

How the Church deals with LGBT Issues
November 2023

What does the Bible say?

Lev 20:13; Gen 13:13; Gen 19; Lev 18:22; Judges 19:22-23; Romans 1:26-27

What are the roots?

- Molestation at early ages (Studies show the #1 reason)
- Influences from opposite sex
 - Boys who are always with girls, etc.
- Pornography
- Feelings of loneliness, etc.

How does the church effectively deal with this?

Main goal is for the soul to be saved.

How do we deal with it in grace without seeming as though we are affirming the sin?

Difference between those who understand the sin and those who are in rebellion against God.

Make note of “Church things gay is the only sin” narrative.

- There is a reason for this, Homosexuality is one of the few sins that people strongly argue is NOT a sin (i.e. drinking, cussing, etc.)

Ye who are spiritual.... Sometimes brothers/sisters fall in this
