I wanna go deeper in the water

I wanna go deeper in your love

I wanna know all the plans that you've ever had for me

I wanna see all your signs and wonders

Unveil your mysteries to me

I wanna see all your heart 'cause you are everything

CH: 1 5 6 4

I wanna go

I wanna go

In over my head

I wanna go

I wanna go

In over my head

With all my heart, with all my soul,

You can have it all, You can have it all

I'm in over my head

BR: 4 5 6 3.

The more that I see you

The more that I find

You're everything I want

You're everything that's life X2

So I'll fully surrender

I'll devote all my life

I give you everything you want

I give you everything that's mine X2
