For this month's letter we wanted to share some praises over what God has been doing in Utah over the past few months. We ended summer with an incredible baptism celebration where 17 people publicly declared their faith through baptism. This year, we've also seen a record number of Mormons come to Christ, Praise God!!!

not only allow us to build a new facility but also create a hub for church planter training & conferences.

Stacy and I are blessed to serve as church plant catalysts for Biblical Ministries Worldwide for multiple church plants in Utah. All of the church plants have grown this past year. Three have had to expand their facilities, and our newest plant now has an average of 50 attendees on Sunday. Over the next few months, we are also expecting three new missionaries to join our field and better support our church planting teams.

Stacy recently helped lead a mini retreat for church planter wives, offering much-needed refreshment. I continue to meet with our missionaries through monthly Zoom calls and through in person quarterly gatherings. My next gathering is set for October 9th.

Looking ahead, on November 7th-9th, we'll host our annual vision trip and church planter conference. If you know someone that might be interested in taking a vision trip to Utah, you can visit advanceutah.com. Our vision trips encourage Christians to consider helping Utah ministry by being a church planter, joining a church planting team, or supporting the work taking place.

Lastly, if you're interested in a summer missions' trip, consider our mission camp held June 9-13. For more details, visit FaithElevatedUtah.com.

We were unable to succeed, but God led us to a new opportunity. On October 10th, we're set to close on 4 acres of land right on Main Street in Lehi. This will
