

Join us for a Baffle Project

Kids (Kindergarten to High School) are invited to paint a baffle with prayers, blessings and pictures that will be installed in a Habitat home to hold insulation in the roof. This is an important way we ensure that Habitat homes are warm.

Chaperones:

- for kids from Kindergarten to 5th grade - 1 adult per every 5 kids
- for kids 6th grade and up - 1 adult per every 8 kids

We will provide:

- baffles & paint
- information about what a baffle is and why they are so important
- reading circle for those that want to learn more about Habitat

Please ensure:

- you have enough chaperones
- each child is wearing old clothes
- someone from your congregations has signed up in advance – space is limited!
