

CODY MOORE  
Student Pastor

Hello Northside Family and Friends! I want to thank you all for your thoughts and prayers over the past few months. I have felt them, and my family and I are grateful for your support and love. My foot is doing better; I just have a small spot that is going to take a little more time to heal up.

I have had a blast this month preaching and filling in for Darrell. I hope that Darrell and his family are rested up and ready to go as they come back. I know he is ready to be back, and it will be here before we know it. I also know God has been using this time to

speak to Darrell.

As January winds down, the youth group is gearing up for RAD Weekend. If you have not been here for RAD, it is a disciple now weekend (or a mini camp). We bring in a band to lead worship, a speaker to encourage our students, and college leaders to help guide students through the weekend. All this is possible because we have host homes and co-hosts that open their homes for students to stay in. A love flows through these households to students during the weekend and beyond. We also have a whole crew just for meals. These folks love students by making sure they have enough energy for this jam packed weekend. We will worship, have small groups, do mission service projects, play games, and hang out a lot over the weekend, but for what? We have been praying that God would be right in the middle of everything we do, and that He would be our focus. Students that are already in a relationship, we pray their journey will grow and help build community. We pray that they grow closer to God and one another, and are able to be encouraged. For students that may not know Jesus as Lord and Savior, we pray this weekend is the time they get to know Him and start following Him. This weekend is huge for us as a ministry and as a church.

With all this being said, we need some help. Pray! Pray for leaders, for students, for the different teams that are helping, and pray that God is moving and working, and that we are all focused on Him. Second, if you want to love and encourage some of our students, come hang out! They would love to see you all and get to know you. Third, we need rakes, shovels, and other gardening tools for our mission service projects. Lastly, know Sunday morning is going to be different. These students are going to have late nights and some early mornings, and they are going to be going all weekend, so understand they might be tired. We will also have our worship band leading and speaker preaching in the service, so be ready to jump right into the end of the weekend and know that you all made this happen.

It is going to be an awesome weekend and I'm looking forward to seeing God move and work. Thank you church for being amazing, loving, and encouraging.
