

## **How to Give Unlimited Praise**

### **Psalm 150**

One of the best ways to demonstrate and defend our faith in a fallen world is by offering God unlimited praise. Although we live in a time when many have grown cold in their worship, the church must never lose sight of the importance of glorifying our Creator with unlimited praise. In this last Psalm, the writer encourages and exhorts God's people to simply praise Him. As you reflect on your worship, has your praise been limited? What is holding you back from giving God your best praise?

"God is spirit, and those who worship him must worship in Spirit and in truth."-John 4:24
