# OUR PERFORMANCE

*2025 was another productive year for Hardbarger Impact Ministries. Despite flooding in our shop, we were still able to increase productivity for 2025*

*Bed Brigade continues to make progress on a new shop space that will help increase productivity for years to come. To date we have had the opportunity to share the Gospel and lift over 800 people in our community off the floor!*

*God's Garage continues more requests. We continue to have a long waitlist for this ministry and need continued funding to help fulfill these requests. For 2025 we have serviced 51 vehicles.*

*HIM Homes will be our newest ministry and though it has been delayed, we are looking to officially launch sometime in the near future. HIM Homes is a homeless ministry that provides shelter and life restoration to homeless individuals. Keep an eye out for more information on this ministry!*

*HIM Mobile takes HIM on the road to meet the needs in our community. Our goal with this ministry is to service the many home repair requests we receive each year and to eventually branch out into disaster relief. HIM Mobile is slowing building up capacity to fill requests.*

## 2026 GOALS

***Bed Brigade: As with every year, our goal with this ministry is to fulfill all requests that we receive.***

***God's Garage: As we build productivity, we hope to get caught up on our waitlist and begin servicing requests as they come in. Our goal is to serve over 100 vehicles for 2026.***

***HIM Homes: This ministry is still in the beginning stages. We are collaborating with different organizations to bring this vision to reality. Different challenges have led to HIM Homes being delayed further.***

***HIM Mobile: We would like to service 7-10 families this year.***
