes and the man who talked to him at the desk said, "You will board first." This is very unusual to have an opportunity or a privilege like this. It meant that we would get on the plane (the plane had arrived from another city and there were not many people on it) with the opportunity of having a choice in our seating. I most usually want to sit by the window, for I enjoy it very much, but when we arrived I said to my wife, "You may be seated next to the window. I feel that you are to sit there." This put me in the middle seat. I wondered who it was going to be that would be sitting with us.

Many people boarded the plane and after a while, a young lady asked if she could sit with my wife and me and we said, "certainly". She began reading but after a few minutes I began to talk to her. I witnessed and shared about the Kingdom; how the Lord had blessed Mrs. Helm and me, led us and directed us. She was so interested and so very appreciative. I wish you could have seen her countenance as I shared with her. As

we were beginning to land at O'Hare, in Chicago, I asked her if she had ever considered giving her heart to the Lord Jesus. She said, "Well, yes. You know, my uncle did and he was so very happy. My family didn't understand it, but he became so happy and his business improved. He was delighted."

She followed me then in a little prayer of confession of sin and repented and gave her heart to Jesus. You see, we were timed by the boarding pass...getting it when we did, boarding first, and the Lord placing us in the center seat. If I had been seated by the window, I could not have led this young woman of 22 to 23 years of age to Jesus. The Lord had it all planned. She said, "You know, I missed my flight this morning. I missed my plane and they had to put me on this flight to Chicago and on to Los Angeles." It was very much the hand of God that would arrange this for her. If you would have seen all the people that came on the plane.....and out of all of them, she was the one that was seated with us. Then, she was converted...gave her heart to the Lord Jesus and was so precious. We told her that we were so thankful. "The pleasure is all mine," she told my wife and me and also the young men with me. She was very precious. This is worth a trip around the world!

There were so many wonderful experiences in the meeting in Salt Lake City. One night I was under exhortation, presenting God's word and the Lord told me of a neck situation...the effects of a whiplash. I prayed for the large part of the neck (the base where it joins the body) and about 10 minutes later, one of the fine young women said, "You just prayed for me." She had been in an accident which had left her with trouble in her neck. It had hurt and bothered her very much. She told us, "Since prayer, I can just roll my neck all around." It had been hurting at work but on the way home the next day, she realized it had not hurt her at all. She said, "It was just wonderful." We were all trying to give Jesus praise for this.

It was such a joy to see Jesus work, the Holy Spirit lead and God exalt Jesus, our Saviour--the Christ which everyone needs so very much. We have to press constantly and obey Him. We have to listen and wait before the Lord in order to maintain the precious cross of inner crucifixion.

After one of the services a young man said, "Oh, I have to speak. These meetings...what God has done for me in these meetings." What happened to him was that he really got to the Lord. Oh how happy he was. When we would share things in the Kingdom, it would get into his heart and then it would come back into my heart. We would share and it would go into his heart like an arrow and then back into mine. We were all so delighted, so overjoyed, so blessed.

After about 4 hours or better in the service, we were trying to dismiss all the while and could not, I said, "Jesus, what would you have us to do?" He said, "Prayer." I went through the group and it was this very backward, shy, young man I just spoke of. The Holy Spirit led me to ask him to pray and he said he didn't know how to pray. He had never prayed in public but I waited and you should have heard his prayer. Oh, it was in my heart. It witnessed in my heart. He was so happy and he grew so much during that prayer. His wife was just overjoyed. I didn't know it, but she said the first night of the meeting that she had searched over that valley (I don't know how many different churches and places of worship) to find what her heart was hungry for. She said that when we were there last September, a year ago, when she walked into that room where we were holding the meeting, she knew this was what she had been looking for all of her life. Everywhere she had tried to find it but she could not.....it was the Kingdom of God, Jesus Christ's presence and the Holy Spirit. It was so beautiful, so precious. She knew right that minute she had found what she had been looking for. She found it in the Kingdom of our Heavenly Father, Jesus Christ our Saviour.

Then, there was her husband...he had come to Christ and grown so much and their home was very happy and very blessed. Oh the Lord was just so wonderful. There were hardly words to tell how preciously Jesus did bless her and her husband and all of us.

Another night, a young man spoke up and said, "You know, my brother is an Episcopal priest and he is very ill. The doctors have tested him and Xrayed him and they don't know what his trouble is or how to locate it. It has been since 1971 or 1972." I started praying and Jesus began to work with me. The Lord really dealt with me about this young man and gave me precious revelation of which we are trusting, in the name of Jesus, and giving it to God. All praise be unto the Lord for it.

