

THE LAND BETWEEN

**COMING
WEDNESDAY
NIGHTS:**

ISRAEL 101 CLASSES

AUG 9

1. **The Land Between** - (the lay of the land – geography essentials)

AUG 16

2. **Stuff You Might Need to Know**
(practical prep for the tour☺)

AUG 23

3. **The Conflict** - (history of the Israeli-Palestinian conflict – what's it all about anyway??)

AUG 30

4. **The Church's Unholy History**
(Replacement Theology and other debacles)

Classes designed both for all those going on this year's Remnant Tour AND for all who will be standing and praying for us and for Israel...

I S R A E L

Israel is about 263 miles in length (north to south) & just 71 miles across at the widest point; only 9 miles at its narrowest point

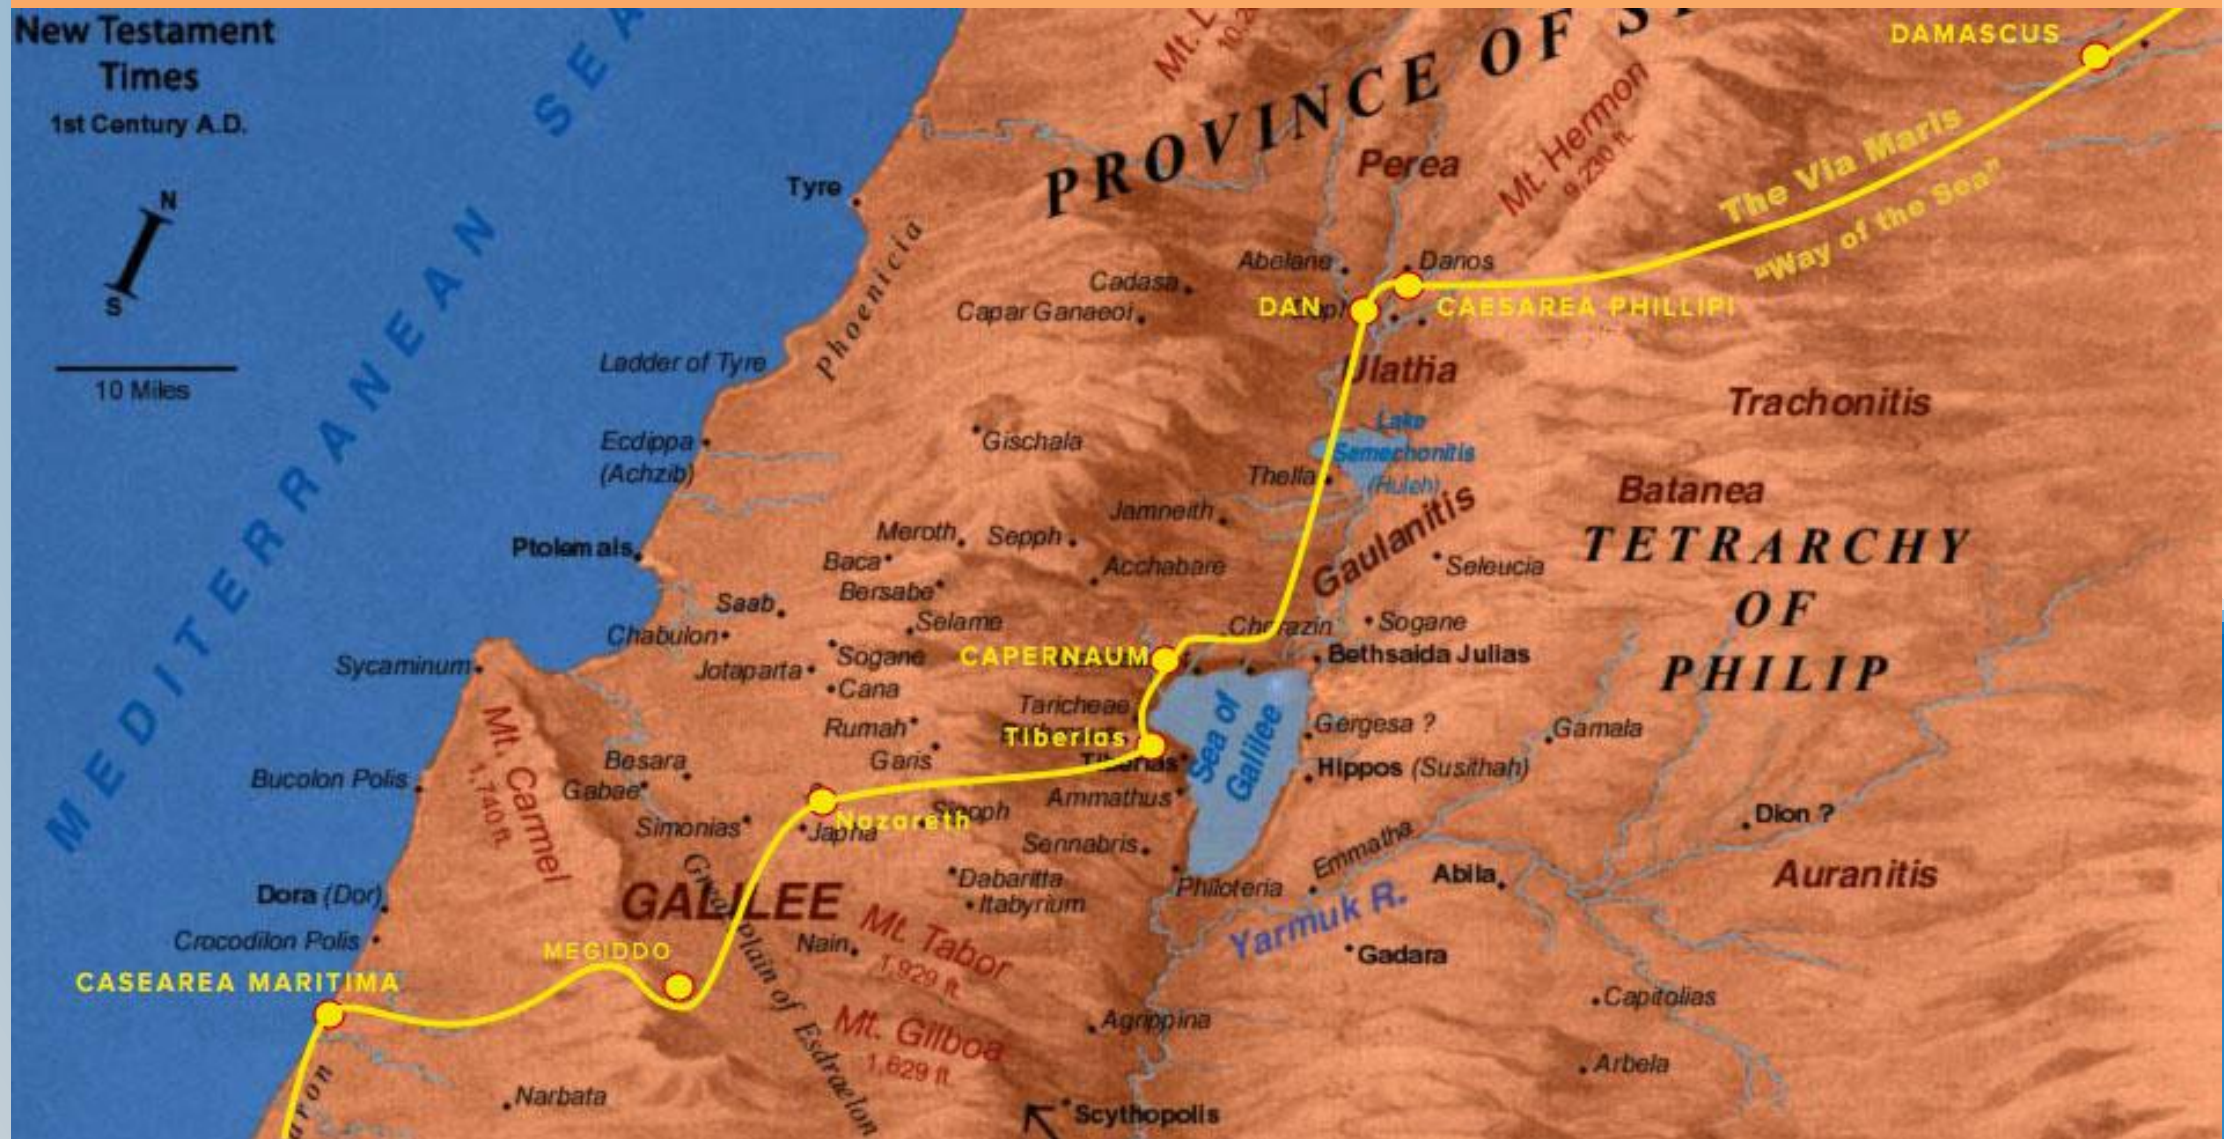

A strategic location...

