

ASSESSING YOUR SPIRITUAL MATURITY

Look through the 'Markers' for each stage and assess if you would respond (1) not yet, (2) sometimes, (3) usually or (4) always for each statement.

Which of the stages can you honestly answer 'usually' for most of the statements?

This is most likely the stage you are currently in.

Growing spiritually requires that we are deeply thoughtful and honest with ourselves with where we are. The stages of maturity are not linear, and we are always growing.

As you invite the Holy Spirit to lead, guide, teach and convict you, He is faithful to keep your heart tender and move you towards Christ-centered wholeness throughout all seasons of your journey with Jesus.

**We bless you to take ownership of your spiritual growth!

THE VISION

We see 500 spiritual parents raised up over the next 5 years, empowered to live fully alive as mature Christ-followers, multiplying their influence by walking alongside others to become Christ-centered and whole.

We see people becoming followers of Jesus by being made new in Jesus, finding freedom that is rooted in their identity in Jesus, discovering their God-given purpose, and living fully to multiply other Jesus followers.

As children of God we are first found by the Father, then formed in a family. As a family we grow towards Christ-centeredness through mentoring relationships, celebrating milestones, and moving towards markers in becoming more like Jesus.

There is always a next step for you in Jesus!.
