John 20:1-10

20 Early in the morning of the first day of the week, while it was still dark, Mary Magdalene came to the tomb and saw that the stone had been taken away from the tomb. 2 She ran to Simon Peter and the other disciple, the one whom Jesus loved, and said, "They have taken the Lord from the tomb, and we don't know where they've put him." 3 Peter and the other disciple left to go to the tomb. 4 They were running together, but the other disciple ran faster than Peter and was the first to arrive at the tomb. 5 Bending down to take a look, he saw the linen cloths lying there, but he didn't go in. 6 Following him, Simon Peter entered the tomb and saw the linen cloths lying there. 7 He also saw the face cloth that had been on Jesus' head. It wasn't with the other clothes but was folded up in its own place. 8 Then the other disciple, the one who arrived at the tomb first, also went inside. He saw and believed. 9 They didn't yet understand the scripture that Jesus must rise from the dead. 10 Then the disciples returned to the place where they were staying.

This is the month of Easter this year. In John's account, there are a couple interesting things to note for me in this time, particularly the last two verses of this passage, "They didn't yet understand the scripture that Jesus must rise from the dead. Then the disciples returned to the place where they were staying." They didn't understand, so they returned. It seems so matter of fact. They ran to the tomb in a literal footrace, then calmly went back to their lives that were already upside down. They returned to the familiar and the grieving, instead of even considering the magnitude of what they witnessed meant.

I think we are often like that. When confronted with information that doesn't make sense to our belief system, we often just return to the familiar. Later, the disciples did come around and understand, but in this moment, they did not. Let us not waste moments that give us pause. In those moments, maybe God is trying to share something new. Maybe God is trying to expand our vision of our limited universe by presenting information that is new to us. Maybe God is trying to bring us together by challenging views that limit and divide. Maybe God is trying to help us see the Resurrection mentality.

May the rest of Lent and the upcoming Easter help each one of us be willing to see and embrace a new way of understanding the world. Maybe, God is still speaking. Are we listening?

Yours in Christ,

Did you know?

Ever wonder why the date of Easter changes? It hasn't always. The very first Easter happened

during Passover, which is based on the Jewish lunar calendar. At the Council of Nicaea, in 325 (a very long time ago), the dating convention we use today was adopted for the western churches. The council wanted to keep the lunar relationship close to the original yet maintain the celebration on Sunday. It is now determined to be the first Sunday after the first full moon on or after the ecclesiastical spring equinox of March 21, putting it anywhere between March 22 and April 25. The eastern (orthodox) churches use the Julian calendar with the additional restriction that it cannot happen at Passover, so the date is not always the same time. In 2025, and again in 2028 eastern and western church dating puts Easter on the same day.

Your Support Helps the Trinity Foundation and the Community

During this Lenten and Easter season, the Trinity Foundation is especially thankful for our congregation and the many ways we serve the community.

One way we did this recently was through the Advent offering. The offering supports United Methodist Family Services, and the Trinity Foundation again matched funds up to \$7,500. Thank you for your support in making this possible.

The Trinity Foundation continues to support items outside of the church's budget, including mission projects, church initiatives, scholarships and programs such as the Dillard Forum. Please keep the Trinity Foundation in mind if you are considering Planned Giving and contact the church office to learn more.

If it's not working let us know

Just in case you haven't figured this out, your Trinity staff is imperfect. It is possible that we can miss challenges that are obvious and not so obvious. If something around the building and grounds isn't working, please let us know. Here are some examples: a technical problem while watching a live feed of a worship service, uncertainty as to whether the available technology is working properly with your financial donations, a light is out, an error in any communication sent to the congregation, etc. Thanks for reading, and don't hesitate to let us know if something isn't working. Contact Bill Pike: bpike@trinityumc.net

Please stop by the office and welcome our new Financial Administrator, Leah Cruise! Leah joined us on February 25 and is already making a huge impact. She has the background and experience we need to help us stay on top of our finances and to help us make the move to our new systems. WELCOME LEAH! We sure are glad that you are a part of the Trinity family!

United Women in Faith

From the Trinity UWF President

Dear Trinity Sisters,

This month Earth Day will be celebrated on April 22 by more than one billion people across the globe. The 2025 theme of 'Our Power, Our Planet' and the push for renewable energy fit in with one of the United Women in Faith's top priorities for this quadrennial: Just Energy for All. Fossil fuel energy sources disproportionately impact women and children in poor areas. Check the Earth Day website to learn what you can do to promote clean energy.

Remember: love in action can change the world.

Heart and Earth

Heart/Earth – Earth/Heart: The same letters, a definite connection! As Christians, we are to love God above all else. How do we show love to our Creator? By loving God's Creation.

Remember that our creation justice work of restoration, regeneration, and renewal grows from God's gift of the Resurrection, the Easter-faith that sustains us in our lives and **our calling to love both Creator and Creation.**

"Our Power, Our Planet," the theme of Earth Day 2025, invites everyone around the globe to unite behind renewable energy. The gifts of God—sun, wind, oceans, and land—are there for us and with us. Using them rather than continuing with fossil fuels will save our planet. Join with others and use your power—your voice, your actions, your advocacy—to love Earth.

Take heart this Earth Day—our Creator God has gifted us with an amazing planet, complete with renewable sources of the power that will help all people have access to better health and enough of what is needed. Uniting and raising our voices, we can bring about that vision and show hearts filled with love for Earth.

Put your **HEART** into loving **EARTH**.

We appreciate your cooperation with the staff as we work to manage the church calendar while ensuring that our security company has this information. No matter the date and day of time for a meeting, please make sure that Paula Cadden, the keeper of the church calendar, has received your meeting request, and confirmed that the room space is available.