AN ANCIENT TRADE ROUTE LEADING TO THE COASTAL PLAIN OF ISRAEL “VIA MARIS” - THE WAY OF THE SEA

ISRAEL

Has always been...

**A tiny piece of Land
with a HUGE role to fill**

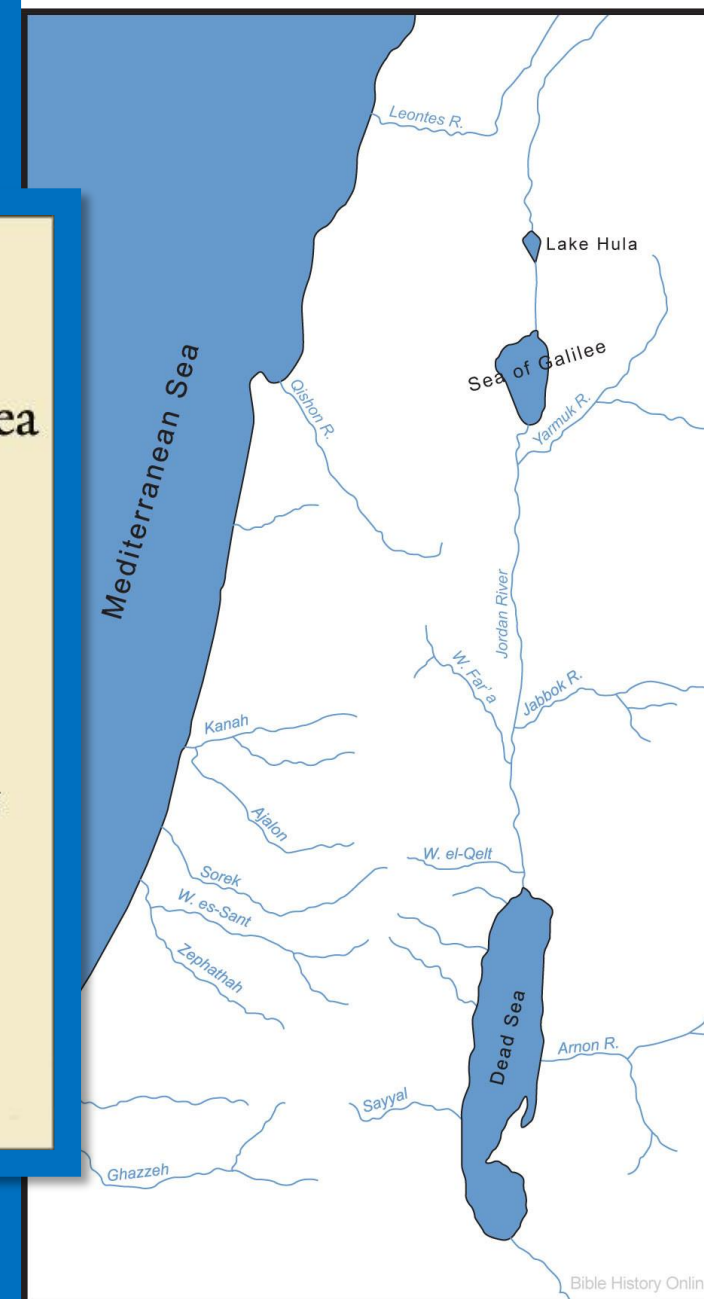

THE MED
THE RED
THE DEAD

Bodies of Water in Ancient Israel

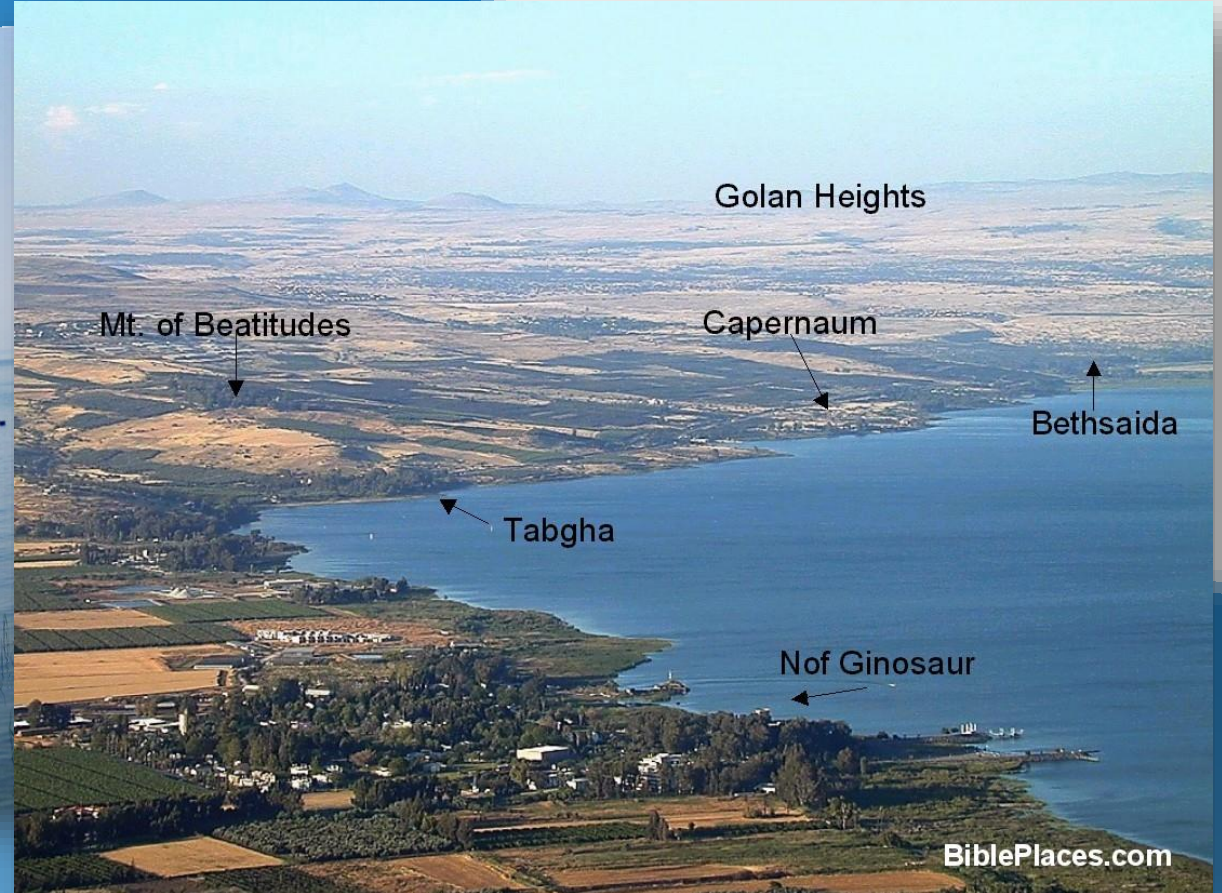

THE 2 LARGE LAKES IN ISRAEL:

SEA OF GALILEE

- The Sea of Galilee, also called 'Kinneret' (Its name is derived from Hebrew כִּנּוֹר *kinnor*) meaning "harp" because of its shape - also called 'Lake of Gennesaret', or 'Lake Tiberias'- is a **freshwater** lake in Israel.
- It is approximately 53 km (33 mi) in circumference, about 21 km (13 mi) long, and 13 km (8.1 mi) wide.
- At levels between 209 meters (686 ft.) and 215 meters (705 ft) it's the **lowest freshwater lake on earth**, fed partially by underground springs – although its main source is the Jordan River which flows from north to south.
- Principal reservoir of the National Water Carrier

