

*Priceless Lessons from Gen W: An Exposition of Numbers*

**“The Sin of Complaining”**

Numbers 11:1-35

The Lord's Day Morning

February 1, 2026

Numbers 1–10 describes what happened in that first year after the Exodus from Egypt. God purifies and prepares his people for the journey to the promised land. The Lord provides *connection* through the covenant, *protection* from their enemies, *direction* for the way to live, and *nutrition* in the form of manna. The people respond well to God's provision by trusting and obeying him, doing “all that the Lord commanded Moses” (1:54; also see 2:34; 3:51; 4:49; 8:3; 9:23).

But Numbers 11 introduces the first sign of trouble as they set out on their journey. Ignoring God's gift of long-term gain of the land, they focus on the inconvenience of short-term pain of the journey. That's when they start to complain. What is complaining? *Complaining is speaking infectious words from an ungrateful heart.*
