

# CULTIVATE

## 2026 SUMMER INTERNSHIP

### VISION

The heart of the cultivate summer internship is to create intentional space for students to encounter God in Spirit and Truth. When a student completes this program, they will have cultivated deeper relationship with God, a secure identity in Him, and a resolve to walk by the Spirit in all seasons of life. We believe that when this transformation happens in an individual heart, it acts as a catalyst for transformation on campuses, in homes, and within families.