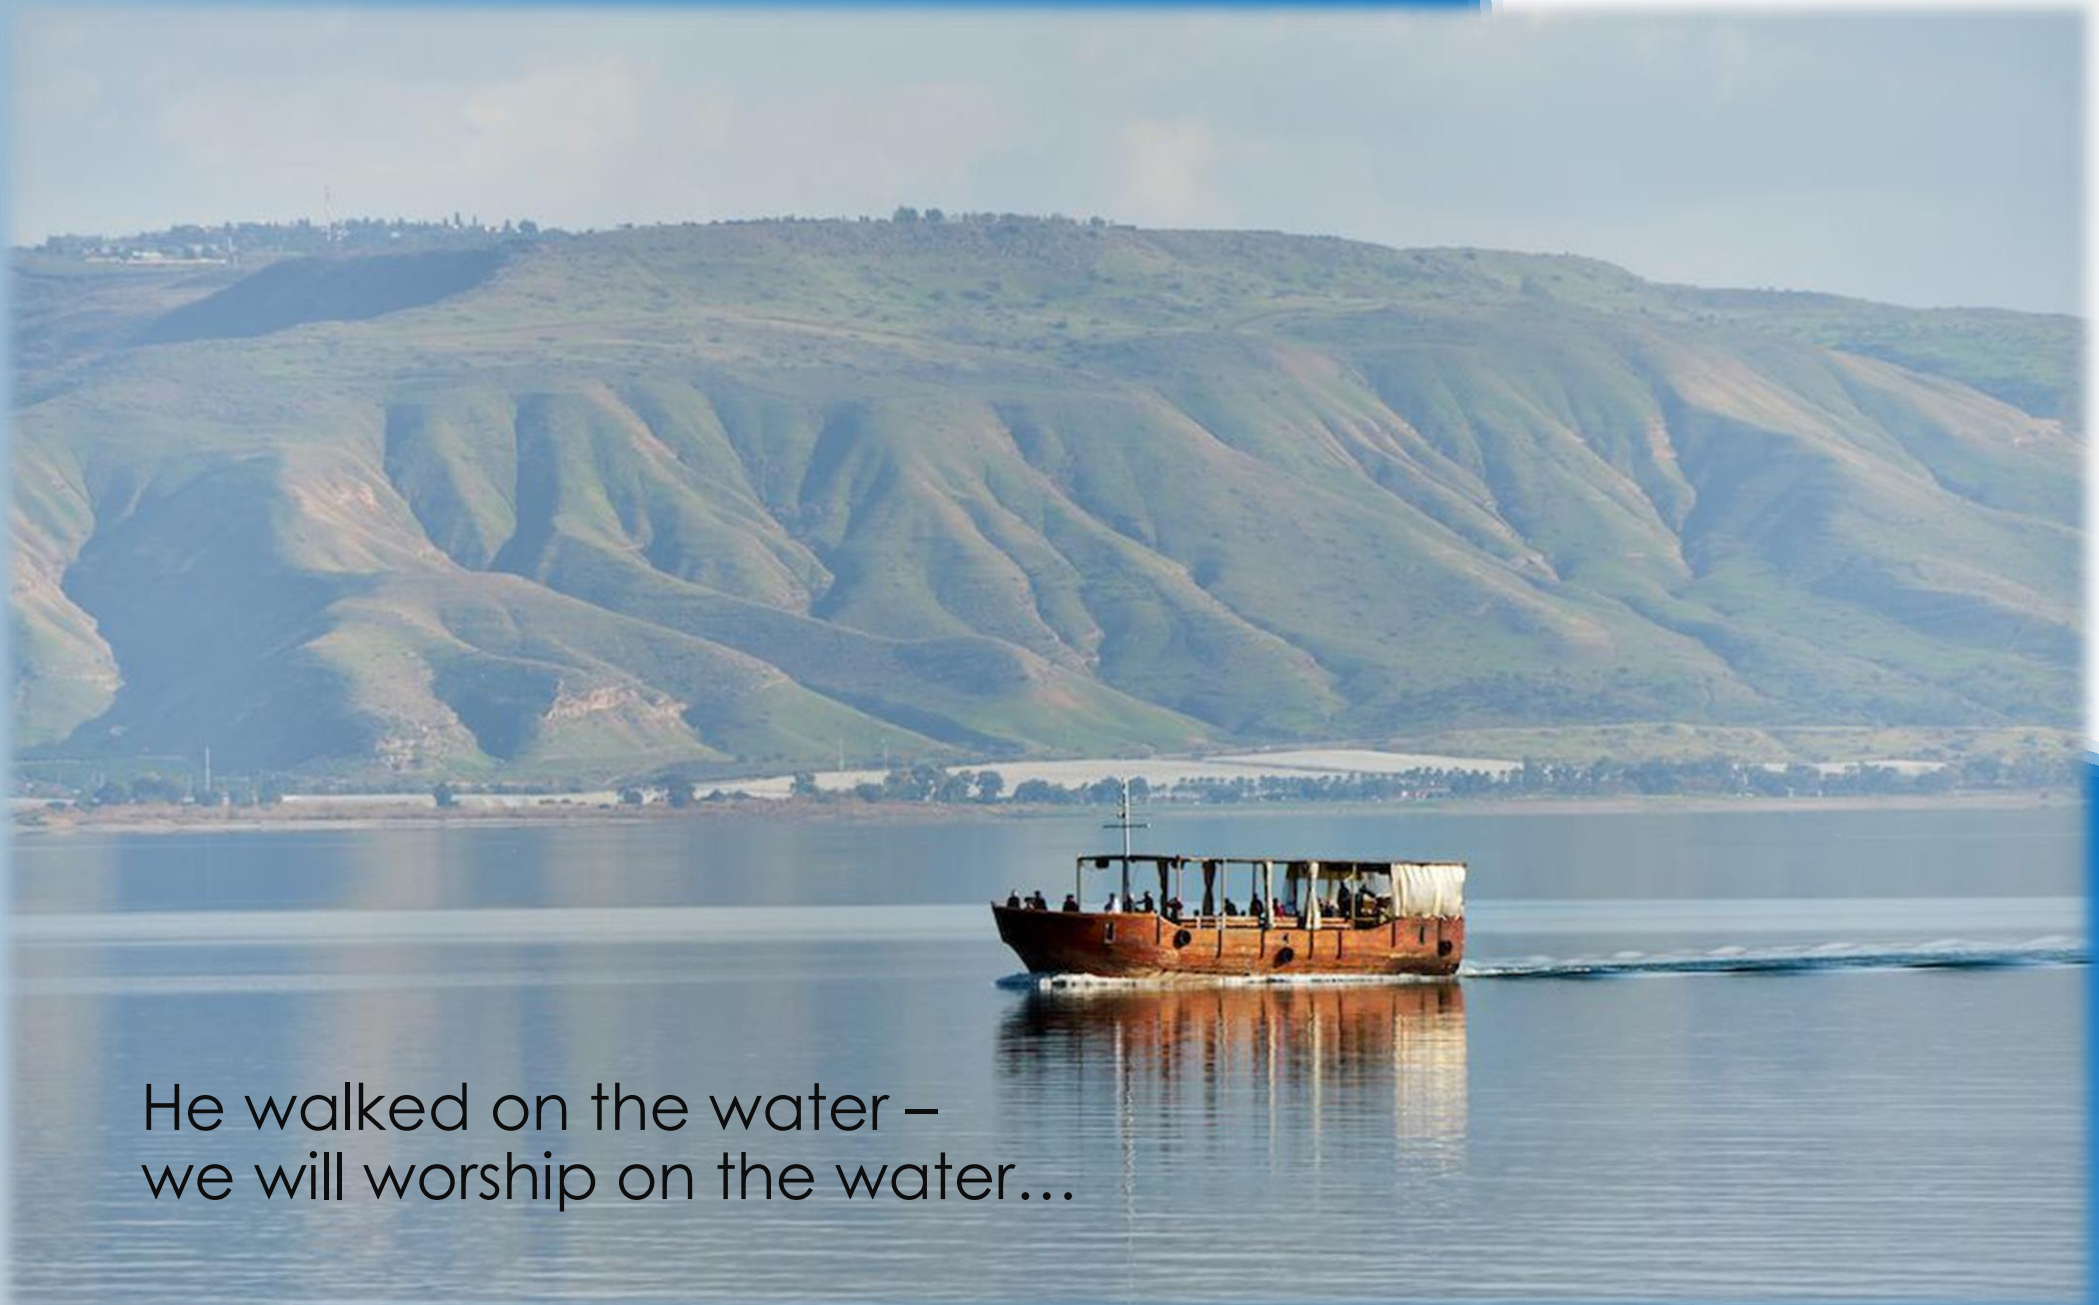

Where He walked on the water...

...By **the way of the sea**, beyond the Jordan, **in the Galilee of the Gentiles**. The people who walked in darkness have seen a great light; Those who dwelt in the land of the shadow of death, upon them a light has shined. **Isaiah 9:1-2 NKJV**

RON BEACH HOTEL

He walked on the water –
we will worship on the water...

DEAD SEA – THE LOWEST PLACE ON THE PLANET

The Dead Sea is a salt lake bordered by Jordan to the east and Israel to the west. Its surface and shores are 430.5 metres (1,412 ft) below sea level

The Dead Sea is 304 m (997 ft) deep, the deepest hypersaline lake in the world.

It is 9.6 times as salty as the ocean and one of the world's saltiest bodies of water. This salinity makes for a harsh environment in which plants and animals cannot flourish, hence its name.

