

SOUTH BAY CHURCH BIBLE STUDY LEADER

Instruction Sheet #1

Where to get additional Bible Studies

During the Streams of Light (SOL) campaign (March 17-21) and also the week after, there will be a box outside the church kitchen door with additional Bible studies both of the Landmarks of Prophecy and the It Is Written Bible Study series. There you will also find additional Presentation Folders (the ones with BibleStudyOffer.com used to deliver your first Bible studies to an interest). After that the SOL the lessons will be available on Sabbath morning at the Personal Ministries Desk in the lobby under the TV. On most Sabbaths, Lamar and Felicia will be there to assist you, or someone else if they are out of town.

Who is available to assist you if you run into issues with delivering the studies? For example, one of our team members went to an address and discovered it was an apartment complex and there was no apartment number on the address. Please call Royce Snyman (517-331-1419), Pastor Arnall (423-620-4690), Lamar Phillips (423-827-9801), or Felicia Phillips (423-994-3104). We will be able to assist you in making the best decision in each individual case. Of course PRAY, trust the Lord, and follow the Holy Spirit's leading first of all. Still need help, feel free to call. We'll answer if we are available.

Will you know ahead of time what studies the people have requested?

So far, this is what we have learned. The information we are getting lets us know if they want in-home studies, drop-off studies, online studies, but that is all the information we are receiving from the SOL workers in the field with the exception of some additional notes at times. Sometimes it does say what type of lesson they want but if you don't know, then take both. When going to the door to deliver the studies (for in-home or drop-off studies) take with you #1 of each available series

[Landmarks of Prophecy (LOP), or It Is Written (IIW), and give them only the #1 of the series of their choice.

Also, take with you some of the [ItIsWritten.Study](#) cards in case the person refuses any kind of in person interaction and wants to study online alone. Use these as a last resort.

VERY, VERY IMPORTANT. Once you have delivered a study, or you have accomplished **any other activity** related to the study, **PLEASE, PLEASE, enter the information in the Outreach App.** This is so critical to doing our work well. If you fail to do this we have no way of ensuring good follow up with EVERY interest. We want to be faithful to the Lord and not allow any interest to fall through the cracks. Giving us this information will also save our support team a lot of extra and unnecessary work trying to follow-up with you to get the information and keep things current. ALSO, this will help us to keep our INVENTORY of materials up to date so that we can have everything we need, but not over or under stock our supplies. IF YOU ARE HAVING TROUBLE WITH THE APP, please call Royce Snyman or text him and let him know the nature of the problem.
