

Prayer for Peace in Ukraine

February 24, 2026

Jesus Christ, you are light from light,
you are the fountain of truth, you are the origin of justice. With all your senses you are
GOD, and you know the reality of this war.

You, GOD, hear

the words, the promises, the disappointment, the silence of those who have been
silenced. You hear the wailing of sirens and drones.

You, GOD, see

the lost everyday life, the vanished cultural treasures, the destroyed landscapes, the
ravaged creation. You see the longing for peace.

You, GOD, smell

the smoke of fires, the wounds, the stale air in shelters and bunkers. You smell the cold.

You, GOD, taste

the meagre meals, the fleeting kisses, the stale taste of numbness and helplessness.
You taste the exploitation, the betrayal, the self-interest.

You, GOD, feel

the broken hearts, the pain of the left behind, the shame of the abused. You feel the
despair and hopelessness.

—Silence—

GOD! Eternal One! This war has lasted four years. Have mercy!

We pray for the victims of this war:

for the civilians, for the wounded, for the mourners and the traumatized. Keep them in
your healing presence. Give them comfort and protection.

— Kyrie (sung)

We pray for the soldiers:

for all those fighting on both sides. Protect them from brutalization. Strengthen their
conscience in the horror of war.

— Kyrie (sung)

We pray for the leaders in politics and in the military:

Give them wisdom and the willingness to put aside power interests for the welfare of all.
Lead them to serious peace negotiations.

— Kyrie (sung)

We pray for your Church:

for clergy and congregations in Ukraine, Russia and all regions affected by war. Fill them with your hope and comfort, that they may be signs of your peace.

— Kyrie (sung)

We pray for your people:

for those who persevere, for those who leave their country and for those who take them in, for those whose hearts are in their distant homeland, for those who are indifferent. Awaken humanity which is stronger than hate.

— Kyrie (sung)

Jesus Christ, Light from Light,
we look to you. Let your light be stronger than the darkness. Make us lights in this world too – today and every day.

Amen.