The Dead Sea is 50 kilometres (31 mi) long and 15 kilometres (9 mi) wide at its widest point. It lies in the Jordan Rift Valley, and its main tributary is the Jordan River.

**Q: HOW LOW CAN
YOU GO??**

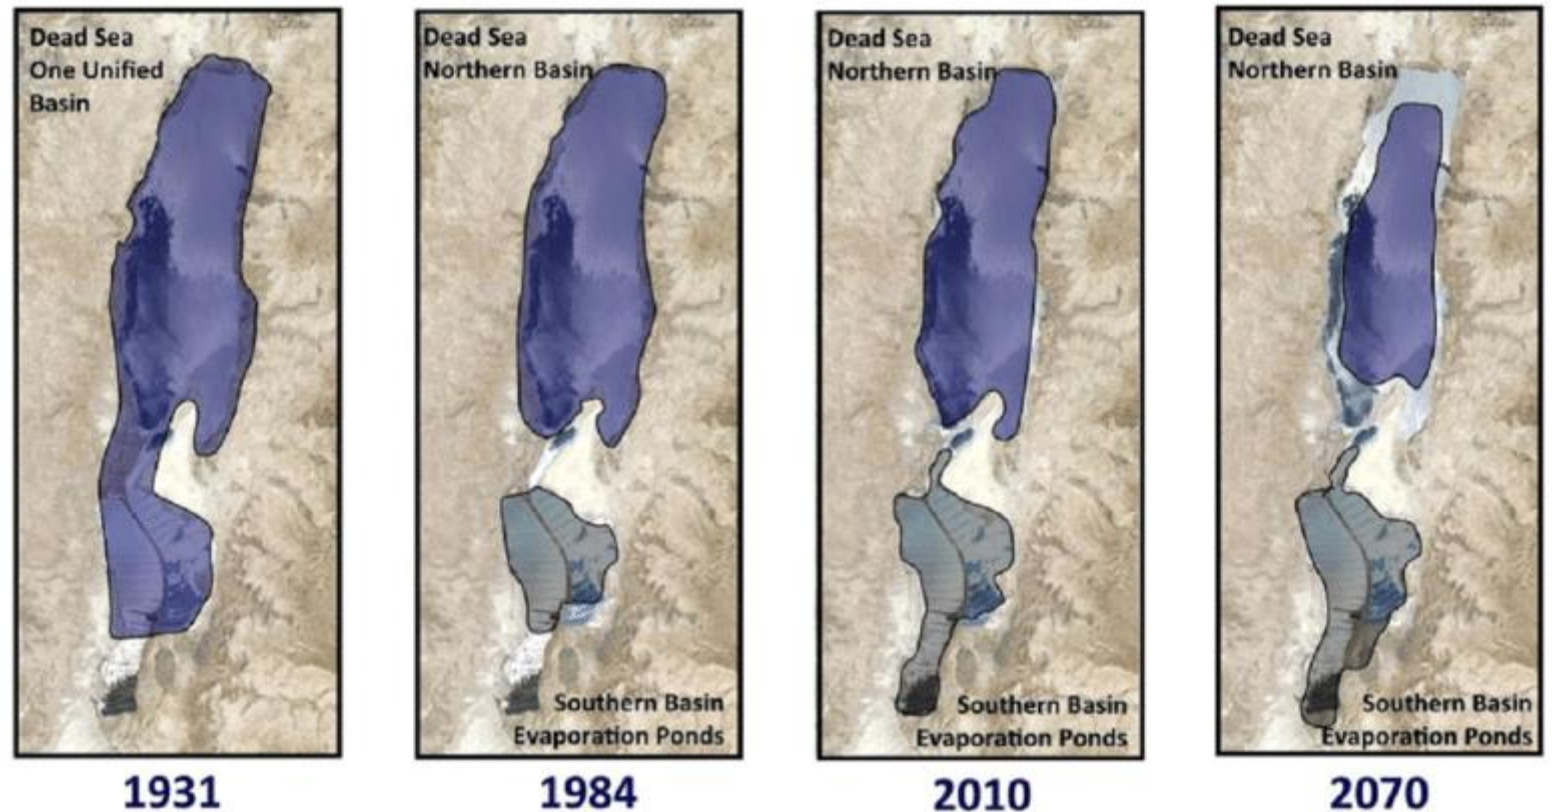

**A: to the Dead
Sea, of course!**

THE SHRINKING DEAD SEA

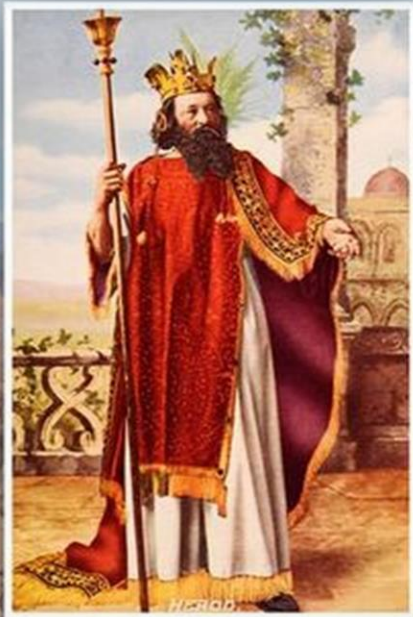

- The drop in the lake level in the late 20th and early 21st centuries changed the physical appearance of the Dead Sea.
- The peninsula of Al-Lisān gradually extended eastward, until the lake's northern and southern basins became separated by a strip of dry land.
- The southern basin was eventually subdivided into dozens of large evaporation ponds (for the extraction of salt), so by the 21st century it had essentially ceased to be a natural body of water.
- The northern basin—effectively now the actual Dead Sea—largely retained its overall dimensions despite its great loss of water.

The Shrinkage of the Dead Sea

WHAT'S THE DEAD SEA GOOD FOR?

- It was one of the world's first health resorts (for Herod the Great), and it has been the supplier of a wide variety of products, from balms for Egyptian mummification to potash for fertilizers. People also use the salt and the minerals from the Dead Sea to create cosmetics and herbal sachets---a lucrative resource valued in the trillions.

HUGE SINKHOLES – A DYING SEA???

- **Ezekiel recorded in Ch.47:8-10:**

- “He said to me: ‘This water flows towards the eastern region and goes down into the Arabah (the Jordan Valley), where it enters the Sea (the Dead Sea).’
- When it empties into the Sea, the water there becomes fresh. Swarms of living creatures will live wherever the river flows.
- There will be large numbers of fish, because this water flows there and makes the salt water fresh; so where the river flows everything will live.
- Fishermen will stand along the shore; from En Gedi to En Eglaim there will be places for spreading nets. The fish will be of many kinds, like the fish of the Great Sea (*the Mediterranean*).”

