Just a few words of encouragement from the Elder Selection Committee.

By now you know how important your participation is in choosing new elders and reaffirming current ones. Jason Mundie has done a wonderful job reminding us of the heart of a shepherd; Mickey White has done a super job keeping us informed of the process and timeline. Perhaps you have spent time reading through the 22-page study resource (and hopefully checked out for yourself some of the many Scripture references cited).

Now comes the hard yet pleasurable part – pondering what we have learned and using that to nominate potential men to serve as our shepherds. May we seek God's will this week and next. Be sure and turn in your nominations via link or paper before noon Sunday, February 15.

To help you evaluate possible nominees, attached is a summary worksheet of qualities of elders from 1 Timothy 3 and Titus 1, sort of a checklist.
