

# Prophesy Again!

---

Dr. Lousie Goings

Come to me!

January 4th 2026

Ezekiel 37

- There are some things in our life that we've decided that it's alright, if we don't get it.
- You have to have faith to believe it.
- When you received it, it's still yours. Don't care how long ago it's still yours. Declare from the north, south, east, and west COME TO ME
- As I prophesied.
- Notice the bones were scattered everywhere. When the spirit of the Lord moved, each bones knew where to go.
- Clear your thinking- You don't have to be a prophet to prophesy. You have the power
  - Mark 11:24 KJV
- What is prayer- an earnest request. Am earnest presence, an earnest reach. I am consumed with the thought that I have got to have this,. I have got to get to God. I gonna believe that if I touch him then I can have it. "You shall have it."
  - I can not believe for you.

- It was their mouth that brought them goodness, a curse, or caused some things to turn.
  - Pay attention to the word again: you've seen this before. Maybe not in this form, but you've seen this before.
- God is saying you've seen me do this before but are you going to allow me to do it again.
- The best thing to do when you don't know what to do, is do nothing. Is say nothing. Just say Lord though knowest.

  

- When you ask God, God will prompt you to do some things
- If you were going to be ok [about not getting your promise] why would God promise?

  

- For every word of God you hear, there is a replacement in you.

  

- God is saying If I could get my church to see it likes it real, to see it like they already got it.

  

- Hell trembles when doubt is broken. When Doubt breaks, Heaven is open
  - 1 Corinthians 13:19 KJV
- When you call the 4 Winds of the earth together, you are pulling the universe together. It has no choice but to come to you.

  

- You can have the peace before you get it materialized.
- What do you have that is stopping God?
