## **History and Why**

Centerpoint High School Ministry has been going on a mission to Ensenada, Mexico during Spring Break for over 20 years and to Yugo for about 9 of those years. Since then, we have been able to foster relationships with church partners and pastors in Ensenada. Centerpoint now visits them multiple times throughout the year on house build trips and has a global mission team that keeps in contact and prays for them. We know that going to Ensenada for one week once a year may not prove to be beneficial in making a long-lasting impact, so our mission is to continue to partner with these pastors, churches, and families in Ensenada so that THEY can continue to pour into their communities.

We support them by doing construction projects, planning VBS, or helping equip them with the tools necessary for long-term ministry.

In addition, this year we are going to be doing a House Build. We are hoping to change the life of a local Mexican family and demonstrate God's love to them by constructing a home in just four days. These homes require no experience and are built from the ground up, where Yugo staff will guide us every step of the way!

This Mexico Trip is transformational! Student and adult participants experience God in a new place, have opportunities to serve, develop lasting friendships, make life-long memories and God moves in their lives and the lives of those they serve. If students or adults are wanting deeper connection with others at the church, this trip guarantees new friendships and an authentic community experience. The need is great, and we believe God wants to use you to impact the world!

There truly is no other trip like this one. It will change your student's life forever. Flip through this booklet to find out more information and register today!

## Safety Letter from Yugo

We are excited and look forward to God's plan for building his KINGDOM here in Mexico, with some great teams visiting from many US States & Canadian Provinces. We want you to know that YUGO mission trips are a safe way to engage in ministry!

We are aware of News reports of some violence in parts of Mexico. The State of Baja California is one of most safe states in Mexico and we feel great about inviting your missions team to be a part of what God is doing here.

Our campus is in Ensenada which is about 2 hours south of Tijuana and about 2.5 hours south of San Diego California. Many of our missionary families live in and around Tijuana and Ensenada. Most of our staff regularly travel through Tijuana, at all times of the day & night and they have reported no issues at all.

Mission groups coming to Ensenada will travel on heavily used "freeway" style roads through Tijuana, that are used by thousands & thousands of Mexicans & Americans daily.

Our staff members live here. We go to Church here, our kids attend school here. We go downtown, we use the local stores, we cross the border regularly back and forth. We feel safe and we feel that our children and families are safe. In fact, many of our American staff have reported that Ensenada is safer than their hometowns. (We'd encourage you to look into the real facts on this.)

As husbands and fathers, we take the safety of our wives and children very seriously. We feel very safe and secure with our families living in Mexico, and **we would not invite you or your team into a situation that we did not feel was safe.**

In the past 58 years, more than 250,000 people have served with YUGO Ministries on a missions trip, and **we have NEVER had one instance of violence** toward a person in YUGO or a person attending a YUGO missions trip. Yet, the enemy wants you to stay home!

The enemy would like nothing more than to paralyze the Body of believers with a spirit of fear, to the point of inaction. We encourage and even exhort you to stand firm with a spirit of power, love & self-discipline; as we know that God is calling us, and Jesus is with us to the end. There is no place safer than where God is calling you to go with his Son Jesus!

We look forward to serving with you in Mexico and keep praying for all who will come together as the Body of Christ in Mexico this year.

### **A look at the real facts:**

*Baja, California* - Mexico, one of the world's great travel destinations, is often singled out for violent crime without telling the whole story. While there is sporadic violence along parts of the U.S. border, the majority of Mexico's key tourism areas are not only safe, but safer than many other popular tourism areas.

### **While the media often portrays Mexico as the most dangerous place on earth, it is statistically quite safe.**

According to Nationmaster.com which uses U.N.-based data, Mexico doesn't even make the list of the 36 nations with the highest murder rates. Mild-mannered nations like Sweden and Switzerland top Mexico for murders on NationMaster.com. The assault rate in the U.S. is nearly 5 times greater than that of Mexico in the independent Prominix report adjusted for under-reported crime.

Even when we add on independent estimates for unreported homicides, Mexico ranks 21st behind many popular vacation destinations. Places we think of as idyllic Caribbean retreats have double, triple, even quadruple the murder rates of Mexico. Mexico's famous vacation areas are even safer than the averaged statistics, and even safer still for tourists.

