

Hello Church,

Greetings from the Wright family! We are preparing for a permanent mission in Rome, Italy with the organization International Project. Italy's proximity to the 10-40 window combined with Europe's migration crisis has made Rome a hub for muslim migrants. This offers a strategic opportunity to evangelize and disciple unreached peoples from a multitude of nations in one location.

We will be joining missionaries Todd and Christie Kincaid, who have been operating a ministry called "The Hub In Rome" for over a decade. Our goal is to expand this proven ministry, and plant small churches throughout the city, thus providing more opportunities for worship in underserved migrant communities. Through these experiences, migrants can then share the gospel with their communities back home in a way that westerners cannot.

Our current financials are as follows:

One-time Gifts/Relocation Account: **Fully-funded**

Reoccurring Monthly Commitments/Living Account: **50%**

International Project desires it's missionaries to be able to focus 100% of their energy on the mission itself, not survival. In order to accomplish this, IP missionaries are required to secure ministry partners invested in reoccurring monthly financial support.

Please visit our websites (links provided) for more information. We've also included a link to a very informative private presentation by the missionaries that we'll be joining. For the safety of the migrants, this video is only available to those with the link, so please refrain from sharing publicly.

Please prayerfully consider if the Lord is calling you to serve along side us in Rome. We would be grateful for your support!

In Christ,
Justin, Rebekah, and the Wright Family
