

Merry Christmas

The Walls Church Plant Catalysts in Utah

December 2024

Continue to Pray:

- Pray for our adoption to finalize soon. Our countries immigration system has slowed this process.
- Pray for us as we make plans to build a church building on our newly acquired property.
- Pray we can plant four more churches in the next four years.
- Pray for our family as we continue to lead a church and a church plant network in Utah.

In November, we hosted a Utah Vision Conference for ministry leaders interested in learning about Utah's unique ministry needs. Participants included students from two Bible colleges in Wyoming and Iowa, faculty members, and a principal from a Christian high school in South Carolina. The group enjoyed visiting a Mormon

Vision Team at Radio station

Temple Square, meeting local church planters, and learning about ministry challenges in Utah. Pictured in the top right is the team meeting with two Mormon missionaries and on the left a smaller group visiting a local Christian radio station operated by Biblical Ministries Worldwide on the.

This same month, we hosted a church planter conference for Biblical Ministries Worldwide and other like-minded individuals. Over 100 people attended as we focused on planting healthy churches by fostering healthy church planters. Our sessions included intentional periods of fellowship, and we also invested in the children of the ministry leaders through meaningful activities and spiritual encouragement.

Last month, I traveled to Africa and brought my 14-year-old son, Grayson, with me. Although nervous at first, he fully engaged and ministered well during the trip. Five years ago, I never imagined being involved in Africa, but the

Lord had other plans. With minimal effort on our part, God has opened doors for us to support church planting and assist children in need. Recently, we worked with local politicians and hospitals to bring a young girl to the U.S. for life-saving surgery. She is now recovering and doing well.

Please continue praying for us and the ministry. All our church plants are growing (11), with four working on expanding their facilities. In the months ahead, we will lead a Christmas outreach (December), a marriage conference (January), a Conference for former Mormons (February), a church planters' conference (March), and a missions training camp (March). This is in addition to our responsibility of leading a church plant network and planting a church.

Thank you for your continued support as we labor together for the Kingdom. Utah is estimated at under 2.5% Christian. Lord, help us reach Utah with the gospel!
