

Letter from the Director

Welcome to Waypoint Preschool!

My desire is that your child grows to love this preschool and comes home talking about all the wonderful things they did while learning throughout the day. Our program offers a wide variety of academic experiences and works to instill a love of Jesus Christ into the hearts of our young students.

Our preschool teachers work hard to make sure that your child is actively learning throughout the day. We plan daily lessons to encourage and challenge your preschooler to learn all that they can about the world around them. Our academics focus on language arts skills, math, writing, art, science, social skills, and the Bible. We have many fun opportunities for the children to become involved in their classrooms; from daily jobs, to student of the week, and sharing days. You will be amazed at all the new and exciting things your child will come home talking about.
