

July 2025

Dear Supporters and Friends,

As we finish packing and making final preparations for our summer furlough, our family is growing more and more excited to see many of you in the coming weeks! Please keep us in your prayers as we travel back to the U.S. and drive across both the East and West Coasts.

This past month brought two encouraging developments at the Bible Center. First, we held an inauguration service in the new meeting space with members of Bible Baptist Church of Paris. It was a meaningful time to cast vision, share prayer requests, and explore opportunities for involvement with the church members. Second, our Thursday night Bible studies continue to grow. We're especially thankful for Christine, who has been faithfully attending. She's seeking both a deeper understanding of Scripture and genuine Christian fellowship. Please pray with us that she would become a foundational member in these early stages of the church plant.

We were overjoyed to witness Cesar's baptism on June 22nd. Since coming to faith in late March, he has demonstrated remarkable zeal and boldness in sharing the gospel—bringing 17 guests to his baptism service! His enthusiasm has been such a blessing.

In June, Kyle had the opportunity to fill the pulpit in Mantes-la-Jolie, Saint-Denis, and Paris-Gobelins. We continue to pray that the Lord would raise up pastors for these churches. In Mantes-la-Jolie, Sylvia is preparing for baptism, and we're encouraged by the faithful attendance of two new families. At Paris-Gobelins, the leadership situation remains challenging. Their application to join a fellowship of Baptist churches was declined due to a lack of clear leadership structure. Nevertheless, the church remains committed to holding Sunday services and weekly gatherings, trusting the Lord to meet their leadership needs. We also had a wonderful time visiting the church in Saint-Denis and enjoyed deepening relationships during a church-wide BBQ following the service.

As always, thank you for your faithful prayers and financial support. Your partnership allows us to continue serving the Lord here in Paris, and we are so grateful.

In Christ,

The Guins Family