During one of the meetings a very beautiful young man said, "I need prayer. I need prayer for I have slipped back into alcoholism and tobacco and I really need prayer. I need help." We began praying with him and he repented and Jesus witnessed to me, as we prayed together, that Jesus took him. I went over and loved him and while I was loving him, it came to me, "Oh, I just trust he will be able to go to the Holy Land with us." It was so precious how the Lord worked this.....it was so dear in Jesus. He and his wife just kind of cried on each other's shoulder. They were so encouraged and blessed. They said, "Well, we wanted to go with you last year but..." Of course, when I prayed about different ones going from that area the Holy Spirit revealed to me that they weren't to go. I didn't know them, didn't know their names and I didn't know they wanted to go last year and couldn't.

The Holy Spirit witnessed to me that they can go this time. This was the open door, the Lord protecting and healing and helping.

Our men stayed in the basement of Sister Burris' lovely home and she shared how it moved upon her that all three of our men, Brother McAdams, Son Jon and Son James, were so excited every night---every day they anticipated the service. They were so excited. She said, "They have been with the servant, but to see their excitement and anticipation before the service would begin....it was such a high anticipation, such expectancy." This moved her and also the person staying with her in her home. They were encouraged. It was very, very precious indeed.

We are most needy and little and trusting... giving God all glory and all honor for soul victory and for help. These dear ones were all so happy that we would come the 15 to 1700 miles, one way, to be with them. I shared that the five of us were as happy to be there as if we were at the Church of the Open Door in Los Angeles, which seats a few thousand people. We were so thankful and they were grateful. We all gave God praise and glory and honor.

I would like to speak now concerning the Waiting on God which is coming in just a little while---December 27, 28, 29 & 30th. It is important to get your reservations in immediately. Remember, eating our meals there pays for the large meeting room which accommodates several hundred people--7 to 800. We need your meal reservations to know the approximate number of meals to be served so the Inn can make preparation. Please send your room reservations to Holiday Inn #8 and also let Brother McAdams or Brother and Sister Wagner know of your plans so it will be possible to have an approximate number attending. Thank you for your help.

PILGRIMAGE to Israel and France, January 5-15. Please get your payments into Passports International as soon as possible. Payment in full must be in by December 15th to the 20th. It should not be any later than the 20th. The tickets have to be written December 22nd which means that the money has to be gotten to the airlines and hotels in these two countries. Please cooperate with us and help us in this respect.

PASSPORTS must be applied for immediately. You will need two passport size pictures and your birth certificate when you apply at the County Clerk's office in the court house. If you wait too long--with the Christmas mail being congested--you will not be able to get your passport back by the 5th of January. Thank you for taking care of this immediately.

We are praying that everything will be just as Jesus wants it. Trusting for flights without turbulence, perfect take-offs and landings and that all people will be well and they will not fall or have any kind of sickness but will be taken care of because of the Lord's presence...Jesus leading and God's

love and power to sustain and protect us. Unto the Lord be praise and glory and honor.

Perhaps we should also mention that the total amount to be sent to Passports International is \$1007.00. This doesn't include the domestic flight from whatever city we travel to New York. The domestic fee from Indianapolis, Indiana is \$85.87 per person. We are trusting the Lord to make a way for each one of us.

We are thankful and grateful to Jesus and to you who have made it possible for us to continue in this ministry--the great responsibility we have. We are thankful for those who have had the vision in the heart and the willingness to obey Jesus and to help us---to assist us. We are thankful for the few that have had the willingness and who have endeavored to help make a way for these families to trust and to go as the Lord leads and directs.

Thank you each one for your prayers and your help in every way. Glory be to God, the Father, Son and the Holy Ghost. May this Christmas be one of the most precious, blessed times at this yuletide season. May you have a joyous Christmas. May the Holy Spirit of the Lord Jesus be very real, be very dear and very precious witnessing to your lives, to your heart as you lift up your eyes with me to Jesus..Who was God's gift to us. As we share one with another, may it be commemorating an honor of the greatest gift to us, Jesus of Nazareth. My longing is to be so cleansed and filled with the Holy Spirit that the precious gift of the Holy Spirit may have complete and full, whole-hearted giving over to the Lord.

May the gift of the Holy Spirit be the longing of each of us and to do God's will. May the Holy Spirit have complete right-of-way and may each of us obey Him...the precious Spirit of God. Thank you everyone.

In Jesus Name,  
Loran W. Helm

Brother Helm was reviewing with Kenneth and me how wonderfully Tina Brazil and her staff had been to our fellowship; saving us money, and working out various situations involving the trips the Holy Spirit has directed these past years. He pointed out how much she loves our people, illustrated by the number of times she has traveled with us and attended meetings in Indianapolis.

