

The Humphrey Herald

February 2025

Dear Folks,

After 26 years of serving the Lord in New Zealand, South Korea, and Australia, our ministry on the foreign mission field has come to an end.

This decision was not made lightly. After much prayer, the Lord has led us to this decision. It is another life-changing event in our lives.

John and I will soon be 66 years old. We look forward to spending time with our grandchildren, family, church family, and friends.

Words cannot express the great blessings we have experienced during our missionary journey as servants of the LORD God, and His Son, our Lord and Saviour, Jesus Christ.

We met and ministered to many people from different countries and cultures. Our eyes and minds were opened to new things. We laughed, cried, ate unfamiliar food, etc as we shared the joy of introducing folks to Jesus Christ. We ministered to a wonderful group of predominately highly educated people and we came to love many of them. We expect to continue to have contact with them.

Thank you for being a part of a blessed ministry together. Through your prayers and financial support, we reached many people for Christ. Together we have served the Lord faithfully. We believe that eternity will reveal the impact upon the many lives of those with whom we ministered.

We look forward to our future life of service here in the U.S.A. as we wait upon the Lord for His guidance.

We love you and want you to know what a blessing you have been to us and to those we reached together as co-laborers in the furtherance of God's eternal kingdom.

May the Lord bless you!

With grateful hearts,

John and Mihyon Humphrey
