

December Testimonies

- We lived in our old house for 9 years. We were in some form of construction or remodeling while we lived there for basically all of the 9 years we lived there. The bedrooms would be moved around and find a different purpose as other places in the house adjusted. One room in particular started as a music room. It became an office later and eventually was turned into a pantry. It was a glorious pantry. My husband made shelves for it and we could even keep a freezer inside it. It had one problem though, it was carpeted. That isn't fun for a pantry. During covid my husband was laid off for a time. So, we looked for projects to do that didn't cost anything because we didn't know what the future would hold. I was just realizing that I was prophetic and didn't have a prophetic community around me yet. I had this wild idea to pull the carpet out in that room. I hoped the subfloor was a beautiful tongue and groove floor that I could paint. Our house was at that time was built in 1940. It had been added onto several times and all the subfloors were different. So, knowing one floor did not mean this floor would be the same as others. We prayed about it a lot and didn't jump into it like we normally would do, because sometimes with homes you discover more items that need fixed in the undoing. I had a vision of my husband and I in that room on the floor and we had found a treasure chest full of gold. Since I was newly discovering my gifting, I didn't know if we would actually find gold under the carpet or not! Haha!!!! We ripped out the carpet and we did not find a treasure chest full of gold. However, the subfloor was a beautiful tongue and groove floor that I already had the paint for. I painted it a shabby vintage look. The Lord was showing me that he had the provision for that floor and that it would be just fine. It cost us 0 dollars to do that floor and it was super cute. Sometimes in our learning to hear from the Lord there can be scary steps we take hoping we heard God right. Remembering this story makes me so grateful to the Lord for teaching us and helping us along our way. - Felicia
- Sometimes I have had trouble receiving the love of God. I got the idea from someone to just dwell on passages in the Bible that talk about God loving me. We don't always have to feel things. If it's in the Bible, it's true. I was reading about how Jesus died for me and just saying out loud to myself. "He loves me." I said it over and over. At the exact same time I got a text from my aunt that just said "love you." I knew it wasn't a coincidence. He loves us. - Anonymous
- A team from our church went on a mission trip to Guatemala. We trained 24 churches in healing evangelism, activation, and community outreach.
