Parents

Please join us in prayer now as we prepare the final details and preparations for your students camp this summer. Jonathan Attaway will once again be our camp speaker and he has been diligent to prepare messages from Gods word for your students. We already know we are blessed to have a wide variety of young men and women joining us this year, with a vast difference of spiritual maturity and understanding. While we want to have fun, our focus this week will be on Christ, and my personal hope is that we see some young people come to have a personal relationship with Jesus, and that we see some others surrender to the ministry that God is calling them too.

Thank you for allowing your students to be part of this week, and please join us as we prepare now, physically and spiritually, for what God has planned for the TCAWM Student Ministry this Summer 2024!

Sincerely, your Student Pastor,

Todd Crabtree
