## What is Bible Quizzing?

Bible Quizzing is an exciting program for grades 5-12 that encourages scripture memorization through monthly competitions that test participants' knowledge of the memorized material.

Unlike other bible memory programs that aim for memorizing isolated verses, the goal of Bible Quizzing is verbatim memorization of whole chapters of the Bible.

Each month during the season, quizzers compete as teams to score points by answering questions from that month's designated chapters of scripture. Each tournament is composed of many 'quizzes': in each quiz, three teams are seated (on electric sensors) as questions are asked; with each question, the first person to stand up (or 'jump') wins the right to answer. Correct answers are worth 20 points, while incorrect answers are ruled 'errors'.

Points are tallied over the season, with awards given to the top-scoring individuals and teams.

*"Bible quizzing is an amazing way to get you into God's word more while also having fun competing on it. And to memorize and hide Scripture in your heart is what we're called to do. Quizzing has changed my life, and I have become more knowledgeable in God's word. It has also grown my faith and walk with the Lord. I can't ask for anything more."*

*- Jack , age 16*

*"It's a ton of fun, and nowhere near as hard as it sounds. It's a great way to make lots of amazing friends and memories, plus a great way to memorize God's word and have the motivation to be in His Word every single day."*

*- Annika , age 16*

*"Quizzing is an amazing way to make awesome new friends, but more importantly, to get God's Word into your heart. I wouldn't have even close to the amount of Scripture memorized that I do, if I hadn't joined quizzing, and I've made so many meaningful friendships. I'm so grateful I've had the opportunity to join quizzing, and I can't imagine my life without it."* - Nora, age 14
