

CRM focuses on three fundamentals of physical life – dry, safe, and warm. The Firewood Ministry focuses on keeping people warm. We provide firewood to individuals and families in the local area in order to heat their homes. Our primary actions include felling trees, splitting and stacking wood, and delivering firewood to keep homes warm. In the past year, CRM's Wood Ministry delivered 48 cords of firewood to 21 households in Stafford and surrounding counties.

Volunteers provide wood cutting skills to fell trees and cut logs to size. If you have a chainsaw great, but don't be shy if you haven't used one – we also need people to split wood, stack it for seasoning, and deliver it to those in need.

Volunteers: We need people to split, stack, and deliver firewood to families

Instructions:

- Visit the [Compassion Restoration Ministries](#) website to familiarize yourself with the ministry.
- Contact [Mark DeCoursey](#) to determine the current needs.
- Discuss with your group how you can use your skills to help.
- Let us know how it went. Send an email to mark@staffordcrossing.org and share your story.

Helpful Ideas:

- Take pictures and post them to the Stafford Crossing Facebook page. #sc3missions.
- Include your kids. They can help with some tasks under your supervision.