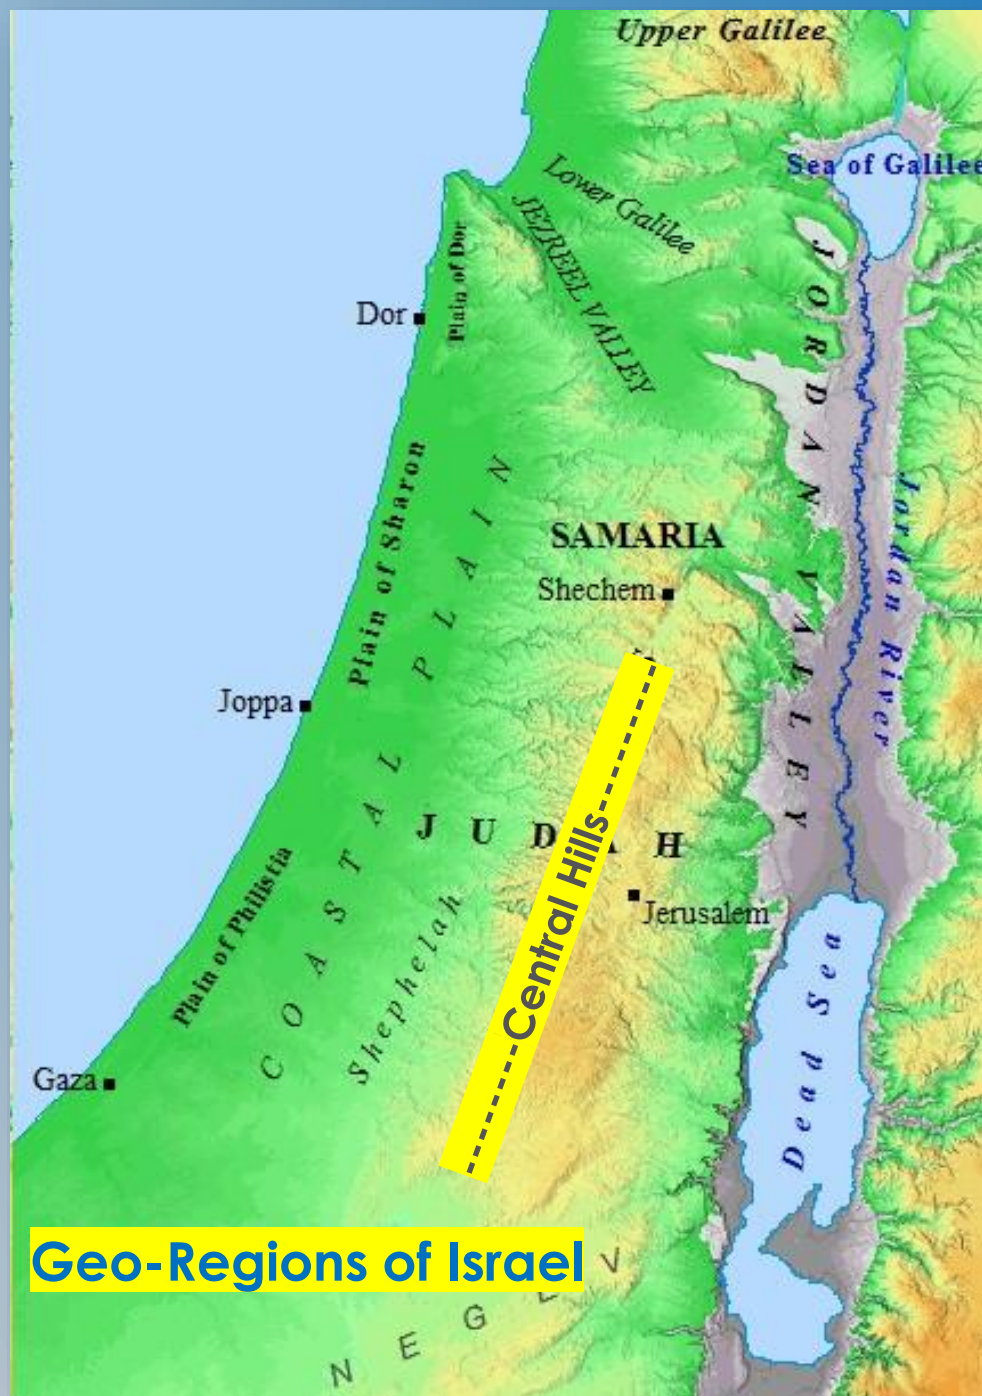

BUT ONE DAY....

8 TIPS FOR “SWIMMING” IN THE DEAD SEA

- Do Not **SWIM** in the dead sea (floating is the goal...)
- Float in **designated areas** only
- Do not put your head **underwater**
- No **kicking or splashing** others
- **Limit your time** in the water
- Wear an **old swimsuit** and beach shoes
- **Do NOT shave** just before going in
- Feel free to get **muddy**

