

Our Story

Pastor James Heyward

Words are important. We tell our story in words. Careful words bring hope. Careless words bring despair.

1. What specific words sum up your story?

Read Galatians 1:13-14 and Acts 22:3 (Message). These are the words of part one of the apostle Paul's story; his story before he encountered Jesus.

2. What drove you prior to your encounter with Jesus?

3. What consumed your time and attention?

Read Galatians 1:15 and Acts 22:5-16 (Message). These are the words of part two of Paul's story; the story of his encounter with Jesus.

3. What happened when you encountered Jesus?

Read Galatians 1:17 - 24 (Message). These are the words of part three of Paul's story; how his life was changed after his encounter with Jesus.

4. How has your story changed after you encountered Jesus?

5. How is your story continuing to change?

Like Paul, we all can have a 3-part story. Part 1: our story before Jesus. Part 2: the story of our encounter with Jesus. Part 3: the story of how our life has changed after our encounter with Jesus.

6. Where is your story right now. Are you living in Part 1, Part 2 or Part 3 of your story?

7. What do you need to move on to the next part of your story?
