

# March Testimonies

- My husband, Brady, loved God and loved serving Him. Brady was always the one coming up with the greatest ideas for outreaches and helping in any way he could. He's over in Heaven right now though and our family always jokes with each other about how he probably is right by God's side trying to giving him great ideas and suggestions all the time. Brady was a Baptist boy when we met. Nothing wrong with that. They are wonderful believers! But after we were married a while and going to his church I knew we were missing out because God has so much more for us. I was raised in pentecostal churches and my Dad was the pastor of some of them. I convinced him to go to a pentecostal church with me. In Sunday School one Sunday morning we were discussing the Holy Spirit and speaking in tongues. Everyone had different wonderful testimonies about Holy Spirit. Brady just said to the whole class, "well if I get the Holy Spirit you're gonna know it's real because I don't believe in it!" There was a big pause. I don't think the class knew what to say at that point. And you know what? Well, it was one or two Sunday nights after that. Church was over, but there were still a lot of praying going on. Brady was on his knees at a pew in the back of the church against the back wall and was filled with Holy Spirit and speaking in tongues! Holy Spirit was listening when Brady said he didn't believe in it. I wonder if Holy Spirit might have even been laughing. Brady was a believer after that. He knew Holy Spirit was real! - JoAnna Pickle
- Lois (Pam's mom) shared a story with me and gave me permission to share. They are transitioning their banking to a debit system and writing everything in their check registry. They know you can look online to see what purchases are, but this is a new system for them. Lois had gone grocery shopping and lost a receipt she needed for banking records. She had looked everywhere including her freezer. As she was cooking and mulling everything over with the Lord she hears clear as day to check the freezer again. It was just like a Peter with the nets moment for her. She had already checked the freezer two times before. She went to the freezer and the Lord told her to pick up the ice cream she had purchased. When she did so, the receipt flopped down and it was found! Yes, they could have checked what the purchase was online. That is a new system for them and she was worried about the loss of that receipt. How kind and gracious God is to meet us tangibly in what we care about!!! He meets us right where we are at and speaks to us about anything!
- Zane was up all night and woke up sick one morning. He asked for prayer and I told him a prayer strategy to pray and ponder on. I have no idea if he prayed the way I had suggested

or not. Two hours later he came back upstairs and said “I’m healed!” He was fine after that. Praise the lord! -Felicia

- Check your old prophetic words!! When I went over some of my older prophetic words I saw that Vicki had given me one about testimony becoming part of my dining room table conversations. This was a year or more before the testimony ministry was birthed I believe. I did not know and neither did Vicki that it would be a ministry and turn out the way it did. The Lord in fact orders our steps. So fun to look back and see how he has been guiding us all along. In 2021 the Lord also spoke the phrase “Encounter Nights” to me. I had totally forgot about it. I did not think I would be involved in it, but I was just excited at the fact that maybe our church would have something like that. All this time later not remembering what God had spoken to me an encounter night was born. They are now every 3rd Tuesday night in the prayer room. When it is spoken by the Lord the word does not return void.

- Felicia

- 3/10/24 Nicole asked us in her sermon to ask Jesus how we can be a better servant. I saw a picture of me taking heavy ropes off myself. I knew that for me to be a good servant I would have to focus on my own freedom first so I can be all that I am supposed to be. It was a profound moment for me. Our freedom becomes freedom and help for others.
