When you prioritize your goals and focus your energy on what truly matters, you expand your capacity to achieve greatness. By focusing on what truly matters, you channel your energy and resources effectively, leading to greater accomplishments and fulfillment. Remember, prioritizing is the key to maximizing your potential. Embrace the power of priority, and watch as your capabilities grow beyond what you thought possible.

## We Are Different

.....But

We look **different** from one another.

We come from **different** backgrounds.

We don't all think alike, live alike, or vote alike.

We are young, we are middle-aged, and we are old.

Look around the Oak Gardens family and you'll quickly notice that we're quite different from one another. **But** even though we're **different**, it's the Gospel that serves as the common thread weaving us together into beloved community.

Here at Oak Gardens, the Gospel - the good news of Jesus - is at the center of everything we do. The Gospel is our heartbeat and our foundation.

You're invited to hear about how the Gospel propels us to "Do Life Together." Meet us this Sunday (9:30am) at Oak Gardens Church!
