Biblical Ministries Worldwide Church Plant Catalysts in Utah

April 2025

Continue to Pray:

- Pray for our adoption to finalize soon. Our countries immigration system has slowed this process.
- Pray for us as we make plans to build a church building on our newly acquired property.
- Pray for our upcoming missions conference in June
- Pray for 3 new missionary ladies moving to Utah to help with church plants.
- Pray for one of our missionaries that just started Chemo.
- Pray for our family as we continue to lead and serve the Utah field.

Thank you for continuing to prayerfully support the missions taking place here in Utah.

Last month, we hosted a **Church Planters Conference** for our network of church planters. We had over a dozen church plants represented, with each plant bringing a team of leaders. During the conference, we offered training sessions specifically for the missionaries, along with times of prayer and fellowship. In addition, we planned a special day of activities for the church planters' children. We took them on field trips, spent time encouraging them, and opened God's Word together. For many of these kids, life in a Utah church plant can feel lonely—some of them don't have

friends their age in their church. So this time together was a meaningful opportunity to build friendships and experience the joy of being around other kids like them.

In March, we also held a **Faith Elevated Missions Camp**. Faith Elevated provides believers with an opportunity to experience the mission field of Utah, serve alongside church plants, and learn how to reach Mormon people with the Gospel. This past month, we were blessed to host **40 high school seniors from Bob Jones Academy in South Carolina** for their senior missions trip. They were a wonderful group of young people who served the Lord with great attitudes and learned much about ministry in Utah. They assisted five different

church plants and helped prepare the way for a future church plant. They also heard testimonies from former Mormons who have come to faith in Christ and had the chance to engage in gospel conversations with several current Mormons and Mormon missionaries. If you or your church are interested in an impactful missions trip to Utah, you can learn more at faithelevatedutah.com.

Recently, we conducted a **door-to-door survey** in the community of **Santaquin, Utah**. It's a town of 18,000 people **without a single Christian church** of any denomination. Our goal was to see if there might be openness to a Christian church being started there. We distributed **1,500 postcards** with a QR code linked to a brief, three-question survey. Four people expressed interest in having a church in their town. The rest of the responses reminded us why Utah truly is a unique mission field. When asked, "What are you

We are blessed by LMBC and your love for the Lord!
We hope you had a great Resurrection Sunday!

looking for in a church?" the answers reflected deeply held **Mormon** beliefs about Mormon priesthood authority, baptisms for the dead, and views of Christianity. Here are just a couple responses, in their own words:

- *"The Church of Jesus Christ as taught and organized in the New Testament, with Apostles and Prophets, Prophetic Revelation, Temples, and Salvation for the dead with an unbroken Priesthood line to Jesus Christ—and not Christian self-validating heresy."*
- *"My ancestors were persecuted by Protestants like yourself—and it led us here to Utah. Let us have our own place, please. We are plenty Christian without the help of 'Christian Mega Church Inc.' but thanks anyway!"*

These responses are a clear reminder of the spiritual landscape here and why the gospel work in Utah is so needed and so distinct.

Some final updates to share with you:

- This Easter, we are planning to **baptize over a dozen people**. We are excited to celebrate their public profession of faith. On Easter we expect to share the gospel with over 100 lost people.
- In a previous letter, I asked you to pray for a young

man named **Keegan** as he considers serving in Utah. He was able to visit and had a profitable trip, but we ask you to continue to pray for him as he determines if the Lord is leading him to Utah.

- On a personal note, Stacy and I recently received a phone call confirming that our **adoption looks like it could be finalized by the end of May**. We are deeply grateful for your prayers and hope we get to this finish line soon.
- Three of our church plants are expanding their facilities due to growth. These churches are in the Utah towns of Harrisville, Highland, and Richfield. Pictured in the above right is a home the church in Highland recently purchased. This is their meeting location, and they are the only church in their entire town of 15,000 people.
- For those of you that know our family maintains a fast pace in ministry, please know last week we took a five-day vacation. Every Spring our family has established a tradition of renting an Airbnb somewhere south of Utah in a warmer climate. We usually try to find a home with a pool and just relax. This year my parents were also able to join us, and we enjoyed our time together.

The only church in Highland, UT

Thank you for your prayers, encouragement, and support. Utah is estimated at less than 2.5% Christian. We need your help to keep moving forward. We long to see a healthy church in every Utah town, and the Lord is doing great work through your partnership and prayers!
