# The Characteristics of an Eagle

What are the characteristics of an eagle? Why would the forefathers of our country designate the bald eagle as our National Emblem? The eagle represents the fact that our forefathers wanted this nation to be a strong nation.

An eagle has great strength and size. It is also very graceful. An eagle is able to spot its prey from high up in the sky due to its keen eyesight. An eagle also has powers of flight in that it does not tire easily and is able to stay in flight for long periods of time. The eagle is truly a remarkable bird.

In Isaiah 40:31 we read these words, *“But those who hope in the Lord will renew their strength. They will soar on wings like eagles; they will run and not grow weary, they will walk and not be faint.”*

As disciples, we need to have the characteristics of an eagle. If we allow God to renew and strengthen us daily, we'll mount up with wings like eagles. We'll be a strong Christian. We'll be a graceful Christian. We'll be a disciple with a keen vision to the needs of those around us. And, we'll be a Christian that can run the race and not be weary; we can walk and not faint.

*“Let us not become weary in doing good, for at the proper time we will reap a harvest if we do not give up.”* Galatians 6:9
