

September 22, 2024

Dear Brothers & Sisters in Christ,

We pray that you are all doing well and ready for all of the Fall beauty that the Lord our Creator has prepared for you! We understand that the weather there is still stuck in summer mode, unlike the weather here in Germany, which quickly changed to Fall on the first day of September! From our memories of having lived a short time in Charleston, we know that you will soon be witnessing a lot of beauty from God's creation of the Fall season!

We praise God for your faithfulness in both prayer and financial support of our ministry here, and we want you to know that you are the only partner that we have who regularly remembers our birthdays and anniversary - that really means a lot to us. We have prepared a short 5-minute video update of our ministry and would like to share it with all of you there. We saved the video as a YouTube video to make it a bit more accessible for most people. Please help us by getting this link to all of those serving on the Missions Team there. Here is the link:
