

## Dry Bones Hear the Word of the Lord- Youth Sunday

---

- Carlie Ward

Sometimes things don't go the way we want in our lives and that can make us sad or worried bc it looks really bad , but in Ezekiel 37 God put the dry bones together giving it flesh and life again when it was lifeless and looked impossible to life, this shows that giving it to God and believing in him can turn all of our situations around no matter how bad it looks we just have to put it in his hands and believe.

When you are waiting on God, God maybe waiting on you to make a change. Ezekiel told God only you know. But God responded with telling Ezekiel to prophesy to the dry bones . No matter the situation, Gods got it figured out and he can turn what you thought could never happen and make it happen.

With all the things going on in our lives work school bills, sports, social lives, that can be very overwhelming. It can feel like you're buried under it all. When you think about it graves are very deep, so God has to do a lot of digging to get us out but, we have to want to get out of our graves. Verse 14 not only did God dig us out of our graves, but he's put his spirit in us and gives us a new purpose. Verse 23. God doesn't want us in our old ways bc they do us no good. He wants to cleanse us and give us a new name. He wants us to be his, even after we've fallen short, we said

we'll do better, He doesn't want us to hide in our graves but to tell our stories.
