Shape of the Month

Color of the Month Blue

Fine Motor Development Activity

Children draw a simple picture on a piece of construction paper with a pencil. They trace the pencil lines with glue and glue dry, uncooked beans onto the design. Gripping the beans with their fingers is good fine motor practice.

Classroom News

March 20th will ring in the first day of spring. During this month, we will not only discuss the new season and what spring holds in store for us, but the season of Lent and what Christians do during this time. We are all awaiting Easter, the best springtime surprise of all!

Last fall we carved our class pumpkin, named him "Pumpkin Jack" and placed him in a closed container on the windowsill in our classroom. We have watched him transform throughout winter. Ask your child if they can tell you what our classroom Pumpkin Jack looks like now. We are hoping pumpkin plants will sprout from the seeds left behind.

Fun Things To Do

Use eye droppers to "pick up" colored water for color mixing or creating art designs on paper

Use pegs or golf tees to make designs in playdoh

Look for blue things in your child's bedroom.

Use a flashlight and make letters on the wall. Guess the letter that was made. Cut out letter templates to place in front of the flashlight.

Last Day of preschool will be Wednesday, May 13th.

We will plan on having an end of year program for families to attend. More info to come.
