PRAYER REQUESTS

MEDICAL

Kathy and Ed Brooks: Kathy tested negative for COVID and is feeling much better after many weeks of being down. Ed is still dealing with COVID after-effects like sinus and respiratory issues, but he plans to be at church this weekend. Please pray for full healing.

John Wood: John is responding positively to chemo treatments for pancreatic cancer. His numbers are looking up, and he has been regaining weight! After two more treatments, John's doctors will do further scans to ascertain treatment effectiveness.

With the recent completion of a personal genetic profile, John and Alicia are now searching for a genetic clinical trial for John's particular cancer. Please pray for successful chemo treatments, and that John can get into such a trial. John asks that we also pray that he and Alicia can stay positive throughout this

ordeal. Heavenly Father, be with this sweet family. Give John and Alicia strength, comfort, and peace.

Bobby McVey: Scans show that we are winning the battle with against lung cancer! Bobby will begin additional treatments for bone metastasis in February. Please pray that this treatment is effective, and for full health recovery.

THANKSGIVING

Mark Sampley: This week, Rick's brother moved into an assisted living facility in Cookeville, TN. So thankful for Mark's physical recovery. His foot has fully healed from his skin graft, and the family found a great assisted living facility for Mark to stay in. A true answer to prayer! Thanks be to God, and to and to all our prayer warriors!