I shared that it would be wonderful if several hundred of our people might send her a Christmas card. Brother Helm said, "Wonderful". He then said it would be even more precious if everyone would include a dollar bill. It would be an excellent witness if many would respond in this manner.

Send it to: Miss Tina Brazil & Staff, 1403 East 86th St. P.O. #40097, Indianapolis, In.

Thank you so much for your careful attention to this act of love. Vera Wagner

#### SALT LAKE CITY MEETING

James Flora, John McAdams, Jon Cullum

When I think of how Jesus the Holy Ghost worked in Salt Lake City, I am excited. It is truly an adventure to walk with God. You never know what to expect, but it is always wonderful.

I remember the first night...Jesus worked so wonderfully. I was so lost in the Kingdom that I forgot where I was and was surprised to find myself in a living room. Jesus was truly there and the Kingdom was in operation.

If we ask the question, "Why would God condescend to be there in such a wonderful way?" the answer would be because He led it, through the revelation of God, the witness of the Holy Spirit. When God leads something, we know, by God's grace, He never leaves it.

I believe, the Lord helping, we heard some of the most wonderful exhortations on child-likeness, trust, self-denial and the Trinity that I have ever been privileged to hear.

The Lord led His servant so wonderfully, so preciously. I trust that none of us will ever take for granted the leading of the Holy Spirit. I firmly believe that to have

Jesus say to do a particular thing at a certain time is worth more than traveling around the world for. I marveled at the tapestry of love and precious things that the Lord wove on the loom of His Kingdom. It was really something to see Jesus touching the hearts of dear ones, telling them that He was in the place and that this servant and this meeting belonged to Him.

One of the most wonderful things was the Lord demonstrating what His servant has been preaching. One of the dear ones there obeyed the Lord on her very own. As soon as she did, it seemed that the meeting had just begun though we had already been there for three hours. Out of that obedience, Jesus led for prayer for healing of two dear ones of some very serious things. The next two hours of service came out of that and other acts of obedience.

One thing that really impressed me though I have heard it many times before was, I believe, one of the spiritual secrets of the universe. It is a circle...an unbroken circle. It is like an old wagon wheel; the rim is trust, the hub is self-denial, the spokes are obedience, joy and praise. If you subtract one of the spokes or the hub or the rim, the wagon called the Kingdom of God stops in our lives.

To really know what happened in Salt Lake City, what Jesus did for His glory, you would have to have been there.

Praise God, glory to Him in the highest.

Dear Ones,

How can the wonder of God's Kingdom in operation be described in a few words? Yet, such is my task, to attempt to share how Jesus preciously worked these last few days with a band of pilgrims in Salt Lake City.

May I first reflect on the beautiful tapestry of God's guidances to a faithful man that brought this meeting about.

Think of this dear ones! A young minister, still a student, is offered three choices of pastorates. Wanting to do God's will-- yet with no one to teach him how to discern the Holy Spirit's direction--he senses that the third of three pastorates offered, Redkey Circuit, is the one. He chooses it even though it pays \$100 less and the parsonage has no bathroom. The young minister who follows him at Redkey, Homer Pumphrey, sees the tracks of a pilgrim and they become friends. Homer is led of Jesus to Texas where, several years later, Dan and Arnel Helbling become part of his congregation. Their parents, who live in Salt Lake City, become acquainted with Rev. Pumphrey and subsequently are introduced to God's servant who is then led to hold a meeting with these parents and their fellowship in Salt Lake City.

Isn't that tremendous. The leadings God gives to faithful men NEVER end, just as the leading to choose Redkey Circuit has not ended. Only eternity will reveal all that is involved with that one leading.

As we landed in Salt Lake City, I wasn't prepared for such great physical beauty; the majestic, snow covered Rockies surrounding us on each side, looming up like great icebergs; the marvelous limpid blue western sky, and nestling amidst all of this grandeur of God, the lovely metropolis of Salt Lake City.

As startling as all of this, perhaps I was even less prepared for how preciously Jesus would work among us. He truly was faithful to help in every way.

Only He would answer a servant's prayer for good weather by allowing balmy temperatures, clear skies, and no rain or snow during our stay. Upon our arrival, we learned they had just experienced up to 12 inches of snow!

Only He could witness we should leave Dec. 2nd, and that His servant should sit in the middle seat rather than by the window, so that a young lady traveling to California could be led to Jesus.

Only He could fill a room with His Presence so greatly that the first night a handmaid,

4.

with tears in her eyes, would testify that this love of Jesus she felt, was what she had searched and longed for.

Only He could cause her husband, who was struggling as a new convert, not knowing for sure if he could pay the price of obedience, to say, "If this is the Kingdom of God, I want it! If the love I feel in my heart gets any greater, I don't know if I can stand it."

