The Journey-Proverbs 19
newsletter of Paul Bock missionary with SCORE International

Sorry I am getting out update out a little late but October has been crazy. I was able to help serve lunch with my church (Pea Ridge Baptist Church) at the Marshall University Christian Center, attended FCA huddle at Cabell Midland High School, present a devotion with Highlawn high rise in Huntington, WV.

It was also a blessing being ordained through my home church (Pea Ridge Baptist Church). This has been a work in progress and so very thankful for my church family.

I also attended the WVBC annual meeting at South Parkersburg Baptist Church, It is always fun and encouraging hanging out with so very many of my convention friends!!

BUT the big event of the month was my successful knee replacement surgery!! I continue to praise the Lord through what He is doing in me and through me. Two weeks into recovery and physical therapy is going extremely well. I am getting more range of motion than I have had in years!! Thanks so very much to Jared and Sarah Blankenship with Bridge PT.

Through this healing and recovery time, I have been able to share the SCORE ministry and continue to encourage people to serve the Lord through short term mission trips.

I encourage everyone, not just youth groups and sports teams, to use their God given gifts to serve the Lord. Score has been able to host medical, family and college groups over the last 38 years.

As we approach THANKSGIVING, I am so very thankful for everything that God has provided!! My family and friends continue to be there by my side through good times and struggles. Thankful for all the pastors and youth pastors who believe in what we are doing through SCORE International. The prayers, financial support and encouragement is invaluable! We could NOT do what we are doing with out all of you.

Most thankful for Gods saving grace through the sacrifice of His son Jesus Christ. This is why we will continue sharing the good news of Jesus!!

Please let me know if you want to take a mission trip!! **THANK YOU-** Rom 12:3-8

Prayer requests

- God's healing for one of my best friends Matt Ash(cancer)
- Continued success with knee replacement surgery and PT