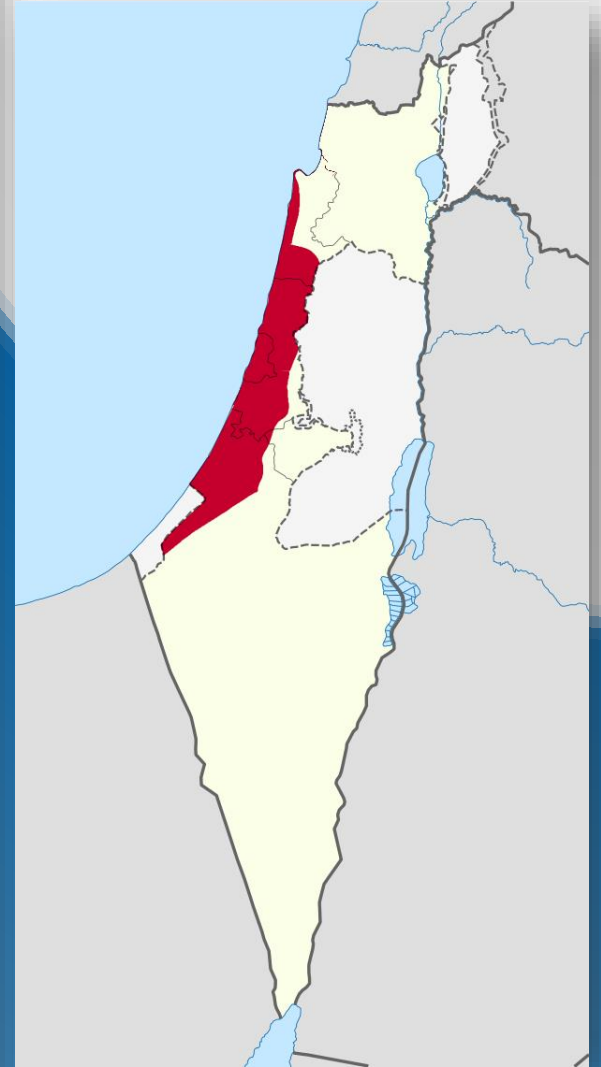

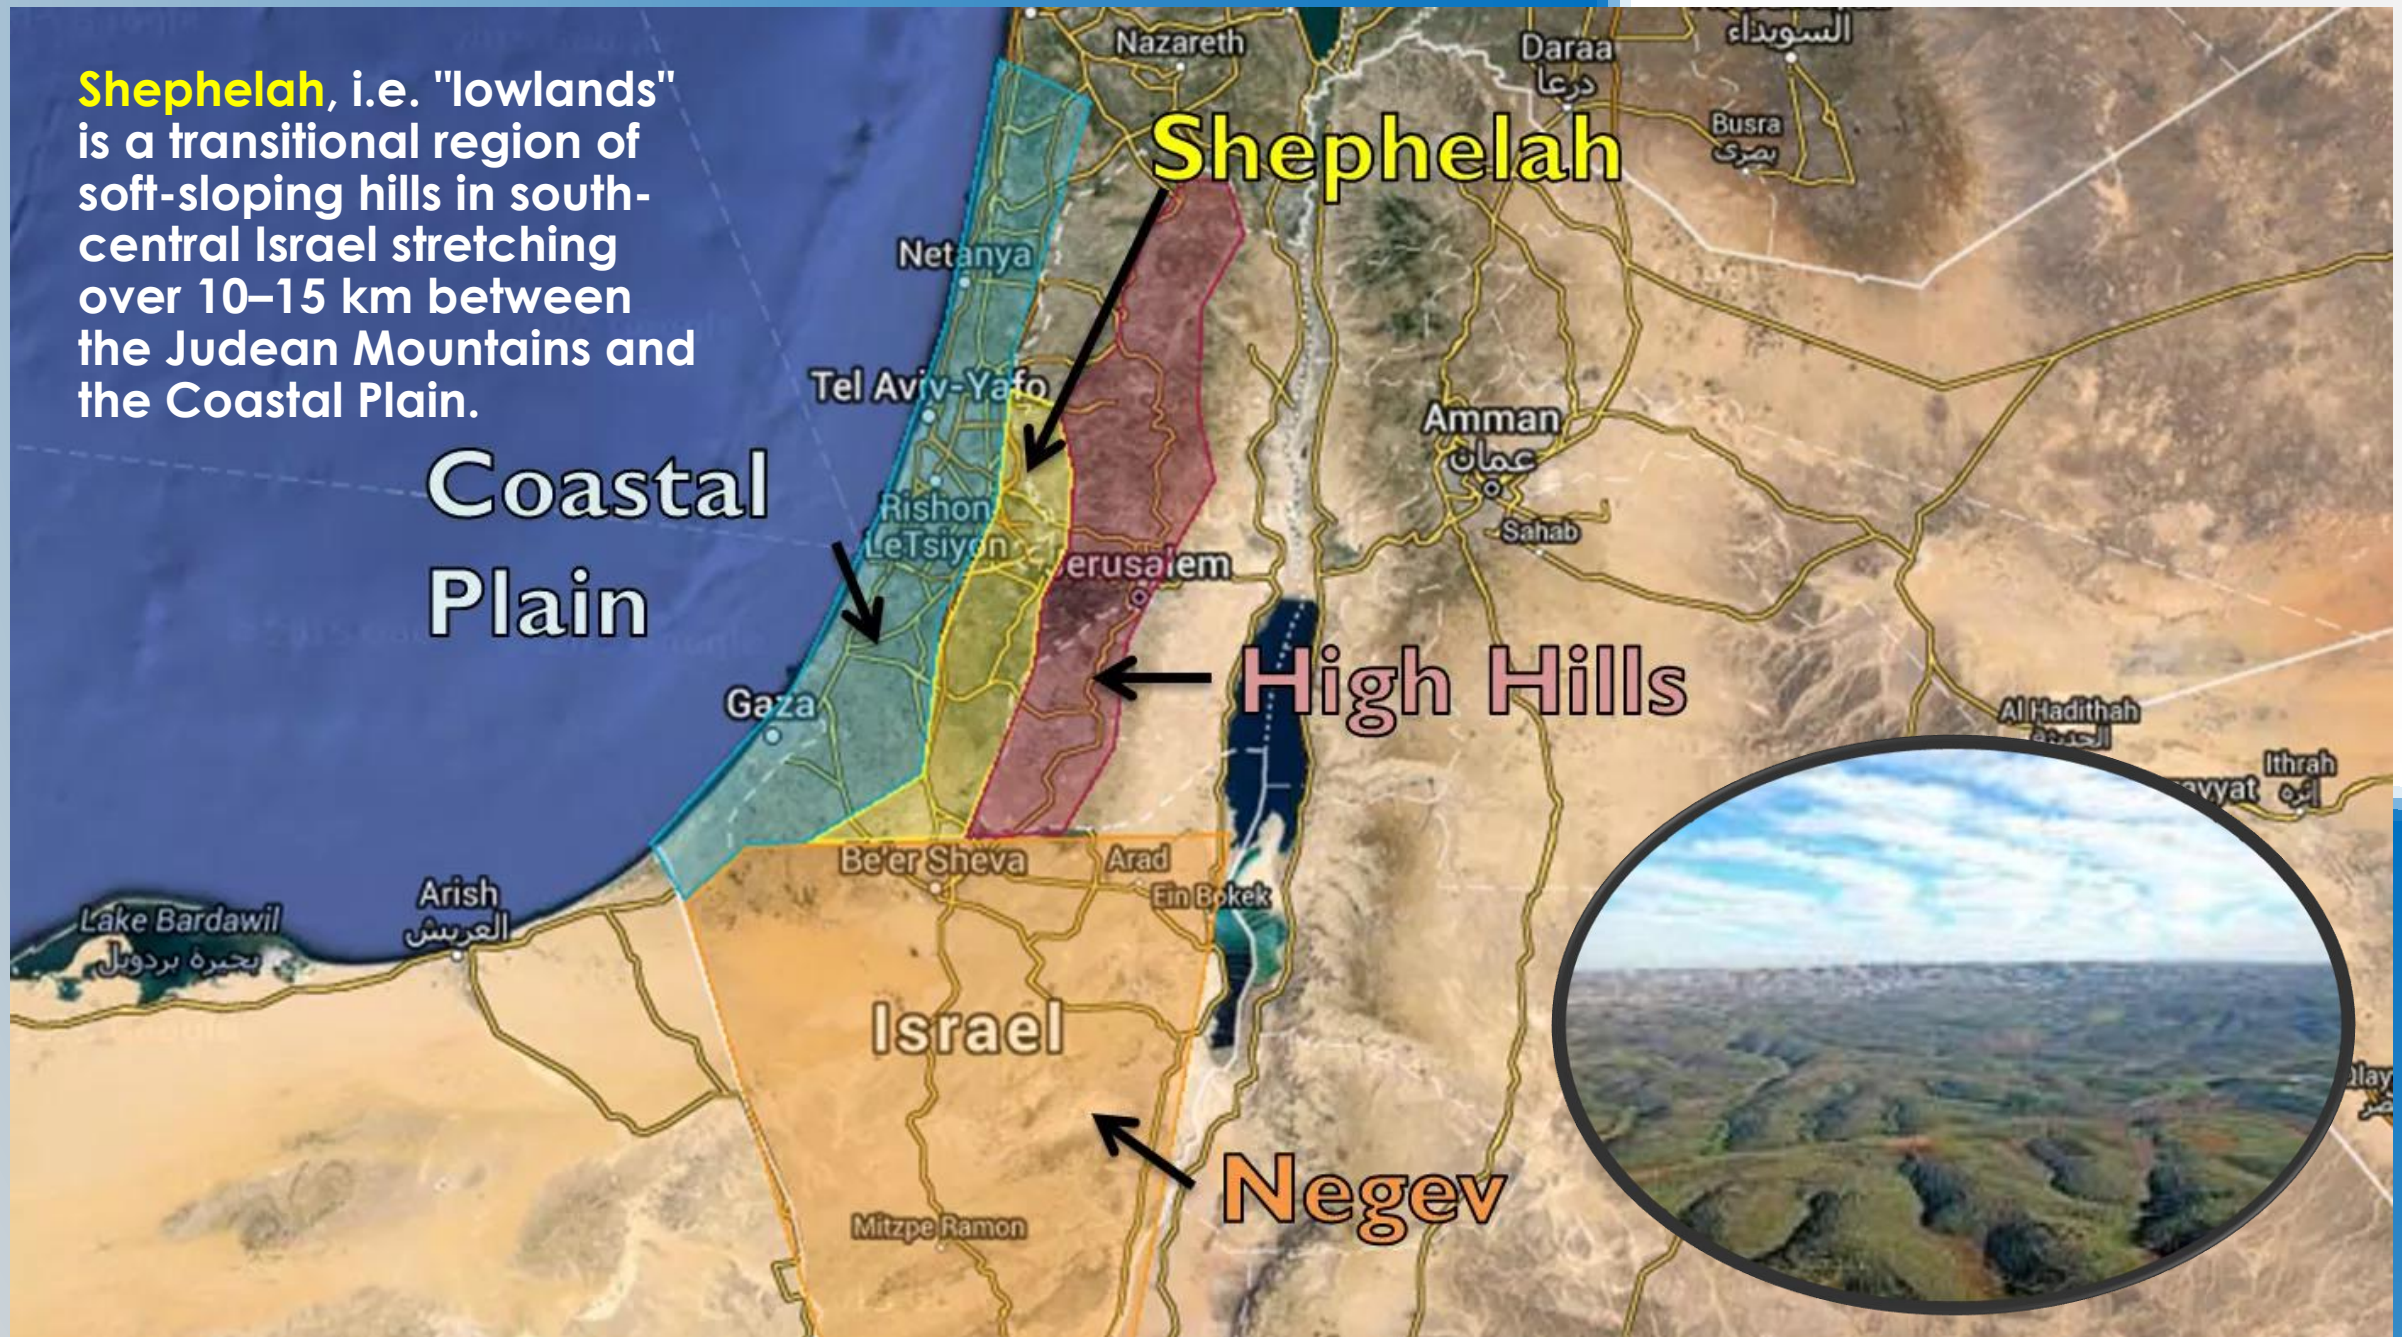

ISRAEL'S 4 MAJOR GEOGRAPHICAL REGIONS:

1. Coastal Plain (and Shephelah)
2. Central Hills/Mountains
3. Jordan Rift Valley
4. Negev

COASTAL PLAIN

Shephelah, i.e. "lowlands" is a transitional region of soft-sloping hills in south-central Israel stretching over 10–15 km between the Judean Mountains and the Coastal Plain.

THE SHEPHELAH

A place of conflict between the Israelites (from the mountains) and the Philistines (on the coastal plain)

The Central Hill Country

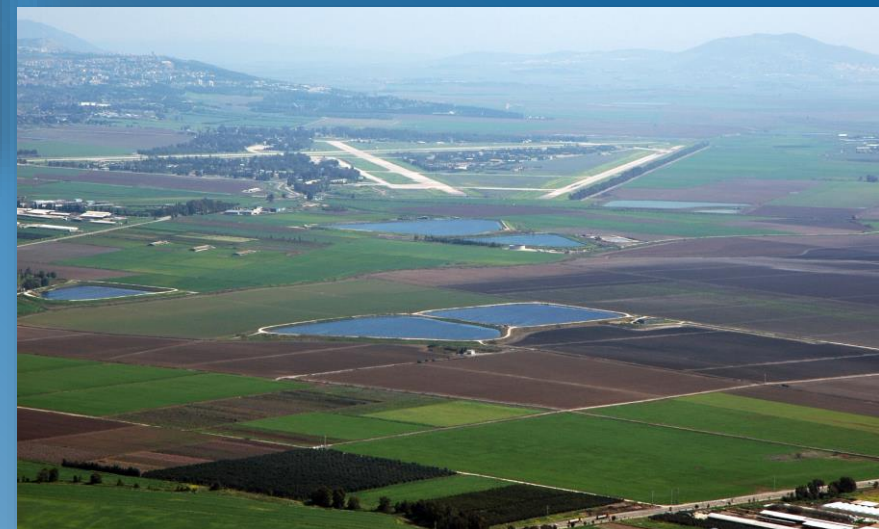

“The central hill country extends from Galilee in the north to the Negev in the south.”