Only He could tell His servant to stay in his room and not conduct the second night's meeting, but rather have his younger helpers take over. We were so grateful that the Holy Spirit helped us very wonderfully through four hours of sharing for we were all most inadequate for such a task.

Only He could work with the group for over five hours on Thursday revealing His will to heal bodies; a whiplash, a growth in the brain, two cancers, allowing prayer for the healing of a man who had suffered a stroke as well as cancer. All of these prayers for healing came out of the obedience of Carl Bonner in the third hour to pray when he felt he was unable to pray aloud. How God witnessed to this dear brother's prayer.

Only He could help a former Roman Catholic brother to confess that he had slipped back into alcohol and tobacco and admit he needed deliverance. After Brother Helm loved him and started to turn away, the Holy Spirit stopped him and revealed that Jesus would be pleased for this dear man and his wife to go on the Holy Land journey. They wept in each others arms and told us how they had desired to go on the March journey but the Lord had witnessed that they shouldn't go.

These were just a few of the marvelous ways that Jesus helped. I wish I could do justice to what God, through Jesus the Holy Spirit, did for us during these days but I must say again that words simply fail. I do sense that God has much for the dear fellowship in Salt Lake City as they come to one accord, dying out to all desires of self.

Oh that the Master could have His way in my heart. I would that I might come to see my utterly wretched state to admit as did the prophet, "Woe is me". Oh Jesus, I would that Thee might cleanse my being with the ember of your Holy Blood. Amen.

John McAdams

I am thrilled! For I have tasted of a Kingdom which is not of this world.

While in this humble meeting at Salt Lake City one evening, the presence and leadership of the Holy Spirit was so marvelous, so unspeakably glorious, that I felt those of us in that little livingroom were among the most honored persons in the entire United States of America! Volumes of the choicest words could never convey the splendor of God's guidance and revelation through His servant that particular night or the night following.

Do I feel unworthy to experience such miraculous manifestation of God's guiding hand? --Very much so. I have been honored to walk right beside Brother and Sister Helm, as with the apostles of old, while Jesus authenticated their ministry with numerous signs and wonders.

Consider, if you will, the unmistakable fingerprints of God upon this humble pilgrimage to Salt Lake City:

1. God's wisdom (which is foolishness to man) in jetting five persons on a specifically revealed date over 3000 miles round trip at considerable expense, simply to meet unnoticed and unpublicized in a small livingroom with a precious group of hungry hearts. This would seldom happen, unless the Person of Jesus were arranging the plans.
2. Consider the young woman sitting right beside God's servant, because she had missed her earlier flight, in order to be led to the Master as we landed in Chicago. Was this a wonderful coincidence? --No...this was a sacred appointment by the same One who came into her heart and placed her in that very seat on the very day He had told His servant to depart for Salt Lake City. Jesus had it all arranged.
3. Review swiftly but a few of the miracles of grace witnessed during these brief days: A young man swept into the Kingdom because He experienced for one of the first times in his life the true love of Jesus: "If this is what Christianity is," he said, "I want it!" --His precious wife thrilling at the love of Jesus in her heart, that love for which she had so arduously searched. --A brilliant young man testifying to God's healing his stomach, a healing unsought but revealed by the Holy Spirit. --One chained by alcohol and tobacco set at liberty by Jesus in a moment! --Whiplash taken from the neck of a young woman at the revelation of Jesus. Cancers healed. --Burdens lifted.--Hearts encouraged to a deep love of Jesus and of one another.

- 5.
4. And not least of all, the wonder of God leading His servant to take an offering for a very needy couple of that precious fellowship. Though an offering was taken one evening for the evangelistic party (for which we were all deeply thankful), how often do you hear of evangelistic crusades taking an offering and sharing liberally of their own resources to help the needs of those they came to serve.

By God's grace and help, I observe almost unprecedented events which testify to a unique world of God's guidance in our midst.

I trust we can see what a privilege and responsibility is ours---yours and mine-- to know of such a work of God in our age and be called to the care and support of the servant whom He has assigned this sacred ministry of humble obedience to His perfect will.

I sense, even as I am trying to write this humble message of great joy, that unless we work with great energy in the Spirit, we will comprehend little of the peculiar work of God which is being displayed in our midst. God help us and have mercy upon us.

In joyful trust,

Jon Cullum

Brother Helm shared with us on the phone last night that each one of you dear ones who have the burden for Revival For Our Day had a part in the salvation of the young woman on the plane. You---each one---had a part in the souls which were saved, encouraged, healed and helped during the meeting in Salt Lake City. You are the ones who made it possible for us to go. Praise the Lord.
