

APPROACHING & UNDERSTANDING PROPHETIC SCRIPTURE

Biblical prophetic scripture is a gift from God, offering a glimpse into His sovereign knowledge that we can't fully grasp. While much of it may remain unclear now, we trust that one day it will make sense. Studying prophecy should humble us, draw us closer to Christ, and increase our trust in God's perfect plan.

Using the following framework helps us properly approach and understand prophecy.

God's GIFT of
Hope to Mankind

God's WISDOM
in Ages Past

God's PLAN
for Redemption

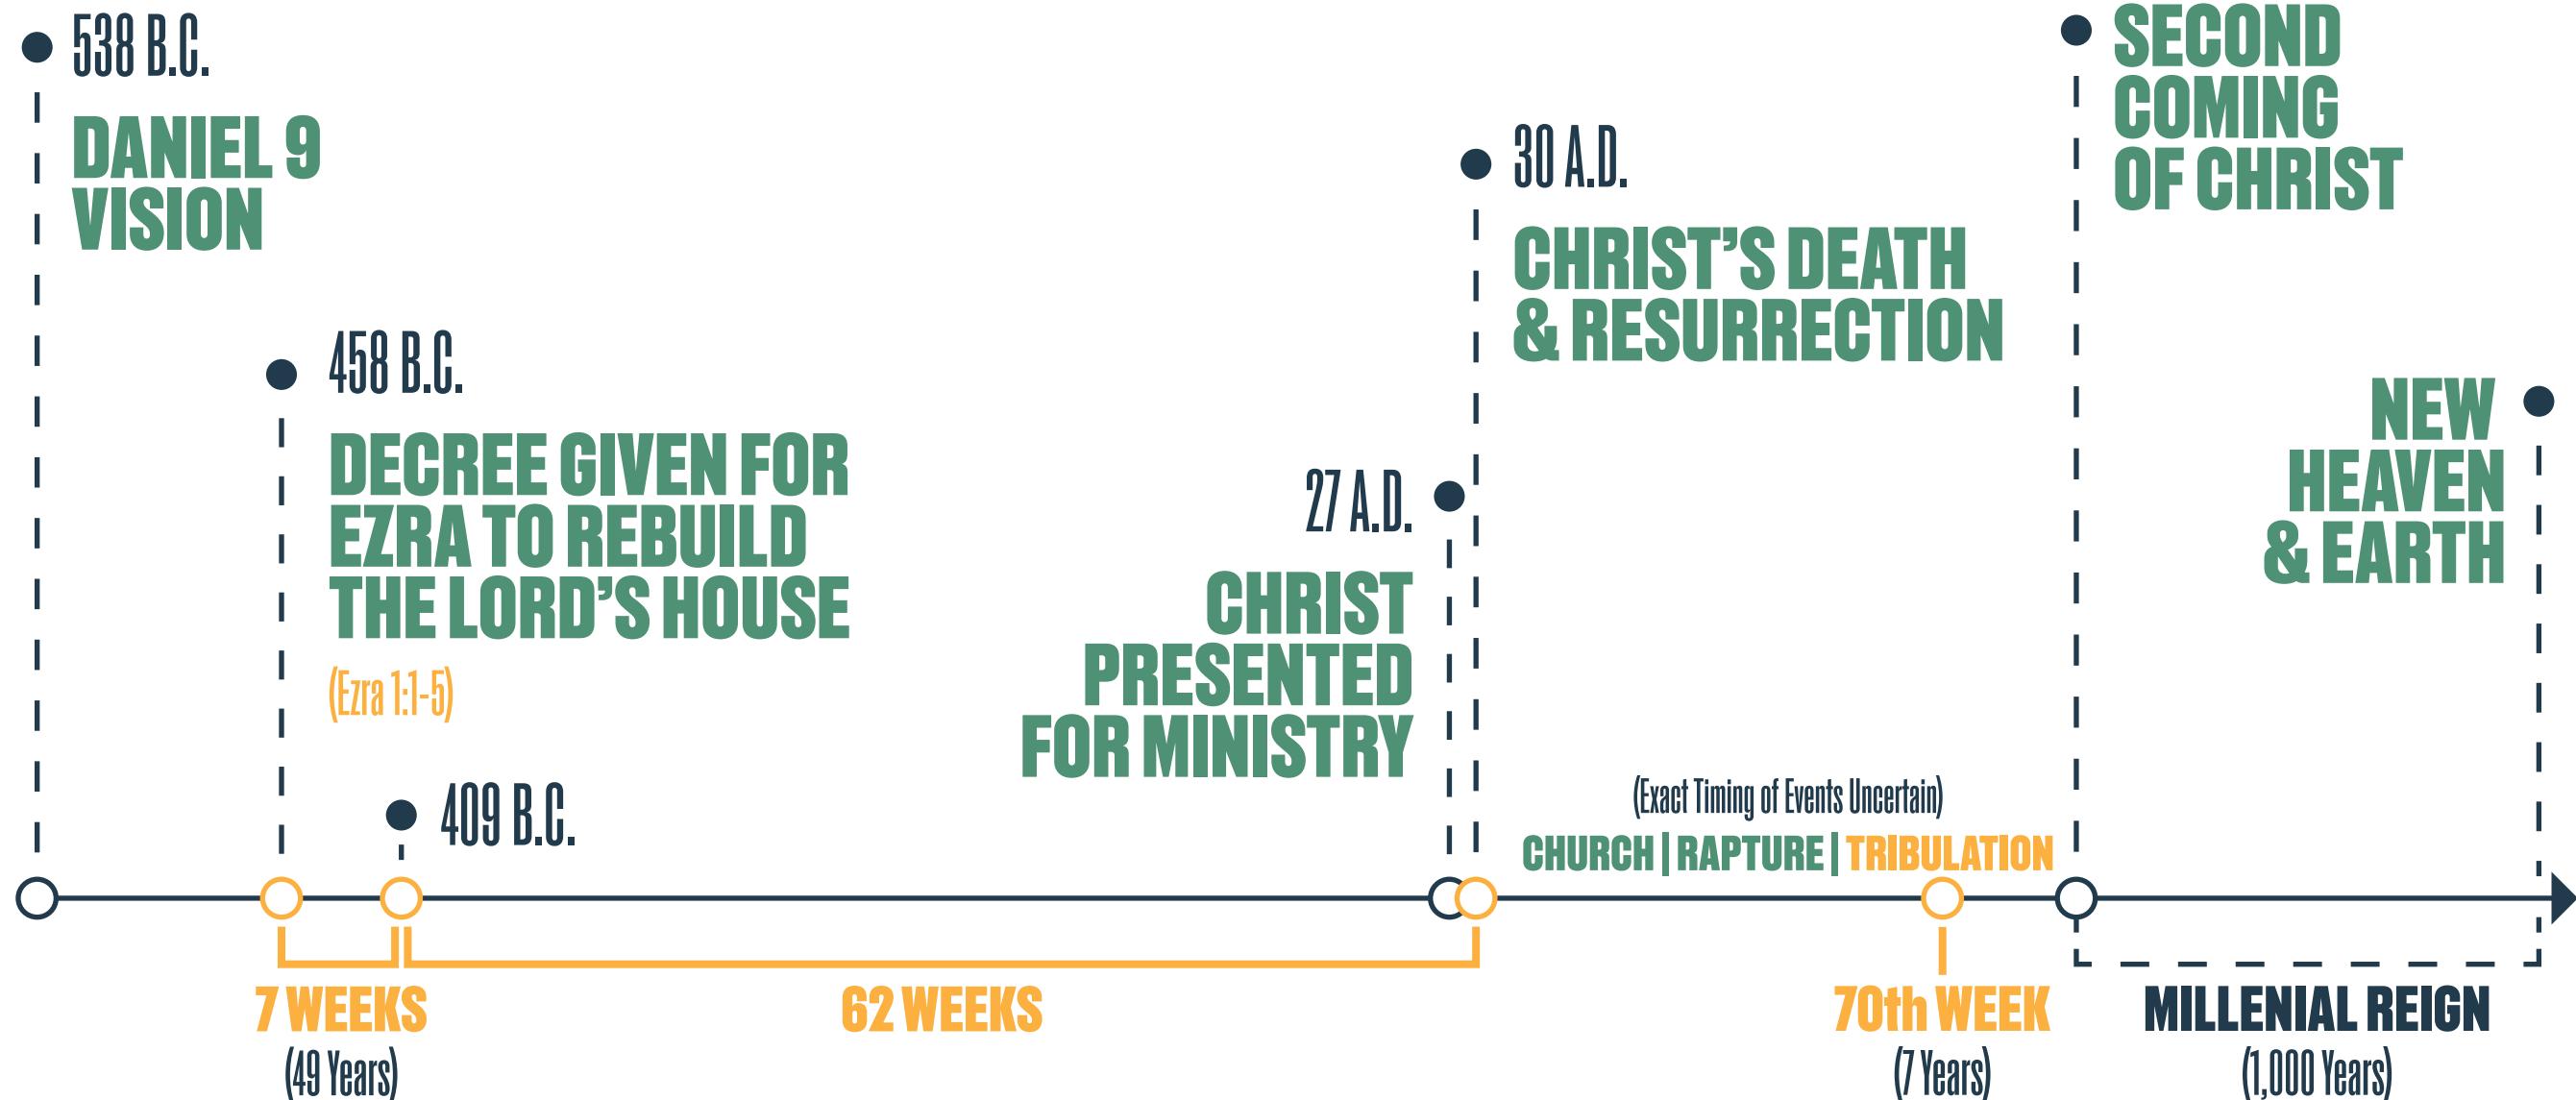

God's AUTHORITY
over All Things
