GLOBAL UNITES
YOUTH MOVEMENTS FOR CONFLICT TRANSFORMATION

OUR STORY

It all began as a movement born from the darkest chapters of a nation's history—an urgent response to awaken the moderate masses of Sri Lanka, a country scarred by nearly three decades of civil war and decades more of cyclical violence, mistrust, and division. Sri Lanka Unites emerged as the largest youth movement for peace and justice, embodying a new generation committed to forging a legacy rooted in hope, reconciliation, and transformation. These young leaders refused to be defined by the darkness of the past; instead, they chose to build a brighter future for their nation and for generations to come.

As Sri Lanka Unites grew, so did its spirit of solidarity and shared purpose. The movement found kinship across the globe—youth from other nations with similar legacies of conflict and hope. These global relationships became sources of inspiration, bold ideas, and validation of a collective dream: a world where youth-led change can heal wounds and redefine the future.

Today, we are proud to be part of the Global Unites family—a vibrant network spanning 20 nations across five continents, united by shared pain, aspirations, and an unwavering commitment to action. Our purpose transcends charity or obligation; it is our life's calling and destiny. We believe that genuine transformation is possible when young leaders from diverse backgrounds unite to challenge injustice, foster reconciliation, and promote lasting peace. We are not prisoners of our histories but architects of a new legacy, driven by the conviction that the best is yet to come.

In the words of Rev. Dr. Martin Luther King Jr., we are committed to bending the moral arc of history toward justice. We aim to build just and thriving nations, led by a new generation that dares to unite and transform. Together, we can break cycles of violence, injustice, and suffering—ushering in an era of hope, justice, and enduring peace. Our journey is fueled by a shared sense of urgency, courage, and the relentless belief that the next generation holds the power to reshape our nations, continents, and the world.

Our story is not just about what has been—it's about what will be.

OUR VISION

To Inspire, Connect And Equip Youth To Transform Global Societies Through Movements That Remote Youth Leadership, National Unity And Reconciliation And Paving The Way To Create Just And Thriving Nations.

OUR MISSION

To Work Alongside Local Leaders And Transform Conflict By Hosting International Summits, National Conferences, Specialized Workshops And Strategic Trainings To Empower Youth As Agents Of Sustainable Change.

A movement for Youth led Conflict transformation. A collection of established and emerging youth movements from 21 nations from four continents.

We operate in countries that are recovering from or at the risk of violent conflict along communal lines.

We identify, invest, train and mentor budding young leaders in these nations.

Our goal is to help them be strong advocates for reconciliation, national unity, and contribute towards the transformation of the social, economic, and political landscape of their nation.

WHO WE ARE

WHY WE ENGAGE

Many of us in the Global Unites family have been born into countries devastated by violence, hate, and prejudice. Our nations have been crippled by poverty and suffocated by corruption and political deadlock. The most common response by past generations to the dysfunction and brokenness in our nations has been violence, migration, helpless apathy, or desperate survival. The challenges and the trauma endured have clouded our imaginations to believe that sustainable and transformational change is not possible.

What if a new generation in our nations...

- Refused to fight and refused to participate in more bloodshed?
- Refused to freeze and be desensitized or overwhelmed by the heinous realities?
- Decided not to flee for greener pastures?
- Refused to surrender to the idea that change is impossible?
- Decided instead to stand and build movements to transform their nation?

WE ASPIRE TO PLATFORM A NEW GENERATION OF LEADERS WHO WILL END THE CYCLES OF VIOLENCE, CREATE INCLUSIVE NATIONAL IDENTITIES WITH A COLLECTIVE VISION AND PAVE THE WAY FOR JUST AND THRIVING NATIONS FOR ALL THEIR CITIZENS.