It has three parts:

- The hills of Galilee
- The hills of Samaria
- The hills of Judah

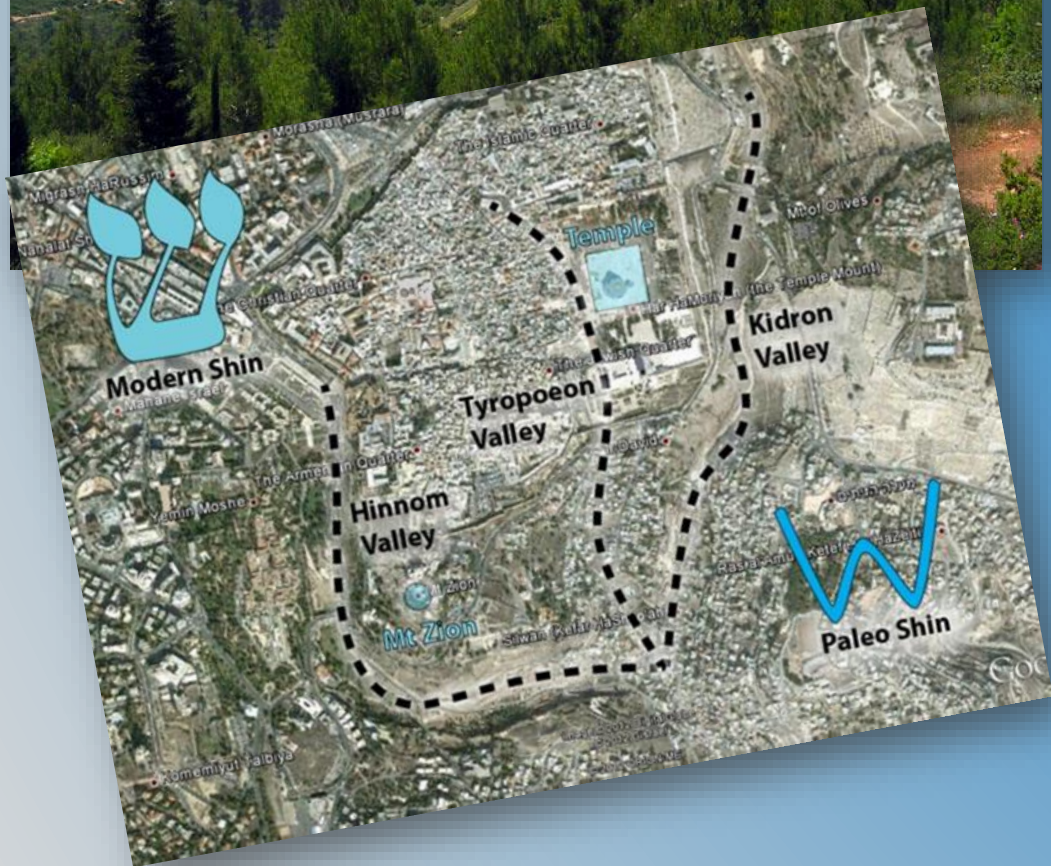

JEZREEL VALLEY

AS THE MOUNTAINS SURROUND
JERUSALEM, SO THE LORD SURROUNDS HIS
PEOPLE FROM THIS TIME FORTH....PS. 125:2

“...that my servant David may always
have a lamp before me in Jerusalem, the
city which I have chosen for Myself, to
put My name there.” **1 Kings 11:36**