### **Mexico is safer than many cities in the U.S.**

More than 150,000 Americans safely visit Mexico every day. And while the media sensationalizes stories of violence in Mexico, Mexico is safer than many major U.S. cities. Travelers feel relatively safe visiting popular U.S. cities like Miami, Philadelphia, Chicago, New Orleans, Washington D.C, or Atlanta. Visitors from around the world enjoy these vibrant cities in relative, reasonable safety. Yet each of these cities is statistically less safe than Mexico.

### **Understanding the size and scope of Mexico:**

Mexico is huge, ranking 14th in the world, and spanning over 2,000 miles from end to end. Mexico is a nation of 31 states as diverse as those in the U.S. and is larger than the states from Texas to Maine. Canceling a mission trip to Mexico because of isolated border violence would be like canceling a vacation to Orlando because of the Boston Bombings. People didn't cancel trips to Dallas or New Orleans in the aftermath of mass shootings in Arizona, Colorado, or Connecticut, because they simply aren't related.

---

***“We are consumed by safety. Obsessed with it, actually. Now, I'm not saying it is wrong to pray for God's protection, but I am questioning how we've made safety our highest priority. We've elevated safety to the neglect of whatever God's best is.”***

— Francis Chan, [Crazy Love: Overwhelmed by a Relentless God](#)

## **Packing Tips**

- Centerpoint will provide you with duffle bags to pack all clothing and toiletries. It is helpful to pack each individual days outfit in ziplock bags so they do not get dirty, and they are easy to find.
- It is helpful to pack a ziplock with a full clean outfit that never touches other stuff. Clean undergarments, pants, shirt, socks-everything! This way for the long ride home you are not stuck in the same stuff you wore all week!
- Please pack clean/freshly laundered clothes. They will get extra dirty throughout the week. You might want to have pants you wear to the site that can get dirt and paint on them, and a clean pair of pants you wear at YUGO.
- Bring a trash bag that you can put dirty clothes in in your duffle bag.
- Sleeping bag and supplies should be in a heavy-duty hefty bag. Label your Hefty bag with duct tape and name.
- The weather is mild—cool mornings and nights, and warm days. Layers are helpful!
- We need to save as much space as possible so we have room for everyone's belongings. Pack as lightly and organized as you can. Make sure your sleeping bags are rolled nicely to save room, and you do not bring extra unnecessary items.

## **Adult Volunteers**

*If you are or even if you are not seeking a scholarship for our Mexico Outreach Trip, we strongly encourage you to write a support letter and send it to friends or family. It is so awesome that you are interested in going to Mexico to serve and be the hands and feet of Jesus, and often many people want to be a part of it as well. Actively going to Mexico is not the only way others can be a part of the work that God is doing, some may decide they want to contribute by prayers or financially. By sending them a support letter you are inviting them to be a part of the work that God is doing in Ensenada by helping you financially attend the trip or praying for you and your team while you are down there. Missionaries write support letters to invite others to be a part of the work God is doing, financially and as prayer partners, and if it weren't for their supporters, they would not be able to do the work they are doing.*

### **Example Support Letter:**

Dear Friends and Family:

I hope that God is doing as many wonderful things in your life as He is in mine. *[Write a little about how you are doing, what you have been up to.]*

I want to share with you a ministry opportunity that God has presented to me. I will be joining a team of about 20 people from Centerpoint Community Church from March 28-April 3, during my spring vacation, to partner with local churches in Ensenada, Mexico through Yugo Ministries. During this 6-day mission trip we will be working with our host churches to share God's love and blessings with their congregation, their neighborhoods, and their local communities by running a VBS and also building a house for a family in need. My team will *be [write a little about your team and what you plan on doing there]*.

While God has opened up a door for me to develop a greater heart of compassion for His people around the world, the exciting part is that you will be able to share in this compassion in several ways. First, you can help pray for me and my fellow students. We will need prayer that God will prepare us for our visit and bless our efforts as we minister to the people of Ensenada. We will also need prayers that our financial needs will be met. At this time we need to raise \$450 each to attend this trip.

Another way you can be involved is to help provide that financial support. Would you consider supporting me with a small donation? I need to raise all of my funds by March 22nd. Please make checks payable to Centerpoint Community Church. Whether you feel led to contribute financially, through prayer, or both, all of your support is appreciated.

I look forward to doing God's work in Ensenada and letting you know all about how God has worked through this team when I return, or you can follow the whole team on our blog available on the Student, Revolution, Mexico Outreach page at [www.centerpointroseville.org](http://www.centerpointroseville.org).

God Bless,
