

Veneration Family,

What God has done in 5 years through Veneration Church is nothing short of a miraculous move of His Spirit. This church has defied statistics, probabilities, and expectations, and this is not going to stop now. We are unapologetically a movement for all people to meet and walk with Jesus, and God has blessed this church in undeniable ways.

It is an absolute honor to walk on the mountain tops and in the valleys of life with you, and there is no one else that I would rather serve alongside. We have been enlisted and sent out together to be the hands and feet of the One who is able to restore, redeem, forgive, and completely satisfy. To live on mission with the One who can breathe life into bones lying on the valley floor. This moment was set on the timeline of history far before our feet touched this valley, that we would rise and bring the message of hope to the hopeless and healing to the broken. The time is now for an army of believers to fall to our knees and rise to our feet for a cause so much larger than ourselves. A cause that brings light into dark places and joy to those who thought it was impossible.

God has placed us in this valley and desires that we be **FOR THE VALLEY** that He has placed us in. I believe God is asking us the same question He asked Ezekiel as he gazed over a valley of dry bones, "can these bones live?" How will we respond? The time is now to trust God in faith and see Him breathe into this valley the breath of life that He has breathed into us. That we would be the place that, if we ever ceased to exist, the **VALLEY** would deeply miss us.

God so often uses people to do the miraculous and showcase His glory. We have an opportunity before us now: to step out in faith and believe God for something so much bigger than us. God so often does the miraculous through the faith and generosity of His people and has since the beginning of time. This is more than a building; it is a move of God. He is looking for a surrendered people to which He can pour out His Spirit on, and what if we had just enough faith for Him to do so on us? God is going to do something far greater than anything we could ask, think, or imagine. Thirteen million is a large number to us, but of zero concern to the One who owns it all. All resources are His, and we are merely His stewards and managers. We are called to be faithful with that which He has so graciously entrusted to us. He generously gave us everything in His One and Only Son, and as an act of worship, we generously bring back to Him what is His as an offering of gratitude. When we bring it back to Him, He multiplies it—not so we can get rich, but so the Kingdom of God can be enriched in every way. The best part about this is, we **GET TO BE A PART OF IT.**

Over the next three years, we are going to believe God for something so big that **ONLY** He can receive the glory. That this building would be a tool **FOR THE VALLEY** until Jesus returns. We are asking for 100% participation in the journey, as it is not primarily about money but about offering God the fullness of our hearts. That when the valley looks at Veneration Church, they would see a people that desired a move of God so desperately that they were willing to sacrifice for the One who sacrificed everything for them. Time is short, eternity is forever, and there is no greater calling than serving the One who hung on a cross made from a tree that He created to atone for the sins of the world. And this same God is asking that we join Him in something that only His Spirit can accomplish through people who are courageous enough to trust Him fully.

What if we were the people God chose to pour forth revival through that started in this valley of dry bones and carried to the ends of the earth? As your pastor, I am asking that we rally together for the sake of the gospel and those who desperately need hope. That this building would be a hospital for the sick and a training ground for new doctors to deploy. All God needs to do the miraculous is a fully surrendered heart and a willing Spirit to be used. The time is now, and the moment has arrived to join God in what He is already doing and see the miraculous take place. I love you all and cannot wait to see what God does as we step out in faith and believe Him for the things that only His Spirit can do. It's time to move and see more people meet and walk with Jesus!

All for the One who is able,
Ephesians 3:20-21

Pastor Luke
