THE SONSHINE NEWS

"Faithful is he that calleth you, who also will do it."
1 Thessalonians 5:24

FROM MINISTER OF MUSIC AND WORSHIP ANDY

There are many ministries within the church that are vital to its function. Some ministry positions are visible, but others are behind-the-scenes. I would like to recognize those involved in a vital ministry within the Worship Ministry area. Their work is behind-the-scenes, but their ministry is evident each time we come to worship. They are our Tech Team.

The Tech Team consists of those running sound, projection, lighting, and live stream. These ministries are not ones that you can just show up and "do." Those involved have spent hours training how to operate the equipment that we use each Sunday, and they know it so well that if there is a technical issue, they know how to resolve it. What I love about each member of this team is their heart to make sure that our worship is to the highest standard. They desire to see the worship and the Word go forth, both inside the Worship Center and around the world on live stream.

I want each member of this ministry to know how much we love and appreciate your heart and dedication to making the tech side of our worship the best it can be.

May God bless each of you.

-Bro. Andy