THE “WEST BANK??” OR

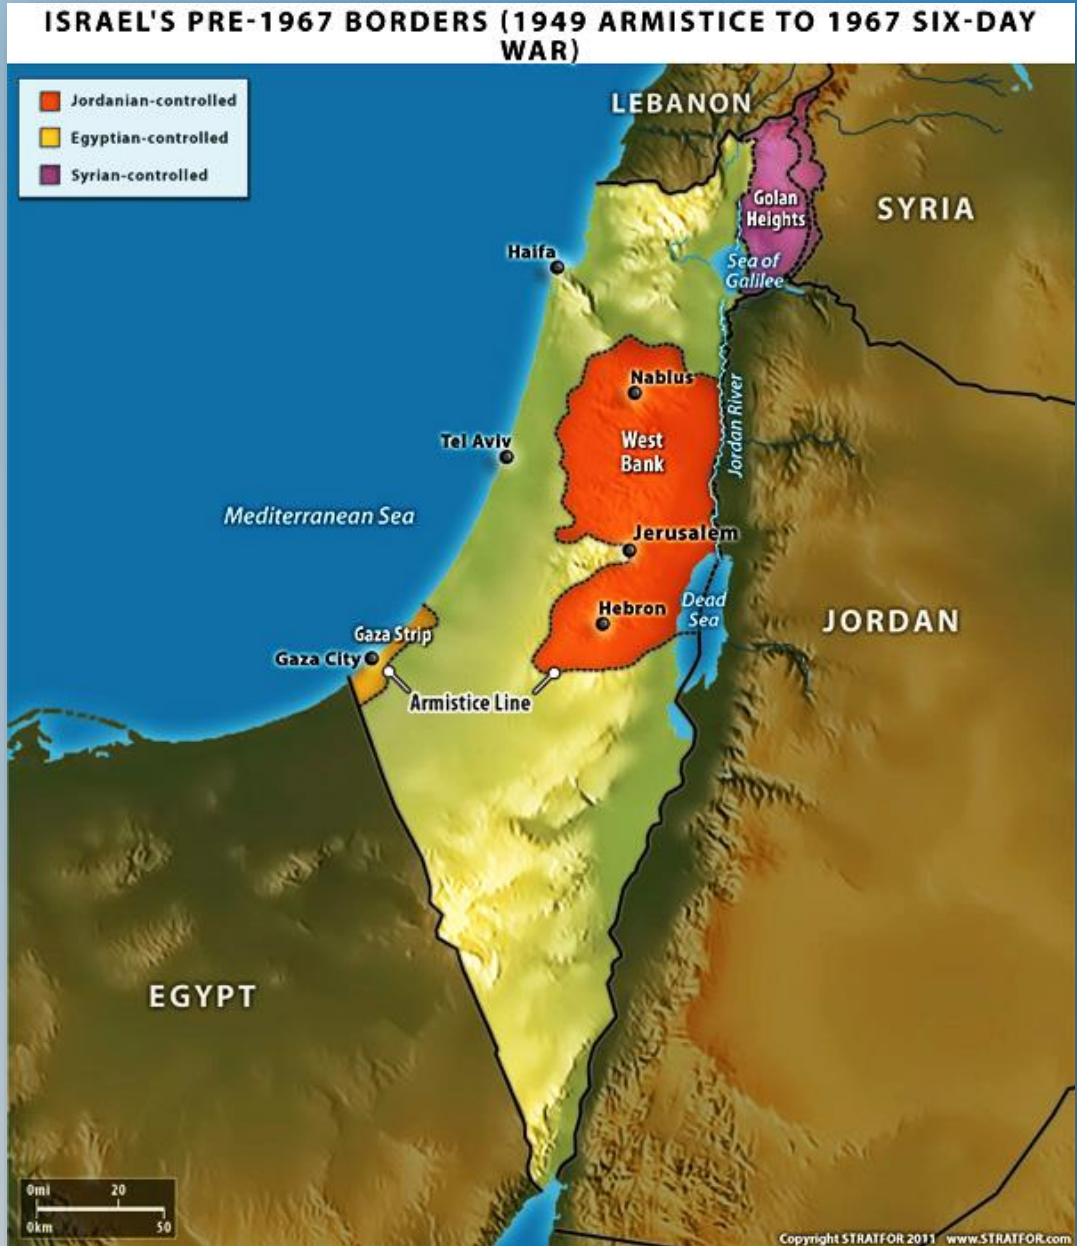

Judea and Samaria

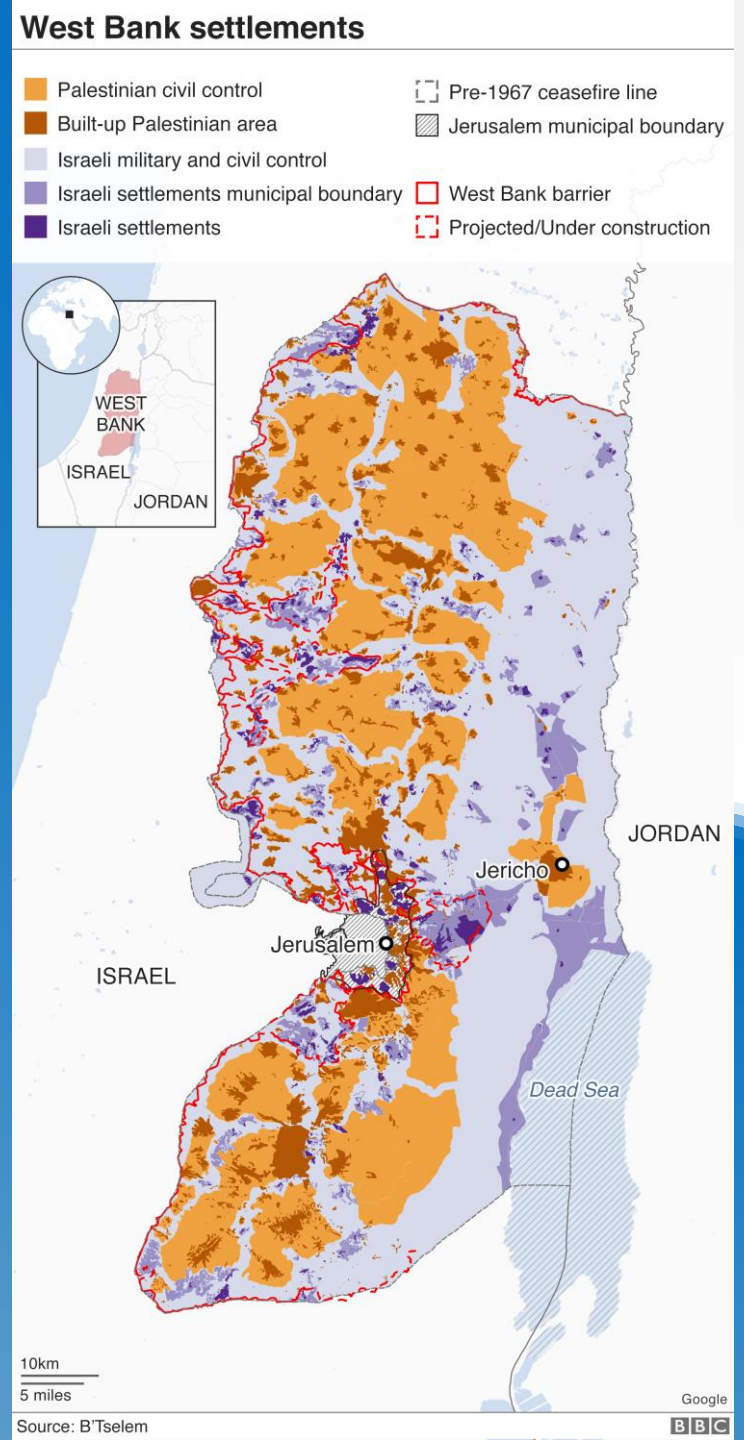

KINGDOM OF JUDAH = JUDEA
KINGDOM OF ISRAEL = SAMARIA

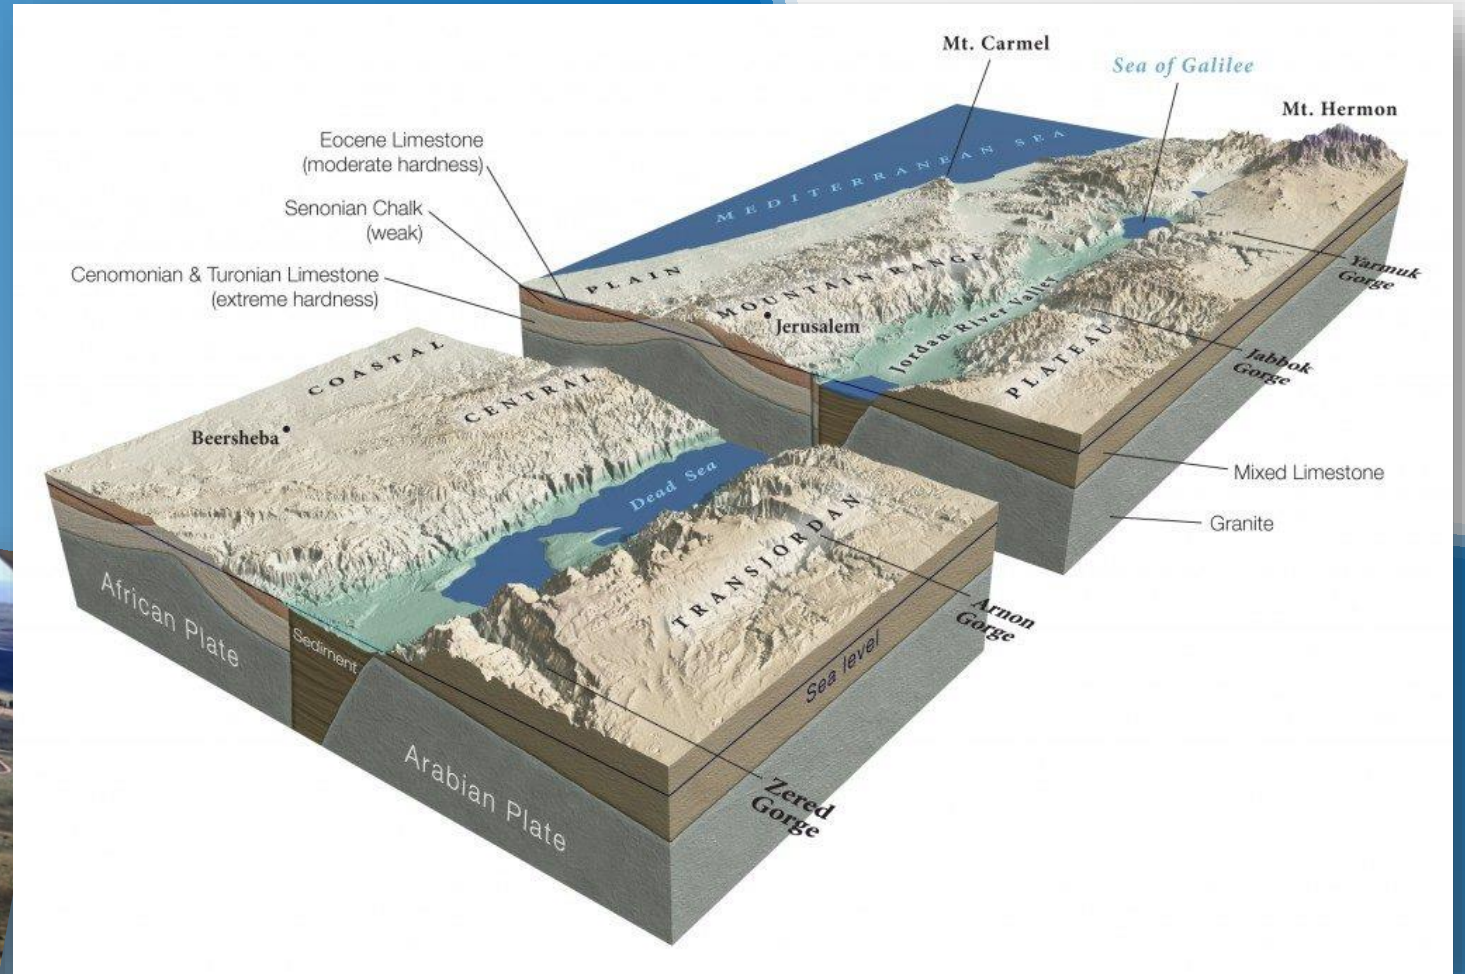

Israel's *indefensible* pre-1967 borders

Currently over 1/2 million Jewish 'settlers' live in the "West Bank"

JORDAN RIFT VALLEY

Rift Valley

Northern section of the Great Rift Valley. The Sinai peninsula is in center and the Dead Sea and Jordan River valley above

Rift valley Africa

- Israel's longest river (322 km)
- Originates in Dan, Banias, and Hasbani rivers near Mount Hermon
- Flows south through drained Hula valley into the Sea of Galilee
- Continues from southern end of Sea of Galilee to its end in the Dead Sea

BIBLICAL BORDERS OF ISRAEL

“FROM DAN TO BEERSHEBA”

The expression from Dan to Be'er Sheva appears nine times in the Bible (Judges 20:1, I Sam.3:20, II Sam.3:10, II Sam.17:11, II Sam.24:2, II Sam.24:15, I Kings 5:5, I Chr.21:2, II Chr. 30:5), and is used to define the area of the Israelites' settlement.

FUTURE ISRAEL??

“On that day the Lord made a covenant with Abram and said, ‘To your descendants I give this land, from the river of Egypt to the great river, the Euphrates — the land of the Kenites, Kenizzites, Kadmonites, Hittites, Perizzites, Rephaites, Amorites, Canaanites, Girgashites and Jebusites.’”

Genesis 15:18-21
