

## Josiah Venture 2023 Short-Term Team

### Risk of Exposure to COVID-19 and Related Health Risks

Travel within and outside the United States and any interaction with others from the general public poses an inherent risk of exposure to COVID-19. People who show no symptoms can spread COVID-19 if they are infected. COVID-19 is an extremely contagious disease that can lead to severe illness and death. The CDC advises that older adults and people of any age who have underlying medical conditions are especially vulnerable to severe illness from COVID-19.

By registering for the \_\_\_\_\_ (“The Team”), **you acknowledge that you voluntarily assume all risks** related to exposure to COVID-19, including but not limited to severe illness and delays due to mandated quarantines and **agree not to hold Josiah Venture or any of their directors, officers, employees, agents, contractors, or volunteers liable for any resulting illness, injury, or additional expenses that may result from your participation with the Team.**

Name: \_\_\_\_\_
