SUNDAY'S THOUGHT

*The Word became flesh and made his dwelling among us. We have seen his glory, the glory of the one and only Son, who came from the Father, full of grace and truth. **John 1:14***

Extending grace and truth to our children involves balancing love and discipline to nurture their growth and development. By combining grace and truth, parents can create a balanced approach that supports their children's emotional and moral development, helping them to become well-rounded and grounded individuals. This approach mirrors the biblical principles of God's relationship with His people, emphasizing both His loving kindness and righteous standards.

Remember

- Every child is a Gift from God.
- Our major objective in raising children is to help them see God.
- Remember, they are human.

Praise the Lord!!!

We are all guilty of taking God for granted. We expect God to bless us, yet we hardly ever thank Him for all He has done for us. It's easy to become so tied up in day-to-day life that we neglect seeing all the blessings around us. But if we get into the habit of **Praising the Lord** for everything we have all day long, our lives will change, as will the lives around us.

It's amazing what **Praising the Lord** will do for our lives. When we are grateful, thankful, and responsive to the blessings of God, life becomes better. **Praising the Lord** in both good times and struggles is a recurring theme in the Bible, reflecting a deep and unwavering faith. This practice underscores the belief that God's goodness and faithfulness persist regardless of circumstances.

It's hard sometimes to stay positive in such a negative world, but if we keep our eyes focused on Him and continue to **Praise Him**, we will win.

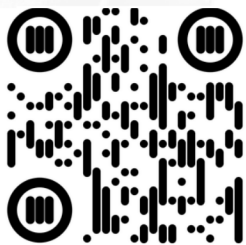

*Let everything that has breath
Praise the Lord
